### *Analysis by the Legislative Reference Bureau*

This bill creates a child care worker loan repayment assistance program to be administered by the higher educational aids board (HEAB). Under the program, HEAB reimburses a child care worker for 10% of the outstanding principal amount of educational loans of the child care worker or \$1,000, whichever is less, if all of the following apply:

1. The child care worker has been continuously employed full-time in this state as a child care worker for not less than 12 months.
2. The child care worker graduated on or after May 1, 1995, with a degree in an area relating to early childhood education.
3. The child care worker is currently in repayment on any educational loan and is not in default on repayment.

After initial reimbursement under the program, a child care worker is eligible for additional loan repayment assistance payments, up to a maximum of 4 additional reimbursements, in the same manner as initial reimbursement under the program.

HEAB is required to promulgate rules to implement and administer the child care worker loan repayment assistance program.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
