454.01 Definitions. In this chapter:

(1) "Watchmaking" means the repairing, replacing, rebuilding, reconditioning, cleaning, adjusting or regulating of the mechanical parts of watches and the manufacturing and fitting of parts designed for use or used in watches. Such term shall not include or mean the manufacturing or repairing of watchcases, but shall include the repairing of all winding mechanisms whether they are parts of such cases or not.

(2) "Examining board" means the watchmaking examining board.

454.02 Certificate required. No person shall engage in watchmaking for profit or compensation of any kind, without first obtaining a certificate of registration, as hereinafter provided, which certificate shall at all times be conspicuously displayed in his place of business.

This chapter is a constitutional exercise of the police power and does not unconstitutionally delegate legislative power to the board. *Watchmaking Examining Bd v Husar*, 49 W (2d) 526, 182 NW (2d) 257.

454.04 Application. Applicants for certificates shall be examined at a time and place fixed by the examining board. Applications for examinations shall be submitted to the examining board at least 10 days before the date set for the examination and shall be accompanied by an examination fee of \$20. The applicant shall be of good moral character, at least 20 years of age and possess such training and experience as the examining board by rule determines.

454.05 Examination. An applicant, to be entitled to a certificate, shall pass an examination before the examining board, which examination shall be confined to such knowledge, practical ability and skill as is essential in the proper repairing of watches, and shall include an examination of theoretical knowledge of watch construction and repair, and also a practical demonstration of the applicant's skill in the manipulation of watchmaker's tools. In case of failure at any examination, the applicant may take another examination at any other examination period upon the payment of a fee of \$10.

454.06 Registration. (1) If the applicant successfully passes the examination, the examining board shall certify such fact to the department and the department shall issue to him a certificate of registration.

(2) A watchmaker in good standing, registered and licensed in another state and having engaged in watchmaking therein for 2 years immediately preceding his application for a certificate, upon filing with the examining board satisfactory proof thereof, may, in the discretion of the examining board, be issued a certificate without examination upon the payment of a fee of \$25, provided the standards in such other state are at least as high as those defined and established by the examining board.

(4) Certificates of registration shall expire on December 31 of each year and may be renewed for one year upon the payment of a fee to be specified by the examining board, but not to exceed \$15. Applications may be made for renewal after December 15 of each year.

History: 1971 c 125.

454.07 Apprentice watchmakers. The examining board may grant a certificate of registration as an apprentice watchmaker to any person 16 years of age or over, of good moral character, indentured to a registered watchmaker in accordance with s. 106.01. A certified apprentice watchmaker may engage in watchmaking subject to this chapter and shall conspicuously display his certificate at all times at the place of employment of such apprentice. Apprentice watchmakers shall pay a fee of \$1 for the certificate and a renewal fee of \$1 annually.

454.08 Revocation. (1) The examining board may revoke a certificate of registration upon the failure of the holder thereof to pay the annual renewal fee, upon giving said holder 30 days' notice in writing of such proposed revocation. Notice shall be sufficient when sent by registered mail to the last known address of the holder.

(2) The examining board may revoke a certificate of registration obtained through error of the examining board or fraud on the part of the applicant, or if the holder is grossly incompetent, guilty of immoral or unethical conduct, or obtained or sought to obtain anything of value by fraudulent representations in the practice of watchmaking. The holder of such certificate shall be given 30 days' notice in writing enumerating the charges and specifying a date for the hearing on such charges. At the hearing he shall have the opportunity to confront witnesses against him and to produce evidence bearing on such charges. A stenographic record of all proceedings shall be made and transcript kept on file with the department. The revocation shall be subject to review under ch. 227.

(3) A person whose certificate has been revoked may, upon the expiration of one year after revocation, file an application with the department for registration. The examining board may, upon satisfactory proof that the cause of revocation no longer exists, certify such fact to the department and the department shall reissue a certificate of registration upon payment of the fees herein provided.

454.09 Penalty. Anyone not having a certificate of registration, who holds himself out as a watchmaker or as qualified to do watchmaking, or anyone who violates this chapter may be fined not less than \$20 nor more than \$100 or imprisoned not less than one month nor more than 3 months or both.
