8 offenders who committed certain crimes against children; prohibited areas for
9 sex offenders who committed certain crimes against children; prohibiting a

Analysis by the Legislative Reference Bureau

Current law requires the Department of Corrections (DOC) to maintain active lifetime global positioning system (GPS) tracking of sex offenders who have been committed as sexually violent persons and certain sex offenders who have committed specified sex offenses against a child. DOC must also, if necessary to protect public

SENATE BILL 548

safety, create for these sex offenders areas that they are prohibited from entering or areas that they are prohibited from leaving. A person who violates such a prohibition is subject to a \$200 forfeiture.

Under this bill, if the crime that led to the GPS tracking requirement is a level 1 child sex offense or if the person is found to be a sexually violent person, DOC must generally prohibit the person, while he or she is on parole, probation, extended supervision, conditional release, or supervised release, from entering certain areas including any area where persons under 16 years of age congregate, including schools, day care centers, playgrounds, parks, and published school bus stops. If a person violates the prohibition, his or her release is revoked and he or she is guilty of a Class I felony. In addition, under this bill, if the crime that led to the GPS tracking requirement is a level 1 child sex offense and if the tracked person enters or leaves an area that DOC prohibited him or her from entering or from leaving to protect public safety, the person's release is also revoked.

This bill also prohibits a political subdivision (a city, village, town, or county) from enacting or enforcing an ordinance or resolution that specifically affects the placement or residency of, or areas that may not be entered or exited by, a registered sex offender.

Because this bill creates a new crime or revises a penalty for an existing crime, the Joint Review Committee on Criminal Penalties may be requested to prepare a report concerning the proposed penalty and the costs or savings that are likely to result if the bill is enacted.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
