Analysis by the Legislative Reference Bureau

For taxable years beginning after December 31, 2012, this bill exempts from taxation all military income received from the federal government by an individual who is on active duty in the U.S. armed forces and who dies in a combat zone. The exemption applies to income received by the individual in the year in which he or she dies, and in the year before that year if the individual has not filed a return for that prior year.

Because this bill relates to an exemption from state or local taxes, it may be referred to the Joint Survey Committee on Tax Exemptions for a report to be printed as an appendix to the bill.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
