Dear Senator Kedzie and Representative Gunderson:

The Department of Commerce is submitting a germane modification to Clearinghouse Rule Number 05-081, relating to petroleum products. The Department is submitting this modification pursuant to section 227.19 (4) (b) 3. of the Statutes.

This modification addresses certification of automotive fuel ratings. Under this modification, delivery of automotive fuel to a retail outlet must include a certification of the automotive fuel rating, either by letter or on the delivery ticket or other paper, as required by 16 CFR 306.10 (g). Incorporating this federal requirement into chapter Comm 48 would complement the currently incorporated federal requirement in section Comm 48.10 (1) (a), for providing this automotive fuel rating on each retail fuel dispenser.

The modification is attached for your reference.

In the attached modification, section Comm 48.580 (3) (a) is intended to replace section Comm 48.580 (3) (a) within SECTION 16 of the previously submitted rules in final draft form.

If you have any questions regarding this matter, please contact David Storey at 267-0754, or Sam Rockweiler at 266-0797.

Sincerely,

A handwritten signature in black ink, appearing to read "Mary P. Burke". The signature is written in a cursive style and is positioned above the typed name and title of the signatory.

Mary P. Burke
Secretary
