### ***Analysis by the Legislative Reference Bureau***

Under current law, an owner (hobbyist) of a replica or homemade vehicle may, under specified circumstances, register the vehicle as a replica or homemade vehicle for a one-time fee of twice the regular annual registration fee (\$45 for most automobiles), plus a one-time processing fee of \$50, and the registration may be renewed for no additional fee so long as the vehicle is not operated on the highways during the month of January. A homemade vehicle is one constructed or assembled using a body and frame not originating from and not resembling any previously manufactured motor vehicle. A replica vehicle is a reproduction of a vehicle originally made by another manufacturer and consists of a reproduction body combined with a new, used, or replica frame.

This bill eliminates the "replica vehicle" category of vehicles that a hobbyist may register, and instead places these vehicles under the category of "homemade vehicles." The bill does not otherwise alter the law relating to a hobbyist's registration and use of vehicles formerly known as replica vehicles.
