1995 SENATE BILL 239

June 1, 1995 – Introduced by Senators Leean, Ellis and Rude, by request of Governor Tommy G. Thompson. Referred to Committee on Health, Human Services and Aging.

1 AN ACT to amend 252.04 (11) of the statutes; relating to: a report on the statewide immunization program.

Analysis by the Legislative Reference Bureau

Under current law, the department of health and social services (DHSS) must carry out a statewide immunization program to eliminate mumps, measles, German measles, diptheria, whooping cough, poliomyelitis and any other diseases that DHSS has specified by rule and to protect against tetanus. DHSS must, annually by July 1 until July 1, 1994, submit a report for distribution to the standing committees of the legislature on the success of the statewide immunization program.

This bill requires that DHSS continue annually, until July 1, 1996, to submit a report to the legislature on the success of the statewide immunization program.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

- **Section 1.** 252.04 (11) of the statutes is amended to read:
- 4 252.04 (11) Annually, by July 1, 1991, 1992, 1993 and 1994 <u>1995 and 1996</u>, the
- 5 department shall submit a report to the legislature under s. 13.172 (3) on the success
- 6 of the statewide immunization program under this section.
