1 **AN ACT to create** 36.11 (6) (bm) and 39.28 (7) of the statutes; **relating to:** making
2 a student who has been convicted of possessing, with intent to manufacture,
3 distribute, or deliver, or of manufacturing, distributing, or delivering, a
4 controlled substance or controlled substance analog ineligible for state
5 financial aid and granting rule-making authority.

Analysis by the Legislative Reference Bureau

Under current federal law, a college student who is convicted of a state or federal crime involving the sale of a controlled substance is ineligible for a federal grant, loan, or work assistance for a period of two years from the date of the conviction, and a college student who is convicted of such a crime following a previous conviction for such a crime is ineligible for a federal grant, loan, or work assistance indefinitely, unless the student satisfactorily completes a drug rehabilitation program or the conviction is reversed, set aside, or otherwise rendered nugatory.

This bill makes a college student who is convicted of possessing, with intent to manufacture, distribute, or deliver, or of manufacturing, distributing, or delivering, a controlled substance or controlled substance analog under the law of this state or a substantially similar federal law or law of another state ineligible for a state grant, loan, or work assistance for a period of two years following the conviction, and a college student who is convicted of such a crime following a previous conviction for such a crime ineligible for a state grant, loan, or work assistance for an indefinite period, unless the student satisfactorily completes a drug rehabilitation program or the conviction is reversed, set aside, or vacated.
