1 accomplishment, establishing a hunting mentorship program, and granting  
2 rule-making authority.

***Analysis by the Legislative Reference Bureau***

This bill makes various changes to the laws relating to restrictions on hunting and firearm possession and establishes a hunting mentorship program.

***Accompaniment by parent or guardian***

Under current law, a person who is the minimum hunting age but under the age of 16 may hunt or have a firearm in his or her possession or control if the person is accompanied by a parent or guardian and if he or she meets certain other requirements. This bill specifies that such a person may also hunt or have a firearm in his or her possession or control if the person is accompanied by a person who is at least 18 years old and who has been designated by the person's parent or guardian.

***Mentorship program***

Current law requires, with certain exceptions, that every person who obtains a hunting approval must have a certificate of accomplishment issued by the Department of Natural Resources (DNR) indicating that he or she has successfully completed the hunter education program or bow hunter education program established by DNR. Current law also generally prohibits hunting and firearm possession by any person under the age of 12. For persons who are older than 12 but under the age of 16, current law allows hunting and firearm possession but imposes certain restrictions that vary depending on the person's age.

This bill creates a new exception to the general requirement that a person obtain a certificate of accomplishment in order to obtain a hunting approval. The bill also lowers the minimum hunting age from 12 years of age to ten years of age for persons who hunt under the hunting mentorship program established in this bill. The bill authorizes a person who is at least ten years of age to hunt without obtaining a certificate of accomplishment and to possess or control a firearm while hunting if the person has a valid hunting approval and is hunting with a qualified mentor.

Under the hunting mentorship program, to qualify as a mentor, a person must be 18 years of age or older and be the parent or guardian of the person for whom he or she is serving as a mentor or be authorized by the parent or guardian to serve as the mentor. The bill provides that at all times when serving as a mentor, the mentor must be within arm's reach of the person for whom he or she is serving as a mentor, must have a current valid hunting approval, and must have obtained a certificate of accomplishment or be exempt from the requirement to obtain a certificate of accomplishment. The bill provides that a mentor may take only one person hunting at a time and specifies that a mentor and a person who is hunting with the mentor may jointly have only one firearm, bow, or crossbow while hunting. The bill also requires DNR to issue to each person to whom DNR issues a hunting approval a pamphlet that contains hunter safety information if the person is not required to obtain a certificate of accomplishment and is authorized to hunt with a mentor. The bill authorizes DNR to promulgate rules lowering the minimum age for hunting with

**ASSEMBLY BILL 672**

a mentor if DNR determines that hunting by persons younger than ten years of age does not present a safety risk. The bill provides that DNR may make this determination only after considering existing studies and data on the safety risk of hunting and firearm possession by persons who are under ten years of age.

***Target practice***

The bill also creates a new exception to the restrictions that apply to firearm possession by persons who are under a specified age. The bill provides that those age restrictions do not apply to a person who uses a firearm in target practice if the person is accompanied by his or her parent or guardian or by a person who is at least 18 years of age who is designated by the parent or guardian.

***Proof of compliance***

Under current law, an applicant for a hunting approval may show compliance with the hunter education requirement by presenting his or her certificate of accomplishment when submitting an application for a hunting approval. Alternatively, the person may prove compliance by presenting an approval authorizing hunting that was issued to him or her within 365 days before submitting the application or that was issued to him or her for a hunting season that ended within 365 days before submitting the application. This bill requires that when presenting a previously issued hunting approval as proof of compliance, the approval must contain the applicant's hunter education certificate number.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
