5 for survivors of a law enforcement officer who dies, or has died, in the line of
6 duty.

Analysis by the Legislative Reference Bureau

Subject to a number of limitations, current law requires a city, village, or town (municipality) that pays the health insurance premiums for its employees who are fire fighters to pay such premiums for the surviving spouse and dependent children of a fire fighter who dies, or has died, in the line of duty.

This general current law requirement does not apply to a surviving spouse who remarries or reaches the age of 65, or to a dependent child who reaches the age of 18 and is not a full-time high school student. Current law does require premium payments to be made for a dependent child who is a full-time or part-time student in an accredited college or university until the close of the calendar year in which the individual reaches the age of 27.

This bill extends the current law requirement for continued health insurance premium payments to the surviving spouse and dependent children of a municipal or county law enforcement officer who dies, or has died, in the line of duty, subject to the same limitations that apply under current law.

SENATE BILL 18

The bill first applies, retroactively, to a law enforcement officer who has died in the line of duty before the effective date of the bill.
