Analysis by the Legislative Reference Bureau

The state school aid formula is designed to equalize school district tax bases and thus minimize the differences among the abilities of school districts to raise revenue for educational programs. The formula establishes three guaranteed tax bases, known as guaranteed valuations, that apply to three different levels of expenditure. The primary guaranteed valuation applies to those costs that do not exceed the primary ceiling cost per pupil of \$1,000. The secondary guaranteed valuation applies to per pupil costs that exceed the primary ceiling. The tertiary guaranteed valuation

SENATE BILL 312

applies to per pupil costs that exceed the secondary ceiling, which, in the 1998–99 school year, is \$6,285 per pupil. The percentage of a school district’s state-aided costs at each level of expenditure is equal to the net guaranteed valuation (the difference between the applicable guaranteed valuation and the equalized value of taxable property in the school district) divided by the applicable guaranteed valuation. Under the school aid formula, the aid generated at the primary level is reduced by aid generated at the secondary and tertiary levels but each school district is guaranteed aid for its primary costs.

School aid is computed using school district membership, which is the sum of the average of pupils enrolled in the third Friday in September and the second Friday in January of the previous school year and the number of full-time equivalent pupils enrolled in summer school in the previous summer. With some exceptions, each pupil is counted as 1.0 member.

This bill eliminates the guarantee of aid for primary costs for a school district whose secondary or tertiary equalized valuation exceeds its secondary or tertiary guaranteed valuation. The bill also counts children at risk (pupils in grades five to twelve who are academically lagging and are also dropouts, habitual truants, parents or adjudicated delinquents) as 1.2 members.

School districts, with some exceptions, receive 15% of the total school aid entitlement in September, 25% in December, 25% in March and 35% in June. One exception to this distribution schedule directs the state to distribute \$75,000,000 of aid for the current school year on the fourth Monday of July of the following school year. This bill directs the state to make an additional delayed school aid payment of \$469,305,000 for the current school year on the fourth Monday of July of the following school year.

Under current law, the school levy tax credit is distributed to municipalities based on each municipality’s share of statewide levies for school purposes during the three preceding school years. Each individual taxpayer in a municipality shares in the school levy tax credit paid to the municipality based on the taxpayer’s share of the municipality’s total assessed value. This bill eliminates the school levy tax credit.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

1 **SECTION 1.** 13.101 (6) (a) of the statutes is amended to read:

2 13.101 (6) (a) As an emergency measure necessitated by decreased state
3 revenues and to prevent the necessity for a state tax on general property, the
4 committee may reduce any appropriation made to any board, commission,
5 department, the university of Wisconsin system or to any other state agency or

SENATE BILL 312

1 activity by such amount as it deems feasible, not exceeding 25% of the
2 appropriations, except appropriations made by ss. 20.255 (2) (ac), ~~(be)~~, (bh), (cg), (cr)
3 and (q), 20.395 (1), (2) (cq), (eq) to (ex) and (gq) to (gx), (3), (4) (aq) to (ax) and (6) (aq)
4 and (ar), 20.435 (6) (a) and (7) (da) and 20.445 (3) (a) and (dz) or for forestry purposes
5 under s. 20.370 (1), or any other moneys distributed to any county, city, village, town
6 or school district. Appropriations of receipts and of a sum sufficient shall for the
7 purposes of this section be regarded as equivalent to the amounts expended under
8 such appropriations in the prior fiscal year which ended June 30. All functions of
9 said state agencies shall be continued in an efficient manner, but because of the
10 uncertainties of the existing situation no public funds should be expended or
11 obligations incurred unless there shall be adequate revenues to meet the
12 expenditures therefor. For such reason the committee may make reductions of such
13 appropriations as in its judgment will secure sound financial operations of the
14 administration for said state agencies and at the same time interfere least with their
15 services and activities.

16 **SECTION 2.** 20.255 (2) (bc) of the statutes, as affected by 1999 Wisconsin Act 9,
17 is repealed.

18 **SECTION 3.** 20.835 (3) (b) of the statutes is repealed.

19 **SECTION 4.** 41.41 (10) (b) of the statutes is amended to read:

20 41.41 (10) (b) Each year, the department shall ascertain from the clerk of each
21 taxation district in which the reserve or any land acquired by the board is located the
22 aggregate gross general property tax rate for the taxation district, exclusive of the
23 rate that applies under s. 70.58 and ~~without respect to the school levy tax credit~~
24 ~~under s. 79.10.~~

25 **SECTION 5.** 41.41 (10) (c) 1. of the statutes is amended to read:

SENATE BILL 312

1 41.41 (10) (c) 1. Except as provided in par. (d), on or before each January 31,
2 the department shall pay to the treasurer of each taxation district specified in par.
3 (b), with respect to all land in the Kickapoo valley reserve and all land acquired by
4 the board on or before January 1 of the preceding year, an amount determined by
5 multiplying the estimated value of the land equated to the average level of
6 assessment in the taxation district by the aggregate gross general property tax rate,
7 exclusive of the rate that applies under s. 70.58 and without respect to the school levy
8 tax credit under s. 79.10, that would apply to the land in that taxation district for that
9 year if it were taxable.

10 **SECTION 6.** 74.09 (3) (b) 3. of the statutes is amended to read:

11 74.09 (3) (b) 3. The tax levied on the property by the school district where the
12 property is located minus the credit under s. 79.10 (4) allocable to the property, for
13 the previous year and the current year, and the percentage change in that net tax
14 between those years.

15 **SECTION 7.** 79.10 (4) of the statutes is repealed.

20 overpayment or underpayment made in that year's distribution by the department
21 of administration to municipalities, as determined under ~~subs. (4) and sub. (5)~~,
22 because of an error by the department of administration, the department of revenue
23 or any municipality, the overpayment or underpayment shall be corrected as
24 provided in this subsection. Any overpayment shall be corrected by reducing the
25 subsequent year's distribution, as determined under ~~subs. (4) and sub. (5)~~, by an

SENATE BILL 312

1 amount equal to the amount of the overpayment. Any underpayment shall be
2 corrected by increasing the subsequent year's distribution, as determined under
3 ~~subs. (4) and sub. (5)~~, by an amount equal to the amount of the underpayment.
4 Corrections shall be made in the distributions to all municipalities affected by the
5 error. Corrections shall be without interest.

13 amended to read:

14 118.153 (3) (a) Upon Every school board that has identified children at risk
15 under sub. (2) shall make available for these children a program for children at risk
16 and, at the request of a pupil who is a child at risk or the pupil's parent or guardian,
17 a school board described under subd. 1. shall enroll the pupil in the program for
18 children at risk. If the school board makes available more than one program for
19 children at risk, the school board shall enroll the pupil in the program selected by the
20 pupil's parent or guardian if the pupil meets the prerequisites for that program. If
21 there is no space in that program for the pupil, the school board of the school district
22 operating under ch. 119 shall place the pupil's name on a waiting list for that program
23 and offer the pupil an alternative program for children at risk until space in the
24 requested program becomes available.

22 guaranteed valuation, multiplied by the tertiary required levy rate. In no case may
23 the aid under this section be less than ~~the amount under sub. (1) (a)~~ zero.
