Re: Lighthouse Learning Academy Academic Performance 2018-2019

This is the first year that Lighthouse Academy received a report card based on state testing. Our score was 55.1 meeting few expectations.

We know that our charter school exceeds expectations of meeting the needs of students and their families. Our task will be to focus the performance report to show Meets expectations on the 2019-2020 School Report Card.

Our goals based off the state issued report card:

- Increase the percentage of students proficient in both Math and ELA. To aid in this area we will be giving students Fall to Spring STAR assessment data.
- We will use this data to form instruction to meet the needs of our students.
- Implement instruction and practice on the necessary test taking strategies and skills to perform well on state timed testing.
