

CHAPTER 256

EMERGENCY MEDICAL SERVICES

256.01	Definitions.
256.04	Emergency medical services board.
256.08	State emergency medical services activities.
256.12	Emergency medical services programs.
256.13	Cardiocerebral resuscitation.
256.15	Emergency medical services personnel; licensure; certification; training.
256.17	Denial, nonrenewal and suspension of license, training permit or certifica-

	tion based on certain delinquency in payment.
256.18	Denial, nonrenewal, and revocation of license, certification, or permit based on delinquent taxes or unemployment insurance contributions.
256.25	Statewide trauma care system.
256.30	Refusal or delay of emergency service.
256.35	Statewide emergency services number.
256.40	Opioid antagonists.

Cross-reference: See definitions in s. 250.01.

Cross-reference: See also ch. DHS 110, Wis. adm. code.

256.01 Definitions. In this chapter:

(1) “Ambulance” means an emergency vehicle, including any motor vehicle, boat or aircraft, whether privately or publicly owned, which is designed, constructed or equipped to transport sick, disabled or injured individuals.

(2) “Ambulance service” means the business of transporting sick, disabled, or injured individuals by ambulance to or from facilities or institutions providing health services.

(3) “Ambulance service provider” means a person engaged in the business of transporting sick, disabled or injured individuals by ambulance to or from facilities or institutions providing health services.

(4) “Board” means the emergency medical services board.

(5) “Emergency medical technician” means an emergency medical technician — basic, an emergency medical technician — intermediate or an emergency medical technician — paramedic.

(6) “Emergency medical technician — basic” means an individual who is licensed by the department to administer basic life support and to properly handle and transport sick, disabled or injured individuals or is exempt under s. 256.15 (2) (b) or (c).

(7) “Emergency medical technician — intermediate” means an individual who is licensed by the department as an emergency medical technician — intermediate under s. 256.15 (5) or is exempt under s. 256.15 (2) (b) or (c).

(8) “Emergency medical technician — paramedic” means an individual who is specially trained in emergency cardiac, trauma and other lifesaving or emergency procedures in a training program or course of instruction prescribed by the department and who is examined and licensed as an emergency medical technician — paramedic under s. 256.15 (5) or is exempt under s. 256.15 (2) (b) or (c).

(9) “First responder” means a person who is certified by the department as a first responder under s. 256.15 (8) (a) or is exempt under s. 256.15 (2) (b) or (c) and who, as a condition of employment or as a member of an organization that provides emergency medical care before hospitalization, provides emergency medical care to a sick, disabled or injured individual.

NOTE: Sub. (9) is shown as affected by 2015 Wis. Acts 83 and 113 and as merged by the legislative reference bureau under s. 13.92 (2) (i).

(10) “Hospital” has the meaning given in s. 50.33 (2).

(11) “Medical director” means a physician who trains, medically coordinates, directs, supervises, establishes standard operating procedures for, and designates physicians for direction and supervision of, emergency medical technicians and who reviews the performance of emergency medical technicians and ambulance service providers.

(12) “Nonprofit corporation” means a nonstock corporation organized under ch. 181 that is a nonprofit corporation, as defined in s. 181.0103 (17).

(13) “Opioid antagonist” has the meaning given in s. 450.01 (13v).

History: 2007 a. 130 ss. 53, 54, 58 to 61, 67, 68, 120, 122, 132, 202; 2013 a. 166, 200; 2015 a. 26, 83, 113; s. 13.92 (2) (i).

256.04 Emergency medical services board. The emergency medical services board shall do all of the following:

(1) Appoint an advisory committee of physicians with expertise in the emergency medical services area to advise the department on the criteria for selection of the state medical director for emergency medical services and on the performance of the director and to advise the director on appropriate medical issues.

(4) Periodically review all emergency medical services statutes and rules for surface, water and air transportation and recommend to the department and the department of transportation changes in those statutes and rules to provide different personnel and equipment requirements, where appropriate, for emergency response, nonemergency response and interfacility transportation of patients.

(5) Seek involvement in its deliberations by appropriate personnel from the department, the technical college system board and the department of transportation.

(6) Seek involvement in its deliberations by ambulance service provider personnel, emergency medical technicians, first responders, persons who train emergency medical services personnel and other interested persons.

(7) Advise, make recommendations to, and consult with the department concerning the funding under s. 256.12 (4) and (5), including recommending a formula for allocating funds among ambulance service providers under s. 256.12 (5).

(8) Review the annual budget prepared by the department for the expenditures under s. 20.435 (1) (ch).

(9) Prepare written information on cardiocerebral resuscitation and provide the information to persons who offer certification in cardiopulmonary resuscitation.

History: 1993 a. 16 ss. 2578f, 2578g, 2578p; 1995 a. 225; 1997 a. 27; 2005 a. 25; 2007 a. 104; 2007 a. 130 ss. 156 to 159; Stats. 2007 s. 256.04; 2009 a. 28; 2009 a. 180 s. 125.

256.08 State emergency medical services activities.

(1) STATE EMERGENCY MEDICAL SERVICES PLAN. (a) By December 31, 1995, the department shall prepare a state emergency medical services plan. The plan shall include an identification of priorities for changes in the state emergency medical services system for the 2 years following preparation of the plan. In preparing the plan, the department shall review all statutes and rules that relate to emergency medical services and recommend in the plan any changes in those statutes and rules that the department considers appropriate. After initial preparation of the plan, the department shall keep the plan current and shall reorder priorities for changes in the state emergency medical services system, based on determinations of the board.

(b) Biennially, prior to final adoption of the state emergency medical services plan, the department shall hold at least one public hearing on a draft of the plan.

(c) The department shall provide a copy of the state emergency medical services plan biennially to the legislature under s. 13.172 (2).

(2) QUALIFICATIONS OF STATE SUPERVISOR. The board shall recommend to the department the qualifications of any individual who may be hired on or after April 23, 1994, to supervise the subunit of the department that is primarily responsible for regulation of emergency medical services.

(3) DEPARTMENTAL RULES; CONSULTATION. The department shall consult with the board before promulgating a proposed rule that relates to funding of emergency medical services programs under s. 256.12 or to regulation of emergency medical services.

(4) DEPARTMENTAL DUTIES. The department shall:

(a) Serve as the lead state agency for emergency medical services.

(b) Implement measures to achieve objectives that are set forth in the state emergency medical services plan under sub. (1).

(c) Provide quality assurance in the emergency medical services system, including collecting and analyzing data relating to local and regional emergency medical services systems, ambulance service providers, first responders and emergency medical technicians.

(d) Provide technical assistance to ambulance service providers, first responders and emergency medical technicians in developing plans, expanding services and complying with applicable statutes and rules.

(e) Set standards for all organizations that offer training to first responders and emergency medical technicians on what topics should be included in initial training and continuing training.

(f) Facilitate integration of ambulance service providers and hospitals in the same geographic area.

(g) Review recommendations of the board. The department may promulgate any rule changes necessary to implement those recommendations and may pursue any statutory changes necessary to implement those recommendations.

(h) Investigate complaints received regarding ambulance service providers, first responders, emergency medical technicians and medical directors and take appropriate actions after first consulting with the board and the state medical director for emergency medical services.

(i) Provide advice to the adjutant general of the department of military affairs on the emergency medical aspects of the state plan of emergency management under s. 323.13 (1) (b) and coordinate emergency activities with the department of military affairs.

(j) Consult at least annually with the technical college system board and the department of transportation on issues that affect ambulance service providers, first responders and emergency medical technicians.

(k) Promulgate rules that set forth the authority and duties of medical directors and the state medical director for emergency medical services.

History: 1993 a. 251, 491; 1995 a. 247; 2007 a. 130 ss. 117, 125 to 129; Stats. 2007 s. 256.08; 2009 a. 42.

256.12 Emergency medical services programs.

(1) DEFINITION. In this section, “public agency” has the meaning given in s. 256.15 (1) (n).

(2) EMERGENCY MEDICAL SERVICES PROGRAMS. (a) Any county, city, town, village, hospital or combination thereof may, after submission of a plan approved by the department, conduct an emergency medical services program using emergency medical technicians — paramedics for the delivery of emergency medical care to sick, disabled or injured individuals at the scene of an emergency and during transport to a hospital, while in the hospital emergency department until responsibility for care is assumed by the regular hospital staff, and during transfer of a patient between

health care facilities. An ambulance service provider may, after submission of a plan approved by the department, conduct an emergency medical services program using emergency medical technicians — paramedics for the delivery of emergency medical care to sick, disabled or injured individuals during transfer of the individuals between health care facilities. Nothing in this section shall be construed to prohibit the operation of fire department, police department, for-profit ambulance service provider or other emergency vehicles using the services of emergency medical technicians — paramedics in conjunction with a program approved by the department. Hospitals that offer approved training courses for emergency medical technicians — paramedics should, if feasible, serve as the base of operation for approved programs using emergency medical technicians — paramedics.

(b) The department shall review and, if the department determines that the plans are satisfactory, approve the plans submitted under par. (a). The department shall:

1. Provide administrative support and technical assistance to emergency medical services programs that use emergency medical technicians or ambulance service providers.

2. Coordinate the activities of agencies and organizations providing training for the delivery of emergency medical services.

3. Assist the development of training for emergency medical technicians.

4. Assess the emergency medical resources and services of the state and encourage the allocation of resources to areas of identified need.

5. Assist hospitals in planning for appropriate and efficient handling of the critically ill and injured.

(2m) STATE MEDICAL DIRECTOR FOR EMERGENCY MEDICAL SERVICES PROGRAM. (a) The department shall contract with a physician to direct the state emergency medical services program. The department may expend from the funding under the federal preventive health services project grant program under 42 USC 2476 under the appropriation account under s. 20.435 (1) (mc), \$25,000 in each fiscal year for this purpose.

(b) The physician under par. (a) shall be called the state medical director for the emergency medical services program, shall have at least 3 years of experience in the conduct and delivery of prehospital emergency medical services as a physician practicing emergency or prehospital medicine in a hospital or agency and shall have actively participated in and had major responsibility for the development, management, execution and coordination of programs, policies and procedures in the delivery of emergency medical services.

(4) SUPPORT AND IMPROVEMENT OF AMBULANCE SERVICES. (a) From the appropriation account under s. 20.435 (1) (ch), the department shall annually distribute funds for ambulance service vehicles or vehicle equipment, emergency medical services supplies or equipment or emergency medical training for personnel to an ambulance service provider that is a public agency, a volunteer fire department or a nonprofit corporation, under a funding formula consisting of an identical base amount for each ambulance service provider plus a supplemental amount based on the population of the ambulance service provider’s primary service or contract area, as established under s. 256.15 (5).

(b) If a public agency has contracted for ambulance service with an ambulance service provider that operates for profit, the department shall distribute funds under par. (a) to the public agency.

(c) Funds distributed under par. (a) or (b) shall supplement existing, budgeted moneys of or provided to an ambulance service provider and may not be used to replace, decrease or release for alternative purposes the existing, budgeted moneys of or provided to the ambulance service provider. In order to ensure compliance with this paragraph, the department shall require, as a condition of relicensure, a financial report of expenditures under this subsection from an ambulance service provider and may require a financial report of expenditures under this subsection from an

owner or operator of an ambulance service or a public agency, volunteer fire department or a nonprofit corporation with which an ambulance service provider has contracted to provide ambulance services.

(5) EMERGENCY MEDICAL TECHNICIAN TRAINING AND EXAMINATION AID. (a) From the appropriation account under s. 20.435 (1) (ch), the department shall annually distribute funds to ambulance service providers that are public agencies, volunteer fire departments, or nonprofit corporations to purchase the training required for licensure and renewal of licensure as an emergency medical technician — basic under s. 256.15 (6), and to pay for administration of the examination required for licensure or renewal of licensure as an emergency medical technician — basic under s. 256.15 (6) (a) 3. and (b) 1.

(b) The department shall require as a condition of relicensure that an ambulance service provider submit to the department a financial report on the expenditure of funds received under par. (a).

(6) UNLICENSED OPERATION. (a) In this subsection, “person” has the meaning specified in s. 256.15 (1) (L).

(b) Notwithstanding the existence or pursuit of any other remedy, the department may, in the manner provided by law, upon the advice of the attorney general, who shall represent the department in all proceedings, institute an action in the name of the state against any person to restrain or prevent the establishment, management or operation of any emergency medical services program that is not approved under sub. (2) (a) or that is in violation of this section or a rule promulgated under this section.

(7) INSURANCE. A physician who participates in an emergency medical services program under this section or as required under s. 256.15 shall purchase health care liability insurance in compliance with subch. III of ch. 655, except for those acts or omissions of a physician who, as a medical director, reviews the performance of emergency medical technicians or ambulance service providers, as specified under s. 146.37 (1g).

(8) EXCEPTION TO TREATMENT. This section and the rules promulgated under this section may not be construed to authorize the provision of services or treatment to any individual who objects for reasons of religion to the treatment or services, but may be construed to authorize the transportation of such an individual to a facility of the individual’s choice within the jurisdiction of the emergency medical service.

History: 1989 a. 102 ss. 15 to 17, 23, 25, 26, 60; 1991 a. 39, 269; 1993 a. 16, 251, 399, 491; 1997 a. 27, 79; 2001 a. 16, 109; 2005 a. 25; 2007 a. 130 ss. 130, 131, 137 to 149; Stats. 2007 s. 256.12; 2009 a. 28.

256.13 Cardiocerebral resuscitation. Any person who offers certification in cardiopulmonary resuscitation shall provide the written information on cardiocerebral resuscitation that is prepared by the emergency medical services board under s. 256.04 (9) to each individual to whom the person provides instruction in cardiopulmonary resuscitation.

History: 2007 a. 104; 2009 a. 180 s. 124; Stats. 2009 s. 256.13.

256.15 Emergency medical services personnel; licensure; certification; training. (1) DEFINITIONS. In this section:

(ag) “Act of terrorism” means a felony under ch. 939 to 951 that is committed with intent to terrorize and is committed under any of the following circumstances:

1. The person committing the felony causes bodily harm, great bodily harm, or death to another.
2. The person committing the felony causes damage to the property of another and the total property damaged is reduced in value by \$25,000 or more. For purposes of this subdivision, property is reduced in value by the amount that it would cost either to repair or replace it, whichever is less.
3. The person committing the felony uses force or violence or the threat of force or violence.

(cr) “Automated external defibrillator” means a defibrillator device to which all of the following apply:

1. It is approved for commercial distribution by the federal food and drug administration.

2. It is capable of recognizing the presence or absence of ventricular fibrillation or rapid ventricular tachycardia and of determining without intervention by the user of the device whether defibrillation should be performed.

3. After having determined that defibrillation should be performed, it is capable, either at the command of an operator or without intervention by an operator, of delivering an electrical shock to an individual.

(d) “Basic life support” means emergency medical care that is rendered to a sick, disabled or injured individual, based on signs, symptoms or complaints, prior to the individual’s hospitalization or while transporting the individual between health care facilities and that is limited to use of the knowledge, skills and techniques received from training required for licensure as an emergency medical technician — basic, or for certification as a first responder.

(dm) “Defibrillation” means administering an electrical impulse to an individual’s heart in order to stop ventricular fibrillation or rapid ventricular tachycardia.

(hr) “Governmental unit” means the United States; the state; any county, city, village, or town; or any political subdivision, department, division, board, or agency of the United States, the state, or any county, city, village, or town.

(i) “Indian tribe” means a federally recognized American Indian tribe or band in this state.

(ig) “Intent to terrorize” means intent to influence the policy of a governmental unit by intimidation or coercion, to punish a governmental unit for a prior policy decision, to affect the conduct of a governmental unit by homicide or kidnapping, or to intimidate or coerce a civilian population.

(im) “Manual defibrillator” means a heart monitor and defibrillator that:

1. Is operated only after an operator has first analyzed and recognized an individual’s cardiac rhythm;
2. Charges and delivers, only at the command of the operator, an electrical impulse to an individual’s heart; and
3. In the case of a defibrillator that may be operated as a manual defibrillator or as an automated external defibrillator, is set to operate as a manual defibrillator.

(iw) “Mutual aid” means emergency medical care provided in another service area when the primary ambulance service provider in that area requires additional resources because it has already committed all its resources to other emergency responses.

(L) “Person” includes an individual, firm, partnership, association, corporation, trust, foundation, company, public agency or a group of individuals, however named, concerned with the operation of an ambulance.

(n) “Public agency” means this state, a county, city, village or town; an agency of this state or of a county, city, village or town; or an Indian tribe.

(p) “Ventricular fibrillation” means a disturbance in the normal rhythm of the heart that is characterized by rapid, irregular and ineffective twitching of the ventricles of the heart.

(2) LICENSE OR CERTIFICATE REQUIRED; EXCEPTIONS. (a) Except when acting under s. 257.03 and except as provided in pars. (b) and (c), no person may act as or advertise for the provision of services as an ambulance service provider unless the person holds an ambulance service provider license issued under this section. Except when acting under s. 257.03 and except as provided in pars. (b) and (c), no individual may act as or advertise for the provision of services as an emergency medical technician unless he or she holds an emergency medical technician license or

training permit issued under sub. (5). Except when acting under s. 257.03 and except as provided in pars. (b) and (c), no individual may act as or advertise for the provision of services as a first responder unless he or she holds a first responder certificate issued under sub. (8).

(b) An ambulance service provider licensed in another state that makes 10 or fewer patient transports per year that originate and terminate within this state is not required to hold an ambulance service provider license under this section. An emergency medical technician licensed in or holding a training permit in another state who is involved in 10 or fewer patient transports per year that originate and terminate within this state is not required to hold an emergency medical technician license or training permit under this section. A first responder certified in another state who provides emergency medical care to 10 or fewer patients per year within this state is not required to hold a first responder certificate under this section.

(c) Notwithstanding par. (a), a person may act as an ambulance service provider, emergency medical technician, or first responder without a license, training permit, or certificate described under par. (a) if all of the following apply:

1. The person holds a valid license, training permit, certificate, or other credential allowing the person to act as an ambulance service provider, emergency medical technician, or first responder in another state.

2. The person is acting in response to a request for mutual aid and responding from the state in which that person holds a license, training permit, certificate, or other credential allowing the person to act as an ambulance service provider, emergency medical technician, or first responder.

(3) EXCEPTION TO TREATMENT. This section and the rules promulgated under this section may not be construed to authorize the provision of services or treatment to any individual who objects for reasons of religion to the treatment or services, but may be construed to authorize the transportation of such an individual to a facility of the individual's choice within the jurisdiction of the emergency medical service.

(4) AMBULANCE STAFFING; LIMITATIONS; RULES. (a) If a sick, disabled or injured individual is transported by ambulance, any of the following combinations of other individuals shall be present in the ambulance:

1. Any 2 emergency medical technicians, licensed registered nurses, licensed physician assistants or physicians, or any combination thereof.

2. One emergency medical technician plus one individual with a training permit issued under sub. (5) (b) or plus one first responder, subject to par. (e).

3. If the ambulance is a fixed-wing airplane and the sick, disabled, or injured individual is a pediatric patient who is being transferred from one hospital to another hospital, one individual specified in subd. 1. plus one respiratory care practitioner certified under subch. II of ch. 448.

(b) An ambulance driver who is not an emergency medical technician may assist with the handling and movement of a sick, injured or disabled individual if an emergency medical technician, registered nurse, physician assistant or physician directly supervises the driver. No ambulance driver may administer care procedures that an emergency medical technician is authorized to administer unless he or she is an emergency medical technician.

(c) Notwithstanding par. (a) 1. and 2. and subject to pars. (d) and (e), the department may promulgate rules that establish standards for staffing of ambulances in which the primary services provided are those which an emergency medical technician — intermediate is authorized to provide or those which an emergency medical technician — paramedic is authorized to provide.

(d) If an ambulance service provider that was initially licensed at the paramedic level in 1993 and is located in a municipality in Dodge and Jefferson counties has dispatched an ambulance containing 2 emergency medical technicians — paramedics, the

department shall allow that ambulance service provider to staff an ambulance at the paramedic level for a subsequent call with one emergency medical technician — paramedic and one emergency medical technician of any level while the first ambulance containing 2 emergency medical technicians — paramedics is occupied providing service.

(e) 1. The department shall allow an ambulance service provider providing services at the emergency medical technician — basic level to staff an ambulance with at least one emergency medical technician — basic and one individual who is an emergency medical technician — basic, an individual with an emergency medical technician — basic training permit, or a first responder. An ambulance service provider providing services at the emergency medical technician — basic level shall require an emergency medical technician — basic to be in the patient compartment of the ambulance during transport.

2. The department shall allow an ambulance service provider providing services at the emergency medical technician — intermediate or emergency medical technician — intermediate technician level to staff an ambulance with one emergency medical technician at the level of the ambulance service and one individual who holds a credential at the first responder level or higher. An ambulance service provider providing services at the emergency medical technician — intermediate or emergency medical technician — intermediate technician level shall require the individual who holds the same level credential as the ambulance service to remain with the patient at all times during care and transport of the patient, if the patient requires that level of care.

3. This paragraph applies to ambulance service providers for which the population of the largest single municipality, as defined in s. 5.02 (11), in the ambulance service provider's service area is less than 10,000 and to ambulance service providers with a staffing waiver under par. (f). This paragraph does not apply to ambulance service providers for which the population of the largest single municipality, as defined in s. 5.02 (11), in the ambulance service provider's service area is more than 20,000.

(f) 1. An ambulance service provider for which the population of the largest single municipality, as defined in s. 5.02 (11), in the ambulance service provider's service area is 10,000 or more but not more than 20,000 may apply to the department for a waiver of any existing staffing plan in order to staff an ambulance with the personnel described in par. (e).

2. The department may approve a waiver under subd. 1. for an ambulance service provider that demonstrates all of the following:

a. The ambulance service provider has undertaken efforts to recruit and train emergency medical technicians capable of being licensed under this section.

b. Despite efforts under subd. 2. a., licensed emergency medical technicians are not available in sufficient numbers for staffing for the ambulance services provider.

c. Without a waiver under subd. 1., the municipality that the ambulance service provider serves is unable to meet staffing requirements for ambulances that require 2 emergency medical technicians on every service call.

3. The department shall provide a written staffing waiver to any ambulance service provider it approves under subd. 2.

4. A waiver under subd. 1. is valid for 48 months after the date of issuance, and an ambulance service provider may apply to renew the waiver.

5. An ambulance service provider with a waiver under subd. 1. shall attempt to staff an ambulance with 2 licensed emergency medical technicians whenever possible.

(5) LICENSING OF AMBULANCE SERVICE PROVIDERS AND EMERGENCY MEDICAL TECHNICIANS; TRAINING PERMITS. (a) Except as provided in ss. 256.17 and 256.18, the department shall license qualified applicants as ambulance service providers or emergency medical technicians. The department shall, from the information on the certification form specified under sub. (6) (c) 2., establish

in each ambulance service provider's biennial license the primary service or contract area of the ambulance service provider.

(b) The department shall promulgate rules establishing a system and qualifications for issuance of training permits, except as provided in ss. 256.17 and 256.18, and specifying the period for which an individual may hold a training permit. The department shall consider any relevant education, training, instruction, or other experience that an applicant for a training permit has obtained in connection with any military service, as defined in s. 111.32 (12g) to count toward satisfying the education or training qualifications for issuance of training permits, if the applicant demonstrates to the satisfaction of the department that the education, training, instruction, or other experience obtained by the applicant is substantially equivalent to the education or training qualifications required for the training permit.

(c) A training permit application shall be signed by an ambulance service provider.

(d) An individual who holds a training permit issued under par. (b) may do the following:

1. If issued an emergency medical technician — basic training permit, he or she may perform the actions authorized under rules promulgated by the department for an emergency medical technician — basic, but only if an emergency medical technician directly supervises him or her.

2. If issued an emergency medical technician — intermediate training permit, he or she may perform the actions authorized under rules promulgated by the department for an emergency medical technician — intermediate, but only if a medical director or training instructor is present and giving direction.

3. If issued an emergency medical technician — paramedic training permit, he or she may perform the actions authorized under rules promulgated by the department for an emergency medical technician — paramedic, but only if a medical director or training instructor is present and giving direction.

(e) A license or training permit issued under this subsection is nontransferable and is valid for the balance of the license or training permit period or until surrendered for cancellation or suspended or revoked for violation of this section or of any other statutes or rules relating to ambulance service providers or emergency medical technicians.

(f) The department may charge a reasonable fee for a license or training permit issued under this subsection, except that no fee may be charged to an individual who is an employee of a public agency and who works for volunteer or paid-on-call ambulance service providers and who is an applicant for a license as an emergency medical technician — basic or for a training permit, and no fee may be charged to an individual who is eligible for the veterans fee waiver program under s. 45.44.

(g) Except as provided in ss. 256.17 and 256.18, an emergency medical technician license shall be issued to the individual licensed, and the department may not impose a requirement that an individual be affiliated with an ambulance service provider in order to receive an emergency medical technician license or to have an emergency medical technician license renewed.

(6) QUALIFICATIONS FOR LICENSURE. (a) Except as provided in ss. 256.17 and 256.18, to be eligible for an initial license as an emergency medical technician, an individual shall:

1. Be 18 years of age or older; be capable of performing the actions authorized in rules promulgated under sub. (13) (c) for an emergency medical technician — basic, an emergency medical technician — intermediate or an emergency medical technician — paramedic, for which licensure is sought; and, subject to ss. 111.321, 111.322 and 111.335, not have an arrest or conviction record.

2. Have satisfactorily completed a course of instruction and training, including training for response to acts of terrorism, prescribed by the department or have presented evidence satisfactory to the department of sufficient education and training in the field of emergency care. The department shall consider as satisfactory

evidence of education and training in the field of emergency care any relevant education, training, instruction, or other experience that an applicant for an initial license obtained in connection with any military service, as defined in s. 111.32 (12g), if the applicant demonstrates to the satisfaction of the department that the education, training, instruction, or other experience obtained by the applicant is substantially equivalent to the course of instruction and training required under this subdivision.

3. Have passed an examination approved by the department.

4. Have such additional qualifications as may be required by the department.

(b) 1. Except as provided in ss. 256.17 and 256.18, to be eligible for a renewal of a license as an emergency medical technician, the licensee shall, in addition to meeting the requirements of par. (a) 1., complete the training, education or examination requirements specified in rules promulgated under subd. 2.

2. The department, in conjunction with the technical college system board, shall promulgate rules specifying training, education, or examination requirements, including requirements for training for response to acts of terrorism, for license renewals for emergency medical technicians.

(c) Except as provided in ss. 256.17 and 256.18, to be eligible for a license as an ambulance service provider, an individual shall be 18 years of age or older and have such additional qualifications as may be established in rules promulgated by the department, except that no ambulance service provider may be required to take training or an examination or receive education to qualify for licensure or for renewal of licensure. An ambulance service provider shall, as a condition of licensure, provide medical malpractice insurance sufficient to protect all emergency medical technicians who perform for compensation as employees of the ambulance service provider. For renewal of a biennial license as an ambulance service provider, an applicant shall also provide all of the following:

1. A financial report, on a form developed and provided by the department, of all expenditures made in the 2 previous fiscal years from all funds provided to the ambulance service provider under s. 256.12 (4).

2. Certification, on a form developed and provided by the department, signed by a representative of the ambulance service provider and the clerk of each county, city, town or village served by the ambulance service provider, of the population and boundaries of the ambulance service provider's primary service or contract area in that county, city, town or village.

(6g) CERTIFICATION FOR PERFORMANCE OF DEFIBRILLATION. (a) Except as provided in ss. 256.17 and 256.18, the department shall certify qualified applicants for the performance of defibrillation, under certification standards that the department shall promulgate as rules.

(b) A certificate issued under this subsection shall specify whether the holder of the certificate is authorized to perform defibrillation by use of any of the following:

2m. An automated external defibrillator.

3. A manual defibrillator.

(6n) AUTHORIZED ACTIONS OF EMERGENCY MEDICAL TECHNICIANS. An emergency medical technician may undertake only those actions that are authorized in rules promulgated under sub. (13) (c).

(7) LICENSING IN OTHER JURISDICTIONS. Except as provided in ss. 256.17 and 256.18, the department may issue a license as an emergency medical technician, without examination, to any individual who holds a current license or certificate as an emergency medical technician from another jurisdiction if the department finds that the standards for licensing or issuing certificates in the other jurisdiction are at least substantially equivalent to those in this state, and that the applicant is otherwise qualified.

(8) CERTIFICATION OF FIRST RESPONDERS. (a) Except as provided in ss. 256.17 and 256.18, the department shall certify qualified applicants as first responders.

(b) To be eligible for initial certification as a first responder, except as provided in ss. 256.17 and 256.18, an individual shall meet all of the following requirements:

1. The individual is 18 years of age or older and capable of performing the actions authorized under par. (e), or in rules promulgated under par. (e), for a first responder.

2. Subject to ss. 111.321, 111.322 and 111.335, the individual does not have an arrest or conviction record.

3. The individual satisfactorily completes a first responder course that meets or exceeds the guidelines issued by the National Highway Traffic Safety Administration under 23 CFR 1205.3 (a) (5), that includes training for response to acts of terrorism, and that is approved by the department. Any relevant education, training, instruction, or other experience that an applicant for initial certification as a first responder obtained in connection with any military service, as defined in s. 111.32 (12g), satisfies the completion of a first responder course, if the applicant demonstrates to the satisfaction of the department that the education, training, instruction, or other experience obtained by the applicant is substantially equivalent to the first responder course.

(c) To be eligible for a renewal of a certificate as a first responder, except as provided in ss. 256.17 and 256.18, the holder of the certificate shall satisfactorily complete a first responder refresher course that meets or exceeds the guidelines issued by the National Highway Traffic Safety Administration under 23 CFR 1205.3 (a) (5), that includes training for response to acts of terrorism, and that is approved by the department.

(d) The department may not charge a fee for a certificate initially issued or renewed under this subsection.

(e) A certified first responder is authorized to use an automated external defibrillator, as prescribed for first responders in rules promulgated by the department. The rules shall set forth authorization for the use of an automated external defibrillator or, for a defibrillator that may be operated in more than one mode, use as an automated external defibrillator only. A certified first responder is authorized to administer naloxone or another opioid antagonist if the first responder has received training necessary to safely administer naloxone or the other opioid antagonist, as determined by the department. A certified first responder is also authorized to employ other techniques, including the administration of non-visualized advanced airways, and the administration of medications that are specified by the department by rule. In promulgating the rules under this paragraph, the department shall consult with the state medical director for emergency medical services and the emergency medical services board. The rule shall include those techniques that are specified in the most current guidelines issued by the National Highway Traffic Safety Administration under 23 CFR 1205.3 (a) (5).

(f) Except as provided in ss. 256.17 and 256.18, the department may issue a certificate as a first responder, without requiring satisfactory completion of any instruction or training that may be required under par. (b), to any individual who holds a current license or certificate as a first responder from another jurisdiction if the department finds that the standards for licensing or issuing certificates in the other jurisdiction are at least substantially equivalent to the standards for issuance of certificates for first responders in this state, and that the applicant is otherwise qualified.

(g) The department may not impose a requirement that an individual be affiliated with an ambulance service provider in order to receive a first responder certificate.

(8m) QUALIFICATIONS FOR MEDICAL DIRECTORS. The department shall promulgate rules that set forth qualifications for medical directors. Beginning on July 1, 1995, no ambulance service provider that offers services beyond basic life support services may employ, contract with or use the services of a physician to act as a medical director unless the physician is qualified under this subsection.

(9) TRAINING. The department may arrange for or approve courses of or instructional programs in or outside this state to meet

the education and training requirements of this section, including training required for license or certificate renewal. If the department determines that an area or community need exists, the courses shall be offered at technical colleges in the area or community. Initial priority shall be given to the training of emergency medical technicians — basic serving the rural areas of the state. If an emergency medical technician — basic completes a course approved by the department on treatment of anaphylactic shock, the emergency medical technician — basic acts within the scope of the license if he or she performs injections or other treatment for anaphylactic shock under the direction of a physician.

(9m) DEFIBRILLATION TRAINING. The department shall promulgate rules requiring emergency medical technicians, first responders, and individuals who provide instruction to emergency medical technicians or first responders to successfully complete training on the use of an automated external defibrillator. The rules shall specify the content of the training, qualifications for providers of the training, and the frequency with which emergency medical technicians, first responders, and individuals who provide instruction to emergency medical technicians or first responders must complete the training.

(10) LICENSE RENEWAL. Every holder of a license issued under sub. (5) or (7) shall renew the license on July 1 of each even-numbered year by applying to the department on forms provided by the department. Upon receipt of an application for renewal containing documentation acceptable to the department that the requirements of sub. (6) have been met, the department shall renew the license unless the department finds that the applicant has acted in a manner or under circumstances constituting grounds for suspension or revocation of the license.

(11) UNLICENSED OR UNCERTIFIED OPERATION. Notwithstanding the existence or pursuit of any other remedy, the department may, in the manner provided by law, upon the advice of the attorney general, who shall represent the department in all proceedings, institute an action in the name of the state against any person for any of the following:

(a) To restrain or prevent action as an ambulance service provider by a person in violation of sub. (2) (a).

(b) To restrain or prevent action by an ambulance service provider in violation of this section or a rule promulgated under this section.

(c) To restrain or prevent action as an emergency medical technician by an individual in violation of sub. (2) (a).

(d) To restrain or prevent action by an emergency medical technician in violation of this section or a rule promulgated under this section.

(e) To restrain or prevent the establishment, management or operation of an ambulance service in violation of sub. (4).

(f) To restrain or prevent action by a first responder in violation of this section or a rule promulgated under this section.

(12) CONFIDENTIALITY OF RECORDS. (a) All records made by an ambulance service provider, an emergency medical technician or a first responder in administering emergency care procedures to and handling and transporting sick, disabled or injured individuals shall be maintained as confidential patient health care records subject to s. 252.15 (3m), (6), (8) and (9), if applicable. Nothing in this paragraph or ss. 146.81 to 146.84 permits disclosure to an ambulance service provider, an emergency medical technician or a first responder under s. 252.15 (3m), except under s. 252.15 (3m) (e).

(b) Notwithstanding s. 146.82, an ambulance service provider, who is an authority, as defined in s. 19.32 (1), may make available, to any requester, information contained on a record of an ambulance run which identifies the ambulance service provider and emergency medical technicians involved; date of the call; dispatch and response times of the ambulance; reason for the dispatch; location to which the ambulance was dispatched; destination, if any, to which the patient was transported by ambulance; and name, age and gender of the patient. No information disclosed

under this paragraph may contain details of the medical history, condition or emergency treatment of any patient.

(13) RULES. (a) The department may promulgate rules necessary for administration of this section.

(b) The department shall promulgate rules under subs. (8) (b), (c) and (e) and (8m).

(c) The department shall promulgate rules that specify actions that emergency medical technicians may undertake after December 31, 1995, including rules that specify the required involvement of physicians in actions undertaken by emergency medical technicians.

Malpractice liability of state officers and employees is discussed. 67 Atty. Gen. 145.

Under present law, ambulance records relating to medical history, condition, or treatment are confidential while other ambulance call records are subject to disclosure under the public records law. 78 Atty. Gen. 71.

256.17 Denial, nonrenewal and suspension of license, training permit or certification based on certain delinquency in payment. (1) Except as provided in sub. (1m), the department shall require each applicant to provide the department with the applicant's social security number, if the applicant is an individual, as a condition of issuing or renewing any of the following:

(a) A license under s. 256.15 (5) (a).

(b) A training permit under s. 256.15 (5) (b).

(c) A certification under s. 256.15 (6g) (a) or (8) (a).

(1m) If an individual who applies for or to renew a license, training permit or certification under sub. (1) does not have a social security number, the individual, as a condition of obtaining the license, training permit or certification, shall submit a statement made or subscribed under oath or affirmation to the department that the applicant does not have a social security number. The form of the statement shall be prescribed by the department of children and families. A license, training permit or certification issued or renewed in reliance upon a false statement submitted under this subsection is invalid.

(2) The department of health services may not disclose any information received under sub. (1) to any person except to the department of children and families for the purpose of making certifications required under s. 49.857.

(3) The department of health services shall deny an application for the issuance or renewal of a license, training permit or certification specified in sub. (1), shall suspend a license, training permit or certification specified in sub. (1) or may, under a memorandum of understanding under s. 49.857 (2), restrict a license, training permit or certification specified in sub. (1) if the department of children and families certifies under s. 49.857 that the applicant for or holder of the license, training permit or certification is delinquent in the payment of court-ordered payments of child or family support, maintenance, birth expenses, medical expenses or other expenses related to the support of a child or former spouse or fails to comply, after appropriate notice, with a subpoena or warrant issued by the department of children and families or a county child support agency under s. 59.53 (5) and related to paternity or child support proceedings.

History: 1997 a. 191; 1999 a. 9; 2007 a. 20 ss. 2863 to 2865, 9121 (6) (a); 2007 a. 130 ss. 105 to 110; Stats. 2007 s. 256.17.

Cross-reference: See also chs. DHS 110, Wis. adm. code.

256.18 Denial, nonrenewal, and revocation of license, certification, or permit based on delinquent taxes or unemployment insurance contributions. (1) Except as provided in sub. (1m), the department shall require each applicant to provide the department with his or her social security number,

if the applicant is an individual, or the applicant's federal employer identification number, if the applicant is not an individual, as a condition of issuing or renewing any of the following:

(a) A license under s. 256.15 (5) (a) or (7).

(b) A training permit under s. 256.15 (5) (b).

(c) A certificate under s. 256.15 (6g) (a) or (8) (a) or (f).

(1m) If an individual who applies for or to renew a license, training permit or certificate under sub. (1) does not have a social security number, the individual, as a condition of obtaining the license, training permit or certificate, shall submit a statement made or subscribed under oath or affirmation to the department that the applicant does not have a social security number. The form of the statement shall be prescribed by the department of children and families. A license, training permit or certificate issued or renewed in reliance upon a false statement submitted under this subsection is invalid.

(2) The department may not disclose any information received under sub. (1) to any person except to the department of revenue for the sole purpose of requesting certifications under s. 73.0301 and to the department of workforce development for the sole purpose of requesting certifications under s. 108.227.

(3) Except as provided in sub. (1m), the department shall deny an application for the issuance or renewal of a license, certificate or permit specified in sub. (1) if the applicant does not provide the information specified in sub. (1).

(4) The department shall deny an application for the issuance or renewal of a license, certificate or permit specified in sub. (1) or shall revoke a license, certificate or permit specified in sub. (1), if the department of revenue certifies under s. 73.0301 that the applicant for or holder of the license, certificate or permit is liable for delinquent taxes.

(4m) The department shall deny an application for the issuance or renewal of a license, certificate, or permit specified in sub. (1) or shall revoke a license, certificate, or permit specified in sub. (1), if the department of workforce development certifies under s. 108.227 that the applicant for or holder of the license, certificate, or permit is liable for delinquent unemployment insurance contributions.

(5) An action taken under sub. (3), (4), or (4m) is subject to review only as provided under s. 73.0301 (2) (b) and (5) or 108.227 (5) and (6), whichever is applicable.

History: 1997 a. 237; 1999 a. 9; 2007 a. 20; 2007 a. 130 ss. 111 to 116; Stats. 2007 s. 256.18; 2013 a. 36.

256.25 Statewide trauma care system. (1g) In this section, "performance improvement" means a method of evaluating and improving processes of trauma patient care that emphasizes a multidisciplinary approach to problem solving.

(1r) The department shall develop and implement a statewide trauma care system. The department shall seek the advice of the statewide trauma advisory council under s. 15.197 (25) in developing and implementing the system, and, as part of the system, shall develop regional trauma advisory councils.

(2) The department shall promulgate rules to develop and implement the system. The rules shall include a method by which to classify all hospitals as to their respective emergency care capabilities. The classification rule shall be based on standards developed by the American College of Surgeons. Within 180 days after promulgation of the classification rule, and every 3 years thereafter, each hospital shall certify to the department the classification level of trauma care services that is provided by the hospital, based on the rule. The department may require a hospital to document the basis for its certification. The department may not direct a hospital to establish a certain level of certification. Confidential injury data that is collected under this subsection shall be used for confidential review relating to performance improvements in the trauma care system, and may be used for no other purpose.

(3) Except as provided in sub. (4), all information and documents provided by a hospital under sub. (2) and all information and documents procured by or furnished to the department, the statewide trauma advisory council, or regional trauma advisory councils with respect to performance improvement activities, certifications by hospitals under sub. (2), and documentation of the bases for hospitals' certifications under sub. (2) are immune from discovery under ch. 804, confidential, and privileged and may not be used or admitted into evidence in a civil action. With respect to a communication made by a staff member of the department or by an individual serving on the statewide trauma advisory council or a regional trauma advisory council, and to a finding or recommendation made under this section by the department, the statewide trauma advisory council, or a regional trauma advisory council, all of the following apply:

(a) The staff member or individual may not be examined in an action for civil damages with respect to the communication, finding, or recommendation.

(b) The staff member or individual has immunity from civil liability, with respect to the communication, finding, or recommendation, for any of the following:

1. An action taken or omitted by the staff member or individual in an official capacity.

2. A statement made in good faith by the staff member or individual in an official capacity.

(4) Subsection (3) does not apply to the release of information and documents specified in sub. (3) created apart from a performance improvement activity or apart from a certification by a hospital under sub. (2) that are maintained by or for a hospital, the department, the statewide trauma advisory council, or a regional trauma advisory council for the particular purpose of diagnosing, treating, or documenting care provided to a particular patient or for another purpose, upon a showing by clear and convincing evidence that the information or documents are otherwise unavailable.

(5) This section does not apply to s. 146.38.

History: 1997 a. 154; 1999 a. 9; 2001 a. 16, 109; 2005 a. 315; 2007 a. 130 s. 150; Stats. 2007 s. 256.25.

Cross-reference: See also ch. DHS 118, Wis. adm. code.

256.30 Refusal or delay of emergency service. (1) In this section “hospital providing emergency services” means a hospital which the department has identified as providing some category of emergency service.

(2) No hospital providing emergency services may refuse emergency treatment to any sick or injured person.

(3) No hospital providing emergency services may delay emergency treatment to a sick or injured person until credit checks, financial information forms or promissory notes have been initiated, completed or signed if, in the opinion of one of the following, who is an employee, agent or staff member of the hospital, the delay is likely to cause increased medical complications, permanent disability or death:

(a) A physician, registered nurse or emergency medical technician — paramedic.

(b) A licensed practical nurse under the specific direction of a physician or registered nurse.

(c) A physician assistant or any other person under the specific direction of a physician.

(3m) Hospitals shall establish written procedures to be followed by emergency services personnel in carrying out sub. (3).

(4) No hospital may be expected to provide emergency services beyond its capabilities as identified by the department.

(5) Each hospital providing emergency services shall create a plan for referrals of emergency patients when the hospital cannot provide treatment for such patients.

(6) The department shall identify the emergency services capabilities of all hospitals in this state and shall prepare a list of such services. The list shall be updated annually.

(7) A hospital which violates this section may be fined not more than \$1,000 for each offense.

History: 1977 c. 361; 1983 a. 273 s. 8; 1989 a. 102; 1993 a. 105; 2007 a. 130 s. 43; Stats. 2007 s. 256.30.

256.35 Statewide emergency services number.

(1) DEFINITIONS. In this section:

(a) “Automatic location identification” means a system which has the ability to automatically identify the address of the telephone being used by the caller and to provide a display at the central location of a sophisticated system.

(b) “Automatic number identification” means a system which has the ability to automatically identify the caller’s telephone number and to provide a display at the central location of a sophisticated system.

(c) “Basic system” means a telecommunications system which automatically connects a person dialing the digits “911” to a public safety answering point.

(cm) “Commercial mobile radio service provider” has the meaning given in s. 196.01 (2g).

(d) “Department” means the department of administration.

(e) “Direct dispatch method” means a telecommunications system providing for the dispatch of an appropriate emergency service vehicle upon receipt of a telephone request for such service.

(f) “Public agency” means any municipality as defined in s. 345.05 (1) (c) or any state agency which provides or is authorized by statute to provide fire fighting, law enforcement, ambulance, medical or other emergency services.

(g) “Public safety agency” means a functional division of a public agency which provides fire fighting, law enforcement, medical or other emergency services.

(gm) “Public safety answering point” means a facility to which a call on a basic or sophisticated system is initially routed for response, and on which a public agency directly dispatches the appropriate emergency service provider, relays a message to the appropriate emergency service provider or transfers the call to the appropriate emergency services provider.

(h) “Relay method” means a telecommunications system whereby a request for emergency services is received and relayed to a provider of emergency services by telephone.

(i) “Sophisticated system” means a basic system with automatic location identification and automatic number identification.

(k) “Transfer method” means a telecommunications system which receives telephone requests for emergency services and transfers such requests directly to an appropriate public safety agency or other provider of emergency services.

(2) EMERGENCY PHONE SYSTEM. (a) Every public agency may establish and maintain within its respective jurisdiction a basic or sophisticated system under this section. Such a system shall be in a central location.

(b) Every basic or sophisticated system established under this section shall be capable of transmitting requests for law enforcement, fire fighting and emergency medical and ambulance services to the public safety agencies providing such services. Such system may provide for transmittal of requests for poison control to the appropriate regional poison control center under s. 255.35, suicide prevention and civil defense services and may be capable of transmitting requests to ambulance services provided by private corporations. If any agency of the state which provides law enforcement, fire fighting, emergency medical or ambulance services is located within the boundaries of a basic or sophisticated system established under this section, such system shall be capable of transmitting requests for the services of such agency to the agency.

(c) The digits “911” shall be the primary emergency telephone number within every basic or sophisticated system established under this section. A public agency or public safety agency located within the boundaries of a basic or sophisticated system

established under this section shall maintain a separate 7–digit phone number for nonemergency telephone calls. Every such agency may maintain separate secondary 7–digit back–up numbers.

(d) Public agencies, including agencies with different territorial boundaries, may combine to establish a basic or sophisticated system established under this section.

(e) If a public agency or group of public agencies combined to establish an emergency phone system under par. (d) has a population of 250,000 or more, such agency or group of agencies shall establish a sophisticated system.

(f) Every basic or sophisticated system established under this section shall utilize the direct dispatch method, the relay method or the transfer method.

(g) Every telecommunications utility providing coin–operated telephones for public use within the boundaries of a basic or sophisticated system established under this section shall convert, by December 31, 1987, all such telephones to telephones which enable a user to reach “911” without inserting a coin. Any coin–operated telephone installed by a telecommunications utility after December 31, 1987, in an agency which has established an emergency phone system under this section shall enable a user to reach “911” without inserting a coin.

(h) A commercial mobile radio service provider shall permit a user of the provider to access a basic or sophisticated system if the provider operates within the boundaries of a system.

(i) If a user reaches a basic or sophisticated system through a commercial mobile radio service provider and the service requested is to be provided outside of the jurisdiction served by the system, the public agency operating the system shall transfer the request for services to the appropriate jurisdiction.

(3) FUNDING FOR COUNTYWIDE SYSTEMS. (a) *Definitions.* In this subsection:

1. “Commission” means the public service commission.

2. “Costs” means the costs incurred by a service supplier after August 1, 1987, in installing and maintaining the trunking and central office equipment used only to operate a basic or sophisticated system and the database used only to operate a sophisticated system.

3. “Service supplier” means a telecommunications utility which provides exchange telephone service within a county.

4. “Service user” means any person who is provided telephone service by a service supplier which includes access to a basic or sophisticated system.

(b) *Charge authorized.* A county by ordinance may levy a charge on all service users in the county to finance the costs related to the establishment of a basic or sophisticated system in that county under sub. (2) if:

1. The county has adopted by ordinance a plan for that system.

2. Every service user in that county has access to a system.

3. The county has entered into a contract with each service supplier in the county for the establishment of that system to the extent that each service supplier is capable of providing that system on a reasonable economic basis on the effective date of the contract and that contract includes all of the following:

a. The amount of nonrecurring charges service users in the county will pay for all nonrecurring services related to providing the trunking and central office equipment used only to operate a basic or sophisticated system established in that county and the database used only to operate that sophisticated system.

b. The amount of recurring charges service users in the county will pay for all recurring services related to the maintenance and operation of a basic or sophisticated system established in that county.

c. Every provision of any applicable schedule which the service supplier has filed with the commission under s. 196.19 or 196.20, which is in effect on the date the county signs the contract

and which is related to the provision of service for a basic or sophisticated system.

4. The charge is calculated, under a schedule filed under s. 196.19 or 196.20, by dividing the costs related to establishing a basic or sophisticated system in that county by the total number of exchange access lines, or their equivalents, which are in the county and which are capable of accessing that system.

5. The charge is billed to service users in the county in a service supplier’s regular billing to those service users.

6. Every public safety answering point in the system is in constant operation.

7. Every public safety agency in the county maintains a telephone number in addition to “911”.

8. The sum of the charges under subd. 3. a. and b. does not exceed any of the following:

a. Twenty–five cents each month for each exchange access line or its equivalent in the county if the county has a population of 500,000 or more.

b. One dollar each month for each exchange access line or its equivalent if the county has a population of less than 500,000 and the county is recovering charges under subd. 3. a.

c. Forty cents each month for each exchange access line or its equivalent if the county has a population of less than 500,000 and the county is not recovering charges under subd. 3. a.

(c) If 2 or more counties combine under sub. (2) (b) to establish a basic or sophisticated system, they may levy a charge under par. (b) if every one of those counties adopts the same ordinance, as required under par. (b).

(d) Charges under par. (b) 3. a. may be recovered in rates assessed over a period not to exceed 36 months.

(e) If a county has more than one service supplier, the service suppliers in that county jointly shall determine the method by which each service supplier will be compensated for its costs in that county.

(f) 1. Except as provided under subd. 2., a service supplier which has signed a contract with a county under par. (b) 3. may apply to the commission for authority to impose a surcharge on its service users who reside outside of that county and who have access to the basic or sophisticated system established by that county.

2. A service supplier may not impose a surcharge under subd. 1. on any service user who resides in any governmental unit which has levied a property tax or other charge for a basic or sophisticated system, except that if the service user has access to a basic or sophisticated system provided by the service supplier, the service supplier may impose a surcharge under subd. 1. for the recurring services related to the maintenance and operation of that system.

3. The surcharge under subd. 1. shall be equal to the charge levied under par. (b) by that county on service users in that county. A contract under par. (b) 3. may be conditioned upon the commission’s approval of such a surcharge. The commission’s approval under this paragraph may be granted without a hearing.

(g) No service supplier may bill any service user for a charge levied by a county under par. (b) unless the service supplier is actually participating in the countywide operation of a basic or sophisticated system in that county.

(h) Every service user subject to and billed for a charge under this subsection is liable for that charge until the service user pays the charge to the service supplier.

(i) Any rate schedule filed under s. 196.19 or 196.20 under which a service supplier collects a charge under this subsection shall include the condition that the contract which established the charge under par. (b) 3. is compensatory and shall include any other condition and procedure required by the commission in the public interest. Within 20 days after that contract or an amendment to that contract has been executed, the service supplier which is a party to the contract shall submit the contract to the commis-

sion. The commission may disapprove the contract or an amendment to the contract if the commission determines within 60 days after the contract is received that the contract is not compensatory, is excessive or does not comply with that rate schedule. The commission shall give notice to any person, upon request, that such a contract has been received by the commission. The notice shall identify the service supplier and the county that have entered into the contract.

(j) A service supplier providing telephone service in a county, upon request of that county, shall provide the county information on its capability and an estimate of its costs to install and maintain trunking and central office equipment to operate a basic or sophisticated system in that county and the database required to operate a sophisticated system.

(3m) WIRELESS PROVIDERS. (a) *Definitions.* In this subsection:

1. “Commercial mobile radio service provider” has the meaning given in s. 196.01 (2g).

2. “Commission” means the public service commission.

3. “Federal wireless orders” means the orders of the federal communications commission regarding 911 emergency services for wireless telephone users in FCC docket no. 94–102.

4. “Local government” means a city, village, town, or county, or an entity formed by a contract under s. 66.0301 (2) by a city, village, town, or county.

5. “Reimbursement period” means the period beginning on September 3, 2003, and ending on the last day of the 3-year period beginning on the first day of the 2nd month beginning after the effective date of the rules promulgated under par. (f) 1.

6. “Wireless provider” means a commercial mobile radio service provider that is subject to the federal wireless orders.

7. “Wireless public safety answering point” means a facility to which a person dialing the digits “911” on a wireless provider’s system is initially routed for response, and on which a public agency directly dispatches the appropriate emergency service provider, relays a message to the appropriate emergency service provider, transfers the call to the appropriate emergency services provider, or relays a message or transfers the call to a local government emergency call center that dispatches the appropriate emergency services provider.

(am) *Designated public safety answering points.* A wireless public safety answering point shall be a designated public safety answering point for the purpose of implementing the federal wireless orders only if the wireless public safety answering point is identified in a resolution adopted under par. (c) 3, or 6.

(b) *Grant applications; wireless providers.* 1. Except as provided in subd. 2. and par. (d) 1e., a wireless provider may not receive a grant under par. (d) unless, no later than the first day of the 3rd month beginning after the effective date of the rules promulgated under par. (d) 4., the wireless provider applies to the commission with an estimate, and supporting documentation, of the costs that it has incurred, or will incur, during the reimbursement period to upgrade, purchase, lease, program, install, test, operate, or maintain all data, hardware, and software necessary to comply with the federal wireless orders in this state. The estimate may not include, and a wireless provider may not seek reimbursement for, any such costs that the wireless provider recovers or has recovered from customers in this state during or before the reimbursement period for the implementation of wireless 911 emergency service in this state.

2. A wireless provider that does not provide service to customers in this state prior to September 3, 2003, may make an application under subd. 1. after the date specified in subd. 1. pursuant to rules promulgated by the commission under par. (d) 4.

(c) *Grant applications; local governments.* 1. Except as provided in par. (d) 1e., a local government that operates a wireless public safety answering point, or local governments that jointly operate a wireless public safety answering point, may not receive a grant under par. (d) unless the requirements under subds. 3. to

5. are satisfied and, no later than the first day of the 3rd month beginning after the effective date of the rules promulgated under par. (d) 4., every county that itself is one of the local governments or in which any of the local governments is located applies to the commission with an estimate, and supporting documentation, of the costs specified in subd. 1r. and the costs that the local government or local governments have directly and primarily incurred, or will directly and primarily incur, during the reimbursement period for leasing, purchasing, operating, or maintaining the wireless public safety answering point, including costs for all of the following:

a. Necessary network equipment, computer hardware and software, database equipment, and radio and telephone equipment, that are located within the wireless public safety answering point.

b. Training operators of a wireless public safety answering point.

c. Network costs for delivery of calls from a wireless provider to a wireless public safety answering point.

d. Collection and maintenance of data used by the wireless public safety answering point, including data to identify a caller and the location of a caller.

e. Relaying messages regarding wireless emergency 911 telephone calls via data communications from the wireless public safety answering point to local government emergency call centers in operation before June 1, 2003, that dispatch the appropriate emergency service providers, but only if the rules promulgated under par. (d) 4. allow for reimbursement of such costs.

1m. The estimate under subd. 1. may not include, and a local government may not seek reimbursement for, any costs described in subd. 1. that the local government recovers in the form of a gift or grant received by the local government for the purposes described in subd. 1.

1r. An application under subd. 1. may include an estimate of costs directly and primarily incurred by the local government or local governments between January 1, 1999, and September 3, 2003, for any of the costs identified in subd. 1. a. and d.

2. If an application under subd. 1. is for the joint operation of a wireless public safety answering point by local governments, the application shall specify the manner in which the estimated costs are apportioned among the local governments.

3. A local government that operates a wireless public safety answering point, or local governments that jointly operate a wireless public safety answering point, are not eligible for grants under par. (d) unless, no later than the first day of the 3rd month beginning after the effective date of the rules promulgated under par. (d) 4., every county that itself is one of the local governments or in which any of the local governments is located has passed a resolution specifying that the wireless public safety answering point is eligible for the grants. Except as provided in subd. 4., only one wireless public safety answering point in each county is eligible for local governments to receive grants under par. (d).

4. If a county or local government in a county jointly operates a wireless public safety answering point with another county or local government in another county, the resolution passed by each county under subd. 3. shall specify the same wireless public safety answering point, and the counties shall submit a joint application under subd. 1. that complies with the requirement under subd. 2. In each county that submits a joint application, only the wireless public safety answering point specified in the resolutions is eligible for local governments to receive grants under par. (d).

5. Except as provided in subd. 6. a., a local government that operates, or local governments that jointly operate, a wireless public safety answering point are not eligible for grants under par. (d) unless the wireless public safety answering point serves the entire geographic area of all of the following:

a. For each local government that is not a county, each county in which the local government is located.

11 Updated 15–16 Wis. Stats.**EMERGENCY MEDICAL SERVICES 256.35**

b. For each local government that is a county, the county itself.

6. a. A local government is not required to serve, with its wireless public safety answering point, the area of a city, village, or town that, by resolution, states its intention to establish a wireless public safety answering point separate from the wireless public safety answering point specified in a resolution under subd. 3. passed by the county in which the city, village, or town is located. A city, village, or town that adopts a resolution under this subd. 6. a. shall ensure that its entire geographic area is served by another wireless public safety answering point.

b. A city, village, or town that adopts a resolution under subd. 6. a. is not required to receive wireless 911 emergency service from the wireless public safety answering point specified in a resolution under subd. 3. passed by the county in which the city, village, or town is located. A city, village, or town that rescinds a resolution adopted under subd. 6. a. is required to receive wireless 911 emergency service from the wireless public safety answering point specified in a resolution under subd. 3. passed by the county in which the city, village, or town located, unless the city, village, or town subsequently adopts a new resolution under subd. 6. a.

c. A city, village, or town that adopts a resolution under subd. 6. a. shall submit a copy of the resolution to the county in which it is located and to the commission.

(d) *Grants; commission approval and rules.* 1. The commission shall approve an application under par. (b) or (c) if the commission determines that the costs estimated in the application are reasonable and have been, or will be, incurred for the purpose of promoting a cost-effective and efficient statewide system for responding to wireless emergency 911 telephone calls and, for an application under par. (c), if the requirements under subd. 1g. are satisfied.

1e. If a wireless provider or local government submits an application after the deadline specified in par. (b) 1. or (c) 1. (intro.), the commission shall reduce the costs approved under subd. 1. by the following amounts:

- a. If the application is no more than 1 week late, 5 percent.
- b. If the application is 1 week or more but less than 2 weeks late, 10 percent.
- c. If the application is 2 weeks or more but less than 4 weeks late, 25 percent.
- d. If the application is 4 weeks or more late, the wireless provider or local government is not eligible for a grant.

1g. If an application under par. (c) includes an estimate of costs identified in par. (c) 1. d. incurred during the reimbursement period or between January 1, 1999, and September 3, 2003, the commission may approve the application only if the commission determines that the local government's collection of land information, as defined in s. 16.967 (1) (b), and development of a land information system, as defined in s. 16.967 (1) (c), that is related to that purpose are consistent with the applicable county land records modernization plans developed under s. 59.72 (3) (b), conform to the standards on which such plans are based, and do not duplicate land information collection and other efforts funded through the land information program under s. 16.967 (7). The commission shall obtain the advice of the department of administration in making determinations under this subdivision.

1r. If the commission does not approve an application under subd. 1., the commission shall provide the applicant or applicants with the commission's reasons and give the applicant or applicants an opportunity to resubmit the application.

2. From the appropriation under s. 20.155 (3) (q), the commission shall make grants to reimburse wireless providers and local governments for costs approved under subd. 1. that are actually incurred by the wireless providers and local governments, except that no wireless provider or local government may receive a total amount in grants that exceeds the estimated amount approved by the commission under subd. 1. for that wireless provider or local government. For applications for the joint operation of a wireless

public safety answering point, the commission shall apportion the grants in the manner specified under par. (c) 2.

3. No grant to a local government under subd. 2. may be used to reimburse costs for any of the following:

- a. Emergency service dispatch, including personnel, training, equipment, software, records management, radio communications, and mobile data network systems.
- b. Vehicles and equipment in vehicles.
- c. Communications equipment and software used to communicate with vehicles.
- d. Real estate and improvements to real estate, other than improvements necessary to maintain the security of a wireless public safety answering point.

e. Salaries and benefits of operators of a wireless public safety answering point.

4. The commission shall promulgate rules establishing requirements and procedures for making grants under this paragraph, including criteria for approving estimated costs under subd. 1. The rules shall require the commission to make the grants during the 3-year period beginning on the first day of the 3rd month beginning after the effective date of the rules promulgated under par. (f) 1. The rules shall include record-keeping requirements to ensure that the grants are used to reimburse estimated costs approved by the commission. The rules shall allow the commission to make the grants in installments. The rules shall also include requirements for wireless providers specified in par. (b) 2. to apply for grants. The rules shall specify the conditions under which a wireless provider or local government may revise an application approved under subd. 1.

4m. The rules promulgated under subd. 4. may allow local governments to receive grants for reimbursement of the costs described in par. (c) 1. e., but only if the commission determines that reimbursement of such costs is in the public interest, promotes public health and safety.

6. If the commission approves an application under subd. 1., the wireless provider or a local government that submitted the application may, before the commission makes a grant award to the wireless provider or local government, revise the application pursuant to the rules promulgated under subd. 4.

(e) *Supplemental grants.* The commission shall promulgate rules for making supplemental grants from the appropriation under s. 20.155 (3) (q) to counties that submit joint applications required under par. (c) 4. The rules shall establish the supplemental grants in amounts that provide an incentive for counties to submit joint applications. The rules may not impose any limits on the use of a supplemental grant and shall allow the commission to make the grants in installments.

(em) *Fund limitation.* Except for grants under par. (d) or (e), the commission may not make any distribution from the wireless 911 fund to any person.

(f) *Wireless surcharge.* 1. The commission shall promulgate rules requiring each wireless provider to impose the same monthly surcharge for each telephone number of a customer that has a billable address in this state, except that the rules shall adjust the amount of the surcharge that is imposed on customers who prepay for service to ensure that such customers pay an amount that is comparable to the monthly amount paid by other customers. The rules shall require the surcharge to be imposed during the 3-year period beginning on the first day of the 2nd month beginning after the effective date of the rules. The amount of the surcharge shall be sufficient for the commission to administer and make the grants under par. (d) and the supplemental grants under par. (e). The rules shall require wireless providers to pay the surcharge to the commission for deposit in the wireless 911 fund.

2. The commission may promulgate rules that increase or decrease the surcharge, except that the commission may not increase the surcharge more than once per year and any increase must be uniform statewide.

3. A wireless provider shall identify the surcharge on a customer's bill on a separate line that consists of the words "federal wireless 911 mandate fee."

4. The commission may bring an action to collect a surcharge that is not paid by a customer and the customer's wireless provider is not liable for the unpaid surcharge.

(g) *Confidentiality of information.* The commission shall withhold from public inspection any information received under this subsection that would aid a competitor of a wireless provider in competition with the wireless provider.

(h) *Other charges prohibited.* No local government or state agency, as defined in s. 16.310 (1), except the commission, may require a wireless provider to collect or pay a surcharge or fee related to wireless emergency telephone service.

(i) *Commission authority.* Nothing in this section affects the exemption from commission authority for commercial mobile radio service providers in s. 196.202.

(j) *Sunset.* This subsection does not apply after the first day of the 42nd month beginning after the effective date of the rules promulgated under par. (f) 1.

NOTE: Rules citing par. (f) as authority were promulgated as CR 04–026, effective January 1, 2005 and October 1, 2005. The first day of the 42nd month beginning after October 1, 2005 is April 1, 2009.

(4) DEPARTMENTAL ADVISORY AUTHORITY. The department may provide information to public agencies, public safety agencies and telecommunications utilities relating to the development and operation of emergency number systems.

(6) TELECOMMUNICATIONS UTILITY REQUIREMENTS. A telecommunications utility serving a public agency or group of public agencies which have established a sophisticated system under sub. (2) (e) shall provide by December 31, 1985, or upon establishing a system, whichever is later, such public agency or group of public agencies access to the telephone numbers of subscribers and the addresses associated with the numbers as needed to implement automatic number identification and automatic location identification in a sophisticated system, but such information shall at all times remain under the direct control of the telecommunications utility and a telecommunications utility may not be required to release a number and associated address to a public agency or group of public agencies unless a call to the telephone number "911" has been made from such number. The costs of such access shall be paid by the public agency or group of public agencies.

(7) LIABILITY EXEMPTION. A telecommunications utility, wireless provider, as defined in sub. (3m) (a) 6., or local government, as defined in sub. (3m) (a) 4., shall not be liable to any person who uses an emergency number system created under this section or makes an emergency telephone call initially routed to a wireless public safety answering point, as defined in sub. (3m) (a) 7.

(9) JOINT POWERS AGREEMENT. (a) In implementing a basic or sophisticated system under this section, public agencies combined under sub. (2) (d) shall annually enter into a joint powers agreement. The agreement shall be applicable on a daily basis and shall provide that if an emergency services vehicle is dispatched in response to a request through the basic or sophisticated system established under this section, such vehicle shall render its services to the persons needing the services regardless of whether the vehicle is operating outside the vehicle's normal jurisdictional boundaries.

(b) Public agencies and public safety agencies which have contiguous or overlapping boundaries and which have established separate basic or sophisticated systems under this section shall annually enter into the agreement required under par. (a).

(c) Each public agency or public safety agency shall cause a copy of the annual agreement required by pars. (a) and (b) to be filed with the department of justice. If a public agency or public safety agency fails to enter into such agreement or to file copies thereof, the department of justice shall commence judicial proceedings to enforce compliance with this subsection.

(10) PENALTIES. (a) Any person who intentionally dials the telephone number "911" to report an emergency, knowing that the fact situation which he or she reports does not exist, shall be fined not less than \$100 nor more than \$600 or imprisoned not more than 90 days or both for the first offense and is guilty of a Class H felony for any other offense committed within 4 years after the first offense.

(b) Any person who discloses or uses, for any purpose not related to the operation of a basic or sophisticated system, any information contained in the database of that system shall be fined not more than \$10,000 for each occurrence.

(11) PLANS. Every public agency establishing a basic or sophisticated system under this section shall submit tentative plans for the establishment of the system as required under this section to every local exchange telecommunications utility providing service within the respective boundaries of such public agency. The public agency shall submit final plans for the establishment of the system to the telecommunications utility and shall provide for the implementation of the plans.

256.40 Opioid antagonists. (1) In this section:

(a) "Fire fighter" means any person employed by the state or any political subdivision as a member or officer of a fire department or a member of a volunteer fire department, including the state fire marshal and deputies.

(b) "Law enforcement agency" means an agency of a federally recognized Indian tribe or band or a state or political subdivision of a state, whose purpose is the detection and prevention of crime and enforcement of laws or ordinances.

(c) "Law enforcement officer" means any person employed by a law enforcement agency who is authorized to make arrests for violations of the laws or ordinances that the person is employed to enforce.

(d) "Opioid-related drug overdose" means a condition including extreme physical illness, decreased level of consciousness, respiratory depression, coma, or the ceasing of respiratory or circulatory function resulting from the consumption or use of an opioid, or another substance with which an opioid was combined.

(2) (a) Subject to par. (b), the department shall permit all emergency medical technicians to administer naloxone or another opioid antagonist to individuals who are undergoing or who are believed to be undergoing an opioid-related drug overdose.

(b) The department shall require emergency medical technicians to undergo any training necessary to safely and properly administer naloxone or another opioid antagonist as specified under par. (a).

(c) Every ambulance service provider shall do all of the following:

1. Ensure that every emergency medical technician under the ambulance service provider's supervision who has obtained the training necessary to safely and properly administer naloxone or another opioid antagonist has a supply of naloxone or the other opioid antagonist available for administration when he or she is performing his or her duties as an emergency medical technician, to the extent that naloxone or the other opioid antagonist is available to the ambulance service provider.

2. Require each certified first responder and emergency medical technician under the supervision of the ambulance service provider to, in the manner prescribed by the department, keep a record of each instance in which the certified first responder or emergency medical technician administers naloxone or another opioid antagonist to an individual who is undergoing or who is believed to be undergoing an opioid-related drug overdose.

13 Updated 15–16 Wis. Stats.

EMERGENCY MEDICAL SERVICES 256.40

3. Submit records under subd. 2. to the department in the manner prescribed by the department.

(3) (a) A law enforcement agency or fire department may enter into a written agreement to affiliate with an ambulance service provider or a physician for all of the following purposes:

1. Obtaining a supply of naloxone or another opioid antagonist.

2. Allowing law enforcement officers and fire fighters to obtain the training necessary to safely and properly administer naloxone or another opioid antagonist to individuals who are

undergoing or who are believed to be undergoing an opioid-related drug overdose.

(b) A law enforcement officer or fire fighter who, reasonably believing another person to be undergoing an opioid-related drug overdose, administers naloxone or another opioid antagonist to that person shall be immune from civil or criminal liability for any outcomes resulting from the administration of the opioid antagonist to that person, if the law enforcement officer or fire fighter is acting pursuant to an agreement and any training obtained under par. (a).

History: 2013 a. 200.
