Referred to Committee on Judiciary and Public Safety.

1 **AN ACT** *to amend* 961.14 (4) (t) of the statutes; **relating to:** definition of
2 tetrahydrocannabinols.

Analysis by the Legislative Reference Bureau

Current law designates tetrahydrocannabinols (THC) as a schedule I controlled substance. Current law specifies that THC does not include cannabidiol (CBD oil) in a form without a psychoactive effect that is dispensed by a pharmacy or physician approved by the Controlled Substances Board or that is possessed by an individual who has documentation from a physician that the CBD oil is used for the treatment of a seizure disorder. This bill eliminates the requirement that, to be excluded from the definition of THC, the CBD oil must be dispensed by an approved pharmacy or physician or possessed by an individual with such documentation.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

3 **SECTION 1.** 961.14 (4) (t) of the statutes is amended to read:

6 or chemically synthesized, except that tetrahydrocannabinols do not include
