(2) (a) or (3) (a) until the scholarship may be awarded by the board.

(e) If 2 or more seniors from the same high school of less than 80 pupils have the same grade point average and, except for the limitation of one nominated senior, are otherwise eligible for nomination under par. (b), the faculty of the high school shall select the senior who may be nominated by the school board of the school district operating the public high school or the governing body of the private or tribal high school for designation under par. (b) as a scholar by the executive secretary. If that senior is designated as a scholar by the executive secretary, but does not qualify for a higher education scholarship under sub. (2) (a) or (3) (a), the faculty of the high school shall select, in order of priority, one or more of the remaining seniors with the same grade point average for certification as a scholar or, if there is no remaining senior with the same grade point average, one or more of the remaining seniors with the next highest grade point average, but not less than 3.800 or the equivalent, for certification as a scholar, and the school board of the school district operating the high school or the governing body of the private or tribal high school shall certify to the board one or more of these seniors as eligible for a higher education scholarship as a scholar under sub. (2) (a) or (3) (a) until the scholarship may be awarded by the board.

(f) If 2 or more seniors from the school operated by the Wisconsin Center for the Blind and Visually Impaired have the same grade point average and, except for the limitation of one designated senior, are otherwise eligible for designation under par. (c) 1., the executive secretary shall make the designation under par. (c) 1. of the senior who may be eligible for a higher education scholarship as a scholar. If that senior does not qualify for a higher education scholarship under sub. (2) (a) or (3) (a), the executive secretary shall designate, in order of priority, one or more of the remaining seniors with the same grade point average, or, if there is no remaining senior with the same grade point average, one or more of the remaining seniors with the next highest grade point average, but not less than 3.800 or the equivalent, as eligible for a higher education scholarship as a scholar under sub. (2) (a) or (3) (a) until the scholarship may be awarded by the board.

(c) 2., the executive secretary shall make the designation under par. (c) 2. of the senior who may be eligible for a higher education scholarship as a scholar. If that senior does not qualify for a higher education scholarship under sub. (2) (a) or (3) (a), the executive secretary shall designate, in order of priority, one or more of the remaining seniors with the same grade point average, or, if there is no remaining senior with the same grade point average, one or more of the remaining seniors with the next highest grade point average, but not less than 3.800 or the equivalent, as eligible for a higher education scholarship as a scholar under sub. (2) (a) or (3) (a) until the scholarship may be awarded by the board.

(g) Notwithstanding par. (a), if a high school of at least 80 pupils closes or merges in the 1991–92 school year or in any school year thereafter, the school board of the school district operating the high school or the governing body of the private or tribal high school shall, subject to par. (d), for each of the 2 school years following the closure or merger, designate the same number of scholars from among the pupils enrolled in the high school at the time of closure or merger as the number of scholars designated for that high school in the school year the high school closed or merged. Any seniors designated under this paragraph shall be eligible for an original scholarship under this section.

(h) Notwithstanding par. (a), if a public high school of at least 80 pupils closed following the 1989–90 school year and a pupil from the closed high school was designated a scholar under this section for either of the 2 school years following the closure by the school board of a school district operating a high school that enrolled pupils from the closed high school, such school board shall designate the senior with the next highest grade point average for that school year as a scholar. Any scholar designated under this paragraph shall be eligible for a higher education scholarship under sub. (2) (b) or (3) (b) as determined under par. (a), notwithstanding that the scholar did not receive a higher education scholarship for the academic year immediately following the school year in which the pupil from the closed high school was designated a scholar under this section.

(d), if the school board of a school district operating a high school or the governing body of a private high school has complied with s. 39.41 (1m) (d), 1991 stats., for the 1993–94 school year and a senior from that high school designated as a scholar under s. 39.41 (1m) (a), 1991 stats., and s. 39.41 (1m) (d), 1991 stats., does not qualify for a higher education scholarship under sub. (2) (a) or (3) (a), the faculty of the high school shall select one or more of the remaining seniors with the same grade point average for certification as a scholar. The school board of the school district operating the high school or the governing body of the private high school shall certify to the board one or more of these seniors as eligible for a higher education scholarship as a scholar under sub. (2) (a) or (3) (a) until the scholarship may be awarded by the board.

(j) In the event that 2 or more seniors from the same high school of at least 80 pupils have the same grade point average and are otherwise eligible for designation under par. (a), the school board of the school district operating the high school or the governing body of the private or tribal high school shall make the designation of the faculty of the high school for purposes of par. (d) or (i).

(m) Notwithstanding pars. (a), (b) and (d), if a high school ranks its seniors on the basis of grades in academic subjects, the school board of the school district operating the high school or the governing body of the private high school or, for purposes of par. (d), the faculty of the high school may request a waiver from the executive secretary in order to fulfill its requirements under par. (a), (b) or (d) on the basis of grade point averages in academic subjects.

(2) (a) If a designated scholar under sub. (1m) is admitted to and enrolls, on a full-time basis, by September 30 of the academic year immediately following the school year in which the senior was designated a scholar, in an institution within the University of Wisconsin System or in a technical college district school that is participating in the program under this section, the scholar shall receive a higher education scholarship that exempts the scholar from all tuition and fees, including segregated fees, at the institution or district school for one year, except that the maximum scholarship for a scholar who receives an original scholarship for the 1996–97 academic year or for any academic year thereafter may not exceed \$2,250 per academic year.

(b) For each year that a scholar who receives a scholarship under par. (a) is enrolled full time, maintains at least a 3.000 grade point average, or the equivalent as determined by the institution

or district school, and makes satisfactory progress toward an associate degree, a bachelor's degree, or a vocational diploma, the student shall be exempt from all tuition and fees, including segregated fees, in the subsequent year or, if the scholar does not enroll in a participating institution of higher education in the subsequent year, in the 2nd year following the year in which the scholar received the scholarship, except that the maximum scholarship for a scholar who receives an original scholarship for the 1996–97 academic year or for any academic year thereafter may not exceed \$2,250 per academic year. No scholar is eligible for an exemption for more than 4 years in the University of Wisconsin System or more than 3 years at a district school.

(c) Subject to sub. (4), for each year the student is exempt from tuition and fees under par. (a) or (b), the board shall pay the institution or district school, on behalf of the student, an amount equal to 50 percent of the student's tuition and fees, except that the maximum payment for a student who receives an original scholarship for the 1996–97 academic year or for any academic year thereafter may not exceed \$1,125 per academic year.

(3) (a) If a designated scholar under sub. (1m) is admitted to and enrolls, on a full-time basis, by September 30 of the academic year immediately following the school year in which the senior was designated a scholar, in a private institution of higher education that is located in this state and participating in the program under this section, the board shall pay the institution, on behalf of the pupil, an amount equal to 50 percent of the tuition and fees charged a resident undergraduate at the University of Wisconsin–Madison in the same academic year, except that the maximum payment for a pupil who receives an original scholarship for the 1996–97 academic year or for any academic year thereafter may not exceed \$1,125 per academic year.

(b) For each year that a scholar who receives a scholarship under par. (a) is enrolled full time, maintains at least a 3.000 grade point average, or the equivalent as determined by the private institution, and makes satisfactory progress toward a bachelor's degree, the student is eligible for a higher education scholarship as determined under par. (a) in the subsequent year or, if the scholar does not enroll in a participating institution of higher education in the subsequent year, in the 2nd year following the year in which the scholar received the scholarship. No scholar is eligible for a higher education scholarship for more than 4 years at a private institution of higher education.

(4) (a) The board shall make the payments under subs. (2) (c) and (3) only if the institution, district school or private institution matches the amount of the payment from institutional funds, gifts or grants. Beginning in the 1992–93 school year, the matching requirement under this paragraph for the institutions within the University of Wisconsin System shall be satisfied by payments of an amount equal to the total payments from the institutions made under this paragraph in the 1991–92 school year and, if such payments are insufficient to satisfy the matching requirement, by the waiver of academic fees established under s. 36.27.

(b) The board shall make the payments under subs. (2) (c) and (3) from the appropriation under s. 20.235 (1) (fy).

(5) (a) 1. Each institution within the University of Wisconsin System, technical college district school and private institution of higher education that wishes to participate in the scholarship program under this section in academic year 1999–2000 and thereafter shall notify the board by October 1, 1998, that the institution wishes to participate.

2. If an institution of higher education that has notified the board under subd. 1. subsequently wishes to no longer participate in the scholarship program under this section, the institution of higher education shall notify the board of this fact in writing by October 1 prior to the academic year in which the institution will no longer participate.

(b) Each designated scholar who is eligible for an original higher education scholarship under sub. (2) (a) or (3) (a) shall notify the board as soon as practicable of the institution of higher

education he or she will be attending in the next academic year. Each designated scholar who is eligible for a subsequent higher education scholarship under sub. (2) (a) or (3) (a) shall notify the board as soon as practicable whether he or she will be enrolling in a participating institution of higher education in the academic year immediately following the academic year in which he or she received an original or subsequent scholarship under sub. (2) (a) or (3) (a), or in the 2nd academic year, following that academic year and of the institution of higher education in which he or she will be enrolling.

(c) Annually, the board shall notify each scholar who will be attending a participating institution of higher education in the next academic year of the amount of his or her higher education scholarship.

(6) (a) Except as provided in par. (b), a scholarship under this section shall not be used to replace any other grant for which a student is eligible.

(b) A student who receives a scholarship under this section is not eligible to receive a scholarship under s. 39.415.

(7) By August 1, 1997, and annually thereafter, the board shall submit a report to the joint committee on finance evaluating the success of the program under this section. 39.47 Minnesota–Wisconsin student reciprocity agreement. (1) There is established, to be administered by the board, a Minnesota–Wisconsin student reciprocity agreement, the purpose of which shall be to ensure that neither state shall profit at the expense of the other and that the determination of any amounts owed by either state under the agreement shall be based on an equitable formula which reflects the educational costs incurred by the 2 states, reflects any differentials in usage by residents of either state of the public institutions of higher education located in the other state, and reflects any differentials in the resident tuition charged at comparable public institutions of higher education of the 2 states. The board, representing this state, shall enter into an agreement meeting the requirements of this section with the designated body representing the state of Minnesota.

(2) The agreement under this section shall provide for the waiver of nonresident tuition for a resident of either state who is enrolled in a public vocational school located in the other state. The agreement shall also establish a reciprocal fee structure for residents of either state who are enrolled in public institutions of higher education, other than vocational schools, located in the other state. The reciprocal fee may not exceed the higher of the resident tuition that would be charged the student at the public institution of higher education in which the student is enrolled or the resident tuition that would be charged the student at comparable public institutions of higher education located in his or her state of residence, as specified in the annual administrative memorandum under sub. (2g). The agreement shall take effect on July 1, 2007. The agreement is subject to the approval of the joint committee on finance under s. 39.42.

(2g) Prior to each academic year, the board and the designated body representing the state of Minnesota shall prepare an administrative memorandum that establishes policies and procedures for implementation of the agreement for the upcoming academic year, including a description of how the reciprocal fee structure shall be determined for purposes of sub. (2), and the board shall submit the administrative memorandum to the joint committee on finance. If the cochairpersons of the committee do not notify the board that the committee has scheduled a meeting for the purpose of reviewing the administrative memorandum within 14 working days after the date of the submittal, the administrative memorandum may be implemented as proposed by the board. If, within 14 working days after the date of the submittal, the cochairpersons of the committee notify the board that the committee has scheduled a meeting for the purpose of reviewing the administrative memorandum, the administrative memorandum may be implemented only upon approval of the committee.

(2m) No resident of this state whose name appears on the statewide support lien docket under s. 49.854 (2) (b) may receive a waiver of nonresident tuition under this section, unless the resident provides to the board a payment agreement that has been approved by the county child support agency under s. 59.53 (5) and that is consistent with rules promulgated under s. 49.858 (2) (a).

(3) At the end of each semester or academic term, each state shall determine the number of students for whom nonresident tuition has been waived under the agreement. Each state shall certify to the other state, in addition to the number of students so determined, the aggregate amount of its reimbursement obligation. The state with the larger reimbursement obligation shall pay as provided in the agreement an amount determined by subtracting the reimbursement obligation of the state with the smaller reimbursement obligation from the reimbursement obligation of the state with the larger reimbursement obligation. The agreement shall provide a reasonable date for payment of any such sums due and owing, after which date interest may be charged on the amount owed. The methodology for determination of the appro-

priate interest rate shall be included in the agreement. Any payments received by this state under this subsection shall be deposited in the general fund.

EDUCATION COMPACTS

39.75 Compact for education. The compact for education is hereby enacted into law and entered into by this state with all other jurisdictions legally joining therein, in the form substantially as follows:

(1) **ARTICLE I — PURPOSE AND POLICY.** (a) It is the purpose of this compact to:

1. Establish and maintain close cooperation and understanding among executive, legislative, professional educational and lay leadership on a nationwide basis at the state and local levels.

2. Provide a forum for the discussion, development, crystallization and recommendation of public policy alternatives in the field of education.

3. Provide a clearinghouse of information on matters relating to educational problems and how they are being met in different places throughout the nation, so that the executive and legislative branches of state government and of local communities may have ready access to the experience and record of the entire country, and so that both lay and professional groups in the field of education may have additional avenues for the sharing of experience and the interchange of ideas in the formation of public policy in education.

4. Facilitate the improvement of state and local educational systems so that all of them will be able to meet adequate and desirable goals in a society which requires continuous qualitative and quantitative advance in educational opportunities, methods and facilities.

(b) It is the policy of this compact to encourage and promote local and state initiative in the development, maintenance, improvement and administration of educational systems and institutions in a manner which will accord with the needs and advantages of diversity among localities and states.

(c) The party states recognize that each of them has an interest in the quality and quantity of education furnished in each of the other states, as well as in the excellence of its own educational sys-

tems and institutions, because of the highly mobile character of individuals within the nation, and because the products and services contributing to the health, welfare and economic advancement of each state are supplied in significant part by persons educated in other states.

(2) **ARTICLE II — STATE DEFINED.** As used in this compact, “state” means a state, territory, or possession of the United States, the District of Columbia, or the commonwealth of Puerto Rico.

(3) **ARTICLE III — THE COMMISSION.** (a) The education commission of the states, hereinafter called “the commission”, is hereby established. The commission shall consist of 7 members representing each party state. One of such members shall be governor; 2 shall be members of the state legislature selected by its respective houses and serving in such manner as the legislature may determine; and 4 shall be appointed by and serve at the pleasure of the governor, unless the laws of the state otherwise provide. If the laws of a state prevent legislators from serving on the commission, 6 members shall be appointed by and serve at the pleasure of the governor, unless the laws of the state otherwise provide. In addition to any other principles or requirements which a state may establish for the appointment and service of its members of the commission, the guiding principle for the composition of the membership on the commission from each party state shall be that the members representing such state shall, by virtue of their training, experience, knowledge or affiliations be in a position collectively to reflect broadly the interests of the state government, higher education, the state education system, local education, lay and professional, public and nonpublic educational leadership. Of those appointees, one shall be the head of a state agency or institution, designated by the governor, having responsibility for one or more programs of public education. In addition to the members of the commission representing the party states, there may be not to exceed 10 nonvoting commissioners selected by the steering committee for terms of one year. Such commissioners shall represent leading national organizations of professional educators or persons concerned with educational administration.

(b) The members of the commission shall be entitled to one vote each on the commission. No action of the commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the commission are cast in favor thereof. Action of the commission shall be only at a meeting at which a majority of the commissioners are present. The commission shall meet at least once a year. In its bylaws, and subject to such directions and limitations as may be contained therein, the commission may delegate the exercise of any of its powers to the steering committee or the executive director, except for the power to approve budgets or requests for appropriations, the power to make policy recommendations pursuant to sub. (4) and adoption of the annual report pursuant to par. (j).

(c) The commission shall have a seal.

(d) The commission shall elect annually, from among its members, a chairperson, who shall be a governor, a vice chairperson and a treasurer. The commission shall provide for the appointment of an executive director. Such executive director shall serve at the pleasure of the commission, and together with the treasurer and such other personnel as the commission may deem appropriate shall be bonded in such amount as the commission shall determine. The executive director shall be secretary.

(e) Irrespective of the civil service, personnel or other merit system laws of any of the party states, the executive director subject to the approval of the steering committee shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the commission, and shall fix the duties and compensation of such personnel. The commission in its bylaws shall provide for the personnel policies and programs of the commission.

(f) The commission may borrow, accept or contract for the services of personnel from any party jurisdiction, the United States, or any subdivision or agency of the aforementioned governments,

or from any agency of 2 or more of the party jurisdictions or their subdivisions.

(g) The commission may accept for any of its purposes and functions under this compact any and all donations and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any state, the United States, or any other governmental agency, or from any person, firm, association, foundation or corporation, and may receive, utilize and dispose of the same. Any donation or grant accepted by the commission pursuant to this paragraph or services borrowed pursuant to par. (f) shall be reported in the annual report of the commission. Such report shall include the nature, amount and conditions, if any, of the donation, grant or services borrowed, and the identity of the donor or lender.

(h) The commission may establish and maintain such facilities as may be necessary for the transacting of its business. The commission may acquire, hold and convey real and personal property and any interest therein.

(i) The commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states.

(j) The commission annually shall submit to the governor, to the chief clerk of each house of the legislature for distribution to the legislature under s. 13.172 (2) and to the legislature of any other party state a report covering the activities of the commission for the preceding year. The commission may submit such additional reports as it deems desirable.

(4) ARTICLE IV — POWERS. In addition to authority conferred on the commission by other provisions of the compact, the commission shall have authority to:

(a) Collect, correlate, analyze and interpret information and data concerning educational needs and resources.

(b) Encourage and foster research in all aspects of education, but with special reference to the desirable scope of instruction, organization, administration and instructional methods and standards employed or suitable for employment in public educational systems.

(c) Develop proposals for adequate financing of education as a whole and at each of its many levels.

(d) Conduct or participate in research of the types referred to in this subsection in any instance where the commission finds that such research is necessary for the advancement of the purposes and policies of this compact, utilizing fully the resources of national associations, regional compact organizations for higher education and other agencies and institutions, both public and private.

(e) Formulate suggested policies and plans for the improvement of public education as a whole, or for any segment thereof, and make recommendations with respect thereto available to the appropriate governmental units, agencies and public officials.

(f) Do such other things as may be necessary or incidental to the administration of any of its authority or functions pursuant to this compact.

(5) ARTICLE V — COOPERATION WITH FEDERAL GOVERNMENT.
(a) If the laws of the United States specifically so provide, or if administrative provision is made therefor within the federal government, the United States may be represented on the commission by not to exceed 10 representatives. Any such representative or representatives of the United States shall be appointed and serve in such manner as may be provided by or pursuant to federal law, and may be drawn from any one or more branches of the federal government, but no such representative shall have a vote on the commission.

(b) The commission may provide information and make recommendations to any executive or legislative agency or officer of

the federal government concerning the common educational policies of the states, and may advise with any such agencies or officers concerning any matter of mutual interest.

(6) ARTICLE VI — COMMITTEES. (a) To assist in the expeditious conduct of its business when the full commission is not meeting, the commission shall elect a steering committee of 32 members which, subject to the provisions of this compact and consistent with the policies of the commission, shall be constituted and function as provided in the bylaws of the commission. One-fourth of the voting membership of the steering committee shall consist of governors, one-fourth shall consist of legislators, and the remainder shall consist of other members of the commission. A federal representative on the commission may serve with the steering committee, but without vote. The voting members of the steering committee shall serve for terms of 2 years, except that members elected to the first steering committee of the commission shall be elected as follows: 15 for one year and 15 for 2 years. The chairperson, vice chairperson, and treasurer of the commission shall be members of the steering committee and, anything in this paragraph to the contrary notwithstanding, shall serve during their continuance in these offices. Vacancies in the steering committee shall not affect its authority to act, but the commission at its next regularly ensuing meeting following the occurrence of any vacancy shall fill it for the unexpired term. No person shall serve more than 2 terms as a member of the steering committee: provided that service for a partial term of one year or less shall not be counted toward the 2-term limitation.

(b) The commission may establish advisory and technical committees composed of state, local, and federal officials, and private persons to advise it with respect to any one or more of its functions. Any advisory or technical committee may, on request of the states concerned, be established to consider any matter of special concern to 2 or more of the party states.

(c) The commission may establish such additional committees as its bylaws may provide.

(7) ARTICLE VII — FINANCE. (a) The commission shall advise the governor or designated officer or officers of each party state of its budget and estimated expenditures for such period as may be required by the laws of that party state. Each of the commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states.

(b) The total amount of appropriation requests under any budget shall be apportioned among the party states. In making such apportionment, the commission shall devise and employ a formula which takes equitable account of the populations and per capita income levels of the party states.

(c) The commission shall not pledge the credit of any party states. The commission may meet any of its obligations in whole or in part with funds available to it under sub. (3) (g), provided that the commission takes specific action setting aside such funds prior to incurring an obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it under sub. (3) (g), the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

(d) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established by its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a qualified certified public accountant licensed or certified under ch. 442, and the report of the audit shall be included in and become part of the annual reports of the commission.

(e) The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

(f) Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

(8) ARTICLE VIII — ELIGIBLE PARTIES; ENTRY INTO AND WITHDRAWAL. (a) This compact shall have as eligible parties all states, territories, and possessions of the United States, the District of Columbia and the commonwealth of Puerto Rico. In respect of any such jurisdiction not having a governor, the term “governor”, as used in this compact, shall mean the closest equivalent official of such jurisdiction.

(b) Any state or other eligible jurisdiction may enter into this compact and it shall become binding thereon when it has adopted the same: provided that in order to enter into initial effect, adoption by at least 10 eligible party jurisdictions shall be required.

(c) Adoption of the compact may be either by enactment thereof or by adherence thereto by the governor; provided that in the absence of enactment, adherence by the governor shall be sufficient to make the governor’s state a party only until December 31, 1967. During any period when a state is participating in this compact through gubernatorial action, the governor shall appoint those persons who, in addition to the governor, shall serve as the members of the commission from the governor’s state, and shall provide to the commission an equitable share of the financial support of the commission from any source available to the governor.

(d) Except for a withdrawal effective on December 31, 1967, in accordance with par. (c), any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

(9) ARTICLE IX — CONSTRUCTION AND SEVERABILITY. This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any state or of the United States, or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the state affected as to all severable matters.
