Referred to Committee on Natural Resources.

1 **AN ACT to create** 29.164 (3m), 29.177 (7) and 29.192 (4c) of the statutes; **relating**
2 **to:** issuance of certain hunting approvals to certain members of the U.S. armed
3 forces.

Analysis by the Legislative Reference Bureau

Under current law, certain hunting licenses and permits (hunting approvals) are issued by the Department of Natural Resources (DNR) based on a random or preference selection system. These hunting approvals include Canada goose hunting permits, Class A bear hunting licenses, wild turkey hunting licenses, elk hunting licenses, and special deer hunting permits, other than bonus deer hunting permits.

This bill allows DNR to issue wild turkey hunting licenses, Canada goose hunting permits, and hunter's choice and other special deer hunting permits to residents of the state who are in active service in the U.S. armed forces outside the state but who are on furlough or leave within the state. The bill prohibits DNR from imposing any deadlines or other restrictions on the timing for submitting applications for these hunting approvals or for issuing the approvals. If one of these hunting approvals is issued during the applicable hunting season, the approval must authorize hunting beginning on the date on which the approval is issued.
