under the wildlife damage claim program.

Analysis by the Legislative Reference Bureau

Under current law, the department of natural resources (DNR) provides financial assistance to landowners for damage done by deer, bear or geese to agricultural crops, livestock, nursery stock or apiaries by making damage payments of up to \$5,000 if the landowner otherwise complies with the program.

To receive this financial assistance, a landowner files a statement of claim for wildlife damage with DNR. Under current law, this amount is reduced by a \$250 deductible. This bill reduces the deductible to \$100.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
