

2011 ASSEMBLY BILL 570

February 16, 2012 – Introduced by Representatives KRUG and LEMAHIEU. Referred to Committee on Homeland Security and State Affairs.

1 **AN ACT to amend** 16.75 (1) (a) 1. and 16.855 (1); and **to create** 16.7545 and
2 16.856 of the statutes; **relating to:** investment activities in Iran, state
3 procurement and construction contracts, and providing penalties.

Analysis by the Legislative Reference Bureau

Under current law, the Department of Administration (DOA), other agencies to which DOA has delegated purchasing authority, the legislature, the judicial branch, and authorities (collectively, “purchasing agents”) may purchase all necessary materials and contractual services. Current law also generally authorizes DOA to contract for construction work when the project cost is estimated to exceed \$50,000. With some exceptions, the purchases or contracts must be awarded to the lowest bidder.

This bill creates a new exception to the lowest-bidder award. Under the bill, a purchasing agent may not purchase from, or contract for materials or services with, an entity that, among other actions, provides goods or services to the energy, finance, or construction sectors in Iran; purchases oil or natural gas from Iran; provides goods or services to a person on the Specially Designated Nationals List for Iran or to a person placed on the Specially Designated Nationals List for a violation of Iran sanctions imposed by the U.S. Office of Foreign Assets Control; or transfers to Iran, or provides services to Iran regarding, certain items or technology such as firearms, ammunition, tear gas, surveillance technology, or items that could be used by the Iranian government to commit human rights abuses against Iranian citizens.

In addition, the bill requires an entity submitting a bid to a purchasing agent to certify that the entity is not engaging in any actions that would prohibit, under

ASSEMBLY BILL 570

the bill, the purchasing agent from entering into a purchasing contract with the entity. Any entity that provides a false or misleading certification is subject to a forfeiture of the lesser of \$1,000,000 or twice the amount of the contract for which the certification was made.

Finally, the bill requires DOA to maintain a list of entities that DOA determines have engaged in an activity that would prohibit, under the bill, a purchasing agent from entering into a purchasing contract with the entity, including submitting a certification that is required under the bill that is false or misleading. DOA must use credible publicly available information when maintaining the list and must provide a 30-day notice to an entity before it will appear on the list so as to give the entity an opportunity to appeal the listing.
