Date of Incident: 03/10/2019

Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On March 10, 2019, the agency received a report regarding a 1-year-old infant pronounced deceased in her home. The Medical Examiner's Office determined that the infant had suffered injuries that were non-accidental in nature. Law enforcement was contacted and initiated a criminal investigation. As a result of law enforcement's investigation, the infant's mother was arrested and criminally charged with one count of felony Bail Jumping. The mother's significant other was arrested and criminally charged with two counts of felony Bail Jumping. A criminal charge is merely an allegation and a defendant is presumed innocent until and unless proven guilty.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical personnel to complete the assessment. The Initial Assessment completed by the agency found a preponderance of the evidence to substantiate maltreatment of neglect to the 1-year-old infant by the mother. The agency found a preponderance of the evidence to substantiate maltreatment of physical abuse to the 1-year-old infant by the mother's significant other, who was residing in the home at the time of the incident, in violation of a no contact order that was in place between the mother's significant other and the infant. The infant's mother and the mother's significant other were criminally charged with felony Bail Jumping for violating the no contact order that was in place between the mother's significant other and the infant. There were no other children in the home, and the case was closed upon completion of the Initial Assessment.
