2 346.072 of the statutes; **relating to:** motorists approaching certain authorized
3 emergency vehicles stopped near a highway and providing a penalty.

Analysis by the Legislative Reference Bureau

Current law generally requires motorists to drive in the right-hand lane of the roadway. Motorists are also generally required to pass to the left of traffic traveling in the same direction, but are allowed to pass traffic to the right under certain circumstances.

This bill requires any motorist approaching an authorized emergency vehicle (such as police, fire, ambulance and conservation warden vehicles) that is stopped on or within 12 feet of the paved portion of a highway and that is giving visual signal by a flashing light, to move into a lane not nearest the authorized emergency vehicle and travel in that lane until he or she passes the authorized emergency vehicle. If the roadway has only one lane for traffic traveling in the same direction as the approaching motorist, or if the motorist cannot change lanes safely or without interfering with other traffic, the motorist must slow until he or she has passed the authorized emergency vehicle.

A motorist who violates this requirement may be required to forfeit not less than \$30 nor more than \$300. The bill also requires a court to suspend the violator's operating privilege for not less than 90 days nor more than one year, if the violation resulted in damage to another's property; to suspend the violator's operating privilege for not less than 180 days nor more than two years, if the violation resulted

in bodily harm to another; and to suspend the violator's operating privilege for two years if the violation resulted in the death of another. The requirements take effect on July 1, 2000.

For further information see the ***state and local*** fiscal estimate, which will be printed as an appendix to this bill.
