

## 1999 ASSEMBLY BILL 313

April 27, 1999 – Introduced by Representatives GARD, BRANDEMUEHL, AINSWORTH, LA FAVE, MUSSER, KELSO, SERATTI and KREIBICH, cosponsored by Senators DRZEWIECKI, BRESKE, PANZER and ZIEN. Referred to Committee on Highway Safety.

1 **AN ACT to amend** 346.14 (1) of the statutes; **relating to:** the distance between  
2 vehicles.

---

### *Analysis by the Legislative Reference Bureau*

Current law prohibits the operator of any motor vehicle from following another motor vehicle more closely than is reasonable and prudent, considering the speed of the vehicles and the conditions of traffic and road surface. In addition, the operator of a motor truck having a gross weight of 10,000 pounds or more must remain at least 500 feet behind the nearest preceding vehicle.

This bill eliminates the “reasonable and prudent” minimum following distance and substitutes a fixed minimum following distance between certain vehicles. Under the bill, no operator of a motor vehicle having a gross weight of less than 10,000 pounds (generally motorcycles, automobiles and light-duty trucks) may follow a vehicle closer than 200 feet. The bill retains the current prohibition against heavier motor trucks following closer than 500 feet.
