1 **AN ACT to create** 71.05 (1) (j), 71.26 (1) (j), 71.34 (1k) (q) and 71.45 (1) (dp) of the  
2 statutes; **relating to:** an income and franchise tax exemption for broadband  
3 expansion grants and for federal high-cost program funding for broadband  
4 expansion.

---

***Analysis by the Legislative Reference Bureau***

This bill exempts from state income and franchise taxes income received in the form of a grant issued by this state; a city, village, town, or county of this state; a tribal government in this state; or the federal government for broadband expansion in this state. The bill also exempts from income and franchise taxes income received in the form of funding from the federal government for any high-cost universal service funding for broadband expansion. Current law provides an income and franchise tax exemption for income received in the form of allocations issued by this state with moneys received from the federal coronavirus relief fund to be used for broadband expansion. The bill prohibits claiming the exemptions under the bill and the exemption under current law for the same grant.
