Senate Bill 246 relates to periods in which state agencies will act on certain applications, approval of certain applications, refunds of fees, and granting rule-making authority.

Senate Amendment 1

Senate Amendment 1 makes two changes to the bill:

1. The amendment requires the state agencies promulgating rules under the bill to submit, in proposed form, the rules to the Legislative Council Rules Clearinghouse no later than the first day of the seventh month beginning after the effective date of the bill.
2. The amendment changes a provision in the bill that requires the agency, upon receiving an application for a license, permit, or other approval, to inform the applicant of the time period established for the review of the license, permit, or approval. The amendment provides that the agency does not need to comply with this requirement if it intends to approve or disapprove the application within 14 days after receiving the application.
