The authority shall formulate and recommend to the legislature
such amendments to this and other laws, and such other specific
measures as grants, loan guarantees, interest subsidies, or other
actions the state may provide which would render the construction
and operation of needed health facilities, educational facilities,
nonprofit facilities, and research facilities feasible and in the pub-

bonds of the authority.

(2) The authority shall pledge the revenues derived and to be

when the pledge is made, the revenues so pledged by the authority
shall immediately be subject to the lien of such pledge without any
physical delivery thereof or further act and the lien of any such

by which the authority’s interest in revenues is assigned need be
filed or recorded in any public records in order to perfect the
lien thereof as against 3rd parties, except that a copy thereof shall
