March 29, 1995 - Introduced by Senators BRESKE, ANDREA and BURKE, cosponsored by Representatives HANDRICK, BOYLE, RYBA, SERATTI, BALDUS, HASENOHRL, BLACK and LA FAVE. Referred to Committee on State Government Operations and Corrections.

1 **AN ACT to repeal** 893.29 (2); and **to renumber and amend** 893.29 (1) of the  
2 statutes; **relating to:** obtaining title to public real property by adverse  
3 possession.

---

### *Analysis by the Legislative Reference Bureau*

Under current law, the title to or interest in most real property belonging to the state or to a political subdivision of the state may be obtained by another person by that person's continuous use, for at least 20 years, of rights in the real property in a manner that is adverse to the real property owner's interest. Real property held in trust by the state, abandoned railroad real property acquired by the state or real property used for highway purposes by the state may not be obtained by adverse possession under current law.

This bill prohibits a person from obtaining the rights to any real property belonging to the state or to a political subdivision of the state by adverse possession.

For further information see the **state and local** fiscal estimate, which will be printed as an appendix to this bill.
