36.01 Statement of purpose and mission. (1) The legislature finds it in the public interest to provide a system of higher education which enables students of all ages, backgrounds and levels of income to participate in the search for knowledge and individual development; which stresses undergraduate teaching as its main priority; which offers selected professional graduate and research programs with emphasis on state and national needs; which fosters diversity of educational opportunity; which promotes service to the public; which makes effective and efficient use of human and physical resources; which functions cooperatively with other educational institutions and systems; and which promotes internal coordination and the wisest possible use of resources.

(2) The mission of the system is to develop human resources, to discover and disseminate knowledge, to extend knowledge and its application beyond the boundaries of its campuses and to serve and stimulate society by developing in students heightened intellectual, cultural and humane sensitivities, scientific, professional and technological expertise and a sense of purpose. Inherent in this broad mission are methods of instruction, research, extended training and public service designed to educate people and improve the human condition. Basic to every purpose of the system is the search for truth.

(b) The board, after public hearing at each institution, shall establish for each institution a mission statement delineating specific program responsibilities and types of degrees to be granted.

(c) The board shall determine the educational programs to be offered in the system and may discontinue educational programs as it deems necessary.

(d) The board shall establish policies to guide program activities to ensure that they will be compatible with the missions of the institutions of the system. To this end, the board shall make all reasonable effort to provide night courses.

(e) The board shall appoint a president of the system; a chancellor for each institution; a dean for each college campus; the state geologist; the director of the laboratory of hygiene; the director of the psychiatric institute; the state cartographer with the advice of the land information board; and the requisite number of officers, other than the vice presidents, associate vice presidents and assistant vice presidents of the system; faculty; academic staff and other employees and fix the salaries, subject to the limitations under par. (j) and ss. 20.923 (4g) and 230.12 (3) (e), the duties and the term of office for each. The board shall fix the salaries, subject to the limitations under par. (j) and ss. 20.923 (4g) and 230.12 (3) (e), and the duties for each chancellor, vice president, associate vice president and assistant vice president of the system. No sectarian or partisan tests or any tests based upon race, religion, national origin, or sex shall ever be allowed or exercised in the appointment of the employees of the system.

NOTE: Par. (e) is affected eff. 7-1-05 by 1997 Wis. Acts 27 and 237, 1999 Wis. Act 42, and 2001 Wis. Act 104 to read:

(e) The board shall appoint a president of the system; a chancellor for each institution; a dean for each college campus; the state geologist; the director of the laboratory of hygiene; the director of the psychiatric institute; the state cartographer; and the requisite number of officers, other than the vice presidents, associate vice presidents and assistant vice presidents of the system; faculty; academic staff and other employees and fix the salaries, subject to the limitations under par. (j) and ss. 20.923 (4g) and 230.12 (3) (e), the duties and the term of office for each. The board shall fix the salaries, subject to the limitations under par. (j) and ss. 20.923 (4g) and 230.12 (3) (e), and the duties for each chancellor, vice president, associate vice president and assistant vice president of the system. No sectarian or partisan tests or any tests based upon race, religion, national origin or sex shall ever be allowed or exercised in the appointment of the employees of the system.

(f) The board shall delegate to each chancellor the necessary authority for the administration and operation of the institution within the policies and guidelines established by the board. The board may also delegate or rescind other authority to chancellors,

committees of the board, administrative officers, members of the faculty and students or such other groups as it deems appropriate.

(gm) The board shall not create, except as specifically authorized by the legislature in each instance, any new college, school or its functional equivalent if such college, school or functional equivalent has academic programs at the graduate or professional, post-baccalaureate level.

1. For the purposes of this paragraph, college or school means an academic unit below the institutional level but above the departmental level, including but not limited to a graduate school, law school, medical school, social work school, architecture school, business school and a public administration school.

2. For the purposes of this paragraph, a new college or school shall be deemed to have been created if an administrative position of dean or its functional equivalent is established and if a new instructional program, separate and distinct from the programs currently available at that institution, is established.

3. This paragraph does not apply to the redesignation or reorganization of existing colleges or schools if accomplished through the reclassification of existing positions or the restructuring of existing organizational entities.

(h) The board shall allocate funds and adopt budgets for the respective institutions giving consideration to the principles of comparable budgetary support for similar programs and equitable compensation for faculty and academic staff with comparable training, experience and responsibilities and recognizing competitive ability to recruit and retain qualified faculty and academic staff. If the board ceases or suspends operation of any institution or college campus, the appropriations to the board for operation of the institution or college campus may be utilized by the board for any other purpose authorized by the appropriations within the period for which the appropriations are made.

(hm) The board shall develop policies for the purpose of specifically identifying the general purpose revenue and nongeneral purpose revenue funding sources used for noninstructional student activities and for the purpose of governing the allocation of funds to those noninstructional student activities supported by both general purpose and nongeneral purpose revenue.

(i) Upon recommendation of the president and the administrator of the division of merit recruitment and selection in the office of state employment relations, the board and the director of the office shall jointly adopt general policies governing the designation of positions to be exempt from the classified service as academic staff as defined in s. 36.15 (1) (a) and (b). No position in the classified service may be designated as an academic staff position under the general policies unless the director of the office of state employment relations approves the designation.

(j) Except where such matters are a subject of bargaining with a certified representative of a collective bargaining unit under s. 111.91, the board shall establish salaries for persons not in the classified staff prior to July 1 of each year for the next fiscal year, and shall designate the effective dates for payment of the new salaries. In the first year of the biennium, payments of the salaries established for the preceding year shall be continued until the biennial budget bill is enacted. If the budget is enacted after July 1, payments shall be made following enactment of the budget to satisfy the obligations incurred on the effective dates, as designated by the board, for the new salaries, subject only to the appropriation of funds by the legislature and s. 20.928 (3). This paragraph does not limit the authority of the board to establish salaries for new appointments. The board may not increase the salaries of employees specified in ss. 20.923 (5) and (6) (m) and 230.08 (2) (d) under this paragraph unless the salary increase conforms to the proposal as approved under s. 230.12 (3) (e) or the board authorizes the salary increase to correct salary inequities under par. (h), to fund job reclassifications or promotions, or to recognize competitive factors. The board may not increase the salary of any position identified in s. 20.923 (4g) under this paragraph unless the salary increase conforms to the proposal as approved under s.

230.12 (3) (e) or the board authorizes the salary increase to correct a salary inequity or to recognize competitive factors. The board may not increase the salary of any position identified in s. 20.923 (4g) (ae) and (am) to correct a salary inequity that results from the appointment of a person to a position identified in s. 20.923 (4g) (ae) and (am) unless the increase is approved by the office of state employment relations. The granting of salary increases to recognize competitive factors does not obligate inclusion of the annualized amount of the increases in the appropriations under s. 20.285 (1) for subsequent fiscal bienniums. No later than October 1 of each year, the board shall report to the joint committee on finance and the secretary of administration and director of the office of state employment relations concerning the amounts of any salary increases granted to recognize competitive factors, and the institutions at which they are granted, for the 12-month period ending on the preceding June 30.

(k) 1. The board shall, with respect to academic staff, correct pay inequities based on gender or race.

2. The board shall do all of the following:

a. Establish and maintain job categories in which to place academic staff positions. The job categories shall be described in sufficient detail to enable the board to comply with subd. 1.

b. Establish and maintain pay ranges, each of which has a minimum and a maximum rate of pay and assign the job categories established under subd. 2. a. to those pay ranges. This subd. 2. b. does not apply to appointments under s. 36.13 (4).

(L) The board shall possess all powers necessary or convenient for the operation of the system except as limited in this chapter.

(a) The president shall be president of all the faculties and shall be vested with the responsibility of administering the system under board policies and shall direct a central administration which shall assist the board and the president in establishing system-wide policies in monitoring, reviewing and evaluating these policies, in coordinating program development and operation among institutions, in planning the programmatic, financial and physical development of the system, in maintaining fiscal control and compiling and recommending educational programs, operating budgets and building programs for the board. Subject to par. (b), the president shall appoint each senior vice president, vice president, associate vice president and assistant vice president of the system. The president shall fix the term of office for each senior vice president, vice president, associate vice president and assistant vice president of the system.

(b) The sum of the number of senior vice presidents and vice presidents of the system that the president may appoint under par. (a) may not exceed 4.

(3) THE CHANCELLORS. (a) The chancellors shall be the executive heads of their respective faculties and institutions and shall be vested with the responsibility of administering board policies under the coordinating direction of the president and be accountable and report to the president and the board on the operation and administration of their institutions. Subject to board policy the chancellors of the institutions in consultation with their faculties shall be responsible for designing curricula and setting degree requirements; determining academic standards and establishing grading systems; defining and administering institutional standards for faculty peer evaluation and screening candidates for appointment, promotion and tenure; recommending individual merit increases; administering associated auxiliary services; and administering all funds, from whatever source, allocated, generated or intended for use of their institutions.

(b) The chancellor may designate a person as provost, to act as chief executive officer of the institution in the chancellor's absence, if the person currently holds a limited appointment as vice chancellor, associate chancellor, assistant chancellor, associate vice chancellor or assistant vice chancellor. The chancellor may not create an additional administrative position for the purpose of this paragraph.

(4) FACULTY. The faculty of each institution, subject to the responsibilities and powers of the board, the president and the chancellor of such institution, shall be vested with responsibility for the immediate governance of such institution and shall actively participate in institutional policy development. As such, the faculty shall have the primary responsibility for academic and educational activities and faculty personnel matters. The faculty of each institution shall have the right to determine their own faculty organizational structure and to select representatives to participate in institutional governance.

(4m) ACADEMIC STAFF. The academic staff members of each institution, subject to the responsibilities and powers of the board, the president and the chancellor and faculty of the institution, shall be active participants in the immediate governance of and policy development for the institution. The academic staff members have the primary responsibility for the formulation and review, and shall be represented in the development, of all policies and procedures concerning academic staff members, including academic staff personnel matters. The academic staff members of each institution shall have the right to organize themselves in a manner they determine and to select their representatives to participate in institutional governance.

(5) STUDENTS. The students of each institution or campus subject to the responsibilities and powers of the board, the president, the chancellor and the faculty shall be active participants in the immediate governance of and policy development for such institutions. As such, students shall have primary responsibility for the formulation and review of policies concerning student life, services and interests. Students in consultation with the chancellor and subject to the final confirmation of the board shall have the responsibility for the disposition of those student fees which constitute substantial support for campus student activities. The students of each institution or campus shall have the right to organize themselves in a manner they determine and to select their representatives to participate in institutional governance.

Sub. (5) gives student organizations, rather than the student body, the right to select representatives to participate in institutional governance. Student Association of U.W.—Milwaukee v. Baum, 74 Wis. 2d 283, 246 N.W.2d 622 (1976).

The Board of Regents has no authority to provide a deferred salary plan for employees other than through the state teachers retirement system or the Wisconsin retirement fund. 61 Atty. Gen. 6.

A ruling by the chancellor of the University of Wisconsin—Eau Claire denying a request to conduct door-to-door solicitation in residence halls did not violate constitutional rights. 61 Atty. Gen. 373.

A classified audit fee structure may be established by university regents using age for classification purposes. 62 Atty. Gen. 1.

The leasing of university buildings to a religious congregation during nonschool days and hours on a temporary basis while the congregation's existing facility is being renovated and leasing convention space to a church conference would not violate the separation of church and state provisions of the First Amendment to the U.S. Constitution and Art. I, s. 18. 63 Atty. Gen. 374.

Regents should identify how compulsory fees will be used to necessarily and conveniently further the objects of the university before approving a segregated fee, under s. 37.11 (8) (1971 Stats.), to finance a legal services program for Oshkosh Student Association. Regent's duties are unchanged under sub. (5). 63 Atty. Gen. 385.

A Board of Regents' proposed one percent raise of the pay range minima and maxima of academic staff required the prior approval of the secretary of employment relations. 80 Atty. Gen. 138.

The financing of student organizations through mandatory student fees does not violate the 1st amendment if viewpoint neutrality is the operational principal. Board of Regents v. Southworth, 529 U.S. 217, 146 L. Ed. 2d 193 (2000).

With one exception, the university's system, as required by *Southworth*, for distributing compelled fees collected from university students to student groups that delegates funding decisions to the student government was subject to sufficient limits. *Southworth v. Board of Regents of the University of Wisconsin System*, 307 F.3d 566 (2002).

36.11 Powers and duties of the board of regents.

(1) PROTECTION OF PEOPLE; CUSTODY AND MANAGEMENT OF PROPERTY. (a) The board may promulgate rules under ch. 227 to protect the lives, health and safety of persons on property under its jurisdiction and to protect such property and to prevent obstruction of the functions of the system. Any person who violates any rule pro-

mulgated under this paragraph may be fined not more than \$500 or imprisoned not more than 90 days or both.

(b) Except as provided in this paragraph, the board may purchase, have custody of, hold, control, possess, lease, grant easements and enjoy any lands, buildings, books, records and all other property of any nature which may be necessary and required for the purposes, objects and uses of the system authorized by law. Any lease is subject to the powers of the University of Wisconsin Hospitals and Clinics Authority under s. 233.03 (13) and the rights of the authority under any lease agreement, as defined in s. 233.01 (6). The board shall not permit a facility that would be privately owned or operated to be constructed on state-owned land without obtaining prior approval of the building commission under s. 13.48 (12). The board may sell or dispose of such property as provided by law, or any part thereof when in its judgment it is for the best interests of the system and the state. All purchases and sales of real property shall be subject to the approval of the building commission. The provision of all leases of real property to be occupied by the board shall be the responsibility of the department of administration under s. 16.84 (5).

(c) The board may promulgate rules under ch. 227 for the management of all property under its jurisdiction, for the care and preservation thereof and for the promotion and preservation of the orderly operation of the system in any or all of its authorized activities and in any or all of its institutions with forfeitures for their violation, which may be sued for and collected in the name of the board before any court having jurisdiction of such action. Forfeitures shall not exceed \$500.

(cm) The board shall promulgate rules under ch. 227 prescribing the times, places and manner in which political literature may be distributed and political campaigning may be conducted in state-owned residence halls. No such rule may authorize any activity prohibited under s. 11.36 (3) or (4).

(d) All fines imposed and collected under this subsection shall be transmitted to the county treasurer for disposition in accordance with s. 59.25 (3) (f) and (j). All forfeitures, including forfeitures of posted bail if any, imposed and collected under this subsection shall be transmitted to the county treasurer for disposition in accordance with ss. 778.13 and 778.17.

(e) The board, with the approval of the building commission, may sell or lease state-owned residence halls to another state agency or nonstate nonprofit agency for purposes of alternate use.

(2) POLICE AUTHORITY. (a) The board shall have concurrent police power, with other authorized peace officers, over all property subject to its jurisdiction, and all property contiguous to such property at the University of Wisconsin–Parkside if owned by a nonprofit corporation the primary purpose of which, as determined by the board, is to benefit the system. Such concurrent police authority shall not be construed to reduce or lessen the authority of the police power of the community or communities in which a campus may be located. All campus police officers shall cooperate with and be responsive to the local police authorities as they meet and exercise their statutory responsibilities. The designated agents of the board may arrest, with or without warrant, any person on such property who they have reasonable grounds to believe has violated a state law or any rule promulgated under this chapter and deliver such person to any court having jurisdiction over the violation and execute a complaint charging such person with the violation. This subsection does not impair the duty of any other peace officers within their jurisdictions to arrest and take before the proper court persons found violating any state law on such property.

(b) The board may employ police for the institutions and chiefs to head such police, or contract for police, all of whom shall be deemed peace officers under s. 939.22 (22) under the supervision and control of the appropriate chancellor or the chancellor's designees. Such police officers shall meet the minimum standards established for other police officers by the law enforcement standards board or a comparable agency. Such police shall preserve

the peace on all property described under par. (a), enforce all rules promulgated under this chapter and all other laws, and for that purpose the chancellor or the chancellor's designee may call for aid from such other persons as is deemed necessary.

Cross Reference: See also ch. UWS 18, Wis. adm. code.

(3) ADMISSION OF APPLICANTS. (a) The board shall establish the policies for admission within the system and within these policies each institution shall establish specific requirements for admission to its courses of instruction. No sectarian or partisan tests or any tests based upon race, religion, national origin of U.S. citizens or sex shall ever be allowed in the admission of students thereto.

(b) The board shall establish policies for the appropriate transfer of credits between institutions within the system, including the designation of those courses which shall be transferable between and within institutions without loss of credit toward graduation or toward completion of a specific course of study.

(c) The board may establish policies for the appropriate transfer of credits with other educational institutions outside the system.

(cm) The board shall establish and maintain a computer-based credit transfer system that shall include, but not be limited to, the following:

4. Other courses for which the transfer of credits is accepted under par. (b) or (c).

(d) 1. Except as provided in subd. 2., the board shall require that a \$35 fee accompany each application for admittance from persons seeking admittance to any school within the system as new freshmen or as transfer students from outside the system. The board may exempt from the fee under this subdivision, on the basis of financial need, a maximum of 5% of the applications in any school year.

2. The board shall require that a \$45 fee accompany each application for admittance to a graduate school, law school or medical school within the system.

3. Of the fee received with each application under subds. 1. and 2., the board shall provide \$3 for the support of the higher education location program under s. 36.25 (36).

(4) INJUNCTIVE RELIEF. The board may obtain injunctive relief to enforce this chapter or any rules promulgated under this chapter.

(5) INSURANCE. (a) The board may procure liability insurance covering the members of the board, any officer, employee or such students whose activities may constitute an obligation or responsibility of the system.

(b) The board may procure insurance to cover injuries sustained by students as a result of their participation in intercollegiate athletics. The board may not use general purpose revenue to pay for such insurance. With respect to any of the risks to be covered by the insurance, the board may contract for the services of a claims administrator and may obtain coverage by any combination of self-insurance, excess or stop-loss insurance or blanket insurance.

(6) FINANCIAL AIDS. (a) The board may:

1. Make grants to students from funds budgeted to or controlled by the system and formulate policies and promulgate rules for the grants.

2. Make grants equivalent in value to the payment of incidental fees to disabled residents of the state who are recommended and supervised by the department of workforce development under s. 47.02.

(b) The board may not make a grant under par. (a) to a person whose name appears on the statewide support lien docket under

s. 49.854 (2) (b), unless the person provides to the board a payment agreement that has been approved by the county child support agency under s. 59.53 (5) and that is consistent with rules promulgated under s. 49.858 (2) (a).

(c) By April 10, 1998, and annually thereafter, the board shall develop and submit to the higher educational aids board for its review under s. 39.285 (1) a proposed formula for the awarding of grants under s. 39.435, except for grants awarded under s. 39.435 (2) or (5), for the upcoming academic year to students enrolled in the system.

(7) CONFER DEGREES. The board may confer such degrees and grant such diplomas as are usual in universities or as it deems appropriate.

(8) PARKING RULES. (a) The board may make general policies and shall authorize the chancellors to adopt rules regulating the parking of motor vehicles on property under their jurisdiction. Such rules shall not be subject to ch. 227.

(b) The board shall establish fines for the violation of any rule made under par. (a). The institutions are authorized to collect such fines together with moneys collected from the sale of parking permits and other fees established under par. (a) and such moneys shall be paid into the state treasury and credited to s. 20.285 (1) (h), to be used only for the purpose of developing and operating parking or other transportation facilities at the institution at which collected and for enforcing parking rules under par. (a).

Cross Reference: See also s. UWS 18.05, Wis. adm. code.

(8e) PARKING FEES. The board shall direct each institution within the system to charge a parking fee for the parking of motor vehicles by students, faculty, academic and classified staff and visitors at campus. The board shall require the fee to be sufficient to recover the costs of the construction and maintenance necessary for the parking facilities. Nothing in this paragraph shall be deemed to require the recovery of the costs of land for parking facilities. Nothing in this paragraph shall be deemed to require that all users of the parking facilities be charged a parking fee. College campus facilities owned by a county are not required to charge a parking fee.

Cross Reference: See also s. UWS 18.06, Wis. adm. code.

(8m) TRANSPORTATION PLANNING. The board shall direct the administrative officers of each campus to work with the regional planning commissions and the local authorities of the community in which the campus is located to evaluate the transportation needs of the campus population. The board shall require each campus to develop a transportation plan for the campus to effect energy resource conservation and efficient use of transportation resources. The plan shall include pedestrian walkways, bikeways, bike routes, bicycle storage racks, car and van pools and, to the extent feasible, improved mass transit services. The transportation plans shall detail parking management strategies which provide incentives for the use of mass transit and high occupancy vehicles.

(9) CONDEMNATION. History: 1989 a. 186; 1997 a. 237.

Student body diversity is a compelling state interest that can justify the use of race in university admissions. A race-conscious admissions program cannot use a quota system, but may consider race or ethnicity as a plus factor for an applicant, without insulating the individual from comparison with all other candidates for the available seats. An admissions program must be flexible enough to consider all pertinent elements of diversity in light of the particular qualifications of each applicant, and to place them on the same footing for consideration, although not necessarily according them the same weight. Race-conscious admissions policies must be limited in time. *Gutter v. Bollinger*, 539 U.S. ___, 123 S. Ct. 2325 (2003). See also *Gratz v. Bollinger*, 539 U.S. ___, 156 L. Ed. 2d 304, 123 S. 36.27 Tuition. (1) BOARD OF REGENTS TO ESTABLISH. (a) Subject to pars. (am), (b) and (c), the board may establish for different classes of students differing tuition and fees incidental to enrollment in educational programs or use of facilities in the system. Except as otherwise provided in this section, the board may charge any student who is not exempted by this section a nonresident tuition. The board may establish special rates of tuition and fees for the extension and summer sessions and such other studies or courses of instruction as the board deems advisable.

(am) The board may not increase academic fees for resident undergraduate students beyond an amount sufficient to fund all of the following:

1. In a fiscal year beginning in an even–numbered year, the amount shown in the schedule under s. 20.285 (1) (im) for that fiscal year and in a fiscal year beginning in an odd–numbered year, the highest amount shown in the schedule under s. 20.285 (1) (im) for that fiscal year in the substitute amendment, offered by the joint committee on finance, to the biennial budget bill; the engrossed biennial budget bill; or the enrolled biennial budget bill.

2. The approved recommendations of the director of the office of state employment relations for compensation and fringe benefits for classified staff, for unclassified employees specified in s. 230.12 (1) (a) 1. b., and for unclassified employees specified in s. 230.12 (3) (e). If these recommendations have not been approved by the joint committee on employment relations by the time the board sets academic fees, the board may raise academic fees for resident undergraduate students by an amount sufficient to fund the recommendations of the director of the office of state employment relations for compensation and fringe benefits for classified staff and for unclassified employees specified in s. 230.12 (1) (a) 1. b. and the board’s recommendations for unclassified employees specified in s. 230.12 (3) (e). If the director of the office of state employment relations has not made recommendations by the time the board sets academic fees, the board may raise academic fees for resident undergraduate students by an amount sufficient to fund the board’s estimate of compensation and fringe benefits for classified staff and for unclassified employees specified in s. 230.12 (1) (a) 1. b. and the board’s recommendations for unclassified employees specified in s. 230.12 (3) (e). If the board sets academic fees based upon the board’s estimate and the board’s unapproved recommendations, and the recommendations of the board and the director of the office of state employment relations as finally approved by the joint committee on employment relations call for a lower rate of compensation and fringe benefits than the board’s estimate and unapproved recommendations, the board shall lower academic student fees for resident undergraduate students for the next academic year by an amount equal to the difference between the academic fees charged and an amount sufficient to fund the approved recommendations. If the board sets academic fees based upon the board’s estimate and unapproved recommendations, and the recommendations of the board and the director of the office of state employment relations as finally approved by the joint committee on employment relations call for a higher rate of compensation and fringe benefits than the board’s estimate and unapproved recommendations, the board may raise academic student fees for resident undergraduate students for the next academic year by an amount equal to the difference between

the academic fees charged and an amount sufficient to fund the approved recommendations.

3. The projected loss in revenue caused by a change in the number of enrolled undergraduate, graduate, resident and nonresident students from the previous academic year.

4. State-imposed costs not covered by general purpose revenue, as determined by the board. Beginning on December 15, 2000, and annually thereafter, the board shall report costs under this subdivision to the secretary of administration.

5. Distance education, nontraditional courses and intersession courses.

6. Differential tuition that is approved by the board and that is not included in the amount shown in the schedule under s. 20.285 (1) (im).

(b) The board shall permit a person who is 60 years of age or older to audit a course without paying an auditor's fee if the person is a resident of this state, as determined under sub. (2) (e), space is available in the course and the instructor approves.

(bm) Beginning on December 15, 2000, and annually thereafter, the board shall submit a report to the legislature under s. 13.172 (2) containing the amount by which expenditures from s. 20.285 (1) (im) in the previous fiscal year exceeded the amount shown in the schedule for that appropriation in the previous fiscal year, the purposes for which the additional revenues were spent and the amount spent for each purpose.

(c) The board may not charge a student registered as a master's level business school student prior to the first semester of the 1989–90 academic year higher fees than other graduate students at the same institution.

(2) NONRESIDENT TUITION EXCEPTIONS. (a) Students qualifying under any of the following categories, while they continue to be residents of this state, are entitled to exemption from nonresident tuition but not from incidental or other fees:

1. Any adult student who has been a bona fide resident of the state for 12 months next preceding the beginning of any semester or session for which such student registers at an institution.

2. Any minor student, if one or both of the student's parents have been bona fide residents of this state for at least 12 months next preceding the beginning of any semester or session for which the student registers at an institution.

3. Any adult student who is a dependent of his or her parents under 26 USC 152 (a), if one or both of the student's parents have been bona fide residents of this state for at least 12 months next preceding the beginning of any semester or session for which the student registers at an institution.

4. Any minor student who has resided substantially in this state during the years of minority and at least 12 months next preceding the beginning of any semester or session for which such student registers at an institution.

5. Any minor student under guardianship in this state pursuant to ch. 48 or 880 whose legal guardian has been a bona fide resident of this state for at least 12 months next preceding the beginning of any semester or session for which such student registers at an institution.

6. Any adult student who has been employed as a migrant worker for at least 2 months each year for 3 of the 5 years next preceding the beginning of any semester or session for which the student registers at an institution, or for at least 3 months each year for 2 of the 5 years next preceding the beginning of any semester or session for which the student registers at an institution, any adult student whose parent or legal guardian has been so employed while the student was a minor and any minor student whose parent or legal guardian has been so employed. In this subdivision, "migrant worker" has the meaning specified in s. 103.90 (5).

(am) Any person who is a refugee, as defined under 8 USC 1101 (a) (42), who moved to this state immediately upon arrival in the United States and who has resided in this state continuously

since then is entitled to the exemption under par. (a) if he or she demonstrates an intent to establish and maintain a permanent home in Wisconsin according to the criteria under par. (e).

(b) 1. Nonresident members of the armed forces and persons engaged in alternative service who are stationed in this state on active duty and their spouses and children are entitled to the exemption under par. (a) during the period that such persons are stationed in this state.

2. Members of the armed forces who reside in this state and are stationed at a federal military installation located within 90 miles of the borders of this state, and their spouses and children, are entitled to the exemption under par. (a).

3. Nonresident persons who served in active duty in the U.S. armed forces for at least 10 years, who were honorably discharged from such service within 4 years before registering at an institution, and who filed state income tax returns for at least 8 of the last 10 years of active duty in the U.S. armed forces, and their spouses and children are entitled to the exemption under par. (a).

4. A person who has served on active duty under honorable conditions in the U.S. armed forces or in forces incorporated in the U.S. armed forces, except service on active duty for training purposes, who meets one of the conditions in s. 45.001 (4) (a) 1. a. to d., and who is a resident for purposes of receiving benefits under ch. 45, is entitled to the exemption under par. (a).

(c) Any student who is a graduate of a Wisconsin high school and whose parents are bona fide residents of this state for 12 months next preceding the beginning of any semester or session for which the student registers at an institution or whose last surviving parent was a bona fide resident of this state for the 12 months preceding death is entitled to the exemption under par. (a).

(cm) Any person continuously employed full time in this state, who was relocated to this state by his or her current employer or who moved to this state for employment purposes and accepted his or her current employment before applying for admission to an institution and before moving, and the spouse and dependents of any such person, are entitled to the exemption under par. (a) if the student demonstrates an intent to establish and maintain a permanent home in Wisconsin according to the criteria under par. (e). In this paragraph, "dependents" has the meaning given in 26 USC 152 (a).

(d) Any person who has not been a bona fide resident of the state for 12 months next preceding the beginning of any semester or session for which such person registers at an institution, except as provided in this subsection, is not exempt from the payment of the nonresident tuition.

(e) In determining bona fide residence at the time of the beginning of any semester or session and for the preceding 12 months the intent of the person to establish and maintain a permanent home in Wisconsin is determinative. In addition to representations by the student, intent may be demonstrated or disproved by factors including, but not limited to, timely filing of a Wisconsin income tax return of a type that only full-year Wisconsin residents may file, voter registration in Wisconsin, motor vehicle registration in Wisconsin, possession of a Wisconsin operator's license, place of employment, self-support, involvement in community activities in Wisconsin, physical presence in Wisconsin for at least 12 months preceding the beginning of the semester or session for which the student registers, and, if the student is not a U.S. citizen, possession of a visa that permits indefinite residence in the United States. Notwithstanding par. (a), a student who enters and remains in this state principally to obtain an education is presumed to continue to reside outside this state and such presumption continues in effect until rebutted by clear and convincing evidence of bona fide residence.

(2m) APPEALS. Any body designated by the board to determine nonresident tuition exemptions under sub. (2) may require a student who has been granted such an exemption to submit information from which the body may determine the student's eligibil-

(3) TUITION REMISSIONS. Within the limits established by s. 20.285 (2) (d), the board may remit nonresident tuition either in whole or in part at each institution, but not other fees:

Except as otherwise provided in this section, the board may invest not to exceed 85% of trust funds held and administered by the board in common stocks. 36.37 Downer Woods and buildings preservation.

(1) **STATEMENT OF PURPOSE.** The purpose of this section is to promote the permanent conservation and enhancement, by the University of Wisconsin–Milwaukee, of the area known as Downer Woods; to designate and protect, as a permanent conservancy area, at least 10 acres of the woods; and to permit limited modification, in a manner consistent with the aforesaid purposes, of that portion of the woods whose present character as park and woodland lends itself to utilization, by the university and the surrounding community, as essential recreational and aesthetic corridors.

(2) **LEGISLATIVE FINDINGS.** The legislature finds it in the public interest to recognize and foster the principle of environmental quality in the area known as Downer Woods by preserving it as a conservancy area and protecting it, consistent with sub. (4), from encroachment or disparate uses. The woods is the sole remaining natural area remaining on the campus of the University of Wisconsin–Milwaukee, and as such, its preservation and enhancement is consistent with the university’s recognition of its need to protect and enhance its own physical environment, and to

serve the pressing human need of its faculty, students and staff, as well as the greater Milwaukee community, to live and work in an urban environment which respects those portions of unspoiled nature which yet exist. The woods is a unique asset; it provides visual relief to the concentrated building pattern surrounding it, complements the urban landscape and affords aesthetically and psychologically attractive places for people to congregate and relax. In addition, the woods serves as a refuge for wildlife and vegetation, and is, therefore, an important educational, scientific and ecological resource to the university and the community. Its presence imparts priceless recreational and aesthetic values.

(3) DEFINITIONS. In this section, “Downer Woods” or “the woods” means those parcels of wood, parkland and buildings comprising more than 21.4337 acres located on the campus of the University of Wisconsin–Milwaukee, and divided into 5 separate and distinct categories, which categories shall define the proper and permissible uses of the parcels, as follows:

(a) Permanent conservation area, consisting of 11.101 acres, which is to be physically defined by means of fencing or other suitable means.

(b) Permanently reserved woodland, consisting of 3.018 acres.

(c) Park and woodland areas, consisting of 4.686 acres, which may be subject to limited modification, such as landscaping, but which are to be protected from disparate uses and encroachment.

(d) The buildings and grounds of the former Downer college with any reconstruction or renovation which may be authorized by the board.

(e) Park and woodland areas, consisting of 2.6287 acres, which may be subject to limited modifications, such as landscaping and utility lines.

(4) DOWNER WOODS CONSERVATION. (a) That portion of Downer Woods designated a permanent conservation area is to be forever protected from encroachment or disparate uses, and its boundaries are to be defined and protected by fencing or other suitable means. The chancellor of the University of Wisconsin–Milwaukee, through the University of Wisconsin–Milwaukee Field Station, shall prepare and implement a Downer Woods natural area management and restoration plan to ensure that the conservation area is managed properly as a natural area.

(b) That portion of Downer Woods designated as permanently reserved woodland shall be set aside exclusively for purposes of community enhancement and relaxation, and any disparate uses to or encroachments upon such land is prohibited except for the purpose of constructing an addition and providing service to Sandburg Hall, which may not exceed 0.75 acres. The board shall grant a temporary easement sufficient to facilitate the construction of the addition, and whenever necessary to facilitate the maintenance of Sandburg Hall, conditioned upon the ecological restoration of the area within the easement.

(c) Those portions of Downer Woods designated as park and woodland areas under sub. (3) (c) and (e) may be used by the University of Wisconsin–Milwaukee as recreational and aesthetic corridors. Any modifications made to such portions of the woods under sub. (3) (c) and (e) may not significantly alter the present character of such land, and any disparate uses to or encroachments upon such land are prohibited.

(d) The buildings of the former Downer college shall be preserved and no portion thereof may be razed without prior approval of the building commission.

previous fiscal year's total revenues from student segregated fees and auxiliary operations funded from student fees for that institution unless the reserve funds are approved by the secretary of administration and the joint committee on finance under this subsection. A request by the board for such approval for any fiscal year shall be filed by the board with the secretary of administration and the cochairpersons of the joint committee on finance no later than September 15 of that fiscal year. The request shall include a plan specifying the amount of reserve funds the board wishes to accumulate and the purposes to which the reserve funds would be applied, if approved. Within 14 working days of receipt of the request, the secretary of administration shall notify the cochairpersons of the joint committee on finance in writing of whether the secretary proposes to approve the reserve fund accumulation.

(b) Notwithstanding par. (a), if, within 14 working days after the date of the secretary's notification, the cochairpersons of the committee do not notify the secretary that the committee has scheduled a meeting for the purpose of reviewing the secretary's proposed action, the proposed reserve funds may be accumulated. If, within 14 working days after the date of the secretary's notification, the cochairpersons of the committee notify the secretary that the committee has scheduled a meeting for the purpose of reviewing the secretary's proposed action, the proposed reserve funds may not be accumulated unless the committee approves that action.

(a) "Authorized elderly person" means any resident of this state who is 60 years of age or older, and the spouse of any such person.

(b) "Institution" includes any private institution of higher education.

(2) Any college campus or institution approved by the board may establish a system to provide the opportunity for authorized elderly persons to participate in its meal program. If a college campus or institution desires to establish such a service, it shall develop a plan for the provision of food services for elderly persons and submit the plan to the board. Annually, the board shall notify the department of public instruction of the approved college campuses and institutions.

(3) Each plan shall provide at least one meal per day for each day that school is in regular session. The college campus or institution may provide additional service at other times in its discretion, if the number of eligible persons in the area is of sufficient size, in the opinion of the board, so that unwarranted production expense is not incurred.

(4) Any college campus or institution that operates a food services plan for elderly persons under this section shall make facilities available for service to elderly persons at every facility that

provides hot food service to its students. Upon application, the board may grant exceptions from compliance with this subsection for reasons of safety, convenience or insufficient interest in a given neighborhood.

(5) Meals may be served at schools where they are served to students or at any site more convenient to the majority of authorized elderly persons interested in the service. Food may be transported to authorized elderly persons who are unable to leave their homes or distributed to nonprofit organizations for such purposes. However, no state funds under this section may be used for food delivery to individual homes. The board may require consolidation of programs between college campuses and institutions and between schools if such a procedure will be convenient and economical.

(6) The college campus or institution may file a claim with the department of public instruction for reimbursement for reasonable expenses incurred, excluding capital equipment costs, but not to exceed 15% of the cost of the meal or 50 cents per meal, whichever is less. Any cost in excess of the lesser amount may be charged to participants. If the department of public instruction approves the claim, it shall certify that payment is due and the secretary of administration shall pay the claim from the appropriation under s. 20.255 (2) (cn).

(7) All meals served must meet the approval of the board, which shall establish minimum nutritional standards and reasonable expenditure limits consistent with the standards and limits established by the state superintendent of public instruction under s. 115.345 (6). The board shall give special consideration to the dietary problems of elderly persons in formulating a nutritional plan. However, no college campus or institution may be required to provide special foods for individual persons with allergies or medical disorders.

(8) Participants in a program under this section may be required to document their Wisconsin residency in a manner approved by the board. The board may issue identification cards to such persons if necessary. A college campus or institution may admit nonresidents who would otherwise qualify into its program, but no state funds under this section may be used to subsidize any portion of the meals served to such persons.

(9) The board shall adopt reasonable rules necessary to implement this section.

Private funds and in-kind contributions may be applied to meet the matching requirement. Grants under this paragraph may not be used to replace funding available from other sources.

(c) The environmental education board shall promulgate rules establishing the criteria and procedures for the awarding of grants for programs and projects under par. (b). The environmental education board shall use the priorities established under sub. (1) for awarding grants if the amount in the appropriations under s. 20.285 (1) (ee), (j), (r) and (rc) in any fiscal year is insufficient to fund all applications under this subsection.
