SUBCHAPTER I
APPROPRIATION RATIONALE AND AMOUNTS

20.001 Definitions and abbreviations. In this chapter terms and abbreviations have the following meanings:

(1) **STATE AGENCY.** “State agency” means any office, department or independent agency in the executive branch of Wisconsin state government, the legislature and the courts.

(2) **REVENUE TYPES.** (a) *General purpose revenues.* “General purpose revenues” consist of general taxes, miscellaneous

receipts and revenues collected by state agencies which are paid into a specific fund, lose their identity, and are then available for appropriation by the legislature. In this chapter, “general purpose revenues” refers to general purpose revenues in the general fund. General purpose revenues are identified by the abbreviation “GPR” in s. 20.005. They shall be deposited pursuant to s. 20.906.

(b) *Program revenues.* “Program revenues” consist of revenues which are paid into the general fund and are credited by law to an appropriation to finance a specified program or state agency. In this chapter, “program revenues” refers to program revenues in the general fund. Program revenues are identified by the abbrevi-

ation “PR” in s. 20.005. For any program revenue appropriation which is limited to the amounts in the schedule, no expenditures may be made exceeding the amounts in the schedule, except as provided in ss. 13.101 and 16.515, regardless of the amounts credited to that appropriation account. They shall be deposited pursuant to s. 20.906. Notwithstanding any other provision of this chapter, program revenues shall be used to reimburse the general fund for payments transferred under the appropriations made in s. 20.865 for the purposes of program revenue appropriations.

(c) *Program revenues — service.* “Program revenues — service”, indicated by the abbreviation “PR–S” in s. 20.005, consist of appropriated moneys in the general fund derived from any revenue source that are transferred between or within state agencies or miscellaneous appropriations. These moneys are shown as expenditures in the appropriation of the state agency or program from which the moneys are transferred and are also shown as program revenue in the appropriation of the agency or program to which the moneys are transferred. For any program revenue — service appropriation which is limited to the amounts in the schedule, no expenditure may be made exceeding the amounts in the schedule, except as provided in ss. 13.101 and 16.515, regardless of the amounts credited to the account from which the appropriation is made.

(d) *Segregated fund revenues.* “Segregated fund revenues”, indicated by the abbreviation “SEG” in s. 20.005 consist of revenues which, by law, are deposited into funds other than the general fund and are available for the purposes for which such funds are created. They shall be deposited pursuant to s. 20.906. Notwithstanding any other provision of this chapter segregated revenues shall be used to reimburse the appropriate funds for payments transferred under the appropriations made in s. 20.865 for the purposes of segregated revenue appropriations.

(da) *Segregated fund revenues — service.* “Segregated fund revenues — service”, indicated by the abbreviation “SEG–S” in s. 20.005, consist of appropriated moneys in a segregated fund derived from any revenue source that are transferred between or within state agencies or miscellaneous appropriations. These moneys are shown as expenditures in the appropriation of the state agency or program from which the moneys are transferred and also shown as segregated fund revenue in the appropriation of the agency or program to which the moneys are transferred.

(dm) *Segregated fund revenues — local.* “Segregated fund revenues — local”, indicated by the abbreviation “SEG–L” in s. 20.005, consist of revenues which are received from a local unit of government or other source for transportation purposes and are deposited in the transportation fund under s. 25.40 (1) (e).

(e) *Federal revenues.* “Federal revenues” consist of moneys received from the federal government, except that under s. 20.437 (2) (md) “federal revenues” also include moneys treated as refunds of expenditures, and under s. 20.437 (2) (me) “federal revenues” consist only of moneys treated as received from the federal government. Federal revenues may be deposited as program revenues in the general fund or as segregated revenues in a segregated fund. In either case they are indicated in s. 20.005 by the addition of “–F” after the abbreviation assigned under pars. (b) and (d).

(f) *Bond revenues.* “Bond revenues”, indicated by the abbreviation “BR” in s. 20.005, consist of all moneys resulting from the contracting of public debt or revenue obligations in accordance with ch. 18.

(3) APPROPRIATION TYPES. The following types of appropriations may be made from any of the revenue types listed above. When an appropriation varies from these basic types, it is identified as the type which most nearly fits that appropriation and the variation is specifically stated in ss. 20.115 to 20.875.

(a) *Annual appropriations.* Annual appropriations, indicated by the abbreviation “A” in s. 20.005, are appropriations which are expendable only up to the amount shown in the schedule and only for the fiscal year for which made. At the end of the fiscal year the unencumbered balances shall revert to the fund from which appro-

priated unless the appropriation is a program revenue or program revenue — service appropriation and indicates the moneys are to be credited to the account for that appropriation, in which case all unencumbered balances shall be retained in that appropriation account. In ss. 20.115 to 20.875, all appropriations are annual unless otherwise indicated and the introductory phrase “annually” is used only when necessary to avoid confusion with other appropriation types.

(b) *Biennial appropriations.* Biennial appropriations, indicated by the abbreviation “B” in s. 20.005, are appropriations which are expendable only for the biennium for which made. Dollar amounts shown in the schedule under s. 20.005 represent the most reliable estimates of the amounts which will be expended in each fiscal year, the total for both years being the biennial appropriation. For accounting purposes and for the administration of s. 20.002 (1), the appropriation for the first year of a biennium shall be the sum of the expenditures for such year plus the outstanding encumbrances at the close of such year; the unencumbered balance at the close of the first year shall constitute the appropriation for the 2nd year of the biennium. At the end of the biennium the unencumbered balances shall revert to the fund from which appropriated unless the appropriation is a program revenue or program revenue — service appropriation and indicates the moneys are to be credited to the account for that appropriation, in which case all unencumbered balances shall be retained in that appropriation account. Biennial appropriations are indicated in ss. 20.115 to 20.875 by the introductory phrase “biennially”.

(c) *Continuing appropriations.* Continuing appropriations, indicated by the abbreviation “C” in s. 20.005, are appropriations which are expendable until fully depleted or repealed by subsequent action of the legislature. The amount of a sum certain continuing appropriation for a given fiscal year consists of the unencumbered balance in the appropriation account at the end of the previous fiscal year, if any, together with any moneys appropriated under s. 20.005 for that fiscal year. The amount of a continuing appropriation other than a sum certain appropriation consists of the unencumbered balance in the appropriation account at the end of the previous fiscal year, if any, together with any revenues received during the fiscal year that are directed by law to be credited to the appropriation account. Dollar amounts shown in the schedule under s. 20.005 for a continuing appropriation other than a sum certain appropriation represent the most reliable estimates of the amounts which will be expended during any fiscal year. Except as provided in ss. 20.002 (11) and 20.903 (2), expenditures made in accordance with ch. 16 under a continuing appropriation other than a sum certain appropriation are limited only by the available revenues from which the appropriation is made. Continuing appropriations are indicated in ss. 20.115 to 20.875 by the introductory phrase, “as a continuing appropriation,” “all moneys received from,” or “all moneys transferred from.”

(d) *Sum sufficient appropriations.* Sum sufficient appropriations, indicated by the abbreviation “S” in s. 20.005, are appropriations which are expendable from the indicated source in the amounts necessary to accomplish the purpose specified. Dollar amounts shown under s. 20.005 represent the most reliable estimate of the amounts which will be needed. Sum sufficient appropriations are indicated in ss. 20.115 to 20.875 by the introductory phrase “a sum sufficient”.

(e) *Capital improvement authorizations.* The appropriations in s. 20.866 (2) are authorizations to contract public debt in accordance with ch. 18. The amount of debt repaid under each authorization shall not be construed to represent new or additional authority even though the authority is not reduced by the amount of repayment. The limiting dollar amount contained in the language of any appropriation under s. 20.866 (2) is the cumulative total authorization carried over from previous biennia plus any new authorization contained in the schedule.

(4) GENERAL PURPOSE REVENUE — EARNED. Revenue which is received by a state agency incidentally in connection with general

purpose revenue appropriations in the course of accomplishing program objectives, which is not designated as a refund of an expenditure by the secretary of administration under sub. (5) and for which no program revenue appropriation is made shall be designated as general purpose revenue (GPR) — earned. This revenue shall be treated as a nonappropriated receipt and is not available for expenditure.

(5) REFUNDS OF EXPENDITURES. Any amount not otherwise appropriated under this chapter that is received by a state agency as a result of an adjustment made to a previously recorded expenditure from a sum certain appropriation to that agency due to activities that are of a temporary nature or activities that could not be anticipated during budget development and which serves to reduce or eliminate the previously recorded expenditure in the same fiscal year in which the previously recorded expenditure was made, except as provided in ss. 20.435 (4) (gm) and 20.437 (2) (md), may, upon request of the agency, be designated by the secretary of administration as a refund of an expenditure. Except as otherwise provided in this subsection, the secretary of administration may designate an amount received by a state agency as a refund of an expenditure only if the agency submits to the secretary a written explanation of the circumstances under which the amount was received that includes a specific reference in a statutory or nonstatutory law to a function of the agency under which the amount was received and the appropriation from which the previously recorded expenditure was made. A refund of an expenditure shall be deposited by the receiving state agency in the appropriation account from which the previously recorded expenditure was made. Except as otherwise provided in this subsection, a state agency which proposes to make an expenditure from moneys designated as a refund of an expenditure shall submit to the secretary of administration a written explanation of the purpose of the expenditure, including a specific reference in a statutory or nonstatutory law to a function of the agency under which the expenditure is to be made and the appropriation from which the expenditure is to be made. After submission and approval of an estimate of the amount proposed to be expended under s. 16.50 (2), a state agency may expend the moneys received from the refund of the expenditure. The secretary of administration may waive submission of any explanation required by this subsection for categories of refunds of expenditures or proposed refunds of expenditures.

(6) APPLIED RECEIPTS. (a) Except as provided in par. (b), applied receipts are program or segregated revenue the appropriation of which reduces the amounts appropriated under another appropriation. The reduction is indicated in the other appropriation by the phrase “less the amounts appropriated as applied receipts under”. Applied receipts shall be expended and deposited in the same manner as other program or segregated revenue.

(b) If the other appropriation under par. (a) is a sum sufficient appropriation, the reduction reduces the estimate under s. 20.005 of the dollar amounts that will be needed.

20.002 General appropriation provisions. (1) EFFECTIVE PERIOD OF APPROPRIATIONS. Unless otherwise provided appropriations shall become effective on July 1 of the fiscal year shown in the schedule under s. 20.005 and shall be expendable until the following June 30. If the legislature does not amend or eliminate any existing appropriation on or before July 1 of the odd-numbered years, such existing appropriations provided for the previous fiscal year shall be in effect in the new fiscal year and all subsequent fiscal years until amended or eliminated by the legislature. If the biennial state budget has not been enacted on or before June 30 of the odd-numbered year, the department of administration may, for accounting purposes, adjust its appropriation account structure, beginning on July 1 of the odd-numbered year, to reflect the appropriation account structure in the biennial state budget.

(2) ACCRUED TAX RECEIPTS. (a) Solely for purposes of relating annual taxes to estimated expenses, amounts withheld under s. 71.64 prior to July 1 and taxes imposed by subch. III of ch. 77 for periods ending prior to July 1 shall be deemed accrued tax receipts as of the close of the fiscal year but no revenue shall be deemed accrued tax receipts unless deposited by the state on or before the August 15 following the end of the fiscal year. Solely for purposes of relating annual taxes to estimated expenses, fees imposed under subch. II of ch. 77, taxes imposed under ss. 139.02, 139.03 (2m) and (2n), 139.31 and 139.76 and assessments imposed under s. 50.14 (2) shall be deemed accrued tax receipts as of the close of the fiscal year, but no revenue shall be deemed accrued tax receipts unless deposited by this state on or before July 31. Solely for purposes of relating annual taxes to estimated expenses, taxes imposed under s. 70.58 shall be deemed accrued tax receipts as of the close of the fiscal year, but no revenue shall be deemed accrued tax receipts unless it is deposited by this state on or before August 31.

(b) Solely for purposes of relating annual taxes to estimated expenses, revenue received in July because of a cash purchase of stamps under s. 139.31 shall be deemed accrued tax receipts as of the close of the previous fiscal year, but no revenue shall be deemed accrued tax receipts unless it is deposited by this state on or before July 31.

(3) PAYMENTS FROM REPEALED APPROPRIATIONS. Where any appropriation is repealed or any balance of an appropriation is caused to revert, any indebtedness incurred under the authority of such appropriation or balance prior to the time as of which such repeal or reversion of balance is to take effect, shall be paid from the appropriation or balance thus repealed or reverted unless otherwise specifically provided by law.

(3m) REPEALED APPROPRIATIONS. Whenever an appropriation is repealed, on the effective date of the repeal the unencumbered balance of the appropriation lapses to the fund from which it was appropriated unless otherwise provided by law. If the act repealing an appropriation provides for any part of the balance in the appropriation account to be transferred to a different appropriation account on the same effective date as the repeal, the transfer shall be effected before the lapse.

(4) PRIOR DEBTS PROHIBITED. No appropriation shall be available for payment of any indebtedness incurred prior to the time such appropriation is to take effect unless otherwise specifically provided by law.

(5) CONDITIONAL APPROPRIATIONS. All appropriations to any department, expenditures from which, by law, may be made only with the approval of the governor or the secretary of administration, shall be construed to be conditional appropriations, which shall become available only as contemplated expenditures therefrom are approved by these officers, as required by law.

(6) UNUSED APPROPRIATIONS. Whenever a continuing appropriation from any fund has accomplished its purpose or is no longer deemed necessary for such purpose, the secretary of administration is authorized to lapse such appropriation balance, in whole or in part, to the fund from which appropriated upon consultation with the director of the state agency concerned.

(7) APPROPRIATION DETAIL. The detailed explanation of the appropriations made to the several state agencies, including specific program purposes and restrictions, is contained in ss. 20.115 to 20.875. Except as otherwise provided in ss. 20.115 to 20.875, whenever the amounts in the schedule for a single appropriation are shown in 2 or more lines the portions of the total amount shown on separate lines are for informational purposes only and are not limiting. All appropriations shall be made from the general fund, unless otherwise indicated. Whenever the text in ss. 20.115 to 20.875 refers to “schedule” it means the appropriation schedule under s. 20.005 (3).

(8) FEDERAL REDUCTION OR TERMINATION; EFFECT. All appropriations made in this chapter are subject to the specific provision that when and if the federal government funding of any portion of

a program is reduced or terminated, state participation in the program may be reduced by the governor in the same proportion as such federal reduction, such state reduction to be implemented by the responsible state agency. Notwithstanding any other provisions of the statutes, local units of government are hereby authorized to make similar proportionate reductions in their support of such programs.

(9) **FEDERAL REVENUE SHARING.** Revenue received in July of any year under the federal state and local fiscal assistance act, relating to the revenue due for the quarter ending on the previous June 30, shall be deemed accrued receipts as of the close of the fiscal year.

(10) **EXCESS STATE MATCHING FUNDS.** If any appropriation that is made to match or secure federal funds is in excess of the amount required to match or secure federal funds, the state agency that is responsible for the administration of such funds shall promptly notify the federal aid management service of the department of administration which shall promptly notify the governor and the joint committee on finance. Such funds shall then be placed in unallotted reserve and may not be released unless the release is first approved by the joint committee on finance.

(11) **TEMPORARY REALLOCATION OF SURPLUS MONEYS.** (a) All appropriations, special accounts and fund balances within the general fund or any segregated fund may be made temporarily available for the purpose of allowing encumbrances or financing expenditures of other general or segregated fund activities which do not have sufficient moneys in the accounts from which they are financed but have accounts receivable balances or moneys anticipated to be received from lottery proceeds, as defined in s. 25.75 (1) (c), tax revenues, gifts, grants, fees, sales of service, or interest earnings recorded under s. 16.52 (2). The secretary of administration shall determine the composition and allowability of the accounts receivable balances and anticipated moneys to be received for this purpose in accordance with s. 20.903 (2) and shall specifically approve the use of surplus moneys from the general or segregated funds after consultation with the appropriate state agency head for use by specified accounts or programs. The secretary of administration shall reallocate available moneys from the budget stabilization fund under s. 16.465 prior to reallocating moneys from any other fund.

(b) 1. The secretary of administration shall limit the total amount of any temporary reallocations to a fund other than the general fund to \$400,000,000.

2. Except as provided in subd. 3, the secretary of administration shall limit the total amount of any temporary reallocations to the general fund at any one time during a fiscal year to an amount equal to 5% of the total amounts shown in the schedule under s. 20.005 (3) of appropriations of general purpose revenues, calculated by the secretary as of that time and for that fiscal year. During the 2011–13 fiscal biennium, the amount that may be reallocated under this subdivision during a fiscal year may not exceed 9 percent of such revenues.

3. In addition to the amount permitted for temporary reallocations in subd. 2., the secretary may permit an additional 3% of the total amounts shown in the schedule under s. 20.005 (3) of appropriations of general purpose revenues, calculated by the secretary as of that time and for that fiscal year, to be used for temporary reallocations to the general fund but only if the reallocation is for a period not to exceed 30 days. Reallocations may not be made under this subdivision for consecutive periods.

4. This paragraph does not apply to reallocations from the budget stabilization fund to the general fund.

(c) The secretary may assess a special interest charge against the programs or activities utilizing surplus moneys within the same fund under this subsection in an amount not to exceed the daily interest earnings rate of the state investment fund during the period of transfer of surplus moneys to other accounts or programs. Except as provided in s. 16.465, the secretary shall assess a special interest charge against the fund utilizing surplus moneys

under this subsection in an amount equal to the rate of return the state investment fund earnings would have created to the fund from which the reallocation was made. This interest shall be calculated and credited to the appropriate fund at the same time the earnings from the state investment fund are distributed and shall be considered an adjustment to those earnings.

(d) This subsection applies only to those funds participating in the investment fund for purposes of temporary reallocation between funds or accounts and does not include the following funds or specified accounts in these funds:

1. The bond security and redemption fund under s. 18.09.
2. The capital improvement fund under s. 18.08.
- 2m. The election administration fund.
3. The industrial building construction loan fund under s. 560.10, 2005 stats.
4. All trust funds authorized under ch. 40.
5. The veterans trust fund under s. 25.36.
6. The state housing authority reserve fund under s. 25.41.
7. The fish and wildlife account within the conservation fund.

(e) The secretary of administration may not exercise the authority granted in this subsection if a temporary reallocation would jeopardize the cash flow of any fund or account from which a temporary reallocation would be made.

(f) If the secretary of administration exercises or proposes to exercise the authority granted in this subsection, he or she shall publish and transmit a report to the chief clerk of each house of the legislature, for distribution to the appropriate standing committees under s. 13.172 (3), on a monthly basis specifying the date, amount, source and use of any outstanding temporary reallocation or proposed reallocation of moneys for the period covered by the report.

(12) **SUSPENSION OF EXPENDITURES.** No moneys may be expended by any state agency, except the legislature or courts, for permanent, project, part-time or limited term employment if the funding for the position has been temporarily withheld under s. 16.50 (3).

(13) **INDIAN GRANTS.** Notwithstanding any statute to the contrary, wherever any law authorizes a grant of state funds to be made by a state agency to any county, city, village or town for any purpose, funds may also be granted by that state agency to any federally recognized tribal governing body for the same purpose. The grants are subject to the same conditions and restrictions as apply to grants to counties and municipalities, if any. This subsection shall not be construed to require any grant of state funds to be made to any federally recognized tribal governing body.

The continuing appropriation provided under s. 20.866 (2) (ur), 1969 Stats., was limited by its terms to \$40,300,000. Section 20.002 (1) does not provide additional bonding authority in the next biennium prior to the new budget to satisfy the requirements of s. 18.04 (2). Section 84.51 (2) is an expression of legislative intent, but does not constitute an appropriation and is not the basis for additional bonding authority. 60 Atty. Gen. 509.

20.003 Appropriation acts and bills. (2) **LEGISLATIVE REFERENCE BUREAU AUTHORITY.** All appropriations made by the legislature shall be listed in this chapter. The legislative reference bureau shall assign numbers in this chapter to any appropriation not so numbered and if appropriation laws are enacted which are not numbered to correspond with the numbering system of this chapter as outlined in sub. (3), the legislative reference bureau shall renumber such laws accordingly.

(3) **NUMBERING SYSTEM.** (a) In the schedule of s. 20.005 and in the text in ss. 20.115 to 20.875, all state agencies shall be arranged within functional areas. Each functional area is assigned a subchapter and each state agency shall be assigned a section within that subchapter. Each subsection constitutes a program, and each paragraph constitutes an appropriation.

(b) Except as provided under par. (c), all appropriations are identified according to their source of funds, as defined in s. 20.001, by the paragraph letters assigned as follows:

1. Appropriations from general purpose revenues shall be assigned paragraph letters (a) to (fz).
2. To the extent feasible, appropriations from program revenues shall be assigned paragraph letters (g) to (jz) and (L) to (pz).
3. To the extent feasible, appropriations from program revenue — service shall be assigned paragraph letters (k) to (kz).
4. Appropriations from segregated revenues shall be assigned paragraph letters (q) to (zz).
5. To the extent feasible, federal program revenues shall be assigned paragraph letters (m) to (pz).
6. To the extent feasible, federal segregated revenues shall be assigned paragraph letters (x) to (zz).

(c) All appropriations under ss. 20.370 and 20.395 shall be identified by 2 letters, the first letter indicating a subprogram and the 2nd letter indicating the source of funds, as defined in s. 20.001. To the extent feasible, the 2nd paragraph letters shall be assigned as follows:

1. Appropriations from general purpose revenues shall be shown with a 2nd paragraph letter of “a” to “f”.

(b) Notwithstanding ss. 230.047 and 230.29, in the case of an emergency which is the result of natural or human causes, state agencies may cooperate to maintain required state services through the temporary interchange of employees. The interchange of employees may be of 2 types: where an appointing authority declares an emergency in writing to the governor; or where the governor or his or her designee declares an emergency. If an appointing authority declares an emergency, the interchange of employees is voluntary on the part of those employees designated by the sending state agency as available for interchange. If the governor or his or her designee declares an emergency, the governor may require a temporary interchange of employees. An emergency which is declared by an appointing authority may not exceed 72 hours unless an extension is approved by the governor or his or her designee. An employee who is assigned temporary interchange duties may be required to perform work which is not normally performed by the employee or described in his or her position classification. An interchange employee shall be paid at the rate of pay for the employee's permanent job unless otherwise authorized by the director of the office of state employment relations. State agencies receiving employees on interchanges shall keep appropriate records and reimburse the sending state agencies for authorized salaries and expenses. The director of the office of state employment relations may institute temporary pay administration policies as required to facilitate the handling of such declared emergencies.

(2) EMPLOYEE POWERS AND PRIVILEGES. Whenever the employees of any state agency are assigned or required hereunder to perform services for any other state agency, such employees are vested with all powers and may enjoy all privileges necessary to perform the duties and execute the functions imposed upon and delegated to them and may perform such services and exercise such powers in the same manner, to the same extent and with like effect as though regularly appointed therefor.

20.9045 Department of natural resources; appropriations; program balances; revenues. (1) PROGRAM BALANCES. At the close of each fiscal year the unencumbered balances of appropriations financed by unassigned revenues of the conservation fund under s. 20.370 shall revert to the respective accounts under s. 20.370 in the ratio that revenues were allotted from such accounts and, together with the anticipated respective unassigned revenues by programs in the succeeding year, shall constitute the source of moneys available for appropriation to the programs under s. 20.370 in the succeeding year.

(2) REVENUES AND APPROPRIATIONS. All moneys received pursuant to the operation of programs under s. 20.370 shall be credited to the program which generated them. Revenues which are assigned by law to a particular purpose shall be credited to and may be expended for that purpose. Unassigned revenue shall be

Whenever the estimated unassigned revenues and available unassigned revenue appropriation balances are insufficient to cover the appropriations of general purpose segregated revenue under each program, the department shall so inform the department of administration and shall indicate the amounts which should be deducted from respective unassigned revenue appropriations to bring the appropriated amounts into agreement with the money available, and the department of administration shall adjust its records accordingly. Actual unassigned revenues in excess of estimated unassigned revenues appropriated may not be spent unless released by the joint committee on finance.

Payments to the state may also be made by personal check or individual check drawn in the ordinary course of business unless otherwise required by individual state agencies. Payments to the state made by a debit or credit card approved by the depository selection board may be accepted by state agencies. Prior to authorizing the use of a card, the depository selection board shall determine how any charges associated with the use of the card shall be paid, unless the method of payment of such charges is specified by law. Unless otherwise specifically prohibited by law, payments to the state may be made by electronic funds transfer.

(2) PROTESTED PAYMENT. If a personal check tendered to make any payment to the state is not paid by the bank on which it is drawn, if an electronic funds transfer does not take place because of insufficient funds, or if a demand for payment under a debit or credit card transaction is not paid by the bank upon which demand is made, the person by whom the check has been tendered, the person whose funds were to be electronically transferred, or the person entering into the debit or credit card transaction shall remain liable for the payment of the amount for which the check was tendered, the amount that was to be electronically transferred, or the amount agreed to be paid by debit or credit card and for all legal penalties, additions and a charge set by the depository selection board which is comparable to charges for unpaid drafts made by establishments in the private sector. In addition, the officer to whom the check was tendered, to whom the electronic funds transfer was promised, or to whom the debit or credit card was presented may, if there is probable cause to believe that a crime has been committed, provide any information or evidence relating to the crime to the district attorney of the county having jurisdiction over the offense for prosecution as provided by law. If any license has been granted upon any such check, any such electronic funds transfer, or any such debit or credit card transaction, the license shall be subject to cancellation for the nonpayment of the check, the failure to make the electronic funds transfer, or failure of the bank to honor the demand for payment authorized by debit or credit card.

(3) OVERPAYMENTS AND UNDERPAYMENTS. Unless otherwise provided by law, state institutions and agencies, as defined in s. 227.01 (1) but also including the office of district attorney, may retain overpayments of fees, licenses, and similar charges when the overpayment is \$2 or less, unless such refund is specifically requested in writing. All moneys paid into the treasury shall be credited to the general purpose revenues of the general fund unless otherwise specifically provided by law.

(2) FORM OF RECEIPTS. The department of administration shall prescribe a form of official blank receipts to be issued by or for each state agency collecting or receiving any money for the state, or collecting any money required by law to be turned into the state treasury, and such state agency shall issue such official receipts to each person from whom money is received. (4) PENALTIES. If any state agency fails to make such deposits of money, or to make such reports as are required by this section, the department of administration, with the approval of the governor, shall withhold all moneys due such state agency until this section is complied with; and upon such failure to make such deposits of money, the officer or employee so failing shall be liable to the secretary of administration for an amount equal to the interest upon the moneys so withheld from deposit at the same rate as that received by the state upon moneys held in the state investment fund, for the period for which such deposit is withheld; and such interest shall be a charge against the officer or employee and shall be deducted from that person's compensation.

(5) CONDITIONS PRECEDENT TO RELEASE OF APPROPRIATIONS. All appropriations from state revenues for any state agency are made on the express conditions that such state agency pays all moneys received by it into the state treasury within one week of receipt or as often as otherwise directed by the governor or secretary of administration, and conforms with ss. 16.53 (1) and 20.002, regardless of the type of appropriations made to the state agency. Upon failure to comply with this subsection, the department of administration shall refuse to pay any moneys appropriated to the state agency from state revenues until the state agency complies with this subsection. Upon failure or refusal to so comply, after due notice received from the department of administration, any appropriations from state revenues to the state agency shall permanently revert to the fund from which appropriated.

The department of administration shall establish guidelines for the most practical means of public transportation. The cost of meals and lodging paid by the state and the cost of the use of a state-owned automobile not chargeable to an employee may not exceed the cost that would have been incurred had the most practical form of public transportation been used, at the most appropriate time, if a practical form of public transportation is available.

(d) All allowances for the use of a privately owned automobile shall be paid upon the certification of the amounts payable by the head of the state agency to the department of administration.

In lieu of the maximum permitted amounts for expenses under sub. (9) (b), (c), and (d), the director may recommend to the committee a per diem amount and method of reimbursement for any or all expenses under sub. (9) (b), (c), and (d).

(b) The approval process for the uniform travel schedule amounts under this subsection shall be the same as that provided under s. 230.12 (3) (b). The approved amounts for the uniform travel schedule shall be incorporated into the compensation plan under s. 230.12 (1).

(1) Each state agency head shall certify to the department of administration, at such time and in such manner as the secretary of administration prescribes, the sum of money needed by the state agency from the appropriations under s. 20.865 (1) (c), (ci), (cj), (d), (i), (ic), (j), (s), (si), and (t). Upon receipt of the certifications together with such additional information as the secretary of administration prescribes, the secretary shall determine the amounts required from the respective appropriations to supplement state agency budgets.

(1m) Notwithstanding sub. (1), the board of regents of the University of Wisconsin System may not include in any certification to the department of administration under sub. (1) any sum to pay the costs resulting from employer contributions for the payment of health insurance premiums for any teacher described under s. 40.02 (25) (b) 1m., for coverage before the first day of the 7th month beginning after the teacher begins employment with the state.

(2) Any state agency head who is aggrieved by the determination of the secretary of administration under this section may appeal the determination to the governor, who may set aside or modify the determination.

(2m) After each determination is made, the secretary of administration shall forward the determination to the joint committee on finance. If the cochairpersons of the committee do not notify the secretary that the committee has scheduled a meeting for the purpose of reviewing the determination within 14 working days after the date of the secretary's submittal, the secretary may supplement appropriations of state agencies in accordance with the determination. If, within 14 working days after the date of the secretary's submittal, the cochairpersons of the committee notify the secretary that the committee has scheduled a meeting for the purpose of reviewing the determination, no supplement may be made without the approval of the committee.

(3) All compensation adjustments for state employees approved by the legislature shall take effect and be earned at the beginning of the pay period closest to July 1 or the date prescribed by law or by the appropriate authority. In the odd-numbered years, payments for such adjustments, including payments under collective bargaining agreements, may not be made prior to enactment of the biennial budget bill.

(4) If insufficient moneys are available from the appropriation under s. 20.865 (1) (cj) to fund the costs of pay and related adjustments for employees of the University of Wisconsin System that are payable from that appropriation in any fiscal year, the secretary of administration shall prorate payments made on behalf of each employee in the proportion that the moneys available bears to the total amount payable to all employees.

Such drafts or warrants may be issued only in connection with purchase orders authorized under subch. IV of ch. 16 and may not exceed \$300 per draft or warrant. The secretary shall pay such drafts or warrants as presented and shall audit the purchase orders issued. Any purchase order that is disapproved by the secretary as unlawful or unauthorized shall be returned by the secretary to the state agency for reimbursement to the treasury. The secretary shall make written regulations for the implementation of this section. 20.931 False claims for medical assistance; actions by or on behalf of state. (1) In this section:

(b) "Claim" includes any request or demand for medical assistance made to any officer, employee, or agent of this state.

(c) "Employer" includes all agencies and authorities.

(d) "Knowingly" means, with respect to information, having actual knowledge of the information, acting in deliberate ignorance of the truth or falsity of the information, or acting in reckless disregard of the truth or falsity of the information. "Knowingly" does not mean specifically intending to defraud.

(dm) "Medical assistance" has the meaning given under s. 49.43 (8).

(e) “Proceeds” includes damages, civil penalties, surcharges, payments for costs of compliance, and any other economic benefit realized by this state as a result of an action or settlement of a claim.

(f) “State public official” has the meaning given in s. 19.42 (14).

(2) Except as provided in sub. (3), any person who does any of the following is liable to this state for 3 times the amount of the damages sustained by this state because of the actions of the person, and shall forfeit not less than \$5,000 nor more than \$10,000 for each violation:

(a) Knowingly presents or causes to be presented to any officer, employee, or agent of this state a false claim for medical assistance.

(b) Knowingly makes, uses, or causes to be made or used a false record or statement to obtain approval or payment of a false claim for medical assistance.

(c) Conspires to defraud this state by obtaining allowance or payment of a false claim for medical assistance, or by knowingly making or using, or causing to be made or used, a false record or statement to conceal, avoid, or decrease an obligation to pay or transmit money or property to the Medical Assistance program.

(g) Knowingly makes, uses, or causes to be made or used a false record or statement to conceal, avoid, or decrease any obligation to pay or transmit money or property to the Medical Assistance program.

(h) Is a beneficiary of the submission of a false claim for medical assistance to any officer, employee, or agent of this state, knows that the claim is false, and fails to disclose the false claim to this state within a reasonable time after the person becomes aware that the claim is false.

(3) The court may assess against a person who violates sub. (2) not less than 2 nor more than 3 times the amount of the damages sustained by the state because of the acts of the person, and shall not assess any forfeiture, if the court finds all of the following:

(a) The person who commits the acts furnished the attorney general with all information known to the person about the acts within 30 days after the date on which the person obtained the information.

(b) The person fully cooperated with any investigation of the acts by this state.

(c) At the time that the person furnished the attorney general with information concerning the acts, no criminal prosecution or civil or administrative enforcement action had been commenced with respect to any such act, and the person did not have actual knowledge of the existence of any investigation into any such act.

(5) (a) Except as provided in subs. (10) and (12), any person may bring a civil action as a *qui tam* plaintiff against a person who commits an act in violation of sub. (2) for the person and the state in the name of the state.

(b) The plaintiff shall serve upon the attorney general a copy of the complaint and documents disclosing substantially all material evidence and information that the person possesses. The plaintiff shall file a copy of the complaint with the court for inspection *in camera*. Except as provided in par. (c), the complaint shall remain under seal for a period of 60 days from the date of filing, and shall not be served upon the defendant until the court so orders. Within 60 days from the date of service upon the attorney general of the complaint, evidence, and information under this paragraph, the attorney general may intervene in the action.

(c) The attorney general may, for good cause shown, move the court for one or more extensions of the period during which a complaint in an action under this subsection remains under seal.

(d) Before the expiration of the period during which the complaint remains under seal, the attorney general shall do one of the following:

1. Proceed with the action or an alternate remedy under sub. (10), in which case the action or proceeding under sub. (10) shall be prosecuted by the state.

2. Notify the court that he or she declines to proceed with the action, in which case the person bringing the action may proceed with the action.

(e) If a person brings a valid action under this subsection, no person other than the state may intervene or bring a related action while the original action is pending based upon the same facts underlying the pending action.

(f) In any action or other proceeding under sub. (10) brought under this subsection, the plaintiff is required to prove all essential elements of the cause of action or complaint, including damages, by a preponderance of the evidence.

(6) If the state proceeds with an action under sub. (5) or an alternate remedy under sub. (10), the state has primary responsibility for prosecuting the action or proceeding under sub. (10). The state is not bound by any act of the person bringing the action, but that person has the right to continue as a party to the action, subject to the limitations under sub. (7).

(7) (a) The state may move to dismiss an action under sub. (5) or an administrative proceeding under sub. (10) to which the state is a party for good cause shown, notwithstanding objection of the person bringing the action, if that person is served with a copy of the state’s motion and is provided with an opportunity to oppose the motion before the court or the administrative agency before which the proceeding is conducted.

(b) With the approval of the governor, the attorney general may compromise and settle an action under sub. (5) or an administrative proceeding under sub. (10) to which the state is a party, notwithstanding objection of the person bringing the action, if the court determines, after affording to the person bringing the action the right to a hearing at which the person is afforded the opportunity to present evidence in opposition to the proposed settlement, that the proposed settlement is fair, adequate, and reasonable considering the relevant circumstances pertaining to the violation.

(c) Upon a showing by the state that unrestricted participation in the prosecution of an action under sub. (5) or an alternate proceeding to which the state is a party by the person bringing the action would interfere with or unduly delay the prosecution of the action or proceeding, or would result in consideration of repetitious or irrelevant evidence or evidence presented for purposes of harassment, the court may limit the person’s participation in the prosecution, such as:

1. Limiting the number of witnesses that the person may call.
2. Limiting the length of the testimony of the witnesses.
3. Limiting the cross-examination of witnesses by the person.
4. Otherwise limiting the participation by the person in the prosecution of the action or proceeding.

(d) Upon showing by a defendant that unrestricted participation in the prosecution of an action under sub. (5) or alternate proceeding under sub. (10) to which the state is a party by the person bringing the action would result in harassment or would cause the defendant undue burden or unnecessary expense, the court may limit the person’s participation in the prosecution.

(8) Except as provided in sub. (7), if the state elects not to participate in an action filed under sub. (5), the person bringing the action may prosecute the action. If the attorney general so requests, the attorney general shall, at the state’s expense, be served with copies of all pleadings and deposition transcripts in the action. If the person bringing the action initiates prosecution of the action, the court, without limiting the status and rights of that person, may permit the state to intervene at a later date upon showing by the state of good cause for the proposed intervention.

(9) Whether or not the state participates in an action under sub. (5), upon showing *in camera* by the attorney general that discovery by the person bringing the action would interfere with the

state's ongoing investigation or prosecution of a criminal or civil matter arising out of the same facts as the facts upon which the action is based, the court may stay such discovery in whole or in part for a period of not more than 60 days. The court may extend the period of any such stay upon further showing in camera by the attorney general that the state has pursued the criminal or civil investigation of the matter with reasonable diligence and the proposed discovery in the action brought under sub. (5) will interfere with the ongoing criminal or civil investigation or prosecution.

(10) The attorney general may pursue a claim relating to an alleged violation of sub. (2) through an alternate remedy available to the state or any state agency, including an administrative proceeding to assess a civil forfeiture. If the attorney general elects any such alternate remedy, the attorney general shall serve timely notice of his or her election upon the person bringing the action under sub. (5), and that person has the same rights in the alternate venue as the person would have had if the action had continued under sub. (5). Any finding of fact or conclusion of law made by a court or by a state agency in the alternate venue that has become final is conclusive upon all parties named in an action under sub. (5). For purposes of this subsection, a finding or conclusion is final if it has been finally determined on appeal, if all time for filing an appeal or petition for review with respect to the finding or conclusion has expired, or if the finding or conclusion is not subject to judicial review.

(11) (a) Except as provided in pars. (b) and (e), if the state proceeds with an action brought by a person under sub. (5) or the state pursues an alternate remedy relating to the same acts under sub. (10), the person who brings the action shall receive at least 15 percent but not more than 25 percent of the proceeds of the action or settlement of the claim, depending upon the extent to which the person contributed to the prosecution of the action or claim.

(b) Except as provided in par. (e), if an action or claim is one in which the court or other adjudicator finds to be based primarily upon disclosures of specific information not provided by the person who brings an action under sub. (5) relating to allegations or transactions specifically in a criminal, civil, or administrative hearing, or in a legislative or administrative report, hearing, audit, or investigation, or report made by the news media, the court or other adjudicator may award such amount as it considers appropriate, but not more than 10 percent of the proceeds of the action or settlement of the claim, depending upon the significance of the information and the role of the person bringing the action in advancing the prosecution of the action or claim.

(c) Except as provided in par. (e), in addition to any amount received under par. (a) or (b), a person bringing an action under sub. (5) shall be awarded his or her reasonable expenses necessarily incurred in bringing the action together with the person's costs and reasonable actual attorney fees. The court or other adjudicator shall assess any award under this paragraph against the defendant.

(d) Except as provided in par. (e), if the state does not proceed with an action or an alternate proceeding under sub. (10), the person bringing the action shall receive an amount that the court decides is reasonable for collection of the civil penalty and damages. The amount shall be not less than 25 percent and not more than 30 percent of the proceeds of the action and shall be paid from the proceeds. In addition, the person shall be paid his or her expenses, costs, and fees under par. (c).

(e) Whether or not the state proceeds with the action or an alternate proceeding under sub. (10), if the court or other adjudicator finds that an action under sub. (5) was brought by a person who planned or initiated the violation upon which the action or proceeding is based, then the court may, to the extent that the court considers appropriate, reduce the share of the proceeds of the action that the person would otherwise receive under par. (a), (b), or (d), taking into account the role of that person in advancing the prosecution of the action or claim and any other relevant circumstance pertaining to the violation, except that if the person bringing the action is convicted of criminal conduct arising from his or her role in a violation of sub. (2), the court or other adjudicator shall dismiss the person as a party and the person shall not receive any share of the proceeds of the action or claim or any expenses, costs, and fees under par. (c).

(12) (a) No court has jurisdiction over an action brought by a private person under sub. (5) against a state public official if the action is based upon information known to the attorney general at the time that the action is brought.

(b) No person may bring an action under sub. (5) that is based upon allegations or transactions that are the subject of a civil action or an administrative proceeding to assess a civil forfeiture in which the state is a party if that action or proceeding was commenced prior to the date that the action is filed.

(13) The state is not liable for any expenses incurred by a private person in bringing an action under sub. (5).

(14) Any employee who is discharged, demoted, suspended, threatened, harassed, or in any other manner discriminated against by his or her employer because of lawful actions taken by the employee, on behalf of the employee, or by others in furtherance of an action or claim filed under this section, including investigation for, initiation of, testimony for, or assistance in an action or claim filed or to be filed under sub. (5) is entitled to all necessary relief to make the employee whole. Such relief shall in each case include reinstatement with the same seniority status that the employee would have had but for the discrimination, 2 times the amount of back pay, interest on the back pay at the legal rate, and compensation for any special damages sustained as a result of the discrimination, including costs and reasonable actual attorney fees. An employee may bring an action to obtain the relief to which the employee is entitled under this subsection.

(15) A civil action may be brought based upon acts occurring prior to October 27, 2007, if the action is brought within the period specified in s. 893.981.

(16) A judgment of guilty entered against a defendant in a criminal action in which the defendant is charged with fraud or making false statements estops the defendant from denying the essential elements of the offense in any action under sub. (5) that involves the same elements as in the criminal action.

(17) The remedies provided for under this section are in addition to any other remedies provided for under any other law or available under the common law.

(18) This section shall be liberally construed and applied to promote the public interest and to effect the congressional intent in enacting 31 USC 3729 to 3733, as reflected in the act and the legislative history of the act.
