Analysis by the Legislative Reference Bureau

Under current law, the Department of Revenue (DOR) annually imposes a fee on each municipality in which manufacturing property is located for the purpose of reimbursing the state for 50 percent of the cost of assessing the manufacturing property for property tax purposes. Under this bill, if DOR does not receive the fee from a municipality by March 31 of each year, DOR must deduct the amount of the fee from the shared revenue payment that the municipality receives in July of each year.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
