Analysis by the Legislative Reference Bureau

Under current law, an excise tax is imposed on the sale of cigarettes. The department of revenue (DOR) may enter into an agreement with an American Indian tribe to refund to the tribe all of the cigarette excise tax collected on cigarettes sold on the tribe's reservation to members of the tribe residing on the reservation. Under current law, DOR is also required to refund to an American Indian tribe 70% of the cigarette excise tax collected on cigarettes sold on the tribe's reservation to purchasers who are not members of the tribe.

Under this bill, DOR shall refund all of the cigarette excise tax collected on cigarettes sold on an American Indian tribe's reservation to members of the tribe residing on the reservation, if, at the time of purchase, the purchaser of cigarettes provides to the retailer an identification card issued by the tribe residing on the reservation that indicates that the purchaser is a member of the tribe. Under the bill, DOR does not refund any of the cigarette excise tax collected on cigarettes sold on an American Indian tribe's reservation to purchasers who are not members of the tribe or who are members of the tribe but do not reside on the reservation.

Under current law, a use tax is imposed on the use of cigarettes in this state, if the excise tax has not been paid on such cigarettes. If the use tax is not paid within

ASSEMBLY BILL 501

15 days from the date on which a person brings cigarettes into this state, that person must pay, along with the use tax, a penalty of \$25 for every 200 cigarettes that the person brings into the state. Under the bill, if the use tax is not paid within 15 days from the date on which a person brings cigarettes into this state, that person must pay, along with the use tax, a penalty of \$100 for every 200 cigarettes that the person brings into the state.

Under current law, tax stamps must be affixed to each package of cigarettes that is sold in this state. A person who possesses over 400 cigarettes without tax stamps is subject to a fine and imprisonment. The amount of the fine and the term of imprisonment is determined by the number of cigarettes without tax stamps in the person's possession. Under the bill, the amount of the fine and the term of imprisonment is determined by the number of cigarettes without tax stamps in the person's possession, but there are minimum fines for possessing cigarettes without tax stamps and the maximum fines for possessing cigarettes without tax stamps are increased.
