March 27, 1996 – Introduced by Representatives VANDER LOOP, F. LASEE, RYBA, PLACHE, LORGE, AINSWORTH, WASSERMAN, BALDUS, TURNER, BALDWIN and R. YOUNG, cosponsored by Senators DECKER and BURKE. Referred to Committee on Agriculture.

1   AN ACT *to amend* 103.85 (2) (c) of the statutes; **relating to:** one day of rest in 7

2   for persons employed in the manufacture of butter, cheese or other dairy

3   products from fresh milk or in the distribution of fresh milk or cream.

Analysis by the Legislative Reference Bureau

Under current law, every employer who owns or operates a factory or mercantile establishment, subject to certain exceptions, must allow every person employed in the factory or mercantile establishment to take at least 24 consecutive hours of rest in every 7 consecutive days (one day of rest in 7). Currently, however, the one day of rest in 7 law does not apply to persons employed in the manufacture of butter, cheese or other dairy products or in the distribution of milk or cream. This bill limits the exception to the one day of rest in 7 law to persons employed in the manufacture of butter, cheese or other dairy products from fresh milk or in the distribution of fresh milk or cream.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
