Analysis by the Legislative Reference Bureau

Under current law, the Wisconsin Housing and Economic Development Authority (WHEDA) guarantees collection of loans from the Wisconsin development reserve fund (fund) for the recycling, stratospheric ozone protection, clean air, small business, business improvement, targeted development, nonpoint source pollution abatement and agricultural chemical cleanup, agricultural production, agricultural production drought assistance, agricultural development and cultural and architectural landmark loan guarantee programs. This bill creates a job training loan guarantee program.

The bill authorizes WHEDA to guarantee collection from the fund of up to a percentage of the principal of, as well as all interest and any other amounts outstanding on, eligible loans made to eligible borrowers by private lenders. The specific percentage of principal that may be guaranteed is to be established by the department of development (DOD) for all loans or on a case-by-case basis. An eligible borrower is any employer in this state. An eligible loan is one that will be used for expenses related to employe training or retraining or for purchasing equipment or upgrading facilities for purposes related to employe training or retraining. The original loan term may not exceed 3 years if the loan is for training or retraining, or 5 years if the loan is for the purchase of equipment or upgrading facilities. The total outstanding principal amount of loans to an individual borrower that WHEDA may guarantee may not exceed \$250,000. The total outstanding principal amount of all loans that WHEDA may guarantee under the program may not exceed \$9,333,300.

The program will be administered by DOD. DOD and WHEDA must enter into a memorandum of understanding regarding the respective responsibilities of each with regard to the program.

The bill also transfers general purpose revenue to WHEDA for deposit in the fund in an amount that equals the amount, up to \$2,000,000, that will lapse to the general fund from moneys that were encumbered under the appropriation to DOD for development fund programs but are no longer needed for the purpose for which they were encumbered. If the amount that lapses to the general fund is less than \$2,000,000, the secretary of administration may transfer the difference from other appropriations to DOD based on preferences indicated by DOD. The appropriation preferences for the transfer must be approved by the joint committee on finance.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
