### *Analysis by the Legislative Reference Bureau*

Under current law, generally, every vote at an election is counted for the candidate for whom it was intended, if the elector's intent can be determined from the ballot itself. Under this bill, generally, write-in votes are only counted if no candidates have been certified to appear on the ballot. If a candidate has been certified to appear on the ballot, write-in votes are only counted for candidates who have filed registration statements. If a certified candidate dies or withdraws before the election, all write-in votes are counted.
