

2001 SENATE BILL 55

February 20, 2001 – Introduced by JOINT COMMITTEE ON FINANCE, by request of Governor Scott McCallum. Referred to Joint committee on Finance.

1 **AN ACT relating to:** state finances and appropriations, constituting the
2 executive budget act of the 2001 legislature.

Analysis by the Legislative Reference Bureau

INTRODUCTION

This bill is the “executive budget bill” under section 16.47 (1) of the statutes. It contains the governor’s recommendations for appropriations for the 2001–2003 fiscal biennium.

The bill repeals and recreates the appropriation schedule in chapter 20 of the statutes, thereby setting the appropriation levels for the 2001–2003 fiscal biennium. The descriptions that follow relate to the most significant changes in the law that are proposed in the bill. In most cases, changes in the amounts of existing spending authority and changes in the amounts of bonding authority under existing bonding programs are not discussed.

For additional information concerning this bill, see the department of administration’s publication *Budget in Brief* and the executive budget books, the legislative fiscal bureau’s summary document, and the legislative reference bureau’s drafting files, which contain separate drafts on each policy item. In most cases, the policy item drafts contain a more detailed analysis than is printed with this bill.

AGRICULTURE

AGRICULTURAL PRODUCER SECURITY

This bill changes the laws concerning milk contractors, grain dealers, grain warehouse keepers, and vegetable contractors (contractors). A milk contractor is a person who buys milk from milk producers or who markets milk on behalf of producers. A grain dealer is a person who buys grain from grain producers or who markets grain on behalf of producers. A grain warehouse keeper is a person who operates a warehouse in which the person stores grain that belongs to someone else. A vegetable contractor is a person who buys vegetables from vegetable producers for use in food processing or who markets vegetables for use in food processing on behalf of producers.

Current law requires certain contractors to post security with DATCP to provide payment to producers in case the contractors default on payments owed to producers. This bill establishes a segregated fund, called the agricultural producer security fund (the fund), into which certain contractors must pay, and out of which

SENATE BILL 55

DATCP provides payment to producers when those contractors default on payments owed to producers. The statutory changes concerning agricultural producer security take effect in 2002.

Milk contractors

Under current law, persons who operate dairy plants generally must be licensed by DATCP. There is no separate licensing requirement for milk contractors. Under current law, DATCP may not issue a license for a dairy plant unless the applicant's financial condition is such as to reasonably ensure prompt payment to milk producers. If a dairy plant operator does not meet minimum financial standards, the operator must file a bond or other security with DATCP or must provide for a trustee who receives payment for all dairy products produced by the dairy plant and who pays producers.

This bill requires a milk contractor to obtain a license from DATCP. A licensed milk contractor that files financial statements which show that the milk contractor does not meet minimum financial standards, or that does not file annual and quarterly financial statements, must contribute to the fund unless the contractor is disqualified from the fund. If a milk contractor that contributes to the fund defaults on payments to producers, DATCP pays default claims from the fund.

A milk contractor that is required to file security when first licensed (because the contractor has negative equity) is disqualified from the fund until DATCP releases the security. A milk contractor is disqualified from the fund if DATCP denies, suspends, or revokes the contractor's license. DATCP may also disqualify a milk contractor from the fund for other reasons, such as failing to pay required fund assessments. If DATCP disqualifies a milk contractor from the fund and the milk contractor files a financial statement that shows that the contractor does not meet minimum financial standards, the milk contractor may not act as a milk contractor in this state.

The bill establishes the formula for determining the amount of the assessments that must be paid by a milk contractor that contributes to the fund, except that DATCP may, by rule, provide for a different formula. The assessments are based on a milk contractor's financial condition, the amount spent to procure milk from producers, and the number of consecutive years that the contractor has contributed to the fund.

The bill requires a milk contractor to maintain insurance that covers all milk and milk products in the possession of the milk contractor.

As under current law, the bill requires a milk contractor to pay a monthly fee to DATCP, based on the amount of milk that the milk contractor procures. Under the bill, if the balance in the fund contributed by milk contractors exceeds \$4,000,000 on any February 28, DATCP must use 50% of the excess to reduce these monthly fees.

Grain dealers

Under current law, most grain dealers are required to be licensed. If a grain dealer does not meet minimum financial standards, the grain dealer is required to file security with DATCP.

SENATE BILL 55

Under this bill, a grain dealer must obtain a license from DATCP unless the dealer pays cash on delivery for all producer-owned grain that the dealer procures or the dealer buys grain solely for the dealer's own use as feed or seed and spends less than \$400,000 per license year for that grain. A grain dealer that is required to be licensed must contribute to the fund, unless the dealer is disqualified. If a grain dealer that contributes to the fund defaults on payments to producers, DATCP pays default claims from the fund.

A grain dealer that is required to file security (because the dealer has negative equity) with DATCP when the grain dealer is first licensed under this bill is disqualified from the fund until DATCP releases the security. A grain dealer is disqualified from the fund, and required to pay cash on delivery for grain, if DATCP denies, suspends, or revokes the dealer's license or if DATCP disqualifies the dealer for cause.

The bill establishes the formula for determining the amount of the assessments that must be paid by a grain dealer that contributes to the fund, except that DATCP may, by rule, provide for a different formula. The assessments are based on a grain dealer's financial condition, the amount spent to procure grain from producers, the amount incurred under deferred payment contracts, and the number of consecutive years that the dealer has contributed to the fund.

The bill requires a grain dealer to maintain insurance to cover all grain in the custody of the grain dealer.

Under the bill, grain dealer license fees vary based on the amount that the grain dealer pays for grain during a license year and the number of trucks used to haul grain. Under the bill, if the balance in the fund contributed by grain dealers exceeds \$2,000,000 on any June 30, DATCP must use 50% of the excess to reduce license fees.

Grain warehouse keepers

Current law requires a grain warehouse keeper that holds 50,000 or more bushels of grain for others at any time to obtain a license from DATCP. A grain warehouse keeper that does not satisfy minimum financial standards must file security with DATCP.

Under this bill, a licensed grain warehouse keeper is required to contribute to the fund, unless the warehouse keeper is disqualified. If a grain warehouse keeper that contributes to the fund fails to deliver grain to depositors upon demand, DATCP pays default claims from the fund.

A grain warehouse keeper that is required to file security (because the warehouse keeper has negative equity) with DATCP when the warehouse keeper is first licensed under this bill is disqualified from the fund until DATCP releases the security. A grain warehouse keeper is also disqualified from the fund if DATCP denies, suspends, or revokes the warehouse keeper's license.

The bill establishes the formula for determining the amount of the assessments that must be paid by a grain warehouse keeper that contributes to the fund, except that DATCP may, by rule, provide for a different formula. The assessments are based on a warehouse keeper's financial condition, the capacity of the warehouses, and the number of consecutive years that the warehouse keeper has contributed to the fund.

SENATE BILL 55

The bill specifies annual grain warehouse keeper fees that are based on combined warehouse capacity. Under the bill, if the balance in the fund contributed by grain warehouse keepers exceeds \$300,000 on any June 30, DATCP must use 12.5% of the excess to reduce license fees.

Vegetable contractors

Current law requires a vegetable contractor to obtain a registration certificate from DATCP. A vegetable contractor that does not meet minimum financial standards must file security with DATCP unless the contractor makes payment on delivery for all vegetables obtained from producers or the contractor is a producer-owned cooperative doing business solely with its producer-owners.

This bill requires a vegetable contractor to obtain a license from DATCP. A licensed vegetable contractor must contribute to the fund unless the contractor makes payment on delivery for all vegetables obtained from producers, the contractor is a producer-owned cooperative that procures vegetables only from its producer owners, or the contractor is disqualified. If a vegetable contractor that contributes to the fund defaults on payments to producers, DATCP pays default claims from the fund.

A vegetable contractor that is required to file security with DATCP when the vegetable contractor is first licensed under this bill because the contractor has negative equity is disqualified from the fund until DATCP releases the security. A vegetable contractor is disqualified from the fund if DATCP denies, suspends, or revokes the contractor's license. A vegetable contractor is disqualified from the fund, and required to pay cash on delivery for all vegetables received from producers, if DATCP issues a written notice disqualifying the contractor for cause, including failure to pay fund assessments when due.

The bill establishes the formula for determining the amount of the assessments that must be paid by a vegetable contractor that contributes to the fund, except that DATCP may, by rule, provide for a different formula. The assessments are based on a vegetable contractor's financial condition, the amount spent to procure vegetables from producers, the amount incurred under deferred payment contracts, and the number of consecutive years that the contractor has contributed to the fund.

The bill requires a vegetable contractor to maintain insurance to cover all vegetables in the custody of the contractor, unless the vegetable contractor pays cash on delivery for all vegetables or the contractor is a producer-owned cooperative that procures vegetables only from its producer owners.

Under the bill, vegetable contractor license fees are based on the amount that a vegetable contractor owed to vegetable producers over the course of the contractor's most recent fiscal year. Under the bill, if the balance in the fund contributed by vegetable contractors exceeds \$1,000,000 on any November 30, DATCP must use 50% of the excess to reduce license fees.

Recovery proceedings and administration

Under this bill, when contractors who are licensed, or required to be licensed, fail to make payments when due or when grain warehouse keepers fail to return stored grain upon demand, producers or their agents may file default claims with DATCP.

SENATE BILL 55

The bill specifies payment amounts for each claim against a contractor that was contributing to the fund when the default occurred. For a claim against a milk contractor or grain dealer, the payment amount is 90% of the first \$20,000 allowed, 85% of the next \$20,000 allowed, 80% of the next \$20,000 allowed, and 75% of any amount allowed in excess of \$60,000. For a claim against a grain warehouse keeper, the payment amount is 100% of the first \$100,000 allowed. For a claim against a vegetable contractor, the payment amount is 90% of the first \$40,000 allowed, 85% of the next \$40,000 allowed, 80% of the next \$40,000 allowed, and 75% of any amount allowed in excess of \$120,000. If a contractor was not contributing to the fund when the default occurred but had posted security with DATCP, DATCP uses the security proceeds to pay the full amount of the allowed claims, except that, as under current law, if the security is not adequate to pay the full amount of the allowed claims, DATCP pays the claimants on a prorated basis. A claimant that does not receive full payment may sue the contractor for the balance of the allowed claim.

The bill requires DATCP to obtain three surety bonds, called industry bonds. One bond is to secure payments of claims against contributing milk contractors, one to secure payments of claims against contributing grain dealers and warehouse keepers, and one to secure payment of claims against contributing vegetable contractors. In addition, the bill requires DATCP to obtain a blanket surety bond. The bill requires DATCP to make a demand against the appropriate industry bond if payments of claims against contributing contractors in that industry exceed a threshold specified in the bill. The bill requires DATCP to make a demand against the blanket bond if claims against contributing contractors in an industry exceed the amount available under the industry bond.

The bill authorizes DATCP to demand that a defaulting contractor reimburse DATCP for any claim amounts that were paid from the fund because of the contractor's default. The bill also authorizes a person who issues an industry bond or the blanket bond to require a defaulting contractor to reimburse the amounts that the person paid out because of the contractor's default.

OTHER AGRICULTURE

Under current law, for a person to claim the farmland preservation tax credit, the land to which the claim relates must be subject either to a farmland preservation agreement or to an exclusive agricultural use zoning ordinance. A farmland preservation agreement is between the landowner and DATCP. The agreement commits the owner to keep the land in agricultural use for the duration of the agreement, up to 25 years, although DATCP may release land from an agreement under certain circumstances. Under current law, in some of the circumstances under which DATCP may release land from a farmland preservation agreement, or if land is rezoned from exclusive agricultural use, DATCP is required to file a lien against the land in the amount of the farmland preservation credit received by the owner during the preceding ten years.

This bill eliminates the requirement that DATCP file a lien against land that is released from a farmland preservation agreement or that is rezoned from exclusive agricultural use. Under the bill, DATCP may not release land from a farmland

SENATE BILL 55

preservation agreement until the owner pays \$50 per acre to this state, except in certain situations such as the death or disability of the owner. Also under the bill, a local governmental unit must require a payment of \$60 per acre as a condition of rezoning land from exclusive agricultural zoning. The local governmental unit forwards the payment to the state.

Under current law, if DATCP finds that plants or other pest-harboring materials on agricultural lands or agricultural business premises are so infested with injurious pests as to constitute a hazard to plant or animal life in this state, DATCP may order the property owner to treat the premises or treat or destroy the infested plants or other material. If the property owner fails to comply with the order, DATCP may treat the premises or treat or destroy the infested plants or other material. This bill eliminates the provision that restricts DATCP's authority regarding treatment of infested premises and treatment or destruction of infested plants and other material to agricultural lands and agricultural business premises.

Under the current Soil and Water Resource Management Program, DATCP awards grants to counties to help the counties reduce soil erosion and water pollution. This bill increases the authorized general obligation bonding authority for the Soil and Water Resource Management Program by \$7,000,000.

Under current law, DATCP awards agricultural research and development grants to fund demonstration projects, feasibility analyses, and applied research on new or alternative technologies and practices that will stimulate agricultural development. This bill authorizes DATCP to award grants and provide technical assistance to support preliminary research on potential business enterprises that may increase the value of raw agricultural commodities. The bill provides Indian gaming receipts for the new grant program and for the existing agricultural research and development grant program.

Under current law, a person is subject to a fine or imprisonment if the person violates certain laws enforced by DATCP, including laws relating to the manufacture, distribution, and sale of commercial feed, laws relating to the safety of certain consumer products, and laws relating to hazardous substances. This bill provides that a person who violates any of these laws may be subject to a forfeiture (civil monetary penalty) or to the existing criminal penalties.

Current law provides for a World Dairy Center Authority. The duties of the authority include establishing a center for the development of dairying in the United States and the world. This bill eliminates the World Dairy Center Authority.

COMMERCE AND ECONOMIC DEVELOPMENT**ECONOMIC DEVELOPMENT**

Under this bill, the department of commerce (department) must designate up to 20 areas in the state as technology zones. The department may certify any new

SENATE BILL 55

or expanding high-technology business located in a designated technology zone for a tax credit that is based on the amount of real and personal property taxes that the business paid in the taxable year; the amount of sales and use taxes that the business paid in the taxable year; and the amount of income and franchise taxes that the business paid in the taxable year. A business certified by the department may claim the tax credit for three years, or for up to five years if the business experiences growth to an extent determined by the department, but the total amount that a business may claim is limited by the department, and not more than \$5,000,000 in tax credits may be claimed by all businesses certified in a technology zone.

This bill designates an area in the city of Milwaukee as a development opportunity zone and authorizes up to \$4,700,000 to be claimed in tax credits for economic activity in the zone. The bill also provides that a person conducting economic activity in this new development opportunity zone who would not otherwise be able to claim tax credits may be certified for tax credits if: 1) the economic activity is instrumental in enabling another person to conduct economic activity in the zone that would not have occurred but for the first person's involvement; 2) the department determines that the person being certified for tax credits will pass the benefit of the tax credits through to the other person conducting the economic activity in the zone; and 3) the other person conducting economic activity in the zone does not claim tax credits for the economic activity.

In addition, the bill creates an income tax and franchise tax credit for a business that is certified to receive tax credits in the new development opportunity zone that is equal to 3% of the following: 1) the purchase price of tangible personal property that is used for at least 50% of its use for the business at a location in the zone; and 2) the amount expended to acquire, construct, rehabilitate, remodel, or repair real property in the zone. A business may claim the credit only to offset taxes that are imposed on income that is attributable to the operations of the business in the development zone.

Under the current community-based economic development programs, the department awards grants to counties, cities, villages, towns, and community-based organizations for various purposes related to promoting economic development at the community level. This bill eliminates these programs and creates the New Economy for Wisconsin (NEW) Program. Under NEW, the department may award grants, not exceeding \$100,000 each, to community-based business incubators and nonprofit organizations that provide services to high-technology businesses or that promote entrepreneurship. Grant proceeds may be used only for assisting small businesses (businesses with fewer than 100 employees) in adopting new technologies in their operations, for assisting technology-based small businesses in activities that further technology transfer, or for assisting entrepreneurs in discovering business opportunities.

Under the current Gaming Economic Development Grant and Loan Program, the department may award a grant for professional services, or award a grant or

SENATE BILL 55

make a loan for fixed asset financing, to an existing business in this state if the business has been negatively affected by the existence of a casino and has a legitimate need for the grant or loan to improve profitability. Under the current Gaming Economic Diversification Program, the department may award a grant or make a loan to an existing business in this state for a project that will diversify the economy of a community. Each program is funded with Indian gaming receipts.

Under this bill, start-up businesses, in addition to existing businesses, are eligible for the grants and loans under both programs. The bill adds remediating brownfields (which are abandoned, idle, or underused industrial or commercial facilities or sites that are adversely affected for expansion or redevelopment by actual or perceived environmental contamination) as a project purpose for which grants and loans may be awarded under the Gaming Economic Diversification Program. In addition, the bill authorizes the department to award a grant to the M7 Development Corporation for construction of a multipurpose center at Lincoln Park in the city of Milwaukee and to award grants to the Chippewa Valley Technical College for a health care education center. These grants are paid out of Indian gaming receipts.

Under the current Physician Loan Assistance Program, the department may repay, over a three-year period, up to \$50,000 in educational loans on behalf of a physician who specializes in family practice, general internal medicine, general pediatrics, obstetrics and gynecology, or psychiatry and who agrees to practice at least 32 hours per week for three years in a clinic in one or more eligible practice areas in this state. This bill expands the Physician Loan Assistance Program to include dentists.

Under current law, the department must award grants not exceeding a total of \$900,000 to the city of Milwaukee for a matching grant program administered by the Milwaukee Economic Development Corporation. Under that program, grants are provided to persons for remediation and economic redevelopment projects in the Menomonee valley. Funding comes from Indian gaming receipts. This bill requires the department to make grants in the 2001-03 fiscal biennium directly to the Milwaukee Economic Development Corporation for its matching grant program and to the Menomonee Valley Partners, Inc. Funding comes from Indian gaming receipts. The proceeds of these grants must be used to support job creation and private sector implementation of the Menomonee valley land use plan.

WHEDA currently administers a number of loan guarantee programs under which WHEDA guarantees repayment of a percentage of the outstanding principal amounts of loans made by private lenders to qualified borrowers for various business and agricultural purposes. Most of the loan guarantee programs are backed by funds in the Wisconsin development reserve fund. Each loan guarantee program has a limit on the total outstanding principal amount of all loans that WHEDA may guarantee under the program (guarantee limit). In that way, WHEDA may

SENATE BILL 55

guarantee more loans under a program as the loans already guaranteed under that program are repaid.

The bill eliminates the separate guarantee limit under each of the guarantee loan programs that are backed by the Wisconsin development reserve fund and establishes one overall guarantee limit of \$62,000,000 for all programs backed by that reserve fund. Thus, as loans guaranteed under a program that is backed by the Wisconsin development reserve fund are repaid, WHEDA may guarantee more loans under any of the programs that are backed by that reserve fund.

Current law requires WHEDA to ensure that the cash balance in the Wisconsin development reserve fund is maintained at a ratio of \$1 of reserve funding to \$4.50 of outstanding principal that WHEDA may guarantee under all of its loan guarantee programs, except the cultural and architectural landmark loan guarantee program, under which WHEDA no longer guarantees new loans. This bill changes the ratio at which WHEDA must maintain the Wisconsin development reserve fund to \$1 of reserve funding to \$5.50 of outstanding principal that WHEDA may guarantee under all of the programs guaranteed from the fund, except the cultural and architectural landmark loan guarantee program. The reserve funding ratio for that program remains at \$1 of reserve funding to \$4 of outstanding guaranteed principal.

Currently, under the Small Business Development Loan Guarantee Program, WHEDA may guarantee repayment of up to the lesser of \$200,000 or 80% of the principal of a loan made by a private lender to a small business (a business with 50 or fewer full-time employees) or the elected governing body of a federally recognized American Indian tribe or band in this state. The proceeds of a small business development loan may be used only for expenses associated with the expansion or acquisition of a business or with the start-up of a day care business. This bill adds to the eligible uses of a small business development loan expenses associated with the start-up of a small business in a vacant storefront in the downtown area of a city, town, or village with a population of less than 50,000.

Currently, in each fiscal biennium, the department of tourism may select up to two areas of the state to participate in the Heritage Tourism Program, which entitles an area to assistance in assessing its potential for heritage tourism (tourism that is based on historical or prehistorical resources) and in developing and implementing a plan to increase such tourism. The department of tourism awards grants for promoting heritage tourism in the selected areas to the persons that applied on behalf of the areas. Only one grant may be awarded to an applicant in a fiscal year, and grants may be awarded to an applicant only in two fiscal years.

This bill provides that the two grants that may be awarded to an applicant on behalf of a selected area may be awarded only in the two fiscal years of the fiscal biennium in which the area was selected. The bill also provides that, after the fiscal biennium in which an area was selected, the department of tourism may award grants of up to \$5,000 in a fiscal year to a nonprofit organization that is located in

SENATE BILL 55

the area. A nonprofit organization is eligible for the new grants even if it previously received grants as the applicant on behalf of the area.

Under current law, WHEFA may issue bonds to finance facilities and related structures that are used for post-secondary education. This bill allows WHEFA to issue bonds to finance facilities and related structures that are used for primary and secondary education.

Under the current Brownfields Grant Program, the department of commerce (department) awards grants to persons, municipalities, and local development corporations for redevelopment of brownfields and remediation activities associated with the redevelopment. This bill provides that all of the following are eligible for a brownfields grant: an individual, partnership, limited liability company, corporation, nonprofit organization, city, village, town, county, or trustee, including a trustee in bankruptcy.

Under current law, the department may award up to \$1,000,000 in grants each fiscal year to technology-based nonprofit organizations to provide support for manufacturing extension centers. This bill eliminates the June 30, 2001, expiration date of the Manufacturing Extension Center Grant Program.

COMMERCE***Uniform Electronic Transactions Act***

This bill enacts a version of the Uniform Electronic Transactions Act (UETA), which was approved and recommended for enactment by the National Conference of Commissioners on Uniform State Laws in 1999. Currently, a combination of state and federal laws govern the use of electronic documents and signatures in this state. The most significant federal law in this regard is the Electronic Signatures in Global and National Commerce Act, commonly known as "E-sign." Although E-sign contains provisions that potentially affect the maintenance and destruction of public records and the acceptance of electronic documents by governmental units, E-sign primarily affects the use of electronic documents and signatures in consumer and business transactions.

E-sign generally preempts inconsistent state laws. However, with possible limited exceptions, E-sign does not preempt a state law that constitutes an enactment of the recommended version of UETA. This bill contains only minor, nonsubstantive changes to the recommended version of UETA as necessary to incorporate UETA into the existing statutes. Several provisions of UETA are subject to varying interpretations. Unless otherwise noted, this analysis reflects the interpretation, if any, that is supported by the prefatory note or official comments to the recommended version of UETA.

Like E-sign, the bill primarily affects the use of electronic documents and electronic signatures in transactions. Under the bill's broad definitions, such things as information stored on a computer disk or a voice mail recording would likely qualify for use as an electronic document. However, like E-sign, this bill does not apply to the execution of wills, to testamentary trusts, or to a transaction governed by any chapter of this state's version of the Uniform Commercial Code other than the chapter dealing with sales of goods. Unlike E-sign, this bill may permit the use of

SENATE BILL 55

electronic documents for matters relating to family law; court documents; notices of the cancellation of utility services; certain notices of default, acceleration, repossession, foreclosure, eviction, or the right to cure; certain notices of the cancellation or termination of health insurance or life insurance; and product recall notices.

Like E-sign, this bill specifies that a document or signature may not be denied legal effect or enforceability solely because it is in electronic form. Unlike E-sign, this bill further states that an electronic document satisfies any law requiring a document to be in writing and that an electronic signature satisfies any law requiring a signature. The bill does not require the use of electronic documents or electronic signatures. Rather, the bill applies only to transactions between parties each of which has agreed to conduct transactions by electronic means. However, unlike current law under E-sign, this bill does not contain any protections that specifically apply only to consumer transactions. The consumer protections currently in effect under E-sign would likely have no effect in this state upon the enactment of this bill.

Under this bill, a person may use an electronic document in a transaction to satisfy any law requiring the person to provide, send, or deliver information in writing to another person, if the electronic document satisfies certain conditions. Although the bill also states that a document relating to a transaction may not be denied legal effect solely because it is in electronic form, the bill likely permits a person to deny the legal effect of an electronic document that does not satisfy these conditions. The bill also specifies that, with certain exceptions, a document must satisfy any law requiring the document to be posted or displayed in a certain manner; to be sent, communicated, or transmitted by a specified method; or to contain information that is formatted in a certain manner. Although this provision is subject to varying interpretations, it likely requires the parties to a transaction to comply with any legal requirement relating to the provision of information *other than a requirement that the information be provided on paper*.

The bill establishes the time and location of the sending and receipt of an electronic document, although the parties to a transaction may agree to alter the effect of these provisions. The bill also permits a sender to expressly provide in an electronic document that the document is deemed to be sent from a different location. The bill also establishes the legal effects of any change or error in an electronic document that occurs in a transmission between the parties to a transaction. These effects depend in part upon whether the parties have consented to the use of a security procedure and whether the transaction is an automated transaction involving an individual.

With certain exceptions, this bill permits the use of an electronic document to satisfy any law that requires document retention, as long as the retained information satisfies certain requirements relating to content and accessibility. An electronic document retained in compliance with these provisions has the same legal status as the original document and need not contain any information the sole purpose of which is to enable the document to be sent, communicated, or received. Under current law, this ancillary information is normally required to be retained if the

SENATE BILL 55

document to which it is attached is required to be retained. The bill specifies that the state may enforce laws enacted after this bill that prohibit a person from using an electronic document to satisfy any requirement that the person retain a document for evidentiary, audit, or like purposes. It is unclear, though, what types of retention requirements are enacted for “evidentiary, audit, or like purposes.” The bill also specifies that it does not preclude a governmental unit of this state from imposing additional requirements for the retention of any document subject to its jurisdiction. It is unclear how this provision relates to other provisions of the bill which provide that certain electronic documents satisfy any retention requirement.

Like E-sign, this bill also permits electronic notarization, acknowledgement, or verification of a signature or document relating to a transaction, as long as the electronic signature of the person performing the notarization, acknowledgement, or verification is accompanied by all other information required by law. In addition, like E-sign, this bill contains provisions potentially affecting the maintenance and destruction of public records. However, this potential effect is less likely to occur under this bill, if the scope of the UETA provisions is interpreted to be consistent with the prefatory note and comments to the recommended version of UETA. The bill also clarifies an ambiguity in current law under E-sign by authorizing a person to submit an electronic document or signature to a governmental unit only if the governmental unit consents.

Universal banking

This bill allows a savings bank, a savings and loan association, and a state bank (a financial institution) to become certified by the division of banking in DFI as a universal bank. If certified as a universal bank, the financial institution may exercise certain additional powers.

In order to be certified as a universal bank, a financial institution must be chartered or organized, and regulated, as a Wisconsin financial institution and be in existence and continuous operation for at least three years; must be well-capitalized; must not exhibit moderately severe or unsatisfactory financial, managerial, operational, and compliance weaknesses; and must not have been the subject of any enforcement action within the 12 months preceding the application. In addition, the most recent evaluation of the financial institution under the federal Community Reinvestment Act must rate the financial institution as outstanding or satisfactory at helping to meet the credit needs of its entire community. Also, the most recent evaluation of the financial institution under certain federal laws relating to customer privacy must indicate that the financial institution is in substantial compliance with those federal laws. A financial institution that the division of banking certifies as a universal bank retains its original status and remains subject to all of the laws that applied to the financial institution prior to its certification as a universal bank, except to the extent that such laws are inconsistent with the powers and duties of universal banks. The bill expands the powers of a financial institution that becomes certified as a universal bank to include any activity authorized for any savings bank, savings and loan association, or state bank.

SENATE BILL 55

The bill permits a universal bank, with the approval of the division of banking, to exercise all powers that may be exercised directly by a national bank, a federally chartered savings bank, or a federally chartered savings and loan association. The division of banking may require a universal bank to exercise a federal power through a subsidiary, in order to limit the risk of exposure of the universal bank. In addition, the bill permits a universal bank, with the approval of the division of banking, to exercise through a subsidiary all powers that a subsidiary of these federal financial institutions may exercise.

The bill permits a universal bank to deal in loans or extensions of credit for any purpose. Like state banks, the limitations imposed on a universal bank's lending generally focus on the total amount of liabilities of any one lender at any one time. Although the limit varies, the general rule is that the total liabilities of any one person to a universal bank may not exceed 20% of the capital of the universal bank. In addition, the bill grants a universal bank additional authority to lend an aggregate amount to all borrowers not to exceed 20% of the bank's capital. The division of banking may suspend this additional authority based upon factors including the universal bank's capital adequacy, management, earnings, liquidity, and sensitivity to market risk. The bill prohibits a universal bank, in determining whether to make a loan or extension of credit, from considering any health information obtained from the records of an affiliate of the universal bank that is engaged in the business of insurance, unless the person to whom the health information relates consents.

The bill permits a universal bank to purchase, sell, underwrite, and hold, to the extent consistent with safe and sound banking practices, certain investment securities in an amount up to 100% of the universal bank's capital. A universal bank may not invest greater than 20% of its capital in any one obligor or issuer. Subject to certain limits the bill also allows a universal bank to purchase, sell, underwrite, and hold equity securities. Universal banks may also invest in certain housing properties and projects and profit-participation projects. The bill provides that a universal bank also may invest without limitation in several specific types of securities. The universal bank may invest in risk management instruments, including financial futures transactions, financial operations transactions, and forward commitments, solely for the purpose of reducing, hedging, or otherwise managing its interest rate risk exposure. In addition, a universal bank may invest in other financial institutions. However, the bill contains specific provisions governing the purchase by a universal bank of its own stock and of stock in banks and bank holding companies.

The bill permits a universal bank to establish the types and terms of deposits that the universal bank solicits and accepts. A universal bank may pledge its assets as security for deposits and, with the approval of the division of banking, may securitize its assets for sale to the public. In addition, a universal bank may exercise certain safe deposit and trust powers.

The bill permits a universal bank to exercise all powers necessary or convenient to effect the purposes for which the universal bank is organized or to further the businesses in which the universal bank is lawfully engaged. In addition, the bill

SENATE BILL 55

permits a universal bank to engage in activities that are reasonably related or incident to the purposes of the universal bank. Under the bill, any activity permitted under the federal Bank Holding Company Act satisfies the reasonably related or incidental criterion. The bill also contains a list of specific activities that meet the reasonably related or incidental criterion. The listed activities include: real estate-related services; insurance services, other than insurance underwriting; securities brokerage; investment advice; securities and bond underwriting; mutual fund activities; financial consulting; and tax planning and preparation. A universal bank may also engage in activities that the division of banking determines by rule are reasonably related or incidental to these listed activities. In addition, the division of banking, by rule, may determine that other activities are reasonably related or incidental activities. In promulgating these rules, the division of banking need not follow the standard notice, hearing, and publication requirements that generally apply to administrative rule making.

Credit unions

This bill expands the pool of individuals, organizations, and associations that are eligible for membership in a credit union. Under the bill, credit union membership is open to individuals who reside or are employed in well-defined, contiguous neighborhoods and communities, except that, if the office of credit unions determines, subsequent to a merger, that it is inappropriate to require the members of a credit union to reside or be employed in contiguous neighborhoods and communities, the requirement does not apply. In addition, membership is open to individuals who reside or are employed in well-defined, contiguous rural districts or multicounty regions. The bill also opens credit union membership to any organization or association that has its principal business location within any geographic limits of the credit union's field of membership. The bill also permits a credit union to accept any organization or association as a member if a majority of the directors, owners, or members of the organization or association are eligible for membership.

Under current law, if the need exists, a credit union may establish branch offices within this state or no more than 25 miles outside of this state. In addition, under current law regarding interstate mergers and acquisitions of credit unions, a credit union organized in this state may only merge with, acquire, or be acquired by a state or federal credit union that has its principal office in Illinois, Indiana, Iowa, Kentucky, Michigan, Minnesota, Missouri, or Ohio. This bill expands the authority of a credit union to establish branch offices. Under the bill, with the permission of the office of credit unions, a credit union may establish branch offices anywhere inside or outside of this state. In addition, the bill repeals this geographic limitation on mergers and acquisitions of credit unions.

Current law does not specifically permit a credit union organized under the laws of another state (non-Wisconsin credit union) to establish a branch office in this state. This bill specifies that a non-Wisconsin credit union may establish a branch office in this state if the office of credit unions finds that certain conditions apply to the non-Wisconsin credit union.

SENATE BILL 55

Under current law, subject to certain limitations, a credit union may invest in an organization that is organized primarily to provide goods and services to credit unions, credit union organizations, and credit union members (credit union service organization). Under current law, a credit union may invest in a credit union service organization that is a corporation. Current law specifies the services that a credit union service organization may provide. This bill permits a credit union to invest in a credit union service organization that is a corporation, limited partnership, limited liability company, or any other entity that is permitted under state law and that is approved by the office of credit unions. The bill also permits the office of credit unions to increase the maximum amount that a credit union may invest in a credit union service organization. In addition, the bill expands the types of services that a credit union service organization may provide to include electronic transaction services.

This bill expands the authority of a credit union to act as a trustee, allowing a credit union, to the extent permitted by federal law, to act as a trustee or custodian of member tax deferred retirement funds, individual retirement accounts, medical savings accounts, and other employee benefit accounts or funds. In addition, the bill allows a credit union, to the extent permitted by federal law, to act as a depository for member qualified and nonqualified deferred compensation funds.

Current law contains several credit union reporting requirements and, with certain exceptions, requires the office of credit unions to annually examine the records and accounts of each credit union. The employees of the office of credit unions and members of the credit union review board must keep information obtained in the course of examinations confidential, with limited exceptions. A violation of this confidentiality requirement is subject to a forfeiture (civil penalty) of up to \$200. This bill creates a crime for certain disclosures of information by any employee of the office of credit unions or member of the credit union review board and creates a crime for knowingly falsifying certain credit union reports or statements.

This bill requires credit unions to comply with certain federal laws relating to customer financial privacy and requires the office of credit unions to examine credit unions for compliance with these federal laws.

Alcohol beverages

Under the current Fair Dealership Law, which applies to most types of product distributors, a wholesaler of fermented malt beverages that operates under a contract or agreement, expressed or implied, with a brewer (known as the grantor) for distribution of a brewer's products, and that maintains a "community of interest" (i.e., a sufficiently close continuing financial interest) with the brewer, is considered a dealer. A brewer may not terminate, cancel, fail to renew, or substantially change in terms of competitive circumstances a dealer's distribution rights without good cause. A brewer that does so may be held liable, and injunctive relief preventing the brewer's actions may be obtained. Good cause means failure by the dealer to comply substantially with essential and reasonable requirements imposed upon the dealer by the brewer, which requirements are not discriminatory as compared to their application by the brewer to other similarly situated dealers. Good cause also means bad faith by the dealer in carrying out the brewer's distribution business.

SENATE BILL 55

Under this bill, a fermented malt beverages wholesaler that does not maintain a “community of interest” with a brewer may still be a dealer of the brewer, such that the wholesaler’s product distribution rights may not be terminated by the brewer without good cause. The bill also requires that, if a fermented malt beverages wholesaler’s authorization to distribute products is terminated in whole or in part by a brewer (even for good cause), any succeeding fermented malt beverages wholesaler must compensate the terminated wholesaler for the fair market value of the distributorship that was terminated by the brewer. An exception exists if the terminated wholesaler was terminated by the brewer because the terminated wholesaler: engaged in material fraudulent conduct or made material and substantial misrepresentations in its dealings with the brewer or others; was convicted of a felony substantially related to operation of the dealership; or knowingly distributed products outside the territory authorized by the brewer. Disputes regarding the amount of compensation owed by a succeeding wholesaler to a terminated wholesaler must be mutually resolved between the parties or resolved through binding arbitration through a nationally recognized arbitration association.

Under current law, with certain exceptions, the outright sale, transfer, or assignment of a license to sell alcohol beverages at retail is illegal and unenforceable. However, current licensees or permittees at times agree to surrender to the issuing authority their license or permit for a premises upon promise of payment by another party if the surrender results in the other party being awarded the liquor license or permit for the premises. This bill prohibits municipalities and DOR from issuing to an applicant a retail license or permit to sell alcohol beverages if the premises described in the application is already covered by a current license or permit of the same kind unless each fermented malt beverage wholesaler to whom the current licensee or permittee is indebted is first notified that another person has applied for a license or permit for the same premises.

Under current law, a person who holds a security interest in alcohol beverages may, without a license or permit, sell alcohol beverages. This bill requires that a sale of fermented malt beverages by a secured party be made within 30 days after the secured party takes possession of the fermented malt beverages unless the secured party demonstrates good cause why this time period is insufficient to make a sale that is commercially reasonable or in conformity with the parties’ security agreement.

Under current law, any person who ships fermented malt beverages from out-of-state to this state must hold an out-of-state shippers’ permit, which authorizes the permittee to ship fermented malt beverages only to licensed wholesalers within the state. This bill requires DOR to issue a written warning for an out-of-state shipper’s first violation, and increases the penalty for any subsequent violation.

SENATE BILL 55

Current law generally prohibits any brewer or wholesaler of fermented malt beverages from furnishing anything of value to a retailer of fermented malt beverages. A number of exceptions to this prohibition exist. One exception allows brewers and wholesalers to give to any fermented malt beverage retailer, for placement inside the premises, signs, clocks, or menu boards with an aggregate value of not more than \$150. This bill increases the aggregate limit on the value of signs, clocks, or menu boards from \$150 to \$2,500 during any calendar year. The bill also allows a brewer or wholesaler to provide signs made from plastic, vinyl, or other materials with a limited useful life without limitation on the aggregate value of these signs. The bill further increases the allowable business entertainment value limit from \$75 per day to \$500 per day and limits the number of days to not more than 12 in a calendar year.

Another exception allows a brewer or wholesaler to purchase advertising from a national or statewide trade association of retailers. This bill allows a brewer or wholesaler to purchase advertising from an advertising agency or media company to promote brewer or wholesaler sponsored sweepstakes, contests, or promotions on the premises of retailers if the promotional material includes at least five unaffiliated retailers and if the retailer on whose premises the sweepstakes, contest, or promotion will occur does not receive compensation for hosting the event. The bill also allows a brewer or wholesaler to conduct its own sweepstakes, contest, or promotion on the premises of a retailer if these same conditions are satisfied.

Another exception allows a brewer that produces 350,000 or more barrels of fermented malt beverages annually to make contributions to national or statewide trade associations of retailers. This bill allows any brewer or wholesaler to make contributions to national, statewide, or local trade associations of retailers. This would include allowing brewers or wholesalers to join local tavern leagues.

Administrative dissolution of limited liability company

This bill authorizes DFI to administratively dissolve a limited liability company if any of the following occur: the limited liability company does not pay, within one year, any fees or penalties due DFI; the limited liability company is without a registered agent or registered office in this state for at least one year; and the limited liability company does not notify DFI within one year that its registered agent or registered office has been changed, that its registered agent has resigned, or that its registered office has been discontinued.

Unclaimed property

Under Wisconsin's version of the Uniform Unclaimed Property Act (UUPA), certain types of property are presumed to be abandoned if the owner of the property fails to take steps to evidence ownership within a specified time period (dormancy period). With certain limited exceptions, the holder of property that is presumed to be abandoned must report and deliver the property to the state treasurer every other year. With certain limited exceptions, the treasurer must sell the property within three years after the date on which the treasurer receives the property. If the property is a security other than a stock (for example, a stock option or an interest

SENATE BILL 55

in a limited partnership), the treasurer must hold the security for at least one year before selling it, unless it is in the best interest of the state to do otherwise. Except for amounts sufficient to cover possible claims and the treasurer's administrative expenses, the treasurer currently deposits the clear proceeds of the sale of delivered property in the school fund.

Persons claiming an interest in any abandoned or unclaimed property delivered to the treasurer may file a claim with the treasurer to obtain the property. If a claim is allowed, the treasurer generally must deliver the property to the claimant or pay the claimant the amount the treasurer actually received or the net proceeds of the sale of the property, plus certain amounts for dividends or interest accruing to the property. However, if the claim is for any property other than a stock and if the treasurer sold the property within three years after the date on which the treasurer received the property, the treasurer must pay the claimant the value of the property at the time the claim was filed or the net proceeds of the sale, whichever is greater. This alternate method of valuation also applies if the claim is for a stock that the treasurer sold within three years after the date of receipt, as long as the claim is filed within that three-year period.

With certain limited exceptions, this bill requires annual reporting and delivery of unclaimed property to the state treasurer. The bill also shortens from seven years to five the dormancy period that applies to a stock or other intangible ownership interest in a business association. The bill establishes a single procedure that applies to the sale of all abandoned securities delivered to the treasurer, which requires the treasurer to hold the securities for at least one year before selling them, unless it is in the best interest of the state to do otherwise. In addition, the bill deletes the alternate method of valuation that applies to property, including stocks, sold within three years after the date on which the treasurer received the property. Thus, under this bill, the treasurer's liability for any claim is generally limited to delivery of the applicable abandoned or unclaimed property or payment of the amount the treasurer actually received or the net proceeds of the sale of the property, plus certain amounts for dividends or interest accruing to the property.

Telemarketing

This bill creates three prohibitions regarding telephone solicitations, which are unsolicited telephone calls encouraging a person in this state to purchase property, goods, or services. First, the bill prohibits an employee of a professional telemarketer from using a blocking service that withholds from the recipient of the call the name or telephone number associated with the telephone line used to make the call. A professional telemarketer is any business with employees whose primary duty is to make telephone solicitations.

Second, the bill prohibits an employee of a professional telemarketer from making a telephone solicitation to a person who has provided notice to the professional telemarketer that the person does not want to receive telephone solicitations.

Third, the bill prohibits an employee of a professional telemarketer from making a telephone solicitation unless, when initiating the telephone conversation,

SENATE BILL 55

the employee discloses each the following: 1) the employee's name; 2) the identity of the person selling the property, goods, or services for whom the telephone solicitation is being made; and 3) the purpose of the call.

In addition, the bill makes changes to a prohibition under current law against any person using a prerecorded message in a telephone solicitation without the consent of the person called. Under this bill, the prohibition applies to any employee of a professional telemarketer, instead of any person.

Securities agents

With certain exceptions, current law prohibits a person from engaging in the business of banking without being organized and chartered as a national bank, state bank, or trust company bank. Certain agents who receive and hold money, pending investment in real estate or securities on behalf of the person who deposited the money, are not engaged in the business of banking and are therefore exempt from regulation. However, this exemption applies only if the agent keeps the money in a separate trust fund, does not mingle the money with the agent's own property, and does not agree to pay interest on the money other than to account for the actual income that is derived from the money while held pending investment.

This bill expands this exemption to include an agent who receives and holds money, pending investment in real estate or securities on behalf of the person who deposits the money regardless of whether the money is separately kept and regardless of whether the agent agrees to pay interest on the money. Thus, under this bill, an agent may pay interest on money that the agent receives and holds, pending investment in real estate or securities on behalf of the person who deposited the money.

Wisconsin Consumer Act

Under current law, a transaction in which a consumer is granted credit in an amount of \$25,000 or less and which is entered into for personal, family, or household purposes (consumer credit transaction) is generally subject to the Wisconsin Consumer Act. The Wisconsin Consumer Act provides obligations, remedies, and penalties that current law generally does not require for other transactions. With certain limited exceptions, any person who makes or solicits consumer credit transactions in this state must register with DFI. A person who is subject to this registration requirement must pay a registration fee, unless the average outstanding monthly balance of all consumer credit transactions that the person entered into in this state is \$250,000 or less. Currently, the minimum fee is \$25 and the maximum fee is \$1,500 or 0.005% of the average monthly outstanding balance, whichever is less.

Under this bill, a person is exempt from the annual registration requirement, and the annual registration fee, if the person's year-end balance is \$250,000 or less, although the person still must make an initial registration and pay an initial registration fee. This bill also deletes the statutory minimum and maximum

SENATE BILL 55

registration fees and requires DFI to set registration fees by rule, based upon the existing, specified criteria.

BUILDINGS AND SAFETY***Fire dues program***

Under current law, an eligible city, village, or town (municipality) may receive a grant from the department of commerce to purchase fire protection equipment, to provide fire inspection services and public education, to train fire fighters and fire inspectors, and to fund certain accounts established for the benefit of fire fighters (fire dues program). The fire dues program is funded from a percentage of certain insurance premiums.

This bill makes numerous changes and clarifications to the fire dues program. With certain exceptions, in order for a municipality to be eligible to receive a grant from the fire dues program, the chief of the municipal fire department currently must provide a fire inspection for every public building and place of employment in the fire department's territory. Under the bill, a municipality may be eligible to receive a grant if the municipality ensures that at least 95% of the required fire inspections are provided for in the municipality and if the municipality certifies to the department of commerce that these inspections were provided. It is unclear under current law whether certain fire dues program eligibility requirements and fire safety laws apply to a municipality or to a fire department that provides services to a municipality. In general, the bill specifies that the fire dues program eligibility requirements apply to a municipality rather than to a fire department. In addition, the bill requires a municipality to ensure that certain fire safety laws, such as those requiring fire inspections, that apply to a fire department, a fire chief, or other designated individuals, are followed in the municipality.

Fire safety laws

Current law generally requires the chief of each municipal fire department to comply with certain fire safety laws relating to fire inspections and fire safety education. This bill authorizes the department of commerce to create the Fire Safety and Injury Prevention Education Program. In addition, the bill makes numerous changes and clarifications to the fire safety laws. Among other things, the bill expands the department of commerce's authority with regard to fire safety to include jurisdiction over and supervision of all buildings, structures, premises, and public thoroughfares in this state for the purpose of administering all laws relating to fire inspections, fire prevention, fire detection, and fire suppression. In addition, the bill authorizes the department of commerce to enter a private dwelling, with the consent of the owner or renter, in order to verify the proper installation and maintenance of smoke detectors and fire suppression devices, such as fire sprinklers.

Manufactured building code enforcement

Under current law, the department of commerce administers the manufactured building code to ensure that minimum standards are met for the manufacture and

SENATE BILL 55

installation of manufactured buildings as dwellings. Currently, a city, village, town, or county (municipality) may, with the approval of the department of commerce, enact an ordinance to enforce the manufactured building code with regard to the installation of manufactured buildings as dwellings in the municipality. A county ordinance applies in any city, village, or town within the county that has not adopted ordinances to enforce the manufactured building code, unless the city, village, or town is exempt from administration of the manufactured building code. Currently, any small municipality (city, village, or town with a population of 2,500 or less) is exempt from administration of the manufactured building code. Generally, inspections must be performed to enforce the manufactured building code in a municipality.

This bill removes the requirement that a municipality obtain department of commerce approval before enacting an ordinance to enforce the manufactured building code with regard to the installation of manufactured buildings as dwellings in the municipality. In addition, this bill creates new requirements relating to the administration of the manufactured building code in small municipalities. Under this bill, a small municipality may do any of the following:

1. Enact an ordinance to enforce the manufactured building code, either independently or jointly with another municipality, with regard to the installation of manufactured buildings as dwellings in the small municipality.

2. Adopt a resolution requesting the appropriate county to enforce the manufactured building code with regard to the installation of manufactured buildings as dwellings in the municipality.

3. Adopt a resolution not to exercise either of the above options, in which case the small municipality is exempt from administration of the manufactured building code.

4. Take no action, in which case the department of commerce must enforce the manufactured building code throughout the municipality.

CORRECTIONAL SYSTEM**ADULT CORRECTIONAL SYSTEM**

Under current law, any person who is serving a sentence, other than a life sentence, for a felony that was committed before December 31, 1999, may be paroled after serving 25% of his or her sentence. The parole commission makes the decision as to when the person actually is paroled. Currently, any person who is serving a sentence, other than a life sentence, for a felony that was committed on or after December 31, 1999, is sentenced to prison and to extended supervision for a specific time determined by the court.

This bill allows the secretary of corrections to release a prisoner eligible for parole or extended supervision before the end of his or her mandatory time of imprisonment if the prisoner is seriously or terminally ill. Under the bill, the prisoner may be released if the secretary determines that the inmate's release would not pose a risk of harm to any person and that the inmate's health care costs are likely to be paid by the federal medicare program, a veteran's program, medical assistance,

SENATE BILL 55

or another federal or state medical program, or by the inmate. The bill requires DOC to promulgate rules regarding eligibility for, and revocation from, this program.

Under current law, if a person violates a requirement of parole or extended supervision, DOC may return the person to prison. Current law also permits DOC to take a person into custody if DOC alleges that the person has violated a condition or rule relating to parole. This bill specifies that DOC may also take a person under extended supervision into custody if DOC alleges that the person has violated a condition or rule relating to extended supervision. In addition, the bill specifies how to calculate the amount of time remaining on a bifurcated sentence for purposes of determining the maximum amount of time for which a person may be returned to prison after a violation of extended supervision and the length of the term of extended supervision that the person must serve thereafter.

Under current law, the person in charge of a state correctional institution is required to notify an inmate's relative of the inmate's death. Currently, DOC is also required to provide the relative with written notification that, upon request, DOC will provide the relative with a copy of any autopsy or any report or information regarding the inmate's death.

Under current law, if the district attorney has notice that the death of a person may be the result of homicide or suicide, or may have occurred under unexplained or suspicious circumstances, the district attorney may order an inquest to determine the cause of the person's death. The coroner or medical examiner is required to notify the district attorney of a suspicious death and may request that the district attorney order an inquest regarding that death. The district attorney may then order an inquest or may request that the coroner or medical examiner conduct a preliminary examination for the district attorney. If the district attorney does not order an inquest, under current law the coroner or medical examiner may petition the circuit court to order an inquest.

Under this bill, the coroner or medical examiner is required to conduct an autopsy of every individual who dies while he or she is in the legal custody of DOC and is an inmate in a correctional facility located in this state. If the coroner or medical examiner determines that the person's death was the result of any of the circumstances that could result in the district attorney ordering an inquest, the bill requires the coroner or medical examiner to notify the district attorney and request an inquest.

If an individual dies while he or she is in the legal custody of DOC and confined to a correctional facility in another state under a contract with DOC, the bill requires DOC to have an autopsy performed on the individual. Under the bill, the autopsy must be performed by either a coroner or medical examiner of the county from which the individual was sentenced or by an appropriate authority in the other state. If a coroner or medical examiner of the county from which the individual was sentenced determines that the individual's death may have been the result of any of the circumstances that would permit the district attorney to order an inquest, a copy of

SENATE BILL 55

the results of the autopsy must be sent to the appropriate authority in the other state. The bill requires DOC to pay the costs of an autopsy.

This bill gives DOC authority to establish medium security correctional institutions at Redgranite and New Lisbon. Funding for the building of these institutions was included in the state building program in the 1997 budget act.

The bill also specifies that any correctional institution that has been constructed by a private person and leased or purchased by the state for use by DOC is a state prison and names the medium security penitentiary located near Black River Falls the "Jackson Correctional Institution."

This bill increases the number of members of the parole commission from six to eight until June 30, 2003. After that date, the parole commission reverts back to six members. The parole commission determines if a person may be released on parole from an adult correctional facility. The chairperson of the parole commission appoints the other members of the parole commission.

Under current law, DOC may require a prisoner in a correctional institution to pay a deductible, a copayment, coinsurance, or a similar charge if the prisoner receives medical or dental care and the prisoner earns wages while he or she resides in the correctional institution. Currently, DOC may exempt or waive the payment of those charges under criteria that DOC establishes by rule. This bill deletes the requirement that the prisoner must earn wages while he or she resides in the correctional institution before he or she may be required to pay a deductible, a copayment, coinsurance, or a similar charge.

Under current law, as interpreted in *State ex rel. Speener v. Gudmanson*, 234 Wis. 2d 461 (2000), the definition of "correctional institution" for purposes of the laws relating to prisoner litigation does not include an out-of-state jail. As a result of that decision, persons who are in the custody of DOC and placed in a jail or prison that is located outside of this state are not subject to the requirements of the laws relating to prisoner litigation. This bill overrides that decision by defining a "prisoner" for purposes of prisoner litigation to include any person who is incarcerated, imprisoned, or otherwise detained and who is in the custody of DOC or of the sheriff, superintendent, or other keeper of a jail or house of corrections. All persons who are placed in a jail or prison outside this state by DOC are in the custody of DOC.

Under current law, until July 1, 2001, DOC may operate the juvenile correctional facility at Prairie du Chien as a state prison for nonviolent offenders who are not more than 21 years of age. This bill extends that authority to July 1, 2003.

JUVENILE CORRECTIONAL SYSTEM

Under current law relating to community youth and family aids, generally referred to as "youth aids," DOC is required to allocate various state and federal moneys to counties to pay for state-provided juvenile correctional services and local

SENATE BILL 55

delinquency-related and juvenile justice services. DOC charges counties for the costs of services provided by DOC according to per person daily cost assessments specified in the statutes. Currently, those assessments include assessments of \$154.08 for care in a juvenile correctional facility or a treatment facility, \$76.71 for corrective sanctions services, and \$18.62 for aftercare services. This bill increases those assessments for fiscal year 2001-02 to \$171.16 for care in a juvenile correctional facility or a treatment facility, \$82.89 for corrective sanctions services, and \$23.25 for aftercare services and for fiscal year 2002-03 to \$176.06 for care in a juvenile correctional facility or a treatment facility, \$84.87 for corrective sanctions services, and \$23.80 for aftercare services. The bill also eliminates statutorily set assessments for care in a child caring institution, group home, foster home, or treatment foster home.

Under current law, a court assigned to exercise jurisdiction under the juvenile justice code (juvenile court) may place a juvenile ten years of age or over who has committed a Class A felony, which is a crime punishable by life imprisonment if committed by an adult, or may place a juvenile 14 years of age or over who has committed a Class B felony, which is a crime punishable by imprisonment for 60 years if committed by an adult, in the Serious Juvenile Offender Program (SJOP) if the juvenile court finds that the only other disposition that would be appropriate for the juvenile would be placement in a juvenile secured correctional facility. The SJOP contains various component phases for its participants, including placement in a juvenile secured correctional facility or, if the participant is 17 years of age or over, an adult prison. The SJOP also includes a component phase of intensive or other field supervision, including juvenile corrective sanctions supervision, juvenile aftercare supervision or, if the participant is 17 years of age or over, adult intensive sanctions supervision. Also, under current law, DOC may transfer a juvenile who is placed in a juvenile secured correctional facility to the Racine Youthful Offender Correctional Facility, which is a medium security adult correctional institution for offenders 15 to 21 years of age, if the juvenile is 15 years of age or over and the conduct of the juvenile in the juvenile secured correctional facility presents a serious problem to the juvenile or others.

The Wisconsin supreme court recently held, however, in *State of Wisconsin v. Hezzie R.*, 219 Wis. 2d 849 (1998), that subjecting a juvenile who has no right to a trial by jury under the juvenile justice code to placement in an adult prison violates the juvenile's constitutional right to a trial by jury because placement in an adult prison constitutes criminal punishment rather than juvenile rehabilitation. Accordingly, this bill eliminates the authority of DOC to transfer a juvenile who has been adjudicated delinquent to an adult prison, including the Intensive Sanctions Program, which is defined in the statutes as a state prison.

Current law contains conflicting provisions relating to the age under which a juvenile who has been sentenced to an adult prison (juvenile prisoner) must be placed in a juvenile secured correctional facility and the age at which a juvenile prisoner may be transferred to an adult prison. One provision requires DOC to keep juvenile

SENATE BILL 55

prisoners under 15 years of age in a juvenile secured correctional facility, another provision requires DOC to keep juvenile prisoners under 16 years of age in a juvenile secured correctional facility, and another provision does not permit DOC to transfer a juvenile prisoner to an adult prison until the juvenile attains 17 years of age. This bill provides a uniform age of 15 years at which DOC may transfer a juvenile prisoner to an adult prison.

Under current law, a participant in the SJOP who has committed a Class A felony may be placed in a juvenile secured correctional facility or an adult prison until the participant has reached 25 years of age and a participant in the SJOP who has committed a Class B felony may be placed in such a facility or prison for not more than three years. This bill permits the juvenile court to extend the period for which a participant in the SJOP may be placed in a juvenile secured correctional facility for not more than an additional two years if the juvenile court finds that the participant is in need of the supervision, care, and rehabilitation that a placement in a juvenile secured correctional facility provides and that public safety considerations require that the participant be placed in such a facility. The bill also permits DOC to extend the period for which a participant in the SJOP may be placed in a juvenile secured correctional facility for not more than an additional 30 days without a hearing, unless DOC provides for a hearing by rule. In addition, the bill specifies that a 30-day extension under the bill does not preclude a two-year extension under the bill, and vice versa.

Under current law, a juvenile may be taken into custody under circumstances in which a law enforcement officer believes, on reasonable grounds, that the juvenile has violated the terms of supervision ordered by the juvenile court or the terms of aftercare supervision administered by DOC or a county department of human services or social services (county department). A juvenile who has been taken into custody on that ground may be held in custody if probable cause exists to believe that the juvenile will run away so as to be unavailable for proceedings of the juvenile court or proceedings for revocation of aftercare supervision. This bill permits a juvenile who has violated a condition of the juvenile's placement in a Type 2 secured correctional facility or a Type 2 child caring institution (Type 2 CCI) or a condition of the juvenile's participation in the Intensive Sanctions Program to be taken into custody by a law enforcement officer and held in custody if the juvenile is at risk of running away so as to be unavailable for action by DOC or a county department relating to that violation.

Type 2 secured correctional facilities consist of the Corrective Sanctions Program, under which DOC places a juvenile in the community and provides the juvenile with intensive surveillance and community-based treatment services, the SJOP, and CCIs that DOC has designated as Type 2 secured correctional facilities for the placement of certain juveniles who have been adjudged delinquent. Similarly, Type 2 CCIs consist of CCIs that DOC has designated for the placement of certain juveniles who have been adjudged delinquent and placed under the supervision of a county department. The Intensive Supervision Program is a program under which

SENATE BILL 55

a juvenile is placed in the community and the county department provides the juvenile with intensive surveillance and community-based treatment services.

Under current law, DOC must provide a juvenile boot camp program for juveniles who have been adjudged delinquent and placed under the supervision of DOC. This bill eliminates that program.

Currently, DOC must provide an average of \$3,000 per year per slot to purchase community-based treatment services for each participant in the Corrective Sanctions Program. This bill requires DOC to provide an average of *not more than* \$3,000 per year per slot to purchase those services.

COURTS AND PROCEDURE**PUBLIC DEFENDER**

Under current law, the state public defender may not provide legal services or assign an attorney to an adult in a criminal case if the adult is not in custody and has not been charged with a crime. Likewise, the state public defender may not provide legal services or assign an attorney to a child in a juvenile case if the child is not in custody and is not yet subject to a proceeding under the children's code or the juvenile justice code in which an attorney must or may be appointed. This bill eliminates both of those prohibitions.

Under current law, judges may sentence misdemeanor offenders to pay a fine not to exceed \$10,000 or to serve up to nine months in jail, or both, for each criminal violation classified as a misdemeanor. This bill directs the public defender board, in conjunction with the director of state courts and the Wisconsin District Attorneys Association, to submit to DOA by July 1, 2002, a proposal recommending alternative charging and sentencing options for misdemeanor offenders and, if DOA approves the proposal, to implement the portions of the proposal that do not require changes to state law. The bill permits DOA to earmark up to \$2,000,000 in fiscal year 2002-03 for implementation of portions of the proposal approved by DOA.

CIRCUIT COURTS

Under current law, if a court knows that a person, including one charged with a crime, subject to juvenile court proceedings, or subject to mental health proceedings, is unable to communicate and understand English because of a language difficulty or a disability, the court must tell the person that he or she has the right to an interpreter. If the person is indigent, the court must provide an interpreter at the public's expense. Current law also allows courts to use interpreters in other court proceedings and allows agencies to use interpreters in contested cases.

Under this bill, the court must provide a qualified interpreter to those persons who are eligible for an interpreter. A "qualified interpreter" is one who is able to readily communicate with the person, translate the meaning of statements to and from English in the court-related proceedings, and accurately interpret, in a manner that conserves the meaning, tone, and style of the original statement. Under the bill,

SENATE BILL 55

the clerk of court may provide a qualified interpreter to assist a person with limited English proficiency when that person asks the court for assistance regarding a legal proceeding, such as how to bring an action to obtain a domestic abuse injunction. The bill allows a person with limited English proficiency to waive the appointment of an interpreter if the court determines on the record that the waiver has been made knowingly, intelligently, and voluntarily, and allows the person to retract that waiver at any time during the court proceedings for good cause.

Currently, a special prosecution fee of \$2 is collected by the Milwaukee County clerk of circuit court whenever a circuit court fee is imposed in civil actions to pay the costs of clerks in Milwaukee County in violent crime cases and cases involving felony drug violations. This bill deletes this fee.

OTHER COURTS AND PROCEDURE

Current law prohibits trial, conviction, and sentencing of a person accused of committing an offense if the person lacks sufficient mental capacity to understand the proceeding and to assist in his or her own defense. If there is reason to doubt a person's mental capacity, the court presiding over the proceeding must appoint a mental health expert to examine the defendant. Current law requires that DHFS provide \$484,300 annually to Milwaukee County to pay for competency examinations in that county.

This bill eliminates the designation of Milwaukee County as the recipient agency of DHFS funding for competency examinations, leaving DHFS discretion to select the recipient agency or agencies. The bill also removes the specification of a dollar amount that DHFS must provide for competency examinations in Milwaukee County.

Under current law, if there are no heirs of a decedent in an intestate estate (an estate in which the decedent did not leave a will), or if a legacy or distributive share in an estate cannot be paid to the distributee or is not claimed by the distributee within 120 days after entry of the final judgment, the property escheats to the state and is paid or delivered to the state treasurer (treasurer). The treasurer must publish notice in the official state newspaper with information concerning the estate and the escheated property. Within ten years after the notice is published, a person may make a claim against the escheated property by filing a petition with the probate court that settled the estate and sending copies of the petition to DOR and the attorney general. If the person establishes his or her claim in a court hearing, the court certifies the claim to DOA, which audits the claim; issues an order for any death tax due; and issues an order distributing the estate. The treasurer pays the claim.

Under this bill, the treasurer must publish a notice regarding escheated property at least annually (current law specifies no time requirement); a person filing a petition with the probate court must send a copy of the petition to the treasurer, instead of to DOR; the court is no longer required to certify a claim to DOA, which is no longer required to audit claims; and the court is no longer required to issue an order for any death tax due.

SENATE BILL 55

The bill also provides a new, optional procedure for making a claim against escheated property that does not exceed \$5,000. Rather than filing a petition with the probate court, a person claiming such property may, within ten years after publication by the treasurer of notice regarding the estate and the escheated property, file a claim with the treasurer. If the treasurer allows the claim, the treasurer files written notice of the allowed claim, as well as written consent of the attorney general, with the probate court, which must issue an order requiring the treasurer to pay the claim. If the treasurer disallows a claim or does not act on a claim within 90 days after it is filed, the person who filed the claim may file an action in the probate court that settled the estate to establish the claim.

Under current law, DATCP administers, investigates, and enforces certain consumer protection and trade practice laws and prosecutes violations of these laws. A person found to have violated one of these laws may be subject to a forfeiture (civil monetary penalty) or a fine. If a court imposes a fine or forfeiture, current law requires the court to impose an assessment equal to 15% of the fine or forfeiture. This bill raises the assessment to 25% of the fine or forfeiture. Currently, the assessments are used by DATCP to pay for providing consumers with information and education. This bill expands the purpose for which these assessments may be used to include all other consumer protection activities conducted by DATCP.

CRIMES**CRIMINAL SENTENCES*****The structure of felony sentences under current law***

Under current law, if a person committing a felony before December 31, 1999, is sentenced to prison for a term of years, the person receives an indeterminate sentence, which typically consists of a term of confinement followed by parole. The person's term of confinement is not fixed when the sentence is imposed. He or she may be released on parole after serving as little as one-fourth of the sentence.

Current law provides a separate system for prison sentences for crimes committed on or after December 31, 1999. If a court chooses to sentence a felony offender to imprisonment in a state prison (other than through a life sentence) for a felony committed on or after December 31, 1999, the court must do so by imposing a bifurcated sentence, under which the offender initially serves a fixed term of confinement in prison of at least one year. The maximum term of confinement under a bifurcated sentence for felonies classified in the criminal code ranges from two to 40 years. If the person is being sentenced to prison for an unclassified felony, the term of confinement in prison portion of the sentence may not exceed 75% of the total length of the bifurcated sentence.

An offender is not eligible for parole under a bifurcated sentence. Instead, after serving the term of confinement portion of the bifurcated sentence, he or she serves a fixed term of extended supervision as the second part of the bifurcated sentence.

SENATE BILL 55***Concurrent and consecutive sentences***

Under current law, a court may order any sentence to be served concurrent with or consecutive to any other sentence imposed at the same time or previously. This bill specifies how the person will serve the periods of confinement and the periods of extended supervision and parole under the sentences under the following circumstances: 1) when the court requires a sentence under which the person may be placed on extended supervision (a "determinate sentence") to be served concurrent with or consecutive to another determinate sentence; 2) when the court requires a determinate sentence to be served concurrent with or consecutive to an indeterminate sentence; or 3) when the court requires an indeterminate sentence to be served concurrent with or consecutive to a determinate sentence. The bill also requires that a person sentenced to consecutive indeterminate and determinate sentences serve the term of extended supervision under the determinate sentence before serving the period of parole under the indeterminate sentence, regardless of the order in which the crimes were committed or the sentences imposed.

Penalties for criminal attempts

Current law specifies that the maximum penalty for an attempt to commit a felony (other than certain felonies having separate penalties for attempts) is one-half of the maximum penalty for the completed crime. This bill specifies that the maximum term of confinement under a bifurcated sentence imposed for an attempt to commit a classified felony is one-half of the maximum term of confinement for the completed crime. The bill also specifies that the maximum term of confinement under a bifurcated sentence imposed for an attempt to commit an unclassified felony is 75% of the maximum length of the bifurcated sentence for the attempt.

Other sentencing changes

This bill specifies that, if a court, through the application of one or more sentence enhancers, decides to sentence a misdemeanor to prison, the court must impose a bifurcated sentence. In such a case, the term of confinement in prison may not constitute more than 75% of the bifurcated sentence.

Under current law, the maximum term of probation for a misdemeanor is two years, and the maximum term of probation for a felony is the maximum sentence length for the crime or three years, whichever is greater. Under this bill, the maximum term of probation for a felony or for a misdemeanor for which a court may impose a bifurcated sentence is the maximum term of confinement in prison for the crime or three years, whichever is greater.

Under current law, if a person is found not guilty of a crime by reason of mental disease or mental defect and the crime is not punishable by life imprisonment, the person may be committed to DHFS for a maximum term of two-thirds of the maximum sentence length for the crime. Under this bill, the maximum term of commitment for a felony other than one punishable by life imprisonment or for a

SENATE BILL 55

misdemeanor for which a court may impose a bifurcated sentence is the maximum term of confinement that could be imposed on a person convicted of the crime.

OTHER CRIMINAL LAW***Crimes related to computers***

Under current law no person may willfully, knowingly, and without authorization modify, destroy, copy, take possession of, or access computer data, computer programs, or supporting documentation of a computer system. This bill increases the penalties for violations of these prohibitions that occur under specified circumstances.

This bill also prohibits intentionally interrupting computer service by sending to a computer, computer program, computer system, or computer network a message that is too complex, or multiple messages that are too voluminous, for the computer, computer program, computer system, or computer network to process. Penalties for violating this prohibition are the same as those applicable to the computer crime described above.

In addition, the bill authorizes courts to enhance the penalties for violations of either of the prohibitions described above if the person committing the violation accesses another person's computer to commit the violation with the intent to make it less likely that the offender will be identified with the crime.

Crimes related to images depicting nudity

Current law prohibits producing, possessing, or distributing a photograph, motion picture, videotape, or other visual representation or reproduction that depicts nudity if the person depicted nude did not consent to the representation or reproduction and if the person who makes, possesses, or distributes the representation or reproduction knows or should know that the person depicted nude did not consent to the nude depiction. The Wisconsin supreme court has found this prohibition unconstitutional because it prohibits all depictions of nudity made without consent, including artistic, political, or newsworthy depictions that are protected by the First Amendment. *State v. Stevenson*, 236 Wis. 2d 86 (2000).

This bill narrows the scope of the prohibition against making an original representation that depicts nudity by requiring that, at the time the representation is made, the subject of the depiction be both nude and in a place and circumstance in which he or she can reasonably expect privacy. Reproducing such an original without the subject's consent is also prohibited if the reproducer knows or should know that the original was unlawfully made. The bill treats the prohibitions against possessing and distributing representations depicting nudity similarly to the prohibition against making reproductions.

Crimes relating to providing and describing harmful material to children

Current law prohibits providing and describing harmful material to a child and possessing harmful material with intent to transfer the harmful material to a child. Harmful material includes nudity, sexually explicit images, and images of torture

SENATE BILL 55

and brutality. Current law does not require that the state prove that the defendant knows or should know that the recipient of the materials is a child. The law, however, establishes an affirmative defense under which the defendant may avoid criminal liability by proving that he or she reasonably believed that the recipient was 18 years of age or older. The Wisconsin supreme court has ruled that prohibiting exposure of a child to harmful materials is unconstitutional in cases in which the defendant does not have face-to-face contact with the recipient. *State v. Weidner*, 235 Wis. 2d 306 (2000). The supreme court based its decision on the chilling effect that the prohibition would have on communication protected by the First Amendment.

This bill makes knowledge of the recipient's status as a child an element of the crime if the defendant does not have a face-to-face contact with the child. The bill does not add the knowledge-of-age element for cases in which the defendant has face-to-face contact with the recipient, maintaining for those cases the affirmative defense requiring the defendant to prove that he or she reasonably believed that the recipient was at least 18 years of age.

Computer images and current law crimes

Several criminal laws prohibit activities related to images of nudity, or images and sounds of obscenity or of children engaged in sexually explicit conduct. Those crimes are: 1) making, possessing, reproducing or distributing images of nudity; 2) importing, printing, selling, transferring, exhibiting, or possessing for publication, sale, exhibition, or transfer, obscene material; 3) photographing, filming, videotaping, or making a sound recording of a child engaged in sexually explicit conduct, or enticing a child to go into a secluded place to take a picture or make a sound recording of the child engaged in sexually explicit conduct; 4) exposing a child to harmful images and sounds; and 5) producing, performing in, profiting from, importing, possessing, and other activities related to child pornography. These prohibitions do not specifically apply to stored data version of images or sounds. In addition, these prohibitions do not uniformly cover digital or magnetic tape recordings. This bill expands the prohibitions related to images of nudity, and images or sounds of obscenity or of children engaged in sexually explicit conduct, to include images and sounds recorded in any manner as well as the data that represents an image or a sound.

Obscene e-mail

This bill makes it a crime to send an unsolicited e-mail message that contains obscenity or depicts sexually explicit conduct, if the person sending the e-mail message does not label the e-mail message as "Adult advertisement" in the subject line.

Statute of limitations for sexual assault

Under current law, the state must prosecute first and second degree sexual assault within six years of the date of the crime. The state must prosecute first and second degree sexual assault of a child, as well as repeated sexual assault of the same child, before the victim reaches the age of 31.

SENATE BILL 55

This bill creates an exception to the time limits for prosecuting the crimes of sexual assault, sexual assault of a child, and repeated sexual assault of the same child in certain circumstances if the state has deoxyribonucleic acid (DNA) evidence related to the crime. If the state collects DNA evidence related to the crime before the time for prosecution expires and does not link the DNA evidence to an identified person until after that time expires, the state may initiate prosecution for the crime within one year of making the match.

Club drugs

Current law places restrictions on manufacturing, distributing, delivering, or possessing with intent to manufacture, distribute, or deliver, many drugs. With certain limited exceptions, this bill prohibits manufacturing, distributing, delivering, or possessing with intent to manufacture, distribute, or deliver, 4-methylthioamphetamine (4-MTA or flatliner) or counterfeit versions of 4-MTA. The bill assigns the same penalties for violating this prohibition as are currently assigned to crimes involving phencyclidine (PCP).

The bill also increases the penalties for unlawfully manufacturing, distributing, delivering, and possessing with intent to manufacture, distribute, or deliver, gamma-hydroxybutyric acid (GHB), gamma-butyrolactone (GBL), 3, 4-methylenedioxymethamphetamine (MDMA or ecstasy), 4-bromo-2, 5-dimethoxy-beta-phenylethylamine (2-CB or nexus), ketamine, and flunitrazepam to the penalty levels for PCP. In addition, the bill increases the penalties for unlawfully manufacturing, distributing, delivering, and possessing with intent to manufacture, distribute, or deliver, counterfeit versions of PCP, lysergic acid diethylamide (LSD), methamphetamine, GHB, GBL, ecstasy, nexus, ketamine, and flunitrazepam to the same level as violations involving the genuine drugs.

Theft of rented or leased motor vehicle

Under current law, a theft occurs when a person intentionally fails to return rented or leased personal property within ten days after the written rental agreement or lease agreement ends. This bill provides that with respect to a rented or leased motor vehicle a theft occurs when a person intentionally fails to return the rented or leased property at any time after the written rental agreement or lease agreement ends.

EDUCATION**PRIMARY AND SECONDARY EDUCATION**

This bill requires DPI to designate a school district as a school district with expanded flexibility if its pupils' scores on the fourth, eighth, and tenth grade assessments, the third grade reading test, and the high school graduation examination equaled or exceeded the statewide average scores; its high school graduation rate at least equaled the statewide average high school graduation rate; and its attendance rate at least equaled the statewide average attendance rate.

SENATE BILL 55

A school district with expanded flexibility is free from many of the requirements that apply to regular school districts, may create school governance councils to advise principals, and may reassign staff members without regard to seniority. Such a reassignment is a prohibited subject of collective bargaining. In return, a school district with expanded flexibility must, among other things, allocate 85% of all school district revenues for use by principals at their respective schools; ensure that at least 95% of the school district's pupils who are eligible takes the fourth, eighth, and tenth grade assessments and the high school graduation examination; and ensure that each school in the school district prepares an annual plan that includes performance goals for all pupils, for minority group pupils, for low-income pupils, and for teachers.

Finally, DPI must award grants on a competitive basis to school districts with expanded flexibility to help implement school district decentralization plans and to train principals to be effective administrators in decentralized school districts.

Under current law, school boards may enter into contracts with individuals, groups, businesses, or governmental bodies to establish charter schools, which operate with fewer constraints than traditional public schools. Current law also permits the UW-Milwaukee, the Milwaukee Area Technical College, and the city of Milwaukee to operate charter schools (Milwaukee charter schools) directly or to contract for the operation of charter schools. These Milwaukee charter schools must be located within the Milwaukee Public Schools (MPS) district and only pupils who reside in the MPS district may attend the charter schools. The operators of the Milwaukee charter schools receive aid for the regular school term based on the number of pupils attending the charter schools, as opposed to school districts, which are entitled to receive state aid for both the regular school term and for summer school. Employees of the Milwaukee charter schools may not be employed by MPS and are thus not eligible to participate in the state's retirement system.

This bill allows any four-year UW-System institution, state technical college, or cooperative educational service agency (CESA) (an agency that facilitates the provision of services to school districts) to operate charter schools (new charter schools) directly or to contract for their operation. The bill allows the new charter schools and the Milwaukee charter schools to be located in any school district in the state. Only pupils who reside in a school district in which a new charter school is located may attend the new charter school, unless the charter school is established or operated by a CESA, in which case pupils who reside in a school district served by the CESA may attend the charter school. Operators of the new charter schools receive the same amount of state aid per pupil as do the operators of the Milwaukee charter schools for both the regular school term and for summer school. Employees of the new charter schools may not be employed by any school district and are thus not eligible to participate in the state's retirement system.

SENATE BILL 55

This bill directs DPI to make loans to school districts to support the development of charter schools. The funds may be used for costs associated with the start-up of a charter school established by a school district.

Current law requires each school board and each Milwaukee charter school to administer standardized examinations to fourth, eighth, and tenth grade pupils enrolled in the school district, including pupils enrolled in charter schools (other than Milwaukee charter schools) located in the school district. Beginning in the 2002-03 school year, each school board must also administer a high school graduation examination that is designed to measure whether pupils have met the academic standards adopted by the school board. A school board may either adopt the examinations developed by DPI or develop its own examinations. Identical provisions exist under current law for Milwaukee charter schools. DPI provides the examinations that are adopted, approved, or developed by DPI, and scores those examinations, free of charge.

Under current law, each school board must administer to all pupils enrolled in the school district in the third grade, including pupils enrolled in charter schools (other than Milwaukee charter schools) located in the school district, a standardized reading test developed by DPI. The Milwaukee charter schools are required to administer this test to their third grade pupils.

Under current law, the third grade reading test, the fourth, eighth, and tenth grade examinations, and the high school graduation examination are not required to be administered to pupils participating in the Milwaukee Parental Choice Program (MPCP), under which certain low-income pupils who reside in the city of Milwaukee may attend participating private schools in Milwaukee at state expense. Beginning in the 2002-03 school year, this bill allows a private school participating in the MPCP to choose to administer the grade examinations (the third grade reading test and the fourth, eighth, and tenth grade examinations) or the high school graduation examination, or both, to the pupils attending the private school under the MPCP. The bill requires that DPI provide all of the examinations administered to MPCP pupils, and score the examinations, free of charge. The bill also generally prohibits DPI from disclosing the results of the examinations administered to MPCP pupils.

Under current law, beginning on July 1, 2002, each pupil must be given at least two opportunities to take the fourth and eighth grade examinations. This bill eliminates the requirement that each pupil be given two opportunities to take each examination; the bill requires only that the examinations be administered to all pupils in the appropriate grades.

Current law directs DPI to make available upon request, within 90 days after the date of administration, any of the required pupil assessments. This bill requires the person to submit the request in writing and provides that the person may view the examination but not receive a copy. The bill also directs DPI to promulgate rules that, to the extent feasible, protect the security and confidentiality of the examinations.

SENATE BILL 55

Currently, DPI annually must identify those school districts that are low in performance and those schools in which there are pupils who do not meet the state minimum performance standards. This bill requires DPI to publish and report a list of the school districts and schools to the governor and the legislature. The bill also requires the identified school districts to develop improvement plans.

Under current law, a school board may enter into a five-year, achievement guarantee (SAGE) contract with DPI. In exchange for reducing class size and meeting certain performance criteria designed to improve academic achievement in grades kindergarten to three, a school board receives \$2,000 for each low-income pupil enrolled in a school participating in the SAGE program.

This bill allows DPI to renew a SAGE contract for one or more terms of five years. The bill also provides that a school board that entered into a SAGE contract in the 2000-01 school year on behalf of a school with a low-income enrollment of less than 50% is required to maintain the reduced class size in kindergarten and first grade, as opposed to reducing class size in grades kindergarten to three.

Under current law, DPI must arrange for an annual evaluation of the SAGE program. This bill requires DPI to select the evaluator of the SAGE program by using a competitive process that ensures impartiality.

This bill creates a five-member board on education evaluation and accountability (BEEA) attached to DOA and headed by an executive director. On July 1, 2002, the bill transfers the pupil assessment program, the school performance report program, and the responsibility for arranging an evaluation of the SAGE program from DPI to BEEA. The bill also authorizes BEEA to conduct a study of the MPCP if BEEA receives sufficient funds from private sources.

Currently, a private school must notify DPI of the school's intent to participate in the MPCP by May 1 of the previous school year. This bill changes the date to February 1. The bill also directs DPI to notify the private school by March 1 whether the private school is eligible to participate in the MPCP. If DPI determines that the school is ineligible, the notice must include an explanation. The bill allows a private school 14 days to appeal a negative determination to DPI and requires DPI to decide the appeal within seven days.

Under current law, a pupil is eligible to participate in the MPCP if he or she is a member of a family that has a total family income that does not exceed 175% of the federal poverty level. This bill raises that threshold to 185% and provides that a pupil who participates in the MPCP may continue to participate in subsequent years even if the pupil's family income rises above the threshold.

Under current law, only private schools located in the city of Milwaukee may participate in the MPCP. This bill provides that a private school located outside the city that is situated on property any portion of which is located in the city may also participate in the MPCP.

SENATE BILL 55

Under current law, a person must hold a license to teach granted by DPI in order to teach in a public school in this state. In general, licensure requires completion of a professional education program approved by DPI, including completion of a certain number of credits in specified subjects, student teaching, a criminal background investigation, and payment of a fee.

This bill directs DPI, upon the request of a school board, to grant a temporary initial teaching license to any person who satisfies all of the requirements for an initial license other than the educational requirements if the school board making the request intends to employ the person as a teacher and the school board determines that the person has a bachelor's degree, or at least five years of practical experience, in a field that is related to the subject that he or she will be teaching, or served at least five years in the U.S. armed forces and has practical or teaching experience in a field related to the subject he or she will be teaching. The temporary license is valid for two years and may not be renewed unless the licensee completes an alternative teacher training program during the two-year period, in which case DPI must grant a five-year, renewable, initial teaching license to the person that is considered retroactively effective to the date that the temporary license was granted.

Recent administrative rules promulgated by DPI establish three levels of teacher licensure: initial educator, professional educator, and master educator. This bill directs DPI to grant an initial license to teach to any person who holds a valid license as a teacher issued by another state and also directs DPI to grant the highest level of license (currently, the master educator license) to any person who holds a valid license as a teacher issued by another state and is certified by the National Board for Professional Teaching Standards.

Under current law, DPI awards grants to Wisconsin residents who are licensed by DPI and employed as teachers in Wisconsin and who are certified by the National Board for Professional Teaching Standards. This bill eliminates the grant program's residency requirement.

With certain exceptions, current law requires that bilingual-bicultural education programs be taught by bilingual teachers. This bill eliminates this requirement for programs in grades kindergarten to eight.

Current law requires DPI to revoke, without a hearing, a license granted by DPI if the licensee is convicted of any of a number of specified crimes. In addition, DPI may revoke a license, with a hearing, if the licensee is incompetent or behaves immorally. This bill requires DPI to revoke a license, without a hearing, if the licensee is convicted of a crime in another state or another country that is substantially similar to one of the specified crimes and allows DPI to impose conditions or restrictions on a license or suspend a license, with a hearing, if the licensee is incompetent or behaves immorally.

Current law prohibits DPI from granting a license to a person convicted of a number of specified crimes or of crime in another country or state that is equivalent to one of the specified crimes. This bill prohibits DPI from granting a license to a

SENATE BILL 55

person convicted of a number of specified crimes or of a crime in another state or country that is substantially similar to one of the specified crimes.

Under the common law, a court may deny public inspection of a record created or maintained by a public entity if the custodian of the record demonstrates that the public interest in nondisclosure of the information contained in the record outweighs the strong public interest in disclosure. This bill requires an educational agency (in general, a school district or a CESA) to release to DPI all records relating to an employee or former employee of the educational agency who is licensed by DPI if DPI has commenced an investigation to determine whether to initiate license limitation, suspension, or revocation proceedings. The bill also requires DPI to keep this released information confidential.

Current law generally prohibits the disclosure of the results of criminal background investigations conducted by DOJ or the federal bureau of investigation for DPI. This bill requires DPI to disclose the results of criminal background investigations to an educational agency if the subject of the criminal background investigation is employed by or applying for employment with the educational agency and if the educational agency requests the information and the employee or applicant consents. The bill also requires the educational agency to keep this released information confidential.

Under current law, school districts, CESAs, counties, and operators of Milwaukee charter schools are eligible to receive aid to reimburse them for certain costs of providing special education, such as the cost of salaries of special education teachers and the cost of transporting special education pupils to school. When distributing special education aid, DPI must first distribute aid for the full cost of special education for children in hospitals and convalescent homes for orthopedically disabled children. If the remaining sum of money appropriated to reimburse other special education costs is insufficient, DPI must prorate the remaining aid, leaving some eligible entities with unreimbursed special education costs.

This bill provides that a portion of the aid paid to school districts and the Milwaukee charter schools for special education is based on the number of pupils enrolled in the school district or charter school, and a portion is based upon the number of pupils enrolled in the school district or charter school who are eligible for a free or reduced-price lunch under federal law.

The bill also provides supplemental special education aid to school districts, CESAs, counties, and Milwaukee charter school operators if their special education costs per pupil equals or exceeds \$50,000. The amount of this supplemental aid for a "high-cost" special education pupil equals 50% of the difference between \$50,000 and the unreimbursed special education costs. In addition, DPI must first distribute the supplemental aid, along with the aid for children in hospitals and convalescent homes, before distributing aid for other special education services.

This bill provides that the individualized education program team, appointed by a local educational agency or LEA (a school district, CESA, county, or Milwaukee

SENATE BILL 55

charter school operator) to evaluate a child to determine whether the child is disabled and to develop an individualized education program for a child with a disability, is not responsible for determining the appropriate special education placement for the child. Under the bill, the LEA is responsible for determining the child's placement.

The bill directs DPI to ensure, to the extent practicable, that all rules promulgated by DPI that relate to special education are identical to federal regulations that relate to special education.

Current law generally limits the increase in the total amount of revenue per pupil that a school district may receive from general school aids and property taxes in a school year to the amount of revenue increase allowed per pupil in the previous school year increased by the percentage change in the consumer price index. Several exceptions to this revenue limit exist, including an exception for a school district with a per pupil base revenue for the previous school year that is less than the statutorily prescribed revenue ceiling of \$6,500 per pupil. Such a school district is allowed to increase its per pupil revenue up to this ceiling without holding a referendum.

This bill eliminates the inflation adjustment beginning in the 2001-02 school year and sets the amount at \$220.29 per pupil for the 2001-02 school year and for each subsequent school year. The bill also changes the revenue ceiling to \$6,700 per pupil for the 2001-02 school year and to \$6,900 per pupil in subsequent school years.

Under current law, if a school district exceeds its revenue limit, DPI must deduct from the district's state aid payments an amount equal to the excess revenue. If the amount is insufficient to cover the excess revenue, the statutes direct DPI to order the school board to reduce the property tax obligations of its taxpayers by an amount that represents the remainder of the excess revenue.

This bill provides that DPI's order to reduce the property tax obligations of a school district's taxpayers does not apply to property taxes levied for the purpose of paying the principal and interest on debt validly issued by the school board. Under article XI, section 3 (3), of the Wisconsin Constitution, when a school district borrows money it must levy an irrevocable tax sufficient to pay the principal of and interest on the debt.

Under current law, if a school district's revenue is less than its revenue limit, it may carry over 75% of its unused revenue-limit authority to the next school year. In addition, each fall DPI calculates the total amount of state aid that each school district will receive in the current school year and makes any necessary adjustments to that calculation by increasing or decreasing state aid paid in the following September.

This bill provides that a school district whose aid is increased by DPI in September of the following school year and whose aid increase is less than its unused revenue-limit authority may carry over as unused revenue-limit authority an amount equal to the amount of the additional September aid plus an amount calculated by determining its unused revenue-limit authority and multiplying the

SENATE BILL 55

difference between the remainder and the amount of additional September aid by 0.75. If the school district's increase in aid is equal to or greater than its unused revenue-limit authority, the bill provides that the school district may carry over 100% of its unused revenue-limit authority.

Under current law, 40% of a school district's summer enrollment is included in its enrollment count when the school district's revenue limit is calculated. This bill reduces this percentage to 25% by the 2003-04 school year.

Currently, the general school aid formula provides three tiers of state support for the public schools. The second tier of support is for costs per student between \$1,000 and the secondary cost ceiling. Currently, the secondary cost ceiling per pupil is the prior year's secondary cost ceiling per pupil adjusted by the rate of inflation. This bill sets the secondary cost ceiling per pupil at \$6,900 in the 2001-02 school year and \$7,300 in the 2002-03 school year. Thereafter, the secondary cost ceiling per pupil is the prior year's cost ceiling adjusted for inflation.

Current law guarantees that a school district will receive in "special adjustment aid" sufficient funds to ensure that it receives at least 85% of its prior year's payment of general school aid. In addition, each fall DPI calculates the total amount of state aid that each school district will receive in the current school year and makes any necessary adjustments to that calculation by increasing or decreasing state aid paid in the following September. This bill provides that DPI may not consider the amount of this adjustment of state aid in calculating special adjustment aid.

Under current law, referenda are required or authorized to be held by school districts to incur debt or exceed state revenue limits, or to exceed the levy rate limit for a school construction fund that is applicable only to the Milwaukee Public Schools (MPS). These referenda are required or authorized to be held at special elections when no offices appear on the ballot. This bill provides that the referenda must be held concurrently with the spring election (held in each year) or the general election (held in each even-numbered year), or on the Tuesday after the first Monday in November in an odd-numbered year.

Under current law, a public school may not begin the school term until September 1 unless it holds a public hearing on the issue and adopts a resolution. The hearing must be held no earlier than the preceding July 1. Beginning in the 2002-03 school year, this bill allows the hearing to be held as early as the preceding May 1. The bill also prohibits classes from being held on August 30, 2001, and August 31, 2002.

Under current law, a school district is required to bargain collectively in good faith with the majority representative of its employees in a collective bargaining unit concerning the wages, hours, and conditions of employment of the employees. Among the subjects that are mandatory subjects of collective bargaining is any

SENATE BILL 55

school calendaring proposal that is *primarily related to* wages, hours, and conditions of employment. This bill provides that a school district may not bargain collectively with respect to the establishment of the school calendar, but expressly requires that a school district must bargain collectively with respect to the *impact* of any school calendar decision on wages, hours, and conditions of employment.

Current law authorizes the MPS board to contract with any nonsectarian private school located in the city to provide educational programs for pupils enrolled in the school district (educational services statute). The MPS board may also close any school that it determines is low in performance (school closing statute). If the MPS board closes a school or reopens a school that has been closed, the superintendent of schools may reassign the school's staff without regard to seniority in service. In addition, the MPS board is prohibited from bargaining collectively with respect to: 1) the board's decision to contract with a private nonsectarian school or private nonsectarian agency in the city to provide educational programs to pupils, or the impact of any such decision on the wages, hours, or conditions of employment of the employees who perform those services; or 2) the reassignment of employees who perform services for the board, with or without regard to seniority, as the result of a decision of the board to close or reopen a school or to contract with an individual to operate a charter school or to convert a school to a charter school, or the impact of any such reassignment on the wages, hours, or conditions of employment of the employees who perform those services (collective bargaining statute). This bill extends the educational services, school closing, and collective bargaining statutes to cover all school boards.

Current law allows two or more school districts to consolidate. On the effective date of the consolidation, employees of the consolidating school districts become employees of the new consolidated school district. This bill authorizes the school district administrator of the new consolidated school district, for 60 days after the effective date of the consolidation, to lay off or reassign school district employees without regard to seniority in service. In addition, the bill provides that any such layoff or reassignment of school district employees is a prohibited subject of collective bargaining.

This bill directs DPI to award grants to up to six school boards on behalf of schools that demonstrate improved academic performance and to promulgate rules to implement the grant program that include, as performance criteria, dropout rates, improvement in pupils' performance and in teachers' knowledge and skills, graduation rates, and the number of teachers who have received national board certification. DPI must ensure that the grants do not exceed \$2,000 multiplied by the number of employees in all schools in the school district that meet the performance criteria contained in DPI's rules.

Under current law, a school district may not provide to its professional employees who are not in collective bargaining units an average increase in compensation and fringe benefits that has an average cost per employee exceeding

SENATE BILL 55

3.8% of the average total cost per employee of compensation and fringe benefits provided by the school district to such employees for the preceding 12-month period ending on June 30 or the average total percentage increased cost per employee of compensation and fringe benefits provided to its professional employees who are in collective bargaining units during the 12-month period ending on June 30 preceding the date that the increase becomes effective, whichever is greater. This bill provides that any compensation received by professional employees who are not in collective bargaining units from school performance grants is not subject to this limitation on compensation and fringe benefit costs.

Current law exempts computers from property taxation. This bill provides that the amounts received by school districts to compensate them for the reduction in their tax base due to the property tax exemption for computers is included in their shared cost for the purpose of computing general aid.

This bill directs DPI to award grants to CESAs to fund the development, for school districts, of education services that are unrelated to instruction. The bill also directs DPI to award grants to two or more school districts that are considering consolidating or coordinating the provision of educational services for the purpose of studying the feasibility of the consolidation or coordination.

Currently, under the Open Enrollment Program, a pupil may attend any public school located outside his or her school district of residence if the pupil's parent complies with certain application procedures. A school board may, however, deny an open enrollment application if the school district does not have enough space for the pupil. In determining the availability of space, a school board may consider class size limits, pupil-teacher ratios, nonresident pupils whose school district of residence pays tuition to the nonresident school district, and enrollment projections. If the school board receives more open enrollment applications than it has spaces, the school board must select pupils randomly. A school board must also give preference in accepting open enrollment applications to pupils already attending school (continuing pupils) and their siblings.

In *McMorrow v. State Superintendent of Public Instruction, John T. Benson*, No. 99-1288 (July 25, 2000), the Wisconsin Court of Appeals held that the requirement that a school board give preference in accepting open enrollment applications to continuing pupils and their siblings applies only when there are spaces available in the first place; when there are more applicants than available spaces, the pupils accepted must be determined randomly. The court also held that a school board may not include continuing pupils in its space determination. This bill permits a school board to adopt policies that include continuing pupils and their siblings in space determinations and allows a school board to give preference in accepting the open enrollment applications of continuing pupils and their siblings, even if the school board determines that it does not have space for the pupils.

SENATE BILL 55

In administering the open enrollment program, DPI annually adjusts each school district's share of state aid depending upon whether the district has more or fewer nonresidents attending the district than it has residents attending other districts. The per pupil adjustment is based upon the statewide average per pupil cost for regular instruction, cocurricular activities, instructional support services, and pupil support services. This bill bases the adjustment on two-thirds of the total statewide average per pupil cost.

Currently, with certain exceptions, if a pupil attends a public school outside the school district in which the pupil resides, the pupil's parent or guardian pays tuition. Tuition is currently the statewide average per pupil cost for regular instruction, cocurricular activities, instructional support services, and pupil support services. Under this bill, beginning in the 2002-03 school year, tuition is two-thirds of the total statewide average per pupil cost.

This bill creates an 11-member committee, appointed by the governor, to review and make recommendations for modifying DPI's administrative rules. The committee must identify those rules that are outmoded, impede innovation, cause inefficiencies, or fail to promote academic achievement, and those rules that should not apply to school districts that are granted extended flexibility status. DPI must review the committee's recommendations and propose modifications to its rules based on those recommendations.

This bill directs DPI to submit to the governor and to DOA a plan for the reorganization of the division for learning support and instructional services in DPI. The plan must provide for the creation of a bureau for school improvement to provide on-site, technical assistance to schools and school districts, especially schools and school districts that are low in performance. If the plan is approved by the governor, the bureau must consist of school performance teams, each of which must include one licensed teacher employed by a school district and assigned to DPI under an interagency exchange agreement.

This bill prohibits DPI from promulgating a rule that relates to distance education without the approval of the secretary of administration, the technical college system board, and the technology for educational achievement in Wisconsin board.

This bill directs DPI to distribute to school districts the maximum amount of federal aid that is allowed under federal law, except for those funds provided for administrative purposes.

This bill directs DPI to ensure that the vocational education consultants employed by DPI coordinate their activities with the staff of the governor's work-based learning board.

SENATE BILL 55

Currently, the state pays public school tuition for any pupil in a foster home, treatment foster home, or group home if the home is located outside the school district in which the pupil's parent or guardian resides and the home is exempt from property taxation. Under this bill, the state also pays public school tuition for any pupil who resides in a foster home, treatment foster home, or group home if the home is located outside the school district in which the pupil's parent or guardian resides and the pupil receives special education, even if the home is subject to property taxation, if at least 4% of the school district's enrollment resides in such homes that are subject to property taxation.

Under current law, towns, villages, cities, counties, public inland protection and rehabilitation districts, town sanitary districts, metropolitan sewerage districts, joint sewerage systems, school districts, technical college districts, cooperative educational service agencies, and consortia of two or more school districts, technical college districts, counties, cities, villages, or towns may obtain state trust fund loans from the board of commissioners of public lands. Currently, a federated public library system whose territory lies within one county is considered to be an agency of that county and, therefore, may obtain a state trust fund loan through the county. This bill permits a federated public library system whose territory lies within two or more counties, which is a separate legal entity from the counties participating in that system, to obtain a state trust fund loan.

This bill requires DPI to charge school districts a fee for the use of BadgerLink, which provides statewide access, through the Internet, to periodical and reference information databases.

HIGHER EDUCATION

Current law prohibits the UW board of regents (board) from increasing resident, undergraduate tuition beyond an amount that is sufficient to fund certain costs, such as compensation and fringe benefits for UW employees and the costs of nontraditional courses, but permits the board to spend the entire amount of tuition received. Beginning in the 2002-03 academic year, this bill eliminates the restrictions on increasing resident undergraduate tuition.

Under current law, the board may not create or abolish any position funded with general purpose revenues (GPR) without legislative approval. This bill permits the board to create or abolish faculty and academic staff GPR-funded positions without legislative approval if it submits a request to DOA containing a clear explanation of how the board will fill the requested position and if DOA approves the request.

Under current law, the board may create or abolish certain positions funded with program revenue without legislative approval if it reports the number of positions created or abolished and the funding source to DOA and JCF. This bill allows the board to create positions funded from program revenue generated from

SENATE BILL 55

courses for which nonresident and resident students pay the same tuition and for which the tuition charged equals 100% of the cost of offering the course. The bill also imposes the same reporting requirement for these new positions.

Under current law, the board may, until the 2000-01 academic year, exempt from the payment of nonresident tuition a certain number of students enrolled at UW-Parkside and UW-Superior. This bill allows the UW board to continue to exempt these pupils after the 2000-01 academic year.

Current law requires the board to make all reasonable efforts to provide night courses. This bill instead requires the board to ensure that at least 15% of all UW System course sections that are offered for credit and that do not exclude undergraduate students are offered during the evenings and weekends or by electronic means.

Under current law, the board must remit resident, undergraduate tuition for children or spouses of certain persons, such as police officers, who are killed in the line of duty. This bill directs the board to remit the resident, undergraduate tuition of the winner of the Wisconsin state science fair for up to five consecutive years. A winner who receives the fee remission, remains in good academic standing, and completes a bachelor's degree receives a two-year fee remission for a science-related graduate program.

Currently, the technical college system (TCS) board must approve the qualifications of educational personnel and the courses of study for each program offered in the district schools. This bill allows a district board to employ an instructor who is not certified by the TCS board if the instructor holds a valid industry certification recognized by the TCS board.

Current law prohibits the TCS board from considering any course of study for approval if the course has not first been approved by the district board. This bill eliminates this prohibition. The bill also requires the district board to offer any program or course of study that the TCS board directs the district board to offer, and to eliminate any program or course of study that the TCS board directs the board to eliminate.

Currently, a district board must hold a referendum if it intends to make a capital expenditure that exceeds \$500,000. Under certain conditions, that requirement does not apply to a capital expenditure to purchase or construct an applied technology center. One of the conditions is that the expenditure be made before January 1, 2002. This bill extends that date to July 1, 2003.

The TCS board currently awards incentive grants to district boards for a variety of purposes. This bill authorizes the TCS board to award a grant to a district board to assist in the statewide marketing and promotion of the TCS. The bill also prohibits the TCS board from awarding any incentive grant to a district board without first reviewing and approving the district board's budget.

SENATE BILL 55

This bill directs the governor to appoint a committee to study the feasibility of consolidating the UW System two-year colleges and the TCS and to report its findings to DOA by January 1, 2002.

This bill directs the TCS board to establish a system that allows a student enrolled in one technical college to enroll in a course offered over the Internet by another technical college without paying additional fees to the technical college offering the course. The bill also directs the TCS board to assist technical colleges to develop Internet courses and to establish an Internet site that provides information on all such courses.

Under current law, the College Tuition and Expenses Program (popularly known as "EdVest") allows a person to purchase "tuition units" that can later be used to pay college tuition, room, board, and related expenses on behalf of the purchaser, the purchaser's child or legal guardian, or, if the purchaser is a trust, the beneficiary of the trust. The College Savings Program, designed to complement EdVest, allows a person, including a charitable organization, to make contributions to a college savings account to pay the college expenses of a named beneficiary or an unnamed, future recipient of a scholarship account established by the charitable organization.

EdVest is administered by the state treasurer, while the College Savings Program is administered by the college savings board (board), which must contract with a private vendor for the investment of the contributions to the college savings accounts. Both a college tuition and expenses or college savings account must be closed if the funds in the account are not used within ten years of the original projected date of the beneficiary's or recipient's enrollment.

This bill allows a person to purchase tuition units on behalf of any named beneficiary, allows a charitable organization to open an EdVest scholarship account for an unnamed, future recipient, and permits, but does not require, the state treasurer or the board to close a college tuition and expenses or college savings account if the account's funds are not used within ten years of the original projected date of the beneficiary's or recipient's enrollment. The bill also permits revenues generated from EdVest or College Savings Program enrollment fees and fees paid by the College Savings Program vendor to be used to defray the administrative costs of either program.

OTHER EDUCATIONAL AND CULTURAL AGENCIES

Under current law, the educational communications board (ECB) is responsible for overseeing the provision of public broadcasting in this state. In addition, the board of regents of the UW System, as licensee, must manage, operate, and maintain a radio and television station and provide the ECB part-time use of equipment and space necessary for the operations of the state educational radio and television networks.

This bill creates a public broadcasting transitional board (transitional board) that is responsible for creating a nonstock, nonprofit educational broadcasting corporation (corporation). The bill directs the transitional board to draft and file

SENATE BILL 55

articles of incorporation for a corporation and to take all actions necessary to exempt the corporation from taxation under the Internal Revenue Code. In addition, the transitional board must provide in the articles of incorporation that the members of the transitional board are the initial directors of the corporate board. The transitional board must prepare an application for the corporate board to submit to the federal communications commission (FCC) to transfer all broadcasting licenses held by the ECB and the board of regents to the corporation, except licenses held by the board of regents for student radio; negotiate an agreement with the Wisconsin Public Radio Association to transfer funds raised by the Wisconsin Public Radio Association to the corporation; and negotiate an agreement with each friends group to transfer funds raised by the friends group to the corporation.

If the FCC approves the transfer of all broadcasting licenses held by the ECB to the corporation, the ECB is eliminated on the effective date of the transfer. If the FCC approves the transfer of all broadcasting licenses held by the board of regents to the corporation, the corporation assumes the broadcasting activities of the board of regents.

The corporation is entitled to receive state aid for its operational expenses if the corporation, generally, maintains a state system of radio broadcasting for presenting educational, informational, and public service programs; maintains television channels for educational use; and enters into a contract with the board of regents for the services of the employees of the board of regents related to providing public broadcasting services.

If the FCC approves the transfer of all broadcasting licenses held by the ECB to the corporation, ECB employees become DOA employees and those employees will provide broadcasting services to the corporation under a contract between DOA and the corporation.

Under current law, school districts, public library boards, and certain other educational agencies are eligible to receive grants and loans for educational technology from the technology for educational achievement in Wisconsin (TEACH) board. This bill makes certain secured correctional facilities for juvenile delinquency and the UW-Milwaukee, Milwaukee Area Technical College, and the city of Milwaukee eligible to receive these grants and loans on behalf of charter schools that they sponsor.

This bill directs the TEACH board to award grants to school districts in the 2001-03 fiscal biennium to train pupils to provide educational technology support services.

Under current law, the TEACH board makes subsidized loans to school districts and public library boards that may be used only for upgrading and installing computer network wiring. In addition, certain educational agencies, such as school districts and public library systems, may participate in the Educational Telecommunications Access Program, which provides these agencies with access to data and video links.

SENATE BILL 55

This bill allows public library boards to use the loans to purchase hardware necessary for direct connection to the internet and to enter into shared services agreements concerning telecommunications access with local units of government. The bill also permits individual public library branches to participate in the Educational Telecommunications Access Program.

Under current law, the state has participated in the formation and operation of the Wisconsin Advanced Telecommunications Foundation (foundation), which is organized as a nonstock corporation. As required under current law, the foundation has established an endowment fund, which consists of a onetime \$500,000 contribution by the state and contributions by telecommunications providers. As also required under current law, the foundation has established a fast start fund, which consists of contributions by telecommunications providers. The foundation uses both funds to provide funding for advanced telecommunications technology applications projects and efforts to educate telecommunications users about advanced telecommunications services. Current law also provides that if the foundation substantially ceases operations, the state's unencumbered contribution to the endowment fund must be returned to the state. Effective February 6, 2001, the foundation dissolved itself and transferred its funds to DOA as a gift.

This bill eliminates all provisions under current law regarding the foundation. In addition, the bill provides that \$2,000,000 of the moneys that are received by DOA are transferred to the TCS board for establishing an Internet site that lists all the Internet courses provided by the technical colleges and to assist technical colleges to develop Internet courses.

The bill also provides that the following moneys that are received by DOA are transferred to the TEACH board for the following purposes: 1) \$136,200 for administrative and support services to resolve the outstanding business of the foundation and performing other duties specified by the secretary of the TEACH board; and 2) \$566,200 for closing out any existing grants awarded by the foundation.

In addition, the bill provides that the following moneys that are received by DOA are transferred to the board of regents of the UW System for the following purposes: 1) \$250,000 for the UW Learning Innovations at UW-Extension to establish a nonprofit, tax-exempt corporation whose purpose is to establish distance education classrooms in Wisconsin trade offices abroad and offer UW System distance education courses from those classrooms; 2) \$3,000,000 for funding the activities of the UW Learning Innovations at UW-Extension; 3) \$500,000 for developing wireless networking systems that allow students to use laptop computers and docking stations to connect to the Internet; 4) \$2,000,000 for funding the UW System's project designated "Internet 2," which upgrades technology infrastructure on campuses for enhancing high-speed Internet activity; 5) \$500,000 for purchasing a digital mammography machine for the UW Medical School; and 6) \$1,000,000 for funding the Wisconsin advanced distributed co-laboratory, a computer laboratory located on the UW-Madison campus. If the last transfer is made, the UW System board of regents must submit a report to DOA by September 1, 2003, that shows how the money was used and describes any federal funding for the co-laboratory.

SENATE BILL 55

Also under the bill, the following moneys that are received by DOA are transferred to DPI for the following purposes: 1) \$579,000 for upgrading the Wisconsin Informational Network for School Success; 2) \$77,800 for upgrading the state school finance information system; 3) \$526,000 for completing a network upgrade and upgrading and replacing assistive technology devices and related software programs for the Wisconsin Center for the Blind and Visually Impaired; 4) \$161,600 for replacing the automated system at the Wisconsin Regional Library for the Blind and Physically Handicapped; and 5) \$500,000 for awarding a grant to the National Geographical Society Education Foundation for establishing a program for awarding grants and supporting programs for improving geographical education in the state, with an emphasis on student use of geographic information systems technology. The transfer of \$500,000 for awarding the grant to the National Geographical Society Education Foundation is contingent on that foundation's contribution of \$500,000 in matching funds for the program that is established.

The bill also provides that \$1,500,000 of the moneys received by DOA is transferred to the department of commerce to award grants, no later than June 30, 2003, to the UW-Milwaukee, the UW-Parkside, Marquette University, the Milwaukee School of Engineering, and the Medical College of Wisconsin. The grants must be used for research related to emerging technologies that promote industrial and economic development in southeastern Wisconsin. The department of commerce and a grant recipient must enter into an agreement that specifies reporting and auditing requirements for the grant.

In addition, the bill provides that \$168,300 of the moneys received by DOA is transferred to HEAB for upgrading technology at the board.

EMPLOYMENT

Under the Municipal Employment Relations Act (MERA), the selection of any group health care benefits provider for municipal employees, including school district employees, is treated as a mandatory subject of collective bargaining if the selection of the provider primarily relates to the wages, hours, and working conditions of the employees. This bill provides that the selection of any group health care benefits provider for school district professional employees is treated as a permissive subject of collective bargaining under MERA (which means that the employer is not required to bargain with respect to the subject) if the provider offers health care benefits coverage that is substantially similar to that offered by other providers in bids submitted to school districts. Under the bill, OCI must promulgate rules that set out a standardized summary of health care benefits for use in determining whether coverage offered by different providers that submit bids to school districts is substantially similar.

Under MERA, in local government employment other than law enforcement and fire fighting employment, if a dispute relating to a proposed collective bargaining agreement has not been settled after a reasonable period of negotiation and after mediation by the Wisconsin employment relations commission (WERC), either party, or the parties jointly, may petition WERC to initiate compulsory, final, and binding arbitration with respect to any dispute relating to wages, hours, and

SENATE BILL 55

conditions of employment. If WERC determines that an impasse exists and that arbitration is required, WERC must submit to the parties a list of seven arbitrators, from which the parties alternately strike names until one arbitrator is left. As an alternative to a single arbitrator, WERC may provide for an arbitration panel that consists of one person selected by each party and one person selected by WERC. As a further alternative, WERC may also provide a process that allows for a random selection of a single arbitrator from a list of seven names submitted by WERC. Under current law, an arbitrator or arbitration panel must adopt the final offer of one of the parties on all disputed issues, which is then incorporated into the collective bargaining agreement.

This process, however, does not apply to a dispute over economic issues involving a collective bargaining unit consisting of school district professional employees if WERC determines that the employer has submitted a qualified economic offer (QEO). Under current law, a QEO consists of a proposal to maintain the percentage contribution by the employer to the employees' existing fringe benefit costs and to maintain all of the employees' existing fringe benefits and to provide for an annual average salary increase having a cost to the employer at least equal to 2.1% of the existing total compensation and fringe benefit costs for the employees in the collective bargaining unit plus any fringe benefit savings. This bill provides that a QEO need only provide substantially similar health care benefits, not all of the health care benefits.

Under current law, an arbitrator is appointed to resolve any collective bargaining dispute between the city of Milwaukee and the members of the city's police department when the parties have reached an impasse on matters relating to wages, hours, and conditions of employment, as determined by WERC. This bill authorizes an arbitrator to establish a system for conducting interrogations of members of the police department that is limited to the hours between 7 a.m. and 5 p.m. on working days, if the interrogations could lead to disciplinary action, demotion, or dismissal. Under the bill, "working days" are all days except Saturday, Sunday, and certain legal holidays.

Under current law, the national and community service board, which is attached to DOA for administrative purposes, administers at the state level the federal National and Community Service Trust Act of 1993, under which the federal government provides funding for national service programs that address unmet human, educational, environmental, and public safety needs and for educational grants to persons who successfully complete their term of service in a national service program. This bill transfers that board to DWD.

Under current law, the Wisconsin conservation corps (WCC) employs young adults to work on conservation and human services activities. The WCC program is administered by the WCC board, which may delegate its administration responsibilities to the executive secretary of the board. This bill eliminates the WCC board and the position of executive secretary of the board and transfers

SENATE BILL 55

administration of the WCC program to DWD. The bill also creates a WCC council to advise DWD in developing guidelines, standards, and procedures for the administration of the WCC program, including guidelines for selecting WCC projects and standards and procedures for the selection, hiring, promotion, discipline, and termination of WCC enrollees.

The bill also requires DWD to work with a nonprofit corporation that provides education, employment skills, and career direction leading to economic self-sufficiency to young people in Dane County who are at risk of not achieving economic self-sufficiency to develop a plan to track the educational attainment of persons enrolled in the WCC program, consolidate the functions of the WCC program, add educational and training components to the WCC program, provide a method for determining the location and number of crews working on WCC projects, and improve the retention of persons enrolled in the WCC program.

Under current law, a WCC enrollee who is employed for a continuous six-month period and who receives a satisfactory evaluation is entitled to an education voucher that the enrollee may use, for three years after its issuance, to pay tuition and fees at an institution of higher education. A WCC enrollee who has been a crew leader or a regional crew leader for at least two years is also entitled to group health care coverage. This bill permits a WCC enrollee to use an education voucher for four years after its issuance. The bill also lowers to six months the period for which a WCC enrollee must have been a crew leader or a regional crew leader to be eligible for group health care coverage.

Under current law, DWD may fix and collect a reasonable fee for issuing child labor permits, street trade permits, and certificates of age for minors. DWD has fixed that fee by rule at \$5, 50% of which may be retained by a permit officer who is not employed by DWD and 50% of which must be forwarded by such a permit officer to DWD. This bill increases that fee to \$7.50 and requires a permit officer who is not employed by DWD to forward \$5 of that fee, and a permit officer who is employed by DWD to forward the entire fee, to DWD. Of each fee collected, \$2.50 is used to pay for the expenses of providing an automated child labor permit system and for other operational expenses of the division of equal rights in DWD.

Under current law, the governor's work-based learning board (board) is required to administer the Youth Apprenticeship Program, under which training grants are awarded to employers that provide paid on-the-job training and supervision for youth apprentices. This bill limits eligibility for a youth apprenticeship training grant to small employers, as determined by the board, and to employers providing on-the-job training in employment areas determined by the board.

Under current law, DWD provides a job center network through which job seekers may receive comprehensive career planning, job placement, and job training information. As part of the job center network, DWD provides career counseling

SENATE BILL 55

centers at which youths may receive access to comprehensive career education and job training information and assistance in locating apprenticeship and other work experience opportunities that are related to the youth's education. This bill transfers responsibility for providing career counseling centers from DWD to the board.

Under current law, there is a division of workforce excellence in DWD, and the administrator of that division is a member of the board. This bill eliminates that division and substitutes as a member of the board an administrator of a division in DWD, designated by the governor.

ENVIRONMENT**HAZARDOUS SUBSTANCES AND ENVIRONMENTAL CLEANUP*****Local governmental units and contaminated property***

Current law authorizes a local governmental unit that owns property that is contaminated with hazardous substances to initiate a process for negotiating about how the contamination will be remedied and how much the various parties that are responsible for the contamination will contribute toward the investigation and remedial action costs. The negotiations are presided over by an umpire. If an agreement is reached, it is binding on the parties. If an agreement is not reached, the umpire makes a recommendation that may be accepted or rejected by the parties. If the local governmental unit accepts the recommendation and another party rejects the recommendation, the local governmental unit may sue that party to attempt to recover a portion of the investigation and clean-up costs. If the local governmental unit recovers an amount equal to or exceeding the amount that the party would have paid under the umpire's recommendation, the local governmental unit may recover interest and litigation costs.

This bill expands the applicability of the cost-recovery process so that it may be used by a local governmental unit that does not own a contaminated property if the local governmental unit is responsible for some of the contamination at the site or facility and commits itself to paying more than 50% of the investigation and remedial action costs, less any financial assistance received from this state. Under the bill, DNR determines how the contamination will be remedied after considering a proposal from the local governmental unit, and the negotiations relate only to the amount that each responsible party will contribute toward the investigation and clean-up costs. Under the bill, if a person who transported hazardous substances to a contaminated property cooperates in providing information about the transport and disposal of waste at the property, the amount of clean-up costs allocated to the transporter are limited. If a transporter fails to cooperate, the amount of costs allocated to the transporter may be increased.

Current law generally requires a person who possesses or controls a hazardous substance that is discharged or who causes the discharge of a hazardous substance to restore the environment to the extent practicable and to minimize the harmful effects of the discharge on the environment. Current law generally exempts a local governmental unit from these clean-up requirements with respect to hazardous

SENATE BILL 55

substance discharges on property acquired in specified ways, such as through tax delinquency proceedings and condemnation.

This bill provides that a local governmental unit is exempt from solid waste management standards and other legal requirements relating to solid waste with respect to a property that was acquired in a way that would qualify for the exemption from clean-up requirements, except that the exemption from solid waste requirements does not apply to a solid waste facility that was owned by the local governmental unit while it was operated or to landfills.

Under current law, if a person does not pay the tax that is due on the person's real property before September 1, the county treasurer must issue a tax certificate to the county that relates to the property. The issuance of a tax certificate begins the redemption period during which the person may retain the person's property by paying the delinquent taxes. In most cases, the redemption period is two years. If the property owner does not pay the delinquent taxes before the redemption period expires, the county may acquire the property by taking a tax deed on the property, by commencing an action to foreclose the tax certificate, or by commencing an action to foreclose a tax lien on the property.

Under this bill, after the redemption period on tax delinquent property expires, the county may transfer the property to a person by executing a tax deed to that person, if the county provides written notice of the transfer to the municipality in which the property is located at least 15 days before the governing body of the county meets to consider approving executing the tax deed; the property is a brownfield; an environmental assessment has been conducted on the property and DNR is given the results of that assessment; and, if the property is contaminated by a hazardous substance, the person to whom the tax deed is executed agrees to investigate, clean up, maintain, and monitor the property according to rules that are promulgated by DNR.

Under current law, a county may sell any tax delinquent property it acquires by using a competitive bidding process by which the county accepts the best bid, but rejects any bid that is less than the property's appraised value. Under this bill, a county that acquires tax delinquent property may sell the property without using a competitive bidding process, if the county provides written notice of the sale to the municipality in which the property is located at least 15 days before the sale; the property is contaminated by a hazardous substance; the property is a brownfield; an environmental assessment has been conducted on the property and DNR is given the results of that assessment; and the purchaser of the property agrees to investigate, clean up, maintain, and monitor the property according to rules that are promulgated by DNR.

Liability exemptions

Current law generally requires a person who possesses or controls a hazardous substance that is discharged or who causes the discharge of a hazardous substance to restore the environment to the extent practicable and to minimize the harmful

SENATE BILL 55

effects of the discharge on the environment. Under current law, a person is exempt from the requirements to restore the environment and minimize the effects of the discharge of a hazardous substance on the environment with respect to the existence of a hazardous substance in soil on property possessed or controlled by the person if the discharge originated from a source off of the property and other specified conditions are satisfied. This bill specifies that the liability exemption for soil contamination that originates off of a property applies to hazardous substances in sediments on the property.

Under current law, a person who applies to DNR for an exemption from liability for hazardous substance discharges (a voluntary party) is exempt from absolute requirements to restore the environment and minimize the harmful effects of the discharge, and from the requirements of other laws relating to hazardous substances, if an environmental investigation of the property is conducted, the property is cleaned up, DNR certifies that the cleanup restored the environment and minimized the harmful effects of the discharge, and the voluntary party maintains and monitors the property as required by DNR. This exemption applies if later changes to the law would impose greater responsibilities on the voluntary party or if it is discovered that the cleanup failed to fully restore the environment or to minimize the harmful effects of the discharge.

This bill modifies the voluntary party liability exemption so that the requirement to maintain and monitor the property as required by DNR only applies to a voluntary party while the voluntary party owns or controls the property. The bill specifies that the voluntary party liability exemption continues to apply to a voluntary party who does not own or control the property if the person who owns or controls the property fails to maintain and monitor the property as required by DNR.

Under current law, for a property affected by an off-site discharge that has contaminated the groundwater and by discharges of other hazardous substances, a voluntary party is exempt from absolute requirements to restore the environment and minimize the harmful effects of the discharges, and from the requirements of other laws relating to hazardous substances, if an environmental investigation of the property is conducted; the property is cleaned up, except with respect to the discharge that originated off-site; DNR certifies that the cleanup restored the environment and minimized the harmful effects of the discharge, except with respect to the discharge that originated off-site; DNR determines in writing that the voluntary party qualifies for the off-site exemption; and the voluntary party maintains and monitors the property as required by DNR. This bill expands the voluntary party exemption from liability related to groundwater contamination from an off-site discharge so that it also applies to property on which the *soil* is contaminated by an off-site discharge.

Under current law, a voluntary party is exempt from absolute requirements to restore the environment and minimize the harmful effects of a discharge, and from the requirements of other laws relating to hazardous substances, if an

SENATE BILL 55

environmental investigation of the property is conducted, the property is cleaned up, except with respect to a substance in groundwater that DNR determines will naturally attenuate, DNR certifies that the cleanup restored the environment and minimized the harmful effects of the discharge except with respect to the substance that DNR has determined will naturally attenuate, the voluntary party maintains and monitors the property as required by DNR, and, if required by DNR, the voluntary party obtains insurance to cover the costs of cleanup if natural attenuation fails.

This bill provides that to qualify for the liability exemption for property on which DNR determines that natural attenuation will successfully complete the cleanup, a voluntary party who owns the property must provide access to the property for the purpose of determining whether natural attenuation has failed and, if so, to allow someone else clean up the property.

Under current law, a voluntary party is exempt from liability with respect to the existence of a hazardous substance on property if the hazardous substance is discovered in the course of a cleanup and if the voluntary party has obtained insurance to cover the costs of cleaning up hazardous substances discovered in the course of the cleanup. This bill eliminates this exemption from liability.

Petroleum storage remedial action

Under current law, the department of commerce administers a program to reimburse owners of certain petroleum product storage tanks for a portion of the costs of cleaning up discharges from those tanks. This program is commonly known as PECFA. This bill makes several changes in the laws related to PECFA.

Under current law, this state issues revenue bonds to fund a portion of the PECFA costs. This bill increases the PECFA revenue bonding limit by \$100,000,000.

Under current law, PECFA provides reimbursement for some interest costs incurred by applicants. Under this bill, with specified exceptions, if an applicant submits the final PECFA claim later than the 60th day after completing all clean-up activities, the applicant is ineligible for reimbursement for interest costs incurred after that day; if clean-up activities are not completed within ten years after the investigation of the discharge was completed, the applicant is ineligible for reimbursement for interest costs incurred after that ten-year period; and if an investigation was completed more than five years after the applicant notified the department of commerce about the discharge or more than two years after this bill becomes law, whichever is later, the applicant is ineligible for reimbursement for interest costs incurred after the later of those periods. These provisions limiting interest cost reimbursement do not apply to applicants who receive federal or state financial assistance, other than under PECFA, and who are either local governmental units or engaged in brownfields redevelopment.

Under current law, DNR oversees the cleanup of high-risk sites under PECFA, and the department of commerce oversees the cleanup of other sites. Under this bill, a high-cost site is a site at which more than \$200,000 in eligible costs under PECFA have been incurred. Under the bill, the department of commerce oversees the

SENATE BILL 55

cleanup of a site that becomes a high-cost site after November 30, 2001, once more than \$400,000 in eligible costs under PECFA have been incurred or more than seven years have elapsed since the investigation of the discharge was completed. The bill imposes requirements on DNR and the department of commerce to oversee cleanups so that clean-up activities are completed at high-cost sites within specified periods.

Under current law, farm petroleum product storage tanks of 1,100 gallons or less capacity are covered under PECFA only if the owner of the tank owns at least 35 acres of land devoted primarily to agricultural use that produced gross farm profits of at least \$6,000 in the year before the owner applies for PECFA reimbursement, or gross farm profits of at least \$18,000 during the three years before application.

This bill expands PECFA coverage of farm tanks so that a farm tank owner who formerly owned at least 35 acres of land devoted primarily to agricultural use is eligible if the owner submits a PECFA claim within one year after he or she transferred ownership of the land and if the land produced gross farm profits of at least \$6,000 in the year before the owner transferred ownership of the land, or gross farm profits of at least \$18,000 during the three years before the owner transferred ownership of the land. The bill also provides that a farm tank owner is eligible for PECFA coverage only if the farm tank is located on the parcel of land that meets the gross profits test.

Other hazardous substances and environmental cleanup

Under current law, DNR administers the Brownfield Site Assessment Grant Program, under which DNR awards grants to local governmental units for such activities as investigating environmental contamination, asbestos abatement activities, and removing abandoned underground storage tanks. This bill transfers the Brownfield Site Assessment Grant Program to the department of commerce.

Under current law, DNR administers the Sustainable Urban Development Zone Program. Under the program, DNR provides funds to the city of Beloit, the city of Green Bay, the city of La Crosse, the city of Milwaukee, and the city of Oshkosh to investigate environmental contamination and to conduct cleanups of brownfields in those cities. This bill eliminates the Sustainable Urban Development Zone Program.

Current law authorizes the issuance of general obligation bonds to pay for actions taken to clean up the environment under specified programs administered by DNR. This bill increases the general obligation bonding authority for these clean-up programs by \$5,000,000. Of this amount, \$2,000,000 is allocated for cleanups in or adjacent to the Great Lakes or their tributaries.

Under the Land Recycling Loan Program, this state provides loans to cities, villages, towns, and counties (political subdivisions) for projects to remedy environmental contamination at sites where the environmental contamination has affected, or threatens to affect, groundwater or surface water. The loans are

SENATE BILL 55

subsidized, so that recipients are not required to pay interest. Each biennial budget act establishes the present value of the subsidies that may be provided under the Land Recycling Loan Program during that biennium. This bill sets the present value of the Land Recycling Loan Program subsidies that may be provided during the 2001-03 biennium at \$9,110,000.

Under current law, DNR administers the Dry Cleaner Environmental Response Program (DERP), under which DNR reimburses a portion of the costs of responding to discharges of dry cleaning solvents from dry cleaning facilities. DERP is funded by dry cleaning license and solvent fees paid by owners and operators of dry cleaning facilities. Under this bill, DNR provides reimbursement for the costs of responding to discharges of other kinds of dry cleaning products, in addition to solvents.

Under current law, the deductible under DERP generally ranges from \$10,000 to \$76,000, depending on the amount of eligible costs. However, for a dry cleaning facility that has closed before the owner or operator applies under DERP, the deductible is increased. This bill eliminates the higher deductible for closed dry cleaning facilities.

Currently under DERP, the owner or operator of a dry cleaning facility on which construction began after October 4, 1997, is required to have implemented five specified pollution prevention measures. This requirement does not generally apply to older dry cleaning facilities. Under this bill, beginning one year after this bill takes effect, all dry cleaning facilities must have implemented three of the pollution prevention requirements in order to be eligible under DERP.

Current law authorizes DNR to cooperate with the federal environmental protection agency (EPA) in implementing the federal Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA, also called the Superfund Act), which provides for the clean up of contaminated property. This bill authorizes DNR to accept the transfer of an interest in property that was acquired by EPA as part of a CERCLA cleanup. The bill also authorizes DNR to acquire an interest in property from any person as part of a cleanup conducted in cooperation with EPA if the acquisition is necessary to conduct the cleanup.

WATER QUALITY

Under the Clean Water Fund Program, this state provides financial assistance for projects for controlling water pollution, including sewage treatment plants. Financial assistance is typically provided in the form of a loan at a subsidized interest rate. Each biennial budget act establishes the present value of the subsidies that may be provided under the Clean Water Fund Program during that biennium. This bill sets the present value of the Clean Water Fund Program subsidies that may be provided during the 2001-03 biennium at \$90,000,000. The bill increases the general obligation bonding authority for the Clean Water Fund Program by \$65,000,000 when the bill is enacted and an additional \$20,000,000 on July 1, 2003.

SENATE BILL 55

The bill also increases the revenue bonding authority for the Clean Water Fund Program by \$92,000,000.

Generally, under the Clean Water Fund Program, funds are allocated to a project as soon as the project is approved. However, if the amount of present value subsidy, general obligation bonding authority, or revenue bonding authority available for a biennium is 85% or less of the amount requested in a biennial finance plan prepared by DOA and DNR, funding is allocated on the basis of a priority list and funding may be provided in a fiscal year only to projects for which an application is submitted by the June 30 preceding that fiscal year. This bill reduces the threshold for allocating funds based on a priority list from 85% to 75%.

Under current law, a collection system or interceptor in an unsewered area is eligible for subsidized financial assistance under the Clean Water Fund Program only if at least two-thirds of the initial flow will be for wastewater originating from residences in existence on October 17, 1972. This bill eliminates the reference to October 17, 1972, and provides that a collection system or interceptor in an unsewered area is eligible for subsidized financial assistance under the Clean Water Fund Program only if at least two-thirds of the initial flow will be for wastewater originating from residences in existence on the date that is ten years before the day that DNR approves the facility plan for the project.

Under the Safe Drinking Water Loan Program, this state provides loans to local governmental units for projects for the construction or modification of public water systems. The loans are provided at subsidized interest rates. Each biennial budget act establishes the present value of the subsidies that may be provided under the Safe Drinking Water Loan Program during that fiscal biennium. This bill sets the present value of the Safe Drinking Water Loan Program subsidies that may be provided during the 2001-03 biennium at \$10,900,000.

Current law requires permits from DNR for certain storm water discharges, including discharges of storm water from a municipal storm sewer system serving an incorporated area with a population of 100,000 or more.

This bill requires permits for additional municipal storm sewer systems, as now required by federal law. Under the bill, the operator of a municipal storm sewer system must obtain a permit if one of the following applies:

1. The system serves an urbanized area, as determined by the U.S. bureau of the census.
2. The system serves an area with a population of 10,000 or more and a population density of 1,000 or more per square mile and DNR requires the operator to obtain a permit based on an evaluation of the system's impact on water quality.
3. DNR requires the operator to obtain a permit because the system contributes pollutants to an interconnected system that is required to obtain a permit.

Under current law, DNR, in conjunction with DATCP and local governmental units, administers a program to provide financial assistance for measures to reduce

SENATE BILL 55

water pollution from nonpoint (diffuse) sources. This bill increases the general obligation bonding authority for the Nonpoint Source Program by \$22,400,000.

Under the Nonpoint Source Program, a number of watersheds and lake areas were selected for priority watershed and priority lake projects. Under current law, no new priority watersheds or priority lakes may be selected. The bill prohibits DNR from extending funding for a priority watershed or priority lake project beyond the funding termination date that was in effect on January 1, 2001, or, if no funding termination date was in effect on January 1, 2001, beyond the funding termination date first established after January 1, 2001.

Under the Nonpoint Source Program, local governmental units annually apply for cost-sharing grants from DNR for new nonpoint source projects. A project is eligible for funding only if it is in a target area. An area may be a target area based on several criteria, including the need for compliance with performance standards established by DNR for nonpoint sources that are not agricultural. A project qualifies for funding only if it cannot be conducted with funding provided by DATCP under the Soil and Water Resource Management Program.

This bill adds that an area may be a target area under the Nonpoint Source Program based on the need for compliance with performance standards established by DNR for nonpoint sources that are agricultural. The bill also provides that a project qualifies for funding if DNR, in consultation with DATCP, determines that funding under the Soil and Water Resource Management Program is insufficient to fund the project.

Under current law, DNR administers the Municipal Flood Control and Riparian Restoration Program, under which DNR awards grants that pay a portion of the costs of facilities and structures for the collection and transmission of storm water and of the purchase of flowage and conservation easements on lands within floodways. DNR also administers the Urban Nonpoint Source Water Pollution Abatement and Storm Water Management Program, under which DNR awards grants for projects that manage urban storm water and runoff from urban areas to minimize flooding and protect groundwater. This bill increases the general obligation bonding authority for the two programs by \$11,000,000.

VOLUNTARY ENVIRONMENTAL IMPROVEMENT

This bill creates the Green Tier Program, administered by DNR. The program is designed to improve the environmental performance of public and private entities through the provision of incentives. There are three tiers in the Green Tier Program. A participant may participate in more than one tier.

A public or private entity that is subject to environmental laws (regulated entity) may participate in tier I of the Green Tier Program. To participate, a regulated entity must conduct an environmental performance evaluation or have an environmental management system. An environmental performance evaluation is a systematic review of the effects of a facility on the environment, including an

SENATE BILL 55

evaluation of compliance with one or more environmental laws. An environmental management system is a set of procedures designed to evaluate the effects of a facility on the environment and to achieve improvements in those effects.

To participate in tier I, the regulated entity must submit a report to DNR describing the results of the environmental performance evaluation or describing findings from the environmental management system. At the time of submitting the report, more than two years must have elapsed since the regulated entity was prosecuted or issued a citation for violating an environmental law. The report must describe any violations of environmental laws revealed by the environmental performance evaluation or environmental management system and the actions taken or proposed to be taken to correct the violations. If the regulated entity proposes to take more than 90 days to correct the violations, the regulated entity must submit a proposed compliance schedule.

The bill generally prohibits this state from bringing an action to collect a forfeiture (a civil monetary penalty) for a violation of an environmental law that is disclosed by a regulated entity that satisfies the requirements for participation in tier I of the Green Tier Program if the regulated entity corrects the violation within the 90-day period or within the time provided in a compliance schedule that was approved by DNR. The bill authorizes this state to begin an action to collect forfeitures from a regulated entity that satisfies the requirements for participation in tier I of the Green Tier Program at any time under several circumstances, including cases in which a violation presents an imminent threat or may cause serious harm to public health or the environment or in which DNR discovers the violation before the regulated entity reports the violation.

An entity or a group of entities may participate in tier II of the Green Tier Program. If a group applies, all of the requirements for participation apply to all of the members of the group.

At the time of application for tier II, more than five years must have elapsed since the applicant was convicted of a criminal violation of an environmental law that resulted in substantial harm to public health or the environment or that presented an imminent threat to public health or the environment; more than three years must have elapsed since a civil judgment was entered against the applicant for a violation of an environmental law that resulted in substantial harm to public health or the environment; and more than two years must have elapsed since the applicant was prosecuted or issued a citation for violating an environmental law.

To participate in tier II, an applicant must also have implemented or must commit itself to implementing an environmental management system. The applicant must specify objectives for improving its environmental performance or for voluntarily restoring, enhancing, or preserving natural resources. The applicant must also commit itself to conducting annual audits of its environmental management system and to submitting reports to DNR on those audits.

The bill requires DNR to provide public recognition to an entity that participates in tier II of the Green Tier Program. The bill also requires DNR to assign one of its employees to serve as the contact with DNR for a participant in tier II for all licenses and permits that the participant must obtain from DNR. After a

SENATE BILL 55

participant in tier II implements an environmental management system, DNR must conduct inspections of the participant's facilities that are covered under green tier at the lowest frequency that is permitted under DNR's rules.

An entity or a group of entities may participate in tier III of the Green Tier Program. If a group applies, all of the requirements for participation apply to all of the members of the group. A participant in tier III enters into a green tier contract with DNR. The contract specifies the participant's commitments and the incentives that will be provided to the participant.

At the time of application for tier III, more than ten years must have elapsed since the applicant was convicted of a criminal violation of an environmental law that resulted in substantial harm to public health or the environment or that presented an imminent threat to public health or the environment; more than five years must have elapsed since a civil judgment was entered against the applicant for a violation of an environmental law that resulted in substantial harm to public health or the environment; and more than two years must have elapsed since the applicant was prosecuted or issued a citation for violating an environmental law.

To participate in tier III, an applicant must have implemented an environmental management system. The applicant must commit itself to having an outside auditor conduct annual audits of the environmental management system and to submitting reports on those audits to DNR. The applicant must also commit itself to annually conducting audits of its compliance with environmental laws and to submitting the results of those audits to DNR.

Finally, to participate in tier III, an applicant must demonstrate that it has a record of superior environmental performance and describe the measures that it proposes to take to maintain and improve its superior environmental performance. "Superior environmental performance" means that an entity minimizes the negative effects of its pollutants on the environment or human health to an extent that is greater than is required by law or that an entity voluntarily engages in restoring, enhancing, or preserving natural resources.

If DNR determines that an applicant qualifies for participation in tier III, DNR may enter into negotiations with the applicant about a green tier contract. DNR may permit interested third parties to participate in the negotiations. If the parties reach an agreement, they may enter into a green tier contract with a term of not more than five years, subject to renewal for terms of not more than five years each. The bill authorizes DNR to promulgate rules specifying incentives that may be provided to participants in tier III.

The bill establishes a grant program under which the department of commerce makes grants to nongovernmental organizations to help those organizations develop the capacity to participate as interested third parties in the Green Tier Program and makes grants to assist in the development of environmental management systems.

OTHER ENVIRONMENT

Under current law, a registrant is required to pay an environmental impact fee of \$6 upon registering a new motor vehicle with DOT or upon applying for a new certificate of title following a transfer of a vehicle. The environmental impact fees

SENATE BILL 55

are credited to the environmental fund and are earmarked for environmental management activities. Currently, the law requiring a registrant to pay an environmental impact fee expires on June 30, 2001. This bill extends that expiration date to September 30, 2003.

Under current law, DNR may characterize a solid waste as a special waste available for beneficial use in a public works project and must maintain a public list of those special wastes. Currently, a contracting agency in a public works project may require the use of those special wastes in a public works project. Current law grants immunity from liability to any person who used those special wastes in a public works project if that use occurred while performing work under the contract for the public works project, the contract permitted or required the use of those special wastes, and the use conformed to the contract provisions. Current law makes the immunity inapplicable to reckless, wanton, or intentional misconduct or if death or injury of an individual resulted from the use. Under current law, DNR may grant a research waiver or an exemption from the requirements regarding the disposal or recycling of high-volume industrial wastes and certain other solid wastes.

Under this bill, solid wastes that DNR has exempted from the disposal requirement are considered special wastes and DNR may characterize them as suitable for use in public works projects. The bill requires DNR to maintain a list of special wastes that are suitable for use in specified types of public works projects. Under the bill, the current provisions regarding liability apply to the use of those listed special wastes in public works projects if the conditions established for their use are met.

Current law generally requires a person to obtain a construction permit from DNR before beginning construction of a stationary source of air pollution. This bill authorizes DNR to issue a general construction permit, which may cover numerous similar stationary sources of air pollution.

Under current law, the owner or operator of a stationary source of air pollution who must obtain an air pollution control permit from DNR is required to pay an annual fee to DNR. The amount of the fee is required to be based, among other things, on actual emissions of pollutants from the source in the preceding five years, using a five-year rolling average. Under this bill, the fee must be based on actual emissions of pollutants from the source in the preceding year, rather than the preceding five years.

This bill requires DNR to award grants to assist local governmental units to establish regional recycling programs.

HEALTH AND HUMAN SERVICES**MEDICAL ASSISTANCE**

Under current federal and state law, medical assistance (MA) is a jointly-funded, federal-state program to provide health care services to eligible

SENATE BILL 55

low-income individuals; federal medicaid funds (known as “federal financial participation”) are provided to match state funds expended for MA. Prescription drug manufacturers enter into agreements with the federal government to provide rebates for prescription drugs purchased under MA. Under current state law, pharmacies and pharmacists that are certified providers of MA services are reimbursed at a rate established by DHFS for providing certain prescription drugs to MA recipients.

Under this bill, DHFS must request from the federal department of health and human services a waiver of federal medicaid laws to permit DHFS to conduct a project to expand MA eligibility solely for the purpose of purchasing prescription drugs for persons who are at least 65, who have not had outpatient prescription drug coverage from any source other than MA for 12 months, and whose annual household incomes do not exceed 185% of the federal poverty line. If the waiver is granted, an eligible person with a household income of up to 155% of the federal poverty line, after paying a \$25 annual enrollment fee and after paying specified deductible amounts for prescription drugs calculated at the pharmacy discount rate, would be entitled to purchase prescription drugs for copayment amounts specified in the bill. A pharmacy or pharmacist who sells a drug at the reduced price would receive reimbursement for the difference between the copayment and the pharmacy discount rate amount from state general purpose revenues and federal medicaid moneys. Persons with household incomes over 155% but less than 186% of the federal poverty line, however, would only be eligible to purchase prescription drugs at the pharmacy discount rate. Under the bill, this project may not be implemented if the federal government creates a national prescription drug benefit program for seniors that would provide similar benefits to a similar population. In addition, DHFS must first secure approval from DOA and JCF.

The bill requires that DOA and DHFS work to develop, in conjunction with other states and with associations, a multistate purchasing group to negotiate with prescription drug manufacturers for MA prescription drug rebate agreements for greater rebates for prescription drugs than those achievable under federal law. Under the bill, DOA must also contract with a private entity to administer a discount program for the purchase of prescription drugs that would be generally available to anyone, regardless of age or income.

The bill requires that DHFS work with DOA to contract with a private entity for the bulk purchase and mail order delivery of prescription drugs for MA recipients who voluntarily participate in the discount program and who have chronic conditions. Further, DHFS and DOA must promote private prescription drug assistance plans that offer free and reduced-price drugs and prescription drug discounts to members. DHFS must inform tribes, certain health centers, and other entities that are eligible for a federal prescription drug discount program about the program and provide technical assistance to the entities in applying for and implementing benefits under the program.

Under current law, DWD administers the eligibility determination aspect of MA; DHFS administers all other aspects of MA. Currently, DWD contracts with

SENATE BILL 55

county departments of social services or human services (county departments) to determine the eligibility of individuals for MA. Under these contracts, DWD reimburses the county departments for the reasonable costs of determining the eligibility of individuals for each program. The amount that is reimbursed to each county department is calculated using a formula based on each county's workload and the amount of available state and federal moneys. DWD is also required to investigate suspected fraudulent activity on the part of individuals who receive MA benefits and to reduce errors in the payment of benefits.

This bill requires DWD and DHFS, jointly, to contract with county departments to reimburse the county departments for the reasonable costs of determining the eligibility of individuals for MA. Under the bill, only DWD makes the payments for reimbursement to the county departments but the payments are funded, in part, by an appropriation to DHFS. The bill requires DHFS to establish its own program to investigate possible fraud on the part of MA recipients and to reduce errors in the payments of MA or, in the alternative, to contract with DWD to conduct these activities.

Under current federal medicaid law, nonfederal public funds transferred to the state and expended for MA purposes may be considered as the state's share for the purpose of claiming federal financial participation.

This bill creates an MA trust fund. The fund consists of 1) moneys received as federal financial participation to match public moneys transferred to the state or certified by DHFS as the state share of financial participation for MA payments related to nursing homes; and 2) public moneys transferred to the state or certified by DHFS as the state and federal share of financial participation for MA payments related to nursing homes. The moneys in the MA trust fund are appropriated to DHFS to meet the costs of MA and the administrative costs associated with augmenting federal financial participation.

Under current law, in each fiscal year DHFS may distribute up to \$38,600,000 received as federal financial participation to supplement MA payments to reduce the operating deficits of county, city, village, or town nursing homes. DHFS must also distribute for this purpose additional moneys received as federal financial participation that were not anticipated before enactment of the biennial budget act or before enactment of other legislation that affects the appropriation of such federal moneys.

As of July 1, 2000, this bill retroactively eliminates the requirement that DHFS distribute for this purpose additional, unanticipated moneys received as federal financial participation and increases, to up to \$40,100,000, the amount of federal financial participation that may be distributed.

Under current law, DHFS administers the Badger Care Health Care Program (BadgerCare) under a waiver from the federal department of health and human services. BadgerCare provides health care coverage to certain low-income families and to certain low-income children who do not reside with a parent. As a condition

SENATE BILL 55

of eligibility for BadgerCare, a family or child must be without access to employer-subsidized health care coverage for a period specified by DHFS by rule.

This bill requires DHFS to request a waiver from the federal department to extend the period a family or child is required to be without access to employer-subsidized health care coverage to be eligible for BadgerCare to six months except under certain circumstances. The bill also requires DHFS to request a second waiver to permit DHFS, prior to enrolling a family or child in BadgerCare, to verify whether the family or child has had access to employer-subsidized health care.

Under current law, DHFS certifies persons that meet certain criteria as MA providers and pays for services and items that MA recipients receive from the providers. Currently, DHFS is authorized or required to enforce numerous sanctions, including decertification or suspension from MA, against providers who fail to comply with MA requirements or to whom MA payments have been improperly or erroneously made or overpayments have been made. To implement these sanctions, DHFS must provide written notice, a fair hearing, and a written decision. Currently, fraud in applications for, rights to, and conversion of MA benefits or payments is prohibited. These prohibitions are punishable by fines and imprisonment. Also under current law, if a provider who is liable for repayment of improper or erroneous MA payments or overpayments sells or otherwise transfers ownership of his or her business, the seller and transferee are each liable for the repayment. The transferee must contact DHFS and ascertain whether the seller has an outstanding amount owing. DHFS may bring an action to compel payment against either the seller or transferee if a sale or other transfer occurs, and the amount has not been repaid.

This bill authorizes DHFS, after providing reasonable notice and the opportunity for a hearing, to charge a fee to an MA provider that has repeatedly been subject to recoveries of MA payments because of the provider's failure to follow billing procedures or to follow other MA requirements. The fee must be used to defray the costs of audits and investigations by DHFS of federal medicaid or MA violations and to verify that services have been provided and the appropriateness and accuracy of reimbursement claims. The fee may not exceed \$1,000 or 200% of the amount of any recovery, whichever is greater. The bill permits DHFS to recover any part of such a fee that is not timely paid by offsetting the fee against any MA payment owed to the provider. Failure to timely pay a fee is grounds for MA decertification.

The bill authorizes DHFS to require certain MA providers, as a condition of certification, to file with DHFS a surety bond, payable to DHFS, that would reasonably pay the amount of a recovery and DHFS's costs to pursue recovery of overpayments or to investigate and pursue allegations of false claims or statements. The bill also authorizes DHFS to limit the number of providers of particular services that may receive MA certification or limit the amount of resources, including employees and equipment, that a certified provider may use to provide MA services and items.

SENATE BILL 55

The bill changes numerous provisions relating to procedures for the recovery by DHFS of MA overpayments or improper or erroneous payments, including all of the following:

1. Hearing requirements are eliminated and, instead, a provider has the opportunity to present information and argument to DHFS staff.
2. A deadline for the payment of recoveries is established, and payment of interest on delinquent amounts is required.

The bill eliminates DHFS's general authority to suspend a provider, but instead authorizes DHFS, if certain criteria are met, to suspend certification for a provider pending a hearing on whether the provider must be decertified for violation of federal or state laws.

The bill requires providers to allow DHFS access to provider records and specifies that a provider's failure to provide access constitutes grounds for decertification.

With respect to liability for repayment of improper or erroneous payments or overpayments of a provider who sells or transfers ownership of his or her business, the bill eliminates provisions that confer liability on both the transferor and the transferee. Under the bill, before a person may take over the operation of an MA provider, the person must obtain MA certification with respect to the provider's operation, regardless of whether the person is currently certified. Also, before a person may take over the operation of an MA provider that is liable for repayment of improper or erroneous MA payments or overpayments, full repayment must be made. Upon request, DHFS must notify the person or provider as to whether the provider is liable. If, notwithstanding the prohibition, the person takes over the provider's operation, and the outstanding repayment is not made, DHFS may withhold certification from the person and may proceed against the provider or person. If the repayment is not paid in full within 30 days after DHFS provides notice to the certified provider, DHFS may bring an action to compel payment, to decertify a provider, or to do both.

Under current law, DHFS receives federal funding to conduct a breast and cervical cancer early detection program. This program provides individuals with breast and cervical cancer screening, referrals, education, and outreach. This bill expands MA to provide MA to women who are under the age of 65, who require treatment for breast or cervical cancer, who have been screened for breast or cervical cancer under the breast and cervical cancer early detection program, and who are not otherwise eligible for MA or any other health care coverage.

Currently, the long-term support Community Options Program (COP) provides functionality assessments of, and home and community-based care to, among others, elderly and disabled persons as an alternative to institutionalized care. One part of COP (often referred to as COP-Regular) is funded by state general purpose revenues and the other part (often referred to as COP-Waiver) is funded jointly by federal medicaid and state MA moneys under a waiver of federal medicaid laws. Also under MA under a waiver of federal medicaid laws, a Community

SENATE BILL 55

Integration Program (often referred to as CIP II) provides home and community-based services and continuity of care for persons relocated from institutions, other than the state centers for the developmentally disabled, and for persons who meet requirements for MA reimbursement in nursing homes.

Currently, funds under COP-Waiver and CIP II may not be used to provide services in a C-BRF that has more than four beds unless the C-BRF has five to eight beds and DHFS approves the C-BRF. This bill changes restrictions on the use of COP-Waiver and CIP II funds for providing services in a C-BRF to permit use of the funds in a C-BRF that has five to 20 beds if DHFS approves.

Currently, DHFS operates three Community Integration Programs (CIPs) as part of MA. These programs provide home and community-based services to individuals who are relocated from institutions such as state centers for the developmentally disabled or nursing homes, or who meet the criteria for reimbursement under MA for nursing home care. DHFS also administers the Family Support Program, which provides assistance, including home and community-based services, to families with a disabled child, and a program that provides early intervention services to certain eligible children. These two programs are not part of MA and are funded with GPR.

This bill requires DHFS to request a waiver of federal medicaid laws from the federal department of health and human services to provide to disabled individuals who are under 24 years of age, under one program, with unified administration and service delivery, the services offered under COP-Waiver, CIPs, the Family Support Program, and the Early Intervention Program. If DHFS receives the waiver, DHFS must seek enactment of legislation to implement the waiver within the limits of available federal, state, and county funds.

Under current law, an individual who meets the requirements under one of the following categories is eligible for MA:

1. AFDC-MA. This category includes individuals who meet the income, asset, and non-financial requirements for the federal Aid to Families with Dependent Children (AFDC) Program that were in effect on July 16, 1996. Generally, individuals who meet the AFDC requirements are certain children under 19 years of age, their caretaker relatives, and pregnant women in the eighth or ninth month of pregnancy.

2. AFDC-related MA. This category includes individuals who meet the income and asset requirements of the AFDC program that were in effect on July 16, 1996, but who would not have received an AFDC payment and who are either children under 19 years of age, their caretaker relatives, or pregnant. Also eligible under this category are children under the age of 18 and pregnant women whose incomes do not exceed 133.33% of the maximum payment under the AFDC program, and whose assets do not exceed certain asset limits.

SENATE BILL 55

This bill eliminates the asset requirements for the AFDC-MA and AFDC-related MA categories so that an individual who meets the other requirements under one of those categories is eligible for MA.

Under current law, DHFS excludes certain assets when determining whether certain individuals meet the specific asset limits to qualify for MA. One of the assets that is excluded is up to \$2,500 in an irrevocable burial trust. This bill increases the amount of such assets that are excluded to \$3,300 on January 1, 2003.

Currently, DHFS is required to recover the following from the estate of an MA recipient who is not survived by a spouse or a child who is under 21 or disabled:

1. The amount of MA paid on behalf of the recipient while the recipient resided in a hospital and was required to contribute to the cost of care or resided in a nursing home.

2. The amount of MA paid on behalf of a recipient after the recipient reached age 55 for home-based or community-based services, community-supported living, personal care services, or hospital and prescription drug services.

This bill expands the types of services that are subject to the Estate Recovery Program to include all health care services for which MA was paid on behalf of a recipient after the recipient reached age 55. The bill requires that, if these health care services were provided by a managed care organization, under the Program of All-Inclusive Care for the Elderly (PACE) that provides health and social services to low-income elderly individuals at home, or under the Wisconsin Partnership Program, which provides health care and long-term care services to low-income elderly and disabled individuals, DHFS must calculate the amount of MA as the capitation rate that was paid on behalf of the recipient. If the health care services were provided under the Family Care Program, DHFS must calculate the amount of MA as the cost of the health care services that were paid for with MA. For all other services provided, DHFS is required to calculate the amount of MA on a fee-for-service basis.

Under current law, to recover the amount of MA paid on behalf of MA recipients, DHFS may place a lien on the home of a recipient under certain circumstances. This bill authorizes DHFS to place a lien on any other real property in which an MA recipient has an interest if DHFS may currently place a lien on the recipient's home.

Under current law, medicare part A and part B beneficiaries who are MA recipients with incomes at or below 100% of the federal poverty line or who are elderly or disabled persons with low incomes and resources receive payment for medicare deductible and coinsurance amounts, monthly medicare premiums, and, if applicable, late enrollment penalties for medicare part A premiums. (Medicare part A provides inpatient hospital coverage for persons who are aged 65 or disabled, and medicare part B provides coverage for outpatient services for those persons.) MA recipients whose incomes are above 100% of the federal poverty line receive MA payment of medicare deductible and coinsurance amounts; if they are beneficiaries

SENATE BILL 55

of only medicare part A or part B, they receive MA payment of the applicable medicare part A or part B deductible and coinsurance amounts. However, for all of these MA recipients, MA payment for the coinsurance for a service under medicare part B may not exceed the allowable charge for the service under MA minus the medicare payment amount.

Under this bill, MA recipients and elderly or disabled persons with low incomes and resources may receive MA payments for their coinsurance for medicare part B outpatient hospital services that exceed the MA allowable charge for the services. The bill requires that DHFS include in the state plan for MA a methodology for payment of the medicare part B outpatient hospital services coinsurance amounts.

Currently, one of the factors that determines the amounts paid to nursing homes for care provided to MA recipients is the variation in regional labor costs. This bill eliminates that factor.

Under current law, beginning July 1, 2000, DHFS must distribute state GPR and federal medicaid moneys as a supplemental payment to a hospital for which MA revenues were at least 8% of the hospital's total revenues in the most recent year before the year of distribution. This bill eliminates these supplemental payments.

HEALTH

Under current law, DHFS licenses, certifies, approves, or registers, and otherwise regulates numerous health care services providers, including hospitals, nursing homes, C-BRFs, adult family homes, residential care apartment complexes, rural medical centers, home health agencies, and hospices. Currently, the sanctions that DHFS may bring against those facilities or services that violate applicable standards of care or provisions of licensure, certification, approval, or registration include denial of licensure, issuance of departmental orders, required submittal of a plan of correction, assessment of forfeitures (civil penalties), suspension of admissions, imposition of conditional licensure, and suspension or revocation of licensure. Facilities or services on which sanctions are imposed may appeal the sanctions in hearings conducted by DOA. Decisions that result from these hearings are subject to judicial review.

With certain exceptions, this bill makes uniform the sanctions that DHFS may impose on hospitals, nursing homes, C-BRFs, licensed adult family homes, residential care apartment complexes, rural medical centers, home health agencies, and hospices that violate conditions of licensure, certification, approval, or registration or applicable standards of care. The bill specifies procedures for requesting a hearing to contest imposition of a sanction. The bill eliminates DHFS's authority to suspend a license, certification, approval, or registration. Under the bill, if DHFS provides a C-BRF, hospital, or home health agency with written notice of the grounds for a sanction, an explanation of the types of sanctions that DHFS may impose, and an explanation of the appeal process, DHFS may order that the C-BRF, hospital, or home health agency do any of the following: 1) if operating without a license or approval, cease operation; 2) terminate the employment of any person who

SENATE BILL 55

operated or permitted operation of a C-BRF, hospital, or home health agency for which a license or approval was revoked; 3) stop violating a provision of licensure or approval; 4) for a C-BRF only, submit a plan of correction for violation of a provision of licensure or approval; 5) for a C-BRF only, implement and comply with a plan of correction that is approved or developed by DHFS; 6) for a nursing home, C-BRF, or hospital only, suspend new admissions until all violations are corrected; or 7) provide training in one or more specific areas for staff members. In addition, if DHFS provides the same type of written notice, DHFS may impose any of the following:

1. Except for nursing homes, a daily forfeiture of not less than \$10 nor more than \$2,000 for each violation, with each day of violation being a separate offense; the amount of the forfeiture and payment deadlines are specified by DHFS by rule.

2. Under specified circumstances, for all facilities or services, revocation of licensure, certification, approval, or registration.

The bill requires that licensed nursing homes, C-BRFs, and hospices, if they are in substantial noncompliance, as defined by DHFS by rule, with respect to applicable state or federal requirements, demonstrate that they are fit and qualified to operate.

Under current law, DHFS may, after meeting certain procedural requirements, issue a conditional license for up to one year to a nursing home and may revoke any outstanding license of the nursing home for certain violations of standards of care. This bill authorizes DHFS to issue a conditional license, certification, approval, or registration that is similar to a conditional approval of a nursing home, to any health care facility or service that violates standards of care or provisions of licensure.

Under current law, DHFS may issue provisional licenses for home health agencies, rural medical centers, and hospices that have not previously been licensed, that are not in operation at the time the application for licensure is made, or that are temporarily unable to comply with standards of care. DHFS also may issue probationary licenses for nursing homes and C-BRFs that have not previously been licensed and are not operating at the time the license application is made. This bill eliminates provisions relating to provisional licenses for rural medical centers, and, for home health agencies and hospices, changes the term "provisional" to "probationary." In addition, the bill decreases from 24 months to 12 months the period of validity of a hospice probationary license.

Currently, DHFS distributes funds to provide various services for persons with or at risk of contracting acquired immunodeficiency syndrome (AIDS). This bill also requires that DHFS provide funds for testing for and prevention of infections related to AIDS, including hepatitis C virus infection, on behalf of the persons who receive AIDS services.

Under current law, the governor may enter into an agreement with the federal Nuclear Regulatory Commission to discontinue certain federal licensing and related regulatory authority with respect to by-product material (certain radioactive material and the tailings or waste from ores processed for uranium or thorium), source material (any material except special nuclear material that contains a

SENATE BILL 55

specified percentage of uranium or thorium), and special nuclear material (uranium enriched in specified isotopes and plutonium). Rules that DHFS must promulgate for by-product, source, and special nuclear material must be no less stringent than federal requirements.

This bill modifies the definition of "source material" to be uranium, thorium, or any combination of the two in any physical or chemical form, or ores that contain, by weight, 0.05% of uranium, thorium, or a combination of the two. The bill requires that DHFS's rules be compatible with federal requirements; however, the rules must also be in accordance with specific federal requirements relating to by-product material. The bill also authorizes DHFS to develop qualification, certification, training, and experience requirements and to recognize certification by another state or a nationally recognized organization that is substantially equivalent to the DHFS certification, for persons who operate radiation generating equipment; who utilize, store, transfer, transport, or possess radioactive materials; or who act as radiation safety consultants.

Currently, DHFS administers a breast cancer screening program that awards grants to hospitals and other organizations to provide breast cancer screening services to women who are 40 years of age or older. As part of this program, DHFS must expend \$20,000 annually to develop and provide media announcements and educational materials concerning the need for and availability of breast cancer screening services to women in areas served by the program.

DHFS also currently administers a low-income women health screening program that awards grants to applicants to provide health care screening, referral, follow-up, and patient education services to low-income, underinsured, and uninsured women.

This bill eliminates the requirement that DHFS expend at least \$20,000 in each fiscal year for developing and providing media announcements and educational materials under the breast cancer screening program. The bill requires DHFS to allocate \$20,000 for developing and providing media services and educational materials to promote both health care services available under the Low-Income Women Health Screening Program and to promote breast cancer screening services available under the breast cancer screening program.

Current law requires DHFS to expend under the federal Preventive Health Services Project Grant Program \$25,000 in each fiscal year for a state medical director for the state Emergency Medical Services (EMS) program. This bill eliminates this requirement.

WISCONSIN WORKS

Under current law, DWD administers the Wisconsin Works (W-2) Child Care Subsidy Program. Under this program, an individual who meets certain nonfinancial and financial eligibility requirements and who is the parent, foster parent, guardian, or kinship care relative of a child under the age of 13 or, if the child is disabled, under the age of 19, may be eligible for a child care subsidy if the

SENATE BILL 55

individual needs child care to work or to pursue basic or technical college education. A kinship care relative is an individual who receives monthly payments under the Kinship Care Program. The Kinship Care Program provides monthly payments to individuals who are relatives of children and who provide care and maintenance for the children either temporarily (short-term kinship care relative) or on a more permanent basis (long-term kinship care relative).

Under this bill, if DWD determines that moneys allocated for the Child Care Subsidy Program are insufficient to provide the child care subsidy to all eligible individuals, DWD may develop a plan to limit participation in the Child Care Subsidy Program. If the secretary of administration approves the plan, DWD may implement it.

Under current law, to be eligible for the child care subsidy, a long-term kinship care relative must cooperate with child support enforcement efforts, provide DWD with any information that DWD requires, and assign to DWD any right the individual has to child or spousal support or maintenance. Short-term kinship care relatives are not required to meet these requirements. Under current law, a short-term kinship care relative is eligible for the child care subsidy if the child's biological or adoptive family has income that is at or below 200% of the federal poverty line while a long-term kinship care relative must have income that is at or below 185% of the federal poverty line to be eligible for the child care subsidy. Under this bill, the eligibility requirements for the child care subsidy that currently apply to short-term kinship care relatives apply to long-term kinship care relatives.

Under current law, DWD distributes federal funds to child care providers and counties for child care services that are provided to individuals who are eligible for the W-2 child care subsidy and to private nonprofit agencies that provide child care for children of migrant workers. Currently, the funds may not be used to cover the costs of child care services that are provided to a child by a person who resides with the child, unless a county determines that the child care is necessary because of a special health condition of the child.

The bill permits DWD to reimburse a W-2 agency (an entity that administers the W-2 program on behalf of DWD) for child care services that the W-2 agency provides to W-2 participants and applicants and prohibits the use of the funds for child care services that are provided for a child by the child's custodial parent, guardian, foster parent, treatment foster parent, legal custodian, or person acting in place of a parent, unless a county determines that the child care is necessary because of a special health condition of the child.

Under current law, DWD contracts with W-2 agencies to administer the W-2 program. Current law requires that these two-year contracts require the W-2 agency to establish a community steering committee that consists of at least 12 members but not more than 15 members. A community steering committee is responsible for advising W-2 agencies on employment and training activities, creating and encouraging others to create subsidized jobs for W-2 participants, identifying child care needs, improving child care access, and expanding the availability of child care.

SENATE BILL 55

This bill eliminates the requirement that the community steering committee consist of a specified number of members. The bill also requires that a W-2 contract require the community steering committee to serve individuals who are receiving services under the federal Temporary Assistance for Needy Families (TANF) block grant program and to coordinate its services with a local workforce development board.

PUBLIC ASSISTANCE

Current law directs DWD to allocate specific amounts of moneys in each fiscal year, including federal moneys received under the TANF block grant program, for various public assistance programs. This bill eliminates the allocation for some of the programs, including start-up funding for W-2 contracts, the Passports for Youth Program, the Community Marriage Policy Project, and payments to the Wisconsin Trust Account Foundation for the provision of legal services to certain low-income individuals.

Under the bill, if the amounts of TANF moneys that are received from the federal government are less than the amounts of TANF moneys appropriated to DWD, DWD must submit a plan to the secretary of administration for reducing the amounts allocated for the public assistance programs. If the secretary approves the plan, DWD may reduce the amounts allocated.

Current law requires DWD to distribute a portion of the federal Child Care Development Block Grant (CCDBG) funds to provide various child care services and grant programs, including technical assistance to child care providers, grants for the start-up and expansion of child day care services, and grants for improving the quality of care standards. This bill requires DWD also to distribute CCDBG funds as grants to local governments and tribal governing bodies for programs to improve the quality of child care.

Under current law, DWD awards grants of up to \$500 to eligible individuals for the costs of tuition, books, transportation, or other direct costs of training or education in a vocational or educational program. As a condition of eligibility for a grant, an individual's income may not exceed 165% of the federal poverty line and the individual must contribute matching funds equal to the amount of the grant. The total amount of all grants awarded to an individual may not exceed \$500. This bill increases the maximum income level for eligibility for an employment skills advancement grant to 185% of the federal poverty line, reduces the amount of matching funds that an individual must contribute to 50% of the amount of the grant, and increases the maximum amount of all grants that an individual may receive to \$1,000.

Under current law, DWD contracts with counties and W-2 agencies to administer a work experience program for noncustodial parents, commonly referred to as the Children First Program. Under the program, counties and W-2 agencies provide work experience, job training, and job search assistance to noncustodial

SENATE BILL 55

parents (parents who do not live with their children for substantial periods) who are required to participate in the program because they failed to pay court-ordered child support or to meet their child's needs for support because of unemployment or underemployment. Current law requires DWD to pay the county or W-2 agency administering the program \$400 for each noncustodial parent who participates in the program.

This bill authorizes DWD to contract with elected tribal governing bodies of federally recognized American Indian tribes or bands to administer the Children First Program. The bill also changes the amount that DWD is required to pay to each county, W-2 agency, or tribal governing body for each noncustodial parent who participates in the program from \$400 to an amount that is not more than \$400.

Under current law, DHFS provides aid to eligible individuals to cover the costs of medical care for kidney disease, cystic fibrosis, and hemophilia. An individual who is eligible to receive aid, but whose income exceeds income limits established by DHFS, is required to expend certain amounts of his or her income, determined according to a sliding scale developed by DHFS, for the medical care before he or she may receive aid. Every three years, DHFS is required to review and, if necessary, revise the sliding scale to ensure that the needs of patients with lower incomes receive priority for aid. This bill requires DHFS to revise the sliding scale as necessary, rather than every three years, to ensure that the needs of patients with lower incomes receive priority for aid.

Under current law, DHFS awards grants for the provision of alcohol and other drug abuse treatment services in Milwaukee County to individuals who are eligible for TANF and have family incomes that do not exceed 200% of the federal poverty line. This bill permits these grants to be provided throughout the state.

Under current law, county departments of community programs (county departments) are required, within the limits of federal, state, and county funds, to provide to individuals who suffer from mental disabilities, including mental illness, developmental disabilities, alcoholism, or drug abuse, a variety of health care services related to mental illness, developmental disabilities, alcoholism, and drug abuse. The health care services provided include diagnostic and evaluation services, inpatient and outpatient care and treatment services, and supportive transitional services. Under current law, if federal, state, and county funds for the alcohol and other drug abuse services are not sufficient to meet the needs of all individuals who are eligible for the services, the county departments must give first priority for the services to any pregnant woman who suffers from alcoholism or alcohol abuse or who is drug dependent.

Under this bill, county departments are required to give second priority for alcohol and other drug abuse services to independent foster care adolescents. An independent foster care adolescent is an individual who is at least 18 but under 21 years of age and was in foster care on his or her 18th birthday. If state, federal, and county funds for mental health services are insufficient to meet the needs of all

SENATE BILL 55

individuals eligible for mental health services, the bill requires the county departments to give first priority for the services to independent foster care adolescents.

CHILDREN

Under current law, DHFS, DPI, and DWD administer various programs for children. This bill creates a children's cabinet board consisting of the governor, the state superintendent of public instruction, the secretary of administration, the secretary of health and family services, and the secretary of workforce development, that is attached to the office of the governor for administrative purposes. The bill directs the board to make recommendations to the governor and the legislature relating to changes needed in state programs, policies, and funding levels to improve the coordination among state agencies of programs for children and to streamline the delivery of those programs. The bill also directs the board to award grants to local consortia (combinations of individuals, public agencies, nonprofit corporations, for-profit organizations, federally recognized American Indian tribes or bands, or other persons) to develop models for the delivery of programs for children who are at risk of not being ready to learn when they enter kindergarten or who are at risk of facing barriers to learning while in school (at-risk children). The models must be designed to create closer links between school districts, human service providers, and other community-based providers of programs for children; to enable at-risk children to be ready to learn when they enter kindergarten or to overcome the barriers to learning that they face while in school; to focus on providing services on a voluntary basis to children under five years of age and their families, but also to provide services to children and their families, as needed, throughout the elementary and high school grades; and to meet certain performance measures prescribed by the board.

Under current law, the juvenile court may designate an out-of-home placement for a child who is within the jurisdiction of the juvenile court. The state receives federal foster care and adoption assistance funding under Title IV-E of the federal Social Security Act (generally referred to as IV-E funds) in reimbursement of moneys expended to provide care for children in out-of-home placements. Recently, however, the federal government changed its regulations relating to eligibility for IV-E funds to provide that IV-E funds are not available when a court orders a child to be placed in a specific out-of-home placement, except that those funds are available when a court orders a child to be placed in a specific out-of-home placement recommended by the agency primarily responsible for providing services for the child (agency) or when a court, after considering the evidence presented by the agency and all parties relating to a child's placement, orders the child to be placed in a specific out-of-home placement other than a placement recommended by the agency.

This bill requires an order of the juvenile court placing a child outside the home in a placement recommended by the agency to include a statement that the juvenile court approves the placement recommended by the agency and an order of the

SENATE BILL 55

juvenile court placing a child outside the home in a placement other than a placement recommended by the agency to include a statement that the juvenile court has given bona fide consideration to the recommendations made by the agency and all parties relating to the child's placement.

Under current law, the juvenile court may appoint a relative of a child as the guardian of the child if the juvenile court makes certain findings, including a finding that the child has been adjudged to be in need of protection or services and has been placed outside of his or her home under an order of the juvenile court for one year or longer. This bill permits any person, not just a relative, to be appointed as the guardian of a child who has been adjudged to be in need of protection or services. The bill also eliminates that one-year waiting period and permits a child who has been adjudged to be in need of protection or services or whose parents' parental rights to the child have been terminated to be placed directly in the home of a guardian without first having been placed in another out-of-home placement.

Currently, a relative who is appointed as the guardian of a child in need of protection or services and who meets certain other requirements is eligible to receive long-term kinship care payments of \$215 per month for providing care and maintenance for the child. This bill permits a person who is appointed as the guardian for a child in need of protection or service, who was the licensed foster or treatment foster parent of the child before that appointment, and who is a resident of Milwaukee County to receive monthly subsidized guardianship payments in an amount established by DHFS based on the average amount of general purpose revenues expended per child in foster care in Milwaukee County in state fiscal year 2000-01 if the child is 12 years of age or over and any of the following applies: 1) the child has been placed outside of his or her home for 15 of the most recent 22 months; 2) the parental rights of the child's parents have been terminated; 3) the juvenile court has found that reunification of the child with the child's parents is unlikely or contrary to the best interests of the child and that further reunification efforts are unlikely to be made or are contrary to the best interests of the child. The bill also permits those payments to be made to such a guardian if the child does not meet any of those conditions, but DHFS has determined that providing subsidized guardianship payments to the guardian is in the best interests of the child and the juvenile court has confirmed that determination. The bill also requires DHFS to request from the federal department of health and human services a waiver of the requirements under Title IV-E of the federal Social Security Act that would authorize the state to receive IV-E funds for the costs of providing care for a child who is in the care of a guardian who was licensed as the child's foster or treatment foster parent before the guardianship appointment and to provide monthly subsidized guardianship payments to the guardian according to the terms of the waiver.

Under current law, for each child living in a foster home, treatment foster home, group home, child caring institution, secure detention facility, or shelter care facility, whether under a voluntary agreement or under an order of the juvenile court, the

SENATE BILL 55

agency that placed the child or arranged the placement of the child or the agency assigned primary responsibility for providing services to the child under the juvenile court order must prepare a written permanency plan, which is a plan designed to ensure that a child is reunified with his or her family whenever appropriate or that the child quickly attains a placement providing long-term stability. This bill requires a permanency plan to be prepared for a child who, under a juvenile court order, is living in the home of a relative.

Under current law, on the request of a grandparent in whose home a grandchild whose parent is under 18 years of age is placed, whether under a voluntary agreement or under a juvenile court order, DHFS, a county department of human services or social services (county department), or a licensed child welfare agency may license that grandparent as the grandchild's foster or treatment foster parent. This bill requires, rather than authorizes, DHFS, a county department, or a licensed child welfare agency to license such a grandparent as the grandchild's foster or treatment foster parent on the request of the grandparent. Similarly, on the request of a guardian in whose home a minor ward is placed under a juvenile court order, DHFS, a county department, or a licensed child welfare agency may license that guardian as the ward's foster or treatment foster parent. This bill requires, rather than authorizes, DHFS, a county department, or a licensed child welfare agency to license such a guardian as the ward's foster or treatment foster parent on the request of the guardian.

Under current law, certain relatives of a child who provide care and maintenance for the child and who meet certain other conditions (kinship care relatives) are eligible for a payment of \$215 per month under the Kinship Care Program. Those conditions include a condition that the county department or, in Milwaukee County, DHFS must conduct a background investigation of the kinship care relative, any employee or prospective employee of the kinship care relative who has or would have regular contact with the child, and any adult resident of the kinship care relative's home and the investigation must indicate that the kinship care relative, employee, prospective employee, or adult resident does not have any arrests or convictions that could adversely affect the child or the kinship care relative's ability to care for the child. Currently, a kinship care relative who is denied kinship care payments, or who is prohibited from employing a person or permitting a person to reside in the kinship care relative's home, based on an arrest or conviction record may request the director of the county department or, in Milwaukee County, a person designated by the secretary of health and family services to review that denial. That review procedure expires on the effective date of the 2001-03 biennial budget act. This bill eliminates that expiration date.

Under current law, if the parental rights of all living parents of a child are terminated or if a child has no living parents, the juvenile court may transfer guardianship of the child to DHFS, which is then responsible for securing the adoption of the child. If a permanent adoptive placement is not in progress two years after entry of the termination of parental rights (TPR) or guardianship order, DHFS

SENATE BILL 55

may petition the juvenile court to transfer legal custody of the child to a county department, but DHFS remains the guardian of the child. This bill shortens that time frame to one year after entry of the TPR or guardianship order. The bill also authorizes DHFS to petition the juvenile court to transfer guardianship of such a child to a county department that is authorized to accept guardianship of children.

Similarly, under current law, an American Indian tribal court in this state may appoint DHFS as guardian or legal custodian of a child who has no parents, or whose parents' parental rights to the child have been terminated by the tribal court, for the purpose of making an adoptive placement for the child. If a permanent adoptive placement is not in progress two years after entry of the TPR or guardianship order, DHFS may petition the tribal court to transfer legal custody or guardianship of the child back to the tribe. This bill shortens that time frame to one year after entry of the TPR or guardianship order.

Under current law, a person 21 years of age or older whose birth parents' parental rights have been terminated, or who has been adopted, in this state may request DHFS to provide the person with a copy of the person's original birth certificate and with the identity and location of the person's birth parents. If the person's birth parent has not filed an affidavit authorizing DHFS to disclose the person's original birth certificate or the identity and location of the birth parent, DHFS or a county department or a child welfare agency under contract with DHFS must conduct a search for the birth parent to inform the birth parent that he or she may file an affidavit authorizing that disclosure. This bill eliminates the authority of DHFS to conduct those searches or to contract with a county department or a child welfare agency to conduct those searches. Instead, the bill permits DHFS to license a child welfare agency to conduct those searches.

Under current law, DHFS, a county department, or a child welfare agency may charge a reasonable fee for the cost of conducting a search for a person's birth parents, but may not charge a fee in excess of \$100 unless the person gives consent to proceed with the search. Similarly, a person requesting access to medical and genetic information about a person or the person's birth parents must pay a fee based on ability to pay, but not to exceed \$150, for the cost of locating, verifying, purging, summarizing, copying, and mailing that information. This bill eliminates those fee caps.

Current law requires DHFS to pay claims not payable by other insurance for bodily injury or property damage sustained by a foster, treatment foster, or family-operated group home parent (parent) or a member of the parent's family as a result of an act of a child placed in the parent's care. Current law also permits DHFS to pay claims not covered by other insurance for acts or omissions of a parent that result in bodily injury to a child placed in the parent's care or that form the basis for a civil action for damages against the parent, and for bodily injury or property damage that is caused by an act or omission of a child who is placed in the parent's care and for which the parent becomes legally liable. Currently, the amount of those

SENATE BILL 55

claims that DHFS may approve in a fiscal year is subject to a \$200 deductible. This bill lowers that deductible amount to \$100.

Under current law, DHFS distributes IV-E funds as community aids to counties to provide social services to children and families. If on December 31 of any year there remains unspent or unencumbered in the community aids basic county allocation an amount that exceeds the amount of IV-E funds allocated as community aids in that year (excess IV-E funds), DHFS must carry forward to the next year those excess IV-E funds and distribute not less than 50% of those excess IV-E funds to counties other than Milwaukee County that are making a good faith effort to implement the statewide automated child welfare information system (generally referred to as "WISACWIS") for services and projects to assist children and families. Currently, a county is required to use not less than 50% of the excess IV-E funds distributed to that county for services and projects to assist children and families. This bill permits a county, in the year in which the county implements WISACWIS and in the two succeeding years, to use 100% of the excess IV-E funds distributed to that county to reimburse DHFS for the costs of implementing WISACWIS.

Under current law, the child abuse and neglect prevention board (CANPB) may expend the interest earned on, but not the principal of, moneys received from the sale of "Celebrate Children" license plates to award grants for child abuse and neglect prevention programs, early childhood family education centers, and Right From the Start projects; to administer statewide child abuse and neglect prevention projects; and to pay for the operating costs of CANPB. This bill permits CANPB to expend 50% of the moneys received from the sale of those license plates, and all interest earned on those moneys received, to award the grants, administer the projects, and pay for its operating costs.

FAMILY CARE

Under family care, a program of financial assistance in providing long-term care and support items, persons are entitled to (will receive) a benefit if they are at least 18 years of age, have physical disabilities or infirmities of aging, meet financial criteria, and fulfill any applicable cost-sharing requirements. They must also meet any of several criteria related to functionality, eligibility for MA, the need for protective services or protective placement, and the existence of chronic or terminal conditions. Other persons may be eligible for, but are not necessarily entitled to, the family care benefit if they are at least 18 years of age, have physical disabilities or infirmities of aging, meet financial criteria, fulfill any applicable cost-sharing requirements, and meet any of several criteria relating to functionality. DHFS is authorized to determine the date on which these functionality criteria first apply to applicants for the family care benefit who are not MA recipients, but the date may not be later than July 1, 2000. Persons with developmental disabilities in a county in which family care initially was provided before July 1, 2001, are both eligible and entitled. One of the criteria for functionality for both entitled and eligible persons is that the person have a condition that is expected to last at least 90 days or result

SENATE BILL 55

in death within 12 months after the date of application and, on the date that the family care benefit became available in the person's county of residence, the person was a nursing home resident or had been receiving care under long-term MA, the Alzheimer's Family Caregiver Support Program, community aids, or county funding.

This bill applies the family care functionality criterion that relates to a chronic or terminal condition to eligible persons who *do not meet* other functionality criteria. The bill requires that a person seeking a determination of functional eligibility under the criterion first apply for eligibility for the family care benefit within 36 months after the date on which the family care benefit is initially available in the person's county of residence. Further, for persons who are entitled to the family care benefit, the bill creates a criterion that is similar but under which a person qualifies only if he or she *does meet* another specific functionality criterion. The bill changes provisions concerning persons with developmental disability, so that a person who is 18 years of age, has a primary disabling condition of developmental disability, and meets financial and functionality criteria is both eligible for and entitled to the family care benefit if the person is a resident of a county in which family care was initially provided before July 1, 2003.

The bill changes the latest date that DHFS may determine for beginning to apply functionality criteria under the Family Care Program to family care benefit applicants who are not MA recipients. Under the bill, the date must be not later than January 1, 2004, but, before the determined date, persons who are not eligible for MA may receive the family care benefit within the limits of state funds appropriated for this purpose and available federal funds.

Currently, DHFS may contract with various entities to operate family care resource centers, which provide, among other things, determinations of family care eligibility and information and referral services. If the secretary of health and family services certifies that a family care resource center is available in a county, adult family homes, residential care apartment complexes, C-BRFs, and nursing homes in the county must, unless certain exceptions apply, refer persons who are at least 65 years of age who or have physical disabilities that are expected to last at least 90 days to the resource center for services and determinations of family care and other program eligibility. In addition, nursing homes must so refer persons with developmental disability.

Currently, a family care resource center in a county must, within six months after the family care benefit is available to all eligible persons in the resource center's area, provide information about the family care benefit and family care services to all older persons and persons with physical disabilities who reside in facilities in the area, must provide a functional and financial screening to those residents and to certain persons who are seeking admission to a facility, and must provide access for eligible persons to protective services or protective placement or elder abuse services.

This bill requires that DHFS ensure that family care benefit and family care services information, functional and financial screenings, and access for eligible persons to protective services or protective placement and elder abuse services are

SENATE BILL 55

provided, rather than requiring that a family care resource center provide these. Also, under the bill, persons who are residents of certain facilities and are members of a target population served by a care management organization in the county must receive this information.

Currently, DHFS must promulgate rules requiring a hospital to refer to a family care resource center patients being discharged from the hospital who have developmental disability or a physical disability requiring long-term care for at least 90 days, or who are 65 years of age or older. The rules must specify that the requirement applies only if the secretary of health and family services has certified that a resource center is available for the hospital and for individuals that include the hospital's patients.

This bill eliminates the requirement that DHFS promulgate rules requiring a hospital to refer patients to a resource center. Instead, the bill requires that a resource center annually develop and provide to the local long-term care council for review a tentative plan for coordinating appropriate referrals of individuals who are discharged from hospitals in the area served by the resource center and who are likely to be eligible for family care benefits. The local long-term care council must review the tentative plan and provide to the resource center nonbinding plan recommendations for ensuring cooperation and coordination between the resource center and hospital. In turn, the resource center must consider the recommendations and cooperate with hospitals in the geographic area served by the resource center in developing and implementing the plan. Hospitals must participate in the plan development and implementation if the secretary of health and family services has certified that a resource center is available for the hospital and for individuals that include the hospital's patients.

The bill clarifies that adult family homes, residential care apartment complexes, and C-BRFs must refer persons with developmental disability to family care resource centers for services and determinations of family care and other program eligibility.

Currently, a county board of supervisors or, in a county with a county executive or county administrator, that person, may create a family care district (a special purpose district that is organized to operate a family care resource center or a care management organization, but not both). The county board of supervisors or county executive or county administrator also appoints the 15 members of the family care district board, which is the governing body for the family care district. If a county joins with one or more counties, the county board of supervisors of each county may create a family care district, with a 21-member board. The lengths of terms of the initial members of the family care district board are specified. Up to one-fourth of the members may be elected or appointed officials or employees of the county. Also, in each county that participates in family care, the county board must appoint a local long-term care council, which develops the initial county plan for the structure of the Family Care Program in that county.

SENATE BILL 55

This bill permits a county board of supervisors or a county executive or county administrator to appoint only the initial members of a family care district board, and requires that both the proposed creation of a family care district and the proposed appointments to the family care district board be first reviewed and approved by the secretary of health and family services. This limitation also applies to the county boards of supervisors that join in creating a family care district. The local long-term care council must also review the proposed initial members of the family care district board and recommend to that secretary approval or disapproval of the proposed membership. The bill authorizes members of the family care district board, once initially appointed, to appoint successors to the board. The bill decreases the length of the terms of the initial members and limits to less than one-fourth of the membership the number of family care district board members who may be elected or appointed county officials or county employees.

Under current law, after the secretary of health and family services has certified that a family care resource center is available to provide family care services in a county, C-BRFs and residential care apartment complexes in that county must provide prospective residents with information about the family care benefit and services of the resource center and must refer certain persons to a resource center. In addition, C-BRFs must inform all prospective residents of the assessment requirements for the receipt of COP services and services under CIP II for persons who are relocated from certain institutions or who meet level-of-care requirements for MA.

This bill requires that, beginning on January 1, 2002, except in a county in which a resource center is available to provide family care services, a residential care apartment complex inform prospective residents of the services of the county aging unit, of the agency in the county that administers COP, and of conditions for eligibility for public funding for long-term care services. Also, except in such a county, a C-BRF must refer persons seeking admission to the C-BRF to the agency in the county that administers COP. The bill authorizes COP funding to be used for conducting preadmission consultations for persons seeking admission or about to be admitted to a C-BRF.

Under current law, the benefit under family care is funded from a number of sources, including federal and state moneys for those who are eligible for MA. Moneys that are received from the recovery of family care correctly paid benefit payments (commonly referred to as "estate recovery") are appropriated, in part, as payments to care management organizations to provide the family care benefit.

This bill appropriates moneys that are received as estate recovery from family care enrollees who are ineligible for MA to pay for administering the estate recovery and to pay care management organizations to provide the family care benefit. With respect to moneys that are received as estate recovery from family care enrollees who are eligible for MA, the bill appropriates those moneys as part of the state share of MA that is provided as the family care benefit.

SENATE BILL 55

Under family care, a client may contest specified matters, including estate recovery and incorrectly paid benefit payments, by filing a written request for a hearing with the division of hearings and appeals in DOA. The client must file the request within 45 days of receiving notice of a decision in a contested matter or within 45 days of the failure by a resource center or care management organization under family care to act on the matter under time frames specified by DHFS. DHFS also must promulgate rules relating to estate recovery and the recovery of incorrectly paid family care benefits that are substantially similar to MA recovery provisions.

This bill changes the time by which a family care client may contest certain actions under family care to be within 45 days after the effective date of the action. Further, the bill eliminates recovery of family care benefit payments as a matter that may be contested within this time limitation.

Under current law, certain entities that may provide services that are similar to those provided by a home health agency (such as care management organizations, which operate under the Family Care Program for the provision of long-term care) are exempt from the home health agency requirements. This bill expands the exemptions from home health agency licensure and regulatory requirements to include an entity with which a care management organization contracts to provide services under the Family Care Program.

MENTAL HEALTH AND DEVELOPMENTAL DISABILITIES

Under current law, DHFS approves and otherwise regulates public and private treatment facilities for the provision of services for mental illness, developmental disability, and alcohol and other drug abuse. DHFS may, after notice and hearing, grant, suspend, revoke, or limit such an approval, and a court may restrain violations of conditions of approval or standards of care by treatment facilities; review denials, restrictions, or revocations of approval; and grant other enforcement relief.

This bill specifies sanctions that DHFS may impose on treatment facilities for violations of conditions of approval or standards of care; these sanctions are similar to those that DHFS may, under the bill, impose on facilities or services regulated by DHFS that provide medical care. Under the bill, if DHFS provides a treatment facility with written notice of the grounds for a sanction, an explanation of the types of sanctions that DHFS may impose, and an explanation of the appeal process, DHFS may impose any of the following:

1. A daily forfeiture (civil penalty) of not less than \$10 nor more than \$2,000 for each violation, with each day of violation being a separate offense; the amount of the forfeiture and payment deadlines are specified by DHFS by rule, based on the size of the treatment facility and the seriousness of the violation, and may be increased if there is continued failure to comply with a DHFS order.
2. Suspension of approval.
3. Under specified circumstances, revocation of approval.

The bill specifies procedures for requesting a hearing to contest a forfeiture, suspension, or revocation.

SENATE BILL 55

Currently, the Northern Center for the Developmentally Disabled, Southern Center for the Developmentally Disabled, and Central Center for the Developmentally Disabled are operated by DHFS to provide various services to persons with developmental disability and to return those persons to the community when appropriate.

This bill authorizes DHFS to allow a center for the developmentally disabled to offer, when DHFS determines that community services need to be supplemented, short-term residential services, dental and mental health services, physical therapy, psychiatric and psychological services, general medical services, pharmacy services, and orthotics. These services may be provided only under a contract between DHFS and specified entities to persons who are referred by the entity. Further, the services are governed by the terms of the contract or by statutes or administrative rules that regulate facilities, govern certain mental health services, and provide mental health patient rights. In the event of a conflict between contract provisions and these statutes or rules, the services must comply with the contractual, statutory, or rules provision that is most protective of the health, safety, welfare, or rights of the recipient of the services, as determined by the center for the developmentally disabled. Specified mental health statutes, including emergency detention and commitment laws, and zoning and other county, city, town, or village ordinances, do not apply to provision of the services.

Currently, the state centers for the developmentally disabled must provide services for up to 36 persons with developmental disability who are also diagnosed as mentally ill or who exhibit extremely aggressive and challenging behaviors. This bill increases to up to 50 the number of persons with developmental disability and mental illness or extreme behaviors that the state centers for the developmentally disabled must serve.

Under current law, if a court during a trial for a criminal offense has reason to doubt the defendant's competency to proceed, the court must order the defendant to be examined, on an inpatient or outpatient basis, as determined by DHFS. For an inpatient examination, the court must arrange for the defendant's transportation to and from the examining facility. Also under current law, a county department of community programs may not reimburse a state institution for care provided by the institution to certain persons, including criminal defendants who are ordered to be examined by mental health institutes for competency to undergo trial.

This bill requires that, for a defendant in a criminal trial who has been ordered to receive an examination for mental competency to undergo trial, the sheriff of the defendant's county of residence must transport the defendant to and from the examining facility. The bill requires that a county department of community programs reimburse a mental health institute at the institute's daily rate for all days of custody of a county resident who is examined for competency to proceed in a criminal trial, beginning 48 hours (excluding Saturdays, Sundays, and legal holidays) after the sheriff and county department receive notice that the examination has been completed.

SENATE BILL 55

Under current law, DHFS must distribute not more than \$350,000 in federal funds in each fiscal year to counties to assist in relocating individuals with mental illness from institutional or residential care to less restrictive and more cost-effective community settings and services.

This bill eliminates the limitation on federal funding; reduces from five years to three years the maximum grant period; permits the grants to be made to entities other than counties; and requires that the funds be used for recovery-oriented mental health system changes, prevention and early intervention strategies, and consumer and family involvement. The bill requires that community services developed under a grant be continued following grant termination by use of savings made available from incorporating recovery, prevention and early intervention strategies, and consumer and family involvement in the services, rather than by use of funding made available from reduced use of institutional and residential care.

OTHER HEALTH AND HUMAN SERVICES

Under current law, the state registrar or local registrars (the county registers of deeds or city registrars) may publish in a public index information from a birth certificate that is not changed or impounded concerning the name, sex, date and place of birth, and parents' names for a person whose mother was unmarried for the period from the child's conception to birth. This bill limits the information that may be filed in public indexes of marriage documents or of certificates of birth, death, divorce, or annulment to the registrant's full name, date of the event, county of occurrence, county of residence, and, at the discretion of the state registrar, the file number. Further, under the bill, for births that occur after September 30, 1907, certificate of birth index information may be copied or reproduced for the public only if 100 years have elapsed since the birth. Indexes of certificates of death, divorce, or annulment may be copied or reproduced for the public after 24 months from the year in which the event occurred, but certain information on the certificate of death itself may not be inspected by or disclosed to anyone for 50 years after the date of death, except to a person who has a direct and tangible interest in the death.

Current law specifies procedures by which the state registrar may, without a court order, change incorrect information or insert omitted information on a vital record or must, under a court order, make those changes. Current law also requires that a certificate of birth for every birth in this state be filed within five days after the birth in the registration district in which the birth occurs. This bill specifies procedures for the state or a local registrar to follow in recording changed information on a vital record, including special procedures the state registrar, under a court order, must use to correct facts misrepresented by an informant for a certificate of birth. The bill prohibits the state registrar from making changes on a birth certificate, without a court order, to add or delete the name of a parent or change the identity of a parent. The bill requires that the state registrar, rather than the local registrar, register births.

Currently, a funeral director, a member of a decedent's immediate family, or a person authorized to dispose of unclaimed corpses or anatomically to study donated bodies who moves a corpse must, within 24 hours after the death, file certain

SENATE BILL 55

information on a death certificate. The funeral director, family member, or person must forward the certificate to the decedent's attending physician or, for certain deaths (for example, homicides), to a coroner or medical examiner to provide a description of the cause of death on a separate medical certification section on the death certificate. This bill requires that, beginning January 1, 2003, a certificate of death consist of three parts that contain: 1) fact-of-death information (the name and other identifiers of the decedent, including the decedent's social security number; the date, time, and place that the decedent was pronounced dead; the manner of death; the identity of the person certifying the death; and the dates of certification and filing of the death certificate); 2) extended fact-of-death information (all the previous information, plus injury-related data and information on final disposition and cause of death); 3) statistical-only information (all other information that is collected on the standard death record form recommended by the federal agency responsible for national vital statistics and other data, as directed by the state registrar, including race, educational background, and health-risk behavior).

Under current law, the state or a local registrar must collect specified fees for issuing various documents and for making alterations administratively and as ordered by a court. This bill increases the amounts that the state registrar or a local registrar may charge as fees for issuing an additional certified copy of a vital record. The bill authorizes charging for issuing additional copies of uncertified vital records and for expedited service in issuing a vital record. The bill clarifies that fees must be charged for making any change that is court ordered, that is administrative, or that is a rescission of a statement acknowledging paternity. The bill also authorizes charging a reasonable fee for providing searches of vital records and copies of vital records to state agencies for program use.

Under current law, after persons apply for a marriage license, a county clerk who receives the sworn statement of either of the applicants must correct erroneous, false, or insufficient statements in the marriage license or in the application and must show the corrected statement to the other applicant. This bill changes this procedure to require a county clerk who is notified in writing by a marriage applicant that information provided for the license is erroneous to notify the other applicant as soon as reasonably possible and, if the marriage license has not been issued, to prepare a new license with the correct information entered; if the marriage license has been issued, the clerk must immediately send a letter of correction to the state registrar. Also, under the bill, if the clerk discovers that correct information has been entered erroneously on the marriage license, he or she must prepare a new license if the marriage license has not been issued, or must immediately send a letter of correction to the state registrar to amend the erroneous information if the marriage license has been issued.

Under current law, the marriage document must contain the social security number of each party, as well as any other informational items that DHFS determines are necessary. This bill requires that the marriage document consist of the marriage license and the marriage license worksheet, and that the latter contain the social security number and other information items determined by DHFS to be

SENATE BILL 55

necessary and to agree in the main with the standard form recommended by the federal agency responsible for national vital statistics.

Currently, following a paternity action, the court must notify the state registrar of necessary changes to the child's birth certificate that result from the paternity action. This bill authorizes the county child support agency also to so notify the state registrar.

Currently, "vital records" means certificates of birth, death, divorce, or annulment, marriage documents, and related data. This bill expands the definition of "vital records" to include worksheets or electronic transmissions that use forms of electronic file formats that are approved by the state registrar and related to birth, death, divorce, or annulment certificates or marriage documents.

Under current law, DHFS must collect health care information from health care providers, including physicians, hospitals, and ambulatory surgery centers, and must analyze and disseminate that information in the form of standard reports, public use data files, and custom-designed reports. DHFS may release only those public use data files that do not permit the identification of specific patients, employers, or health care providers. DHFS must also prohibit purchasers of data from rereleasing individual data elements of health care data files. This bill eliminates the latter requirement.

Current law requires DHFS to develop and submit various reports and plans to other state agencies, the governor, or the legislature. This bill permits, rather than requires, DHFS to submit the following:

1. Annually, a plan to address hunger in the state and to relieve hunger in populations currently experiencing hunger to the governor, the state superintendent of public instruction, and the legislature.
2. Annually, a report on the expenditure of funds for providing primary health services and mental health services to homeless individuals to the legislature.
3. A plan for developmental disability services in the state, and biennial updates to the plan, to the governor, standing committees of the legislature with jurisdiction over developmental disability issues, and JCF.
4. A report on DHFS's progress in implementing an early intervention services program to the legislature.
5. A report on DHFS's activities relating to the treatment of alcoholism to the governor.

Under current law, before DOA may approve any payments to counties for providing supportive, personal, or nursing services to individuals who reside in a certified residential care apartment complex, DHFS must submit an annual report on the statewide medical assistance daily cost of nursing home care to DOA for review and approval. If DOA approves the report, DOA may make the payments to counties. This bill makes submission of the report optional and eliminates the requirement that DOA approve the report before DOA may make the payments to counties.

SENATE BILL 55

Current law requires the council on physical disabilities to submit to the legislature recommendations on matters relating to physically disabled individuals and requires the council on mental health to submit to DHFS, the governor, and the legislature policy recommendations in the area of mental health. The bill permits, rather than requires, the council on physical disabilities and the council on mental health to submit the reports.

Under current law, DWD collects and distributes all moneys received for child or family support and maintenance (formerly called alimony). If amounts received cannot be distributed, such as when a payee has not notified DWD of a new address, or if amounts received are distributed but go unclaimed, such as when a check that is sent to a payee is not cashed within one year of the check's issuance, those amounts are considered to be abandoned or unclaimed property. DWD must deliver to the state treasurer those funds that remain unclaimed after public notice. The state treasurer deposits all abandoned or unclaimed property in the school fund, and anyone claiming an interest in abandoned or unclaimed property may file a claim with the state treasurer to obtain the property.

Under this bill, DWD may retain to pay for its own expenses in administering the child support program all amounts received for support that cannot be distributed or that are not claimed by payees. At least quarterly, DWD must reimburse the state treasurer for the state treasurer's administrative expenses, and for any claims that are paid, with respect to that property.

Under current law, if a person owes an outstanding amount for past child or family support or for medical or birth expenses, or is delinquent in making court-ordered child or family support or maintenance payments, the amount that the person owes may be withheld from any state income tax refund or credit owed to the person. Also under current law, if a court orders a person to pay child or family support or maintenance, the court must order the person to pay to DWD an annual receiving and disbursing fee (R&D fee) of \$25, in every year for which maintenance, child support, or family support payments are ordered, to pay for DWD's costs associated with receiving and disbursing the maintenance, child support, or family support and maintaining a record of the receipts and disbursements.

This bill increases the R&D fee to \$35, beginning with R&D fees payable in 2002, and provides that a person paying the R&D fee must pay it not only in every year for which maintenance, child support, or family support payments are ordered but also in every year in which the person owes an arrearage in any of those payments. The bill provides that, if a person is delinquent in paying the R&D fee, the delinquent amount may be withheld from any state income tax refund or credit owed to the person upon certification of the delinquency by DWD to DOR. Before the refund or credit may be withheld, however, the person is entitled to a court hearing on whether he or she owes the amount that DWD certified to DOR. The bill also requires DWD to study what it would cost DWD to operate the statewide receipt and

SENATE BILL 55

disbursement system, which is currently operated by a private party under contract with, and paid by, DWD.

Current law permits a nonprofit corporation that contracts with DHFS to provide social services on the basis of a unit rate per service provided to retain a certain percentage of any surplus that is generated by those services, and to use that retained surplus to cover any deficit incurred in any preceding or future contract period or to address the programmatic needs of its clients. This bill permits a county department that contracts with DHFS to provide social services on that basis to retain any surplus generated by those services provided and to use that retained surplus in the same way that a nonprofit corporation is permitted to retain and use such a surplus under current law. The bill, however, prohibits a county department or a nonprofit corporation providing social services in Milwaukee County from retaining a surplus from revenues that are used to meet the maintenance-of-effort requirement under the federal TANF program.

Under current law, the adolescent pregnancy prevention and pregnancy services board (APPPS board), which is attached to DHFS for administrative purposes, must award grants to organizations that provide pregnancy prevention programs or pregnancy services to persons under 18 years of age. An organization that receives a grant from the APPPS board must provide matching funds equal to 20% of the grant amount awarded, but may not use any moneys received from the state government toward meeting that matching funds requirement. This bill prohibits an organization that receives a grant from the APPPS board from using moneys received from the federal, as well as the state, government toward meeting the matching funds requirement under the grant. The bill also transfers the APPPS board from DHFS to DOA for administrative purposes.

Under current law, DHFS, or a local health department that acts as an agent of DHFS, issues permits for the operation of hotels, restaurants, temporary restaurants, tourist rooming houses, bed and breakfast establishments, vending machine commissaries, vending machines, campgrounds, camping resorts, recreational and educational camps, and public swimming pools. DHFS must promulgate rules establishing permit fees, preinspection fees, and late fees (DHFS fees) for untimely permit renewal for those establishments that DHFS directly regulates. For establishments that are directly regulated by a local health department that is granted agency status by DHFS, however, the local health department must establish its own fees and must impose both its own fees and fees (entitled "state fees"). The state fees may be no more than 20% of the DHFS fees and must be reimbursed to DHFS. This bill requires that, for establishments that DHFS directly regulates, DHFS promulgate rules establishing additional DHFS fees for reinspection, operating without a permit, comparable compliance or variance requests, and pre-permit review of restaurant plans.

Currently, a permit to operate a restaurant that operates at a fixed location in conjunction with an event such as a fair (a "temporary restaurant") may be applied

SENATE BILL 55

to a premises other than that for which it was issued if DHFS or a local health department approves. A person who operates a bed and breakfast establishment for more than ten nights in a calendar year must obtain a biennial permit from DHFS. DHFS or a local health department that acts as an agent of DHFS may not without a preinspection provide a permit for operation of a new, or newly operated, hotel, tourist rooming house, bed and breakfast establishment, restaurant, or vending machine commissary.

This bill eliminates the authority of DHFS or a local health department to approve applying the permit for a temporary restaurant to a location other than that for which it was originally issued. The bill requires that a person operating a bed and breakfast establishment for more than ten nights in a calendar year obtain an annual, rather than a biennial, permit from DHFS. The bill prohibits DHFS or a local health department acting as a DHFS agent from providing, without a preinspection, a permit for operation for a new, or newly operated, public swimming pool, campground, or recreational or educational camp.

Under current law, DHFS may recover from property left by a decedent who received certain benefits, such as MA, up to the amount that DHFS paid on behalf of the decedent for the benefits. If the decedent's solely owned property in this state does not exceed \$20,000 in value, no person has commenced a procedure for administering the decedent's estate, and the decedent is not survived by a spouse, disabled child, or child under the age of 21, DHFS may receive the decedent's property by presenting the person who has the property with an affidavit showing that the requirements for DHFS's recovery of benefits paid are fulfilled. DHFS is prohibited, however, from collecting from any of the decedent's property that consists of interests in or liens on real property; wearing apparel; jewelry; household furniture, furnishings, or appliances; motor vehicles; or recreational vehicles.

This bill eliminates this prohibition and, instead, requires DHFS to reduce the amount that it may recover by up to a specified amount (currently, \$5,000), if the reduction is necessary to allow the decedent's heirs to retain property of the decedent consisting of wearing apparel and jewelry held for personal use; household furniture, furnishings, and appliances; and other tangible personal property, worth up to \$3,000, not used in trade, agriculture, or other business.

Under current law, if a decedent left solely owned property not exceeding \$20,000 in value, an heir may have any of the property, including an interest in real property, transferred to himself or herself by presenting the person holding the property with an affidavit containing certain information. This bill provides that, if an interest in real property of a decedent is transferred to an heir by affidavit, DHFS has a lien on that interest in real property if the decedent does not have a surviving spouse or child who is under age 21 or disabled. If the decedent has a surviving spouse or child who is under age 21 or disabled, DHFS has a lien on the interest in real property only if the real property was the decedent's home. DHFS may enforce its lien by foreclosure, in the same manner as a mortgage, but not while the decedent's spouse, if any, or child who is under age 21 or disabled, if any, is alive.

SENATE BILL 55

Under current law, financial institutions must participate in a financial record matching program operated by DWD for the purpose of determining whether a person who owes child support or maintenance (formerly called alimony) has an account at a particular financial institution. Under this bill, DWD must reimburse a financial institution up to \$125 per quarter for its participation in the program. Under current law, DWD must provide by rule for a reimbursement amount that does not exceed a financial institution's actual cost.

INSURANCE

Current law prohibits an insurance stock or mutual corporation from being a party to a contract that has the effect of delegating to a person, to the substantial exclusion of the board of the insurance stock or mutual corporation, any management control of the corporation or of a major corporate function, such as underwriting or loss adjustment. Current law provides exceptions, however, for health maintenance organizations, limited service health organizations, and preferred provider plans if the person to whom the management authority is delegated exercises the authority according to the terms of a written contract that is filed with, and not disapproved by, OCI. This bill eliminates these exceptions effective January 1, 2004.

Current law sets out the various services provided by OCI for which fees must be paid and specifies the fee amounts. This bill provides that the fee amounts in the statute apply unless OCI specifies a different amount by rule, and authorizes OCI to provide for different fee amounts by rule, to provide for maximum fee amounts in any such rule, and to charge less than the maximum amount specified in the rule.

LOCAL GOVERNMENT

Under current law, a municipality receives a shared revenue payment based on the municipality's population. This bill eliminates the current shared revenue payment to a municipality based on population.

Under current law, a municipality also receives an aidable revenues payment that is equal to the product of the municipality's aidable revenues and the municipality's tax base weight. Aidable revenues are, generally, revenues raised by the municipality, such as local taxes and regulation revenues. Tax base weight is based, generally, on the value of property in the municipality compared to the municipality's population. This bill eliminates a municipality's aidable revenues payment.

This bill creates an aidable expenditures payment for a municipality. The bill also creates a "growth-sharing region" payment for a municipality. Beginning in 2002, a municipality receives an aidable expenditures payment that is equal to the product of the municipality's aidable expenditures and the municipality's tax base weight. Aidable expenditures include a municipality's expenditures for general government operations; law enforcement, fire protection, ambulance services, and other public safety services; and health and human services. Aidable expenditures do not include a municipality's expenditures for highway maintenance,

SENATE BILL 55

administration, or construction; road-related facilities or other transportation; solid waste collection and disposal or other sanitation; culture; education; parks and recreation; conservation; or development.

DOR must annually determine the amount of each municipality's aidable expenditures, which is the lesser of: 1) the amount of the municipality's aidable expenditures in the year that was two years before the municipality receives an aidable expenditures payment; or 2) the average of the municipality's aidable expenditures in 1998, 1999, and 2000, adjusted for inflation and for the property value in the municipality.

Under the bill, a municipality in a growth-sharing region may also receive a growth-sharing region payment. DOR must define "growth-sharing region" by rule and in such way so that the state consists of at least seven but not more than 25 growth-sharing regions. A municipality will receive a growth-sharing region payment if the municipality limits the annual increase in its municipal budget to the allowable increase, based on the inflation rate and the property value in the municipality, to qualify for the expenditure restraint program under current law and if the municipality enters into an area cooperation compact (compact).

Beginning in 2002 and ending in 2005, to receive a payment, a municipality must enter into a compact with at least two municipalities or counties, or with any combination of at least two such entities, to perform at least two specified functions. Beginning in 2006, to receive a payment, a municipality must enter into a compact with at least four municipalities or counties, or with any combination of at least four such entities, to provide law enforcement and to perform at least five of the following functions: housing, emergency services, fire protection, solid waste collection and disposal, recycling, public health, animal control, transportation, mass transit, land use planning, boundary agreements, libraries, parks and recreation, culture, purchasing, and electronic government.

A compact must provide a plan for any municipalities or counties that enter into the compact to collaborate to provide the specified functions. Annually, the municipality that is to receive a payment must certify to DOR that the municipality has complied with all of the compact requirements.

The total amount of the growth-sharing region payments allocated to all growth-sharing regions is an amount equal to the sales and use taxes collected in the state in a year multiplied by .05. Each growth-sharing region is allocated an amount that is proportional to the sales and use taxes that are collected in the region. A municipality that is eligible to receive a growth-sharing payment receives an amount, from the amount allocated to the growth-sharing region in which the municipality is located, in proportion to its population within the growth-sharing region.

Under current law, a city, village, or town (municipality) is authorized to impose a special charge against real property for current services rendered by allocating all or part of the cost of the service to the property served. A municipality may also impose a special charge against real property in an adjacent municipality for current services rendered by the municipality imposing the special charge, if the

SENATE BILL 55

municipality in which the property is located approves the imposition. A “service” under current law includes snow and ice removal, repair of sidewalks or curb and gutter, garbage and refuse disposal, and other similar services. If not paid on time, a delinquent special charge becomes a lien on the property against which it is imposed.

A recent court of appeals decision, *Town of Janesville v. Rock County*, 153 Wis. 2d 538, 546-547 (Ct. App. 1989), interpreted current law to mean that special charges may be imposed “only for services which are actually performed” and that the statute limits a municipality to “charging only for services actually provided and not for services that may be available but not utilized.”

Under this bill, special charges may be imposed for services that are available, without regard to whether the services are actually rendered, and may be allocated to the property that is served or that is eligible to be served. This change also applies to special charges imposed against real property in an adjacent municipality, under the same terms and conditions that exist under current law.

Under current law, the Environmental Remediation Tax Incremental Financing Program (ERTIP) permits a city, village, town, or county (political subdivision) to defray the costs of remediating contaminated property that is owned by the political subdivision. The mechanism for financing costs that are eligible for remediation is very similar to the mechanism under the tax incremental financing program. If the remediated property is transferred to another person and is then subject to property taxation, environmental remediation tax incremental financing may be used to allocate some of the property taxes that are levied on the property to the political subdivision to pay for the costs of remediation. This bill makes technical changes to ERTIP, including definitional changes; creating procedures for the termination of an environmental remediation tax incremental district (ERTID); requiring that the final report under the program include an independent certified financial audit; requiring that DOR be provided with a final accounting of the ERTID’s project expenditures and the final amount of eligible costs that have been paid for an ERTID; and modifying certain provisions of the program to apply to contiguous parcels of property or land, as well as to a parcel of property or land.

Under current law, a municipality may sell or lease any public utility plant that it owns only by completing a number of steps that must be performed according to a specified time table, including enacting an ordinance or resolution that summarizes the proposed terms of a sale or lease and that authorizes the negotiation of a preliminary agreement with a prospective purchaser and submitting the proposed transaction to the electors of the municipality for a referendum. This bill eliminates all of the steps that must be completed under current law and allows a municipality to sell or lease any public utility plant it owns in any manner that it considers appropriate.

Under current law, a register of deeds may charge a fee to provide copies of documents that are recorded in his or her office and to certify the copies. Currently,

SENATE BILL 55

the copying fees are \$2 for the first page of a document and \$1 for each additional page, plus 25 cents to certify the copy of the document. None of these fees apply to DOR, however. This bill increases the certification fee to \$1.

Under current law, the Milwaukee board of police and fire commissioners is required to conduct a city-wide communications media campaign to educate the public about the legal consequences of unlawful possession and use of firearms, with the goal of deterring both. Current law also requires the state to provide money to the board for that media campaign. This bill eliminates the media campaign requirement and the reimbursement for it.

NATURAL RESOURCES**WILD ANIMALS AND PLANTS**

This bill authorizes DNR to issue elk hunting licenses to residents and nonresidents and otherwise to regulate the hunting of elk in this state. The bill allows DNR to make available only to state residents up to 99% of all the elk hunting licenses available in each year. The bill authorizes DNR to select at random who will be issued these licenses if the number of applicants exceeds the number of licenses available. Under the bill, a person must have completed an elk hunter education course in this state or another state or province to be eligible for a license. The bill requires DNR to establish an elk hunter education course.

A person may be issued a license only once in his or her lifetime, and the license may be used in only one elk hunting season. The license authorizes the hunting of elk with bows and arrows, as well as with firearms, unless the licensee is eligible for a crossbow permit under current law due to physical disabilities.

The bill specifically bans the keeping of elk on game farms, on deer farms, and in wildlife exhibits.

This bill authorizes DNR to establish a program to protect aquatic plants that are native to this state and to regulate the introduction, cultivation, and control (management) of aquatic plants. The bill defines controlling aquatic plants to mean cutting, removing, destroying, or suppressing aquatic plants.

Under current law, the only specific authority DNR has regarding aquatic plant management is the authority to develop a statewide program to control purple loosestrife. Under the new program, the types of aquatic plants that will be regulated include Eurasian water milfoil, curly leaf pondweed, and purple loosestrife. Under the program, with certain exceptions, DNR must issue aquatic plant management permits and promulgate rules to regulate the conditions under which aquatic plants may be managed. The bill prohibits any person who does not have such a permit from cultivating or introducing aquatic plants that are not native to this state, from manually removing any type of aquatic plant from navigable waters, and from controlling any type of aquatic plants by the use of chemicals. The bill repeals the current law that makes the failure to remove cut aquatic weeds from a navigable water a nuisance.

SENATE BILL 55

Under current law, DNR issues various hunting, trapping, and fishing licenses and permits. Those licenses and permits must contain certain information including the name and address of the holder. The agent that issues the licenses and permits must also sign them. Current law also specifies that DNR may require any stamp that it issues to bear the signature of the holder of the stamp. This bill eliminates the requirement that hunting, trapping, and fishing licenses and permits be signed by the issuing agent and that stamps bear the signature of the holder.

Under current law, DNR administers a program under which counties receive reimbursement for accepting deer carcasses, having them processed into venison, and then donating the venison to charitable organizations. To participate, a county must participate in the administration of the wildlife damage abatement and claim programs. These three programs are funded from the wildlife damage surcharge that DNR collects with certain hunting license fees. Current law requires that, from the wildlife surcharge moneys, DNR make the payments under the venison processing program after it has made the payments required under the wildlife damage abatement and claim programs.

This bill provides funding for the venison processing program by establishing a voluntary contribution of at least \$1 that a person may pay when being issued a hunting license. Under the bill, DNR makes payments under the venison processing program from these contributed moneys. If the contributed moneys are not adequate, DNR will also use wildlife damage surcharge moneys for payments for processing venison from deer killed in special seasons established to control the deer population.

The bill authorizes DNR to establish a master hunter education program to provide instruction on such topics as wildlife damage and the responsibilities of hunters to landowners. Completion of this program is not a requirement for the issuance of any hunting license or permit.

The bill uses Indian gaming receipts for the costs of managing the state's deer population.

Under current law, certain natural bodies of water may be used as fish farms or as parts of fish farms. This bill specifies when a fish farm operator may use water from a natural body of water that is not part of a fish farm. The water must be transferred directly to the fish farm and back to the same body of water after use and the transfer must be done by ditches or certain types of equipment. The ditches and equipment must have barriers that prevent the passage of fish.

NAVIGABLE WATERS

Under current law, the Fox River management commission (river commission), is authorized to enter into agreements with the federal government to operate and manage the Fox River navigational system (navigational system), which includes locks, harbors, and other facilities related to navigation that are on or near the Fox River. Under current law, a second commission, the Fox-Winnebago regional management commission (Fox-Winnebago commission), will replace the river

SENATE BILL 55

commission when the state receives federal funding for the restoration and repair of the navigational system. The duties and powers of these two commissions are similar; however, these two commissions differ in that the river commission is a state agency attached to DNR and the Fox-Winnebago commission is a regional commission with ten of its thirteen members representing the five counties in which the navigational system is located and the remaining three members being appointed by the governor.

This bill replaces both of these commissions with the Fox River Navigational System Authority (authority). The authority is not a state agency. The board of directors of the authority consists of six members appointed by the governor and the secretary of natural resources, the secretary of transportation, and the director of the state historical society, or their designees.

The bill requires the authority to take over the rehabilitation, repair, replacement, operation, and maintenance of the navigational system after the transfer of the navigational system from the federal government to the state. Once the navigational system is transferred to the state, the state in turn will enter into a lease with the authority to transfer the navigational system to the authority.

For the rehabilitation and repair of the navigational system, the federal government will provide federal funding to the authority in an amount that matches the amount of funding provided by the state to the authority. The state funding will come from the recreational boating aids program that DNR administers.

In order to receive the state funding, the authority must contract with one or more nonprofit corporations to provide marketing and fund-raising services. The funds raised by these corporations will provide the matching amounts for the state funding and will also be used for the rehabilitation and repair of the navigational system.

The bill requires DNR to set aside from the recreational boating aids program for the navigational system \$400,000 in each fiscal year for seven fiscal years and requires DNR to release the set-aside funding on an annual basis in amounts to match the amounts raised by the nonprofit corporations. The authority may not issue bonds to raise funding for the navigational system.

In addition to providing fund-raising services for the authority, the nonprofit corporations must invest the funding received by the authority for the rehabilitation and repair of the navigational system. These nonprofit corporations must be based in one or more of the counties in which the navigational system is located.

The bill requires that the authority submit a management plan to DOA that addresses the costs and funding for the rehabilitation, repair, replacement, operation, and maintenance of the navigational system and describes how the authority will manage its funds to ensure that there are sufficient funds available to abandon the navigational system if its operation is no longer feasible. If the operation of the navigational system does become infeasible, the authority must submit a plan for its abandonment. Before abandoning the navigational system, DOA and DNR must determine that the abandonment plan will preserve the public rights in the Fox River and will ensure safety.

SENATE BILL 55

Under current law, a person may not have a boat, a boat trailer, or boating equipment in the lower St. Croix River if the person has reason to believe that the boat, equipment, or trailer has zebra mussels attached. This bill provides that a person may not place these items in any navigable water if the person has reason to believe that there is any type of aquatic plant other than wild rice attached to the boat, trailer, or equipment.

Under current law, DNR administers two grant programs to address water quality problems in lakes. Under the first program, DNR awards grants for planning projects to provide information on the use of lakes and their ecosystems and on the quality of water in lakes. These grants are for 75% of the project's costs up to \$10,000 per project. Under the second program, DNR awards grants for management projects that will improve or protect the quality of water in lakes or in their ecosystems. Nonprofit conservation organizations, most units of local government, and lake associations that meet certain requirements (qualified lake associations) are eligible for grants under these programs.

This bill makes the following changes to the first program:

1. It increases the \$10,000 cap per project to \$25,000 for certain lake associations that qualify as "premier" lake associations. To be a premier lake association, the lake association must meet all of the requirements of a qualified lake association and must meet certain additional requirements.
2. It allows certain school districts to be eligible for a grant.
3. It changes the annual membership fee requirements for lake associations that are eligible for these grants.
4. It expands the types of activities that are eligible for a grant.

Under the second program, current law allows a grant recipient to use the grant to restore a wetland if the restoration will improve a lake's water quality or ecosystem. This bill expands this provision to allow a grant recipient to use the grant to restore shoreline habitat. The bill also requires that DNR give higher priority to premier lake associations in awarding grants under the second program.

Under current law, DNR, with approval from the Wisconsin waterways commission, administers a financial assistance program for expenses relating to construction and maintenance of recreational boating facilities, locks, or other facilities that provide access between waterways. Among the projects that qualify for funds under the program is a project for the dredging of a channel in a waterway to the degree that is necessary to accommodate recreational watercraft, if the project is for an inland water. This bill eliminates the requirement that such a project must be for an inland water before it may qualify to receive recreational boating aid funding.

Under current law, a person who wants to conduct an activity that would create, enlarge, or otherwise affect certain waterways must have a permit issued by DNR. Certain activities, including the agricultural use of land, are exempt from this permit

SENATE BILL 55

requirement. This bill specifically includes aquaculture as an agricultural use for purposes of this exemption.

Under current law, a person who wants to divert water from a stream for agricultural use must have a permit issued by DNR. This bill specifically includes aquaculture as an agricultural use for purposes of this requirement.

Under current law, DNR administers a dam safety program that is funded by state bonding and that provides matching grants to municipalities and public inland lake protection and rehabilitation districts for the purpose of conducting dam safety projects that DNR has determined necessary. Under this bill, DNR must provide up to \$250,000 in funding from this program to the village of Cazenovia for the repair of a dam located in the village.

RECREATION

This bill increases most annual vehicle admission fees that DNR collects for the entry of vehicles to state parks and other recreational areas under the jurisdiction of DNR. The bill also increases the daily vehicle admission fee for the entry of vehicles that have registration plates from another state.

Under current law, DNR administers a registration program for snowmobiles. This bill requires that \$15 of each fee collected for a snowmobile trail use sticker be used to provide supplemental funding for the maintenance of snowmobile trails. A trail use sticker issued by DNR is required on all snowmobiles that are operated but not registered in this state. Supplemental funding is available for maintenance of trails if the actual cost of maintenance exceeds the amount determined under the trail aids formula, which sets a maximum amount per mile of trail. The bill increases the fee for a trail use sticker. The bill also raises the general registration fee for snowmobiles and the registration fees paid by snowmobile manufacturers and dealers.

Under current law, DNR administers the registration system for all-terrain vehicles (ATVs), boats, and snowmobiles. Current law authorizes DNR to appoint agents who are not employed by DNR to issue ATV and snowmobile registration certificates and certificates of number and registration certificates for boats. Also under current law, DNR may establish an expedited service for renewals of these registration documents, which may be provided by the agents or by DNR directly. Current law imposes issuing fees when the documents are issued by agents and authorizes an expedited service fee when the expedited service is provided by DNR or agents. The agents keep a portion of these fees.

This bill changes the expedited service system by authorizing the establishment of a noncomputerized procedure and a computerized procedure for issuing original and duplicate registration documents and for transferring and renewing these documents. Under either procedure, DNR or the agents issue adequate documentation so that the registrant is able to immediately operate the ATV, boat, or snowmobile in compliance with the applicable registration laws. Under

SENATE BILL 55

both systems, DNR and the agents collect an expedited service fee of \$3 from the registrant. Agents using the noncomputerized system retain the entire fee while agents using the computerized system send \$1 of each \$3 fee to DNR. Under the bill, DNR may continue to provide a registration service that does not use any expedited service procedure and for which no expedited service or issuing fee is charged.

OTHER NATURAL RESOURCES

Under current law, drainage boards operate one or more drainage districts. DATCP assists drainage boards and oversees their activities. A city, village, or town (municipality) may assume jurisdiction to operate a drainage district from a drainage board in certain instances. However, once a drainage district is under municipal jurisdiction, it is subject to the drainage laws of that municipality and is exempt from state drainage law.

DNR regulates construction in navigable waters. Generally, DNR determines whether a body of water such as a stream is navigable. Current law, however, provides an exemption for a drainage district drain that is located in the Duck Creek Drainage District. Under the exemption, the drain is not considered navigable unless a U.S. geological survey map or other scientific evidence shows that the drain was a navigable stream before it became a drainage district drain. This bill extends this exemption to any other drainage district drain if the drain is used primarily for agricultural purposes.

Current law generally provides that a person wishing to deposit any material or to place any structure upon the bed of any navigable water must obtain a permit from DNR. Current law provides an exemption to this requirement for the Duck Creek Drainage District under which the drainage board for that district may place a structure or deposit in a drain if DATCP, after consulting with DNR, specifically approves the structure or deposit or if the structure or deposit is required by DATCP in order to conform the drain to specifications approved by DATCP in consultation with DNR. This bill extends this exemption to any other structure or deposit to be placed in a drainage district drain if the structure or deposit is used primarily for agricultural purposes.

Current law also provides that, with certain exceptions, a person wishing to remove material from the bed of a lake or stream must obtain a permit from DNR. Under one of the exemptions, the drainage board for the Duck Creek Drainage District may remove material from a drain that the board operates if the removal is required by DATCP in order to conform the drain to specifications imposed by DATCP in consultation with DNR. This bill extends this exemption to all other drainage district drains if the removal of the material is necessary primarily for agricultural purposes.

In addition to the current law requirements for obtaining permits to place a structure or deposit in navigable waters or to remove material from the bed of a lake or stream, current law requires that a drainage board obtain a separate permit from DNR to acquire and remove any dam or obstruction or to clean out, widen, deepen, or straighten any navigable stream. Under current law, only the Duck Creek

SENATE BILL 55

Drainage District is exempt from this permitting requirement. This bill eliminates the permitting requirement for all drainage districts operated by drainage boards.

Current law grants the state bonding authority to acquire and develop land for various conservation purposes under two stewardship programs, one that began in 1990 and one that began on July 1, 2000. These programs are administered by DNR.

Under the program that began in 1990, the state is prohibited from using stewardship bonding to provide money to counties, local units of government, or political subdivisions so that they may acquire land by condemnation or may develop land that has been acquired by condemnation. Under current law, the program that began on July 1, 2000, does not include this prohibition. This bill applies the prohibition to this program.

Under current law, with certain exceptions, DNR may not use stewardship bonding under the program that began on July 1, 2000, for a project or activity that exceeds \$250,000 in cost unless it first notifies JCF of the proposal. This bill provides that DNR need not give notice to JCF unless the amount for the project or activity exceeds \$500,000.

Under current law, DNR awards grants to cities and villages for up to 50% of the cost of various tree projects, including tree disease evaluations and public education concerning trees in urban areas. This bill expands the grant program to authorize DNR to also award grants to counties, towns, and nonprofit organizations.

Under current law, DNR may award grants for up to 50% of the cost of acquiring certain clothing, supplies, equipment, and vehicles used for fire suppression purposes. This bill provides that the grants may also include awards for 50% of the cost of acquiring fire prevention materials and of the cost of training fire fighters in forest fire suppression techniques.

OCCUPATIONAL REGULATION

This bill increases the fees for initial and renewal credentials for each of the occupations and businesses that DORL regulates except for renewal credentials for aesthetics schools, barbering or cosmetology schools and instructors, cemetery authorities, cemetery preneed sellers, cemetery salespersons, charitable organizations, electrology instructors, electrology schools, and manicuring schools.

Under current law, with certain exceptions, a person may not act as a private security person unless he or she is issued a private security permit by DORL. A "private security person" is defined as a private police, guard, or other person who stands watch for security purposes. To qualify for a private security permit, a person must satisfy certain requirements, including being employed by a private detective agency that is licensed by DORL and that does both of the following: 1) supplies uniformed private security personnel that patrol exclusively on private property; and 2) provides an up-to-date written record of its employees to DORL.

SENATE BILL 55

Also under current law, an individual who applies for a private security permit is eligible for a temporary private security permit that allows the person to engage in private security activities while DORL considers the application. A temporary private security permit is valid for no more than 30 days. This bill increases the duration of a temporary private security permit to no more than 60 days. The bill also clarifies that an applicant for a temporary private security permit is subject to the requirements under current law that an applicant for a credential issued by DORL or a board in DORL reimburse DORL for the cost of investigating the applicant and pay a fee for the temporary permit.

The bill also creates a private security agency license and allows a person to qualify for a private security permit by being employed by either a licensed private detective agency or a private licensed security agency that does both of the following: 1) supplies uniformed private security personnel that patrol exclusively on private property; and 2) provides an up-to-date written record of its employees to DORL.

Under the bill, DORL may issue a private security agency license to an individual, partnership, limited liability company, or corporation that does both of the following: 1) satisfies any qualification requirements established by DORL by rule; and 2) executes and files a bond or liability policy with DORL in an amount established by DORL by rule. In addition, if the applicant is an individual, he or she must be over 18 years of age and may not have been convicted of a felony for which he or she has not been pardoned. A private security agency license is renewable every two years upon payment of a \$20 renewal fee.

The bill prohibits a person from advertising, soliciting, or engaging in the business of a private security agency unless the person is issued a private security agency license under the bill. The bill allows DORL to revoke, suspend, or limit a private security agency license if the licensee: 1) is convicted of a misdemeanor or violates a state or local law punishable by a forfeiture (civil monetary penalty) if the circumstances of the conviction or violation are substantially related to acting as a private security agency; 2) is convicted of a felony and is not pardoned for that felony; 3) makes a false statement in connection with an application for the license; or 4) engages in conduct reflecting adversely on the person's professional qualification.

Under current law, a person who has been granted a funeral director's license by the funeral directors examining board (board) must apply to renew the license every two years. The application must include proof that the applicant has completed certain continuing education requirements and is doing business at a recognized funeral establishment. However, if a person is not doing business at a recognized funeral establishment, he or she may be granted a certificate in good standing as a funeral director by the board. A person who has been granted such a certificate may renew his or her license at any time during the subsequent two-year licensure period if he or she is able to submit proof that he or she is doing business at a recognized funeral establishment.

This bill eliminates certificates in good standing as a funeral director but provides for a 12-month transitional period during which the board is required to restore the funeral director licenses of certain persons who hold valid certificates in

SENATE BILL 55

good standing under current law. If a person holds a valid certificate that was granted for a license that was granted or last renewed before July 1, 1995, the board must restore his or her license if he or she demonstrates competence as a funeral director by a method satisfactory to the board, including by passing a written or oral examination or providing specified documentation to the board. If the board requires an examination, it may not be more stringent than the examination that is required for persons with licenses granted by other jurisdictions who apply for a reciprocal license from the board. In addition, the person must submit proof that he or she has completed at least 15 hours of continuing education during the past two years.

Under this bill, if a person holds a valid certificate that was granted for a license that was granted or last renewed on or after July 1, 1995, the board must restore his or her license if he or she submits proof that he or she has completed at least 15 hours of continuing education during the past two years. The bill specifies that no fee may be charged to a person who applies for restoration of a license under the bill or who takes an examination that is required for restoration of a license under the bill.

Under current law, an applicant for a credential issued by DORL or a board in DORL may be required to take an examination. If an examination is required, the applicant must pay an examination fee to DORL. The fee must be an amount equal to DORL's best estimate of the actual cost of preparing, administering, or grading the examination or obtaining and administering an approved examination from a test service.

Under this bill, if DORL prepares, administers, or grades the examination, the fee must be equal to DORL's best estimate of the actual cost of preparing, administering, or grading the examination. If DORL approves an examination prepared, administered, and graded by a test service provider, the fee must be equal to DORL's best estimate of the actual cost of approving the examination, including selecting, evaluating, and reviewing the examination.

Under current law, DORL is required to mail a notice of credential renewal to each holder of a credential issued by DORL or a board in DORL at least 30 days prior to the renewal date for the credential. The notice must be mailed to the last address provided to DORL by the credential holder. Under this bill, DORL may either mail the notice of credential renewal as required under current law or give the notice to the credential holder by electronic transmission.

RETIREMENT AND GROUP INSURANCE

This bill creates a qualified transportation fringe benefit plan for state employees, administered by DETF. This plan is authorized under the federal Internal Revenue Code (IRC) and permits employees to set aside pre-tax income to pay eligible transportation expenses before taxes are computed. Three types of eligible transportation expenses are covered: parking expenses incurred at or near an employer's premises; expenses incurred to pay for an employee's use of mass

SENATE BILL 55

transportation; and expenses incurred by an employee in paying his or her share of the cost of using a van pool.

Under current law, the group insurance board may not enter into an agreement to modify or expand group insurance coverage in a manner that materially affects the level of insurance premiums required to be paid by the state or its employees or the level of benefits. This bill authorizes the group insurance board to enter into such an agreement if the modification or expansion would reduce the cost incurred by the state in providing group health insurance to state employees.

This bill authorizes the secretary of employee trust funds (secretary) to settle any dispute in an appeal of a determination made by DETF that is subject to review by the employee trust funds board, the group insurance board, the teachers retirement board, the Wisconsin retirement board, and the deferred compensation board. In deciding whether to resolve such a dispute, the secretary must consider the cost of litigation, the likelihood of success on the merits, the cost of delay in resolving the dispute, the actuarial impact on the public employee trust fund, and any other relevant factor the secretary considers appropriate.

In addition, the bill authorizes the secretary, if the secretary determines that an otherwise eligible participant has unintentionally forfeited or otherwise involuntarily ceased to be eligible for any benefit administered by DETF because of an error in administration by DETF, to order the correction of the error to prevent inequity.

STATE GOVERNMENT**JUSTICE**

Currently, DOJ is required to provide legal services to DATCP for enforcement of the laws related to consumer protection. DOJ may commence an action to restrain by temporary or permanent injunction the violation of marketing and trade practices, including fraudulent representations, negative sales of telecommunication services, or unfair retailing of merchandise. This bill removes the authority of DOJ to enforce the laws relating to consumer protection and places that authority with DATCP or the district attorney. The bill permits DATCP to request DOJ to provide legal services to DATCP relating to consumer protection.

This bill increases from \$8 to \$12 the fee that DOJ charges a firearms dealer for each firearms restrictions record search requested by the dealer.

With certain exceptions, current law requires that a person pay a penalty assessment if ordered by a court to pay a fine or forfeiture for violating a state law or local ordinance. The penalty assessment amount is 23% of the amount of the fine or forfeiture (civil monetary penalty). Twenty-seven fifty-fifths of the revenue collected under the assessment is appropriated to DOJ to fund training of law enforcement, jail, and secure detention officers, and to fund the purchase of equipment for the state crime laboratories. The remaining twenty-eight fifty-fifths

SENATE BILL 55

of the revenue collected under the penalty assessment is appropriated to the office of justice assistance (OJA) to fund an assortment of criminal justice and law enforcement programs.

This bill decreases the penalty assessment to 13% of the amount of a fine or forfeiture. The revenue collected under the penalty assessment is appropriated to OJA to fund the programs that OJA currently funds with the twenty-eight fifty-fifths portion of the 23% penalty assessment.

The bill creates a law enforcement training fund assessment that is separate from the penalty assessment. The law enforcement training fund assessment is an 11% surcharge on fines and forfeitures ordered for a violation of most state laws or local ordinances. The bill appropriates the revenue collected under the law enforcement training fund assessment to DOJ to fund the law enforcement, jail, and secure detention officer training, and the purchase of equipment for the crime laboratories that is currently funded by the twenty-seven fifty-fifths portion of the penalty assessment revenue appropriated to DOJ.

Under current law, DOJ administers a grant program to fund cooperative county-tribal law enforcement programs in counties that have Indian reservations within their boundaries. OJA administers a similar grant program to fund county law enforcement programs that are not supported by the DOJ grant program in counties that border Indian reservations. Each program is funded from Indian gaming receipts.

This bill moves administration of the DOJ cooperative county-tribal law enforcement grant program to DOA and consolidates it with the OJA grant program for counties bordering Indian reservations. The consolidated grant program provides funding for law enforcement services to counties that have an Indian reservation within their boundaries or that border an Indian reservation.

STATE EMPLOYMENT

Under current law, appointments and promotions to positions in the state classified civil service must be made according to merit and fitness. When vacancies occur in such positions, the administrator of the division of merit recruitment and selection in DER must certify names that may be considered for appointment to the position. This bill authorizes the administrator, with the approval of the secretary of employment relations, to establish pilot programs for the recruitment of individuals to fill vacant positions in the classified service. Under the bill, the pilot programs, which may not be in effect for more than one year, are exempt from all recruitment and certification requirements under current law, except that appointments and promotions to positions must be made according to the applicant's merit and fitness for the position.

Currently, any legislator who establishes a temporary residence in Madison for the period of any regular or special legislative session may receive an allowance for expenses incurred for food and lodging for each day that he or she is in Madison on legislative business. The amount of the allowance is recommended by the secretary

SENATE BILL 55

of employment relations and incorporated into the state compensation plan and must be approved by the joint committee on employment relations.

This bill provides that the allowance is 90% of the per diem rate for travel for federal government business within the city of Madison, as established by the federal general services administration. Under the bill, the amount is established before the start of the biennial legislative session and remains in effect the entire biennial session.

Under current law, appointing authorities in state agencies are prohibited from appointing nonresidents to limited term appointments and to project positions in the state civil service. This bill eliminates this prohibition.

STATE FINANCE

This bill limits the aggregate amount of general purpose revenue (GPR) that may be appropriated in any fiscal biennium. Under the bill, the limit is calculated by first establishing a base year amount that equals the amount of GPR appropriated in the second year of the prior fiscal biennium. For the new fiscal biennium, the base year amount is increased by the annual percentage change in state aggregate personal income for the calendar year that begins on the January 1 that precedes the first year of the fiscal biennium. This amount is increased by the annual percentage change in state aggregate personal income for the calendar year that begins on the January 1 that precedes the second year of the fiscal biennium. The sum of these two amounts is the aggregate amount of GPR that may be appropriated during the fiscal biennium. Under the bill, DOA is required to make the determination of the amount of GPR that may be appropriated for each fiscal biennium.

The bill excludes certain GPR appropriations from the limit. These are appropriations for debt service or operating notes; appropriations to honor a moral obligation pledge that the state has taken with respect to certain revenue bonds; appropriations to refund certain earnings to the federal government relating to state bond issues; an appropriation for legal expenses and the costs of judgments, orders, and settlements of actions and appeals incurred by the state; an appropriation to make a payment for tax relief; an appropriation to make a transfer from the general fund to the budget stabilization fund; an appropriation to make a transfer from the general fund to the tax relief fund; and any appropriation contained in a bill that is enacted with approval of at least two-thirds of the members of each house of the legislature.

This bill requires that certain transfers be made between the general fund, the budget stabilization fund, and the tax relief fund, which is created in the bill.

Under the bill, the secretary of administration (secretary) must annually calculate the difference between the amount of tax revenues projected to be deposited in the general fund (projected tax receipts) and the amount of tax revenues actually deposited in the general fund during the preceding fiscal year (actual tax receipts). If the projected tax receipts are less than the actual tax receipts, the secretary must

SENATE BILL 55

transfer from the general fund to the budget stabilization fund an amount equal to 50% of the difference between the projected tax receipts and the actual tax receipts.

This transfer, however, may not take place once the balance of the budget stabilization fund is at least equal to 5% of the estimated expenditures from the general fund during the fiscal year, as projected in the biennial budget act or acts. Also, the secretary must reduce the amount of the transfer if the transferred amount would cause the general fund balance to be less than the required general fund statutory balance. (The required statutory balance refers to a statement in current law that the estimated general fund balance in any fiscal year may not be an amount less than the following percentage of the total general purpose revenue appropriations for that fiscal year plus any amount from general purpose revenue designated as "Compensation Reserves": for fiscal year 2002-03, 1.4%; for fiscal year 2003-04, 1.6%; for fiscal year 2004-05, 1.8%; and, for fiscal year 2005-06 and each fiscal year thereafter, 2%.)

The bill creates a tax relief fund that consists of the difference between the projected tax receipts and the actual tax receipts in each fiscal year and the amount transferred from the general fund to the budget stabilization fund in each fiscal year.

In addition, the bill creates an individual income tax relief fund tax credit, which may be claimed by an individual taxpayer or by a taxpayer and his or her spouse. A claimant may also claim a credit for each of his or her dependents, although a dependent may not claim a credit. The credit is nonrefundable, meaning that if the amount of the credit exceeds the taxpayer's tax liability, no check is issued in the amount of the difference. The credit is available only in taxable years in which the amount in the tax relief fund exceeds \$25,000,000. If the secretary certifies that the amount in the fund exceeds that amount, DOR determines the amount of the credit that may be claimed in that taxable year. The credit amount is determined by dividing the amount certified by the sum of all claimants, all spouses of claimants, and all dependents, and then modified so that the amount in the fund is expended as fully as possible.

On November 23, 1998, Wisconsin and other states agreed to a settlement of lawsuits brought against the major U.S. tobacco product manufacturers (the tobacco settlement agreement). Under the tobacco settlement agreement, the state is to receive annual payments from the U.S. tobacco product manufacturers in perpetuity. This bill authorizes the secretary of administration (secretary) to sell the state's right to receive payments under the tobacco settlement agreement and provides that the proceeds from this sale are to be deposited in the permanent endowment fund, a trust fund created in the bill.

Under the bill, annually the secretary must transfer a certain amount of moneys in the permanent endowment fund to the general fund. For 2002 and 2003, the amount that must be transferred from the permanent endowment fund to the general fund is the amount that the state would have received as payments under the tobacco settlement agreement had the state's right to receive the payments not been sold. The amount available for transfer in each subsequent year, as calculated by the investment board, must equal the sum of the following:

SENATE BILL 55

1. An amount that equals 8.5% of the market value of the investments in the permanent endowment fund on June 1.

2. All proceeds of, and investment earnings on, investments of the permanent endowment fund made at the direction of the secretary that are received in the fiscal year.

3. All other amounts identified by the secretary as payments of residual interests to the state from the sale of the state's right to receive moneys under tobacco settlement agreement that are received in the fiscal year.

The bill also requires that, in fiscal years 2001-02 and 2002-03, the first \$12,006,400 and \$21,169,200, respectively, in payments from the tobacco settlement agreement be deposited in the tobacco control fund and appropriated to the tobacco control board for distribution to specific smoking cessation and prevention programs and for grants for smoking cessation education, research, and enforcement programs. In the event that the state's right to receive payments under the tobacco settlement agreement is sold before the required amounts are received in fiscal years 2001-03, the bill requires that a necessary amount be transferred from the general fund to the tobacco control fund to make up any shortfall.

The bill provides that the investment board may invest the assets of the permanent endowment fund in any investment that is an authorized investment for assets in the fixed retirement investment trust and the variable retirement trust. In addition, the bill requires the investment board to invest certain of the assets in the permanent endowment fund according to the terms and conditions specified by the secretary; the bill specifically provides that the investment board is not subject to its statutory standard of responsibility when it makes such an investment.

The bill also authorizes the secretary of administration to organize one or more nonstock corporations or limited liability companies for any purpose related to the sale of the state's right to receive payments under the tobacco settlement agreement and appropriates moneys for the organization and initial capitalization of any such corporation or company.

The bill establishes the legal characteristics of any sale, assignment, or transfer of payments under the tobacco settlement agreement. In addition, the bill provides that, with certain exceptions, this state's version of Article 9 of the Uniform Commercial Code governs the granting and enforcing of security interests in those payments. Article 9 generally governs similar transactions. Under the bill, if a person obtains, evidences, and provides notice of an interest in the tobacco settlement agreement payments under the procedure specified in the bill, that interest is enforceable against the debtor, any assignee or grantee, and all third parties, including creditors under any lien obtained by judicial proceedings. In addition, the interest is superior to all other liens against the tobacco settlement agreement payments that arise after the date on which the interest attaches to those payments.

Currently, DOA is required, subject to numerous exceptions, to make purchases by solicitation of bids or competitive sealed proposals preceded by public notice. DOA must prepare written justification of contractual service procurements and must comply with rules regarding conflicts of interest between contractors and DOA

SENATE BILL 55

employees. DOA must also attempt to ensure that a specified portion of its procurement business is awarded to minority-owned businesses. This bill exempts contracts entered into by DOA to provide financial services in relation to this state's interest in the tobacco settlement agreement payments from compliance with these requirements.

Currently, with certain exceptions, no person may commence a legal action against the state unless the person presents a claim to the claims board for a recommendation and the legislature denies the claim. This bill exempts claims presented in relation to this state's interest in the tobacco settlement agreement payments from compliance with this requirement.

Under current law, the Wisconsin Health and Educational Facilities Authority (WHEFA) may issue bonds to finance certain projects of health or educational facilities, such as the construction or remodeling of a health or educational facility or related structure, and to refinance outstanding debt of health or educational facilities. Under this bill, WHEFA is authorized to purchase the state's right to receive payments under the tobacco settlement agreement, to make a loan that is secured by the state's right to receive those payments, and to issue bonds to finance the purchase or to make the loan. Any bonds issued to finance the purchase or to make the loan must be payable from, or secured by interests in, the payments under the tobacco settlement agreement. In addition, WHEFA is authorized to organize one or more nonstock corporations or limited liability companies for any purpose related to the purchase or sale of the state's right to receive payments under the tobacco settlement agreement.

This bill affirms the state's participation in the tobacco settlement agreement and states that the payments received under that agreement are the property of the state, to be used as the state decides by law. The bill also provides that no political subdivision of the state, or officer or agent of a political subdivision, may maintain a claim related to the tobacco settlement agreement or any claim against any party that was released from liability by the state under the tobacco settlement agreement.

This bill requires the secretary to prepare a statement of estimated general purpose revenue receipts and expenditures in the biennium following the succeeding biennium based on recommendations in the executive biennial budget bill or bills. This statement is to accompany the biennial budget report that is submitted by the secretary on the day that the governor delivers the budget message to the legislature.

The bill also requires that the legislative fiscal bureau prepare the same statement but based on the recommendations in the executive biennial budget bill or bills, as modified by an amendment offered by JCF, as engrossed by the first house, as concurred in and amended by the second house or as nonconcurrent in by the second house, or as reported by any committee on conference.

The bill requires the secretary to prepare, as part of the biennial budget report, a comparison of the state's budgetary surplus or deficit according to generally accepted accounting principles, as reported in the most recent audited financial

SENATE BILL 55

report prepared by DOA, and the estimated change in the surplus or deficit based on recommendations in the biennial budget bill or bills.

Current statutes state that “[n]o bill directly or indirectly affecting general purpose revenues ... may be enacted by the legislature if the bill would cause the estimated general fund balance on June 30 of any fiscal year ... to be an amount equal to less than the following percentage of the total general purpose revenue appropriations for that fiscal year plus any amount from general purpose revenue designated as “Compensation Reserves” for that fiscal year” For fiscal year 2002-03, the amount is 1.4%. This bill reduces this amount to 1.2%.

PUBLIC UTILITY REGULATION

Under current law, the PSC is required to establish standards for water or sewer service that is provided to occupants of a mobile home park by the park operator or a contractor. The PSC’s rules must include requirements for metering, billing, depositing, arranging deferred payment, installing service, refusing or discontinuing service, and resolving disputes about service. The rules must also ensure that charges are reasonable and not unjustly discriminatory, that service is reasonably adequate, and that any related practice is just and reasonable. This bill transfers authority to regulate water and sewer service provided to occupants of manufactured home parks from the PSC to the department of commerce.

This bill creates immunity from liability for public utilities for stray voltage. Under the bill, a public utility is immune from liability for any damage caused by or resulting from stray voltage contributed by the public utility if the stray voltage is below the level of concern established by the PSC. In addition, the stray voltage must be determined using the PSC’s principles and guidelines regarding stray voltage screening and diagnostic procedures. Upon the request of any party to an action for damages for stray voltage, the PSC must evaluate and testify as to whether its applicable order was followed in calculating the amount of stray voltage. The bill provides that damages from stray voltage are not subject to the current provision that allows treble damages for injuries resulting from the willful, wanton, or reckless acts or omissions of the public utility’s directors, officers, employees, or agents.

This bill authorizes the PSC to conduct an energy assessment of any proposed state agency rule that may affect state energy policies and, if the rule has a significant impact on the state’s energy policies, to prepare an energy impact statement. The bill requires the state agency that is proposing the rule to consider the PSC energy impact statement before final adoption of the rule and to include the energy impact statement and the agency’s response in the notice when the agency submits its proposed rule in final form to the legislature.

Under current law, telecommunications utilities and providers are subject to certain requirements regarding the protection of consumers, including other telecommunications utilities and providers that use their services. The PSC, on its

SENATE BILL 55

own motion or upon a complaint filed by a consumer, may take administrative action or commence civil actions against telecommunications utilities and providers to enforce these requirements. This bill provides that the PSC has jurisdiction in its own name or on behalf of consumers to take such actions. The bill also clarifies that the PSC's authority to take administrative action includes initiating a contested case.

Under current law, the PSC may bring an action in court for injunctive relief for compelling compliance with the requirements, for compelling refunds of any moneys collected in violation of the requirements, or for any other relief under the public utility statutes. This bill also allows the PSC to take administrative action, in addition to bringing an action in court, for compelling compliance with the requirements or for compelling refunds. The bill also allows the PSC to take administrative action or bring an action in court for any other appropriate relief, instead of just any other relief under the public utility statutes. Also, the bill allows the PSC to directly impose forfeitures for violations of the requirements.

Under current law, the PSC may request the attorney general to bring an action in court to require a telecommunications utility or provider to compensate any person for any pecuniary loss caused by failure to comply with the requirements. Under this bill, in addition to requesting the attorney general to bring such an action, the PSC may take administrative action, including initiating a contested case, or bring its own action in court to require such compensation.

Under current law, the PSC may investigate whether rates, tolls, charges, schedules, or joint rates are unjust, unreasonable, insufficient, unjustly discriminatory or preferential, or unlawful and order that reasonable rates, tolls, charges, schedules, or joint rates be imposed, observed, or followed in the future. With respect to telecommunications providers, this bill also allows the PSC to order reasonable compensation for persons injured by reason of rates, tolls, charges, schedules, or joint rates of telecommunications providers that are investigated.

Under current law, public utilities and certain other entities, such as telecommunications providers, that violate laws enforced by the PSC, PSC orders, and certain other requirements are subject to a forfeiture of between \$25 and \$5,000, for each day of violation, which is imposed by a court. Under this bill, the PSC may also impose such a forfeiture against a telecommunications provider by administrative action.

Under current law, the PSC is required to inquire into neglect or violation of laws by public utilities and telecommunications carriers, enforce such laws, and report all violations to the attorney general. This bill also allows the PSC to take administrative action and institute and prosecute all necessary actions and proceedings for enforcing all laws relating to telecommunications providers or telecommunications carriers, and for the punishment of all violations.

This bill requires DOA to award grants to operators of dairy, beef, or swine farms for eliminating stray voltage concerns and sources or replacing electrical wiring. The bill creates a farm rewiring fund, consisting of contributions that certain gas and electric utilities make to the PSC, from which the grants are made. A farm

SENATE BILL 55

operator is not eligible for grants unless the public utility that provides electric service to the farm has conducted tests to determine the sources of stray voltage on the farm.

Under current law, the PSC is allowed to assess against a public utility the expenses incurred by the PSC in taking regulatory action with respect to the public utility. The PSC is allowed to make similar assessments against other entities under its jurisdiction, including a person seeking approval to construct a wholesale merchant plant. A wholesale merchant plant is electric generating equipment that does not serve retail customers and that is owned and operated by either: 1) a person that is not a public utility; or 2) subject to approval of the PSC, an affiliate of a public utility.

Current law imposes a limit on the amount that the PSC may assess against a public utility or other entity under the PSC's jurisdiction. The total amount that the PSC may assess in a calendar year may not exceed four-fifths of one percent of the public utility's or entity's gross operating revenues derived from intrastate operations in the last preceding calendar year.

Under this bill, the limit on assessments does not apply to assessments for the expenses incurred by the PSC in taking regulatory action with respect to approving construction of wholesale merchant plants.

OTHER STATE GOVERNMENT***Creation of department of electronic government***

This bill creates a department of electronic government (DEG). The bill transfers most existing functions of DOA relating to information technology and telecommunications to DEG and creates a number of new functions for DEG. The bill grants DEG broad powers to manage the state's information technology and telecommunications systems. Under the bill, the secretary of information services, who serves as department head, is titled the "chief information officer." The officer's position is assigned to executive salary group 8 (\$82,979 to \$128,618 per year in 2000-01). The officer is appointed by the governor to serve at his or her pleasure. The officer appoints the staff of DEG, which includes a deputy, executive assistant, and three division administrators outside the classified service.

The bill also creates an information technology management board which is attached to DEG. The board consists of the governor, chief information officer, secretary of administration, and two heads of state executive branch agencies and two other members appointed by the governor without senate confirmation. The board advises DEG, monitors progress in attaining the state's information technology goals, and hears and decides appeals of actions of the officer by executive branch agencies.

The bill directs DEG, with the assistance of executive branch agencies and the advice of the board, to manage the information technology portfolio of state government to meet specified criteria. The portfolio includes information technology systems, applications, infrastructure and information resources, and human resources devoted to developing and maintaining information technology systems.

SENATE BILL 55

Currently, each executive branch agency is required to prepare, revise, and submit annually to DOA, for its approval, an information technology strategic plan that details how the agency plans to use information technology to serve its needs and those of its clients. This bill makes proposed strategic plans of executive branch agencies subject to approval of the chief information officer, with the advice of the board.

The bill permits DEG to acquire, operate, or maintain any information technology equipment or systems required by DEG to carry out its functions and to provide information technology development and management services related to those systems. Under the bill, DEG may assess executive branch agencies for the costs of equipment or systems acquired, operated, maintained, or provided or services provided and may also charge legislative and judicial agencies for these costs as a component of any services provided by DEG to these agencies. The bill also permits DEG to assume direct responsibility for the planning and development of any information technology system in the executive branch of state government that the chief information officer determines to be necessary to effectively develop or manage the system, with or without the consent of any affected agency. The bill permits DEG to charge any executive branch agency for its reasonable costs incurred on behalf of the agency in carrying out this function.

Currently, DOA must provide computer services to state agencies in the executive, legislative, and judicial branches. DOA may also provide telecommunications services to those agencies and computer or telecommunications services to local governments and private schools, postsecondary institutions, museums, and zoos. DOA may also provide supercomputer services to state agencies, local governments, and entities in the private sector. Under this bill, DEG may enter into an agreement to provide any services that DEG is authorized to provide to any state agency or authority, any unit of the federal government, any local governmental unit, or any entity in the private sector. DEG may also develop and operate or maintain any system or device facilitating Internet or telephone access to information about programs of state agencies or authorities, local governmental units, or entities in the private sector by means of electronic communication and may assess or charge agencies, authorities, units, and entities in the private sector for its costs of development, operation, or maintenance on the same basis that DEG assesses or charges for information technology equipment or systems.

The bill appropriates to DEG all revenues received from assessments or charges, without limitation, for the purpose of carrying out its functions. The bill also appropriates general purpose revenue to DEG equivalent to the depreciated value of its equipment.

Currently, the number of full-time equivalent (FTE) positions for each state agency within each revenue source is fixed by law or by the governor, JCF, or the legislature in budget determinations. Program-revenue funded positions may be adjusted by the governor with the concurrence of JCF and federally funded positions may be adjusted by the governor alone. This bill permits the chief information officer to transfer any number of FTE positions having responsibilities related to information technology or telecommunications from any executive branch agency to

SENATE BILL 55

DEG or any other executive branch agency and to transfer the funding source for any position from one source to another for the purpose of carrying out the functions of DEG. Upon transfer of any position, the incumbent in that position is also transferred without loss of pay, fringe benefits, or seniority privileges. The bill also permits the officer to transfer moneys from the appropriation account for any appropriation made to an executive branch agency, except a sum sufficient appropriation, without the consent of the agency, for the purpose of facilitating more efficient and effective funding of information technology or electronic communications resources within the executive branch of state government. Under the bill, any transfer of positions or funding may not be made if it would be inconsistent with state or federal law or any requirement imposed by the federal government as a condition to receipt of aids by this state.

Currently, every executive branch agency, other than the board of regents of the UW system, is required to purchase computer services from DOA, unless DOA grants permission to the agency to procure the services from a private source or from another agency, or to provide the services to itself. This bill provides that every executive branch agency, including the board of regents of the UW system, must purchase all materials, equipment, supplies, and services relating to information technology or telecommunications from DEG, unless DEG requires the agency to purchase the materials, supplies, equipment, or contractual services under a master contract established by DEG or unless DEG grants permission to the agency to procure the materials, supplies, equipment, or services from a private source or from another agency, or to provide the materials, supplies, equipment, or services to itself. The bill also makes all contracts by any executive branch agency for the purchase of materials, supplies, equipment, or contractual services relating to information technology or telecommunications subject to review and approval of the chief information officer.

Currently, subject to numerous exceptions, state agencies are generally required to make purchases through solicitation of bids or competitive sealed proposals preceded by public notice, and to allow DOC the opportunity to provide the materials, supplies, equipment, or services under certain conditions if DOC is able to do so. These requirements do not apply to purchases by the division of information technology services of DOA relating to the functions of the division. This bill provides that these requirements do not apply to purchases of any materials, supplies, equipment, or services by DEG. The bill requires DEG to submit an annual report to DOA concerning any purchases by DEG that are not made in accordance with these requirements. The bill also permits DEG to establish master contracts for the purchase of materials, supplies, equipment, or contractual services relating to information technology or telecommunications for use by state agencies and authorities, local governmental units, and entities in the private sector and to require any executive branch agency to make purchases of materials, supplies, equipment, or contractual services included under the master contract pursuant to that contract.

Currently, executive branch agencies must make purchases through DOA unless DOA delegates direct purchasing authority to the agencies. DOA prescribes

SENATE BILL 55

standard specifications for state purchases which agencies are generally required to incorporate into purchasing orders and contracts when appropriate. Under this bill, DOA must delegate authority to DEG to make all of its purchases independently of DOA, and any standard specifications prescribed by DOA for the purchase of materials, supplies, equipment, or services for information technology or telecommunications purposes are subject to approval of the chief information officer.

Elections administration

Under current law, voter registration is required in every municipality with a population greater than 5,000. The information required on voter registration forms is specified by law. This bill requires voter registration in every municipality. The bill also establishes a centralized, statewide voter registration list that is maintained by the state elections board. Under the bill, the list must be electronically accessible by any person, but no person other than an authorized election official may change the list. The bill permits the board to change the list only for the purpose of deleting the registration of individuals who register to vote outside this state or whose registrations are required to be cancelled as the result of a municipal canvass. Under the bill, each municipal clerk or board of election commissioners must electronically enter registrations or changes of registration on the list, except that the bill permits the town clerk of any town having a population of not more than 5,000 to designate the county clerk of the county where the town is located as the town clerk's agent for entry of this data. The bill also directs the board to provide grants to counties and municipalities to finance the cost of maintenance of the list.

Currently, with certain exceptions, the deadline for voter registration is 5 p.m. on the second Wednesday before an election. However, electors may also register in person at the office of the municipal clerk or board of election commissioners up to 5 p.m. on the day before the election or, in most cases, may register at the proper polling place on election day. Currently, an individual who registers after the deadline must provide a specified form of proof of residence. If the individual is unable to do so, another qualified elector of the same municipality may corroborate the information contained in the individual's registration form. The corroborating elector then must provide this proof of residence. Currently, there is no limit on the number of times a person may act as a corroborating elector.

This bill requires any elector who registers to vote after the deadline, if possible, to present a valid Wisconsin driver's license or valid Wisconsin identification card containing the elector's photograph and current street address. The bill permits any other elector to present an identification card that contains the elector's photograph and current street address or any other identification card that contains the elector's name and photograph and an identifying number. An elector who is unable to present any identification may have his or her identity and registration information corroborated by another elector as currently provided. However, under the bill, a corroborating elector may not corroborate more than two registrations in one day. The bill also permits the board, by rule, to specify additional information that must be provided on registration forms. In addition, the bill provides that any election

SENATE BILL 55

official who fails to exercise due care to lawfully register an elector to vote is subject to a forfeiture (civil penalty) of not more than \$1,000.

With certain limited exceptions, before being permitted to vote at any polling place, an elector currently must provide his or her name and address. If registration is required to vote and the elector is not registered, the elector must provide a specified form of proof of residence to register. If registration is not required, the elector may be required to provide this proof. With certain limited exceptions, this bill requires each elector attempting to vote at any polling place in a municipality to follow the same identification or corroboration procedure that is required under the bill for late voter registration. The bill requires election officials to verify that the name and address on any identification are the same as the elector's name and address on the list of registered electors. Under the bill, election officials must also verify that the photograph contained in any identification reasonably resembles the elector. The identification procedure does not affect absentee voting or voting by military electors.

Currently, following each general election, a municipality where registration is required must complete a canvass to identify each registered elector who has failed to vote within the previous four years, attempt to notify each such elector, and revise and correct its list of registered electors accordingly. This bill provides that if a municipality fails to complete the canvass within 120 days of the general election, the board may conduct the canvass at the expense of the municipality.

Currently, each municipality appoints and supervises election inspectors (poll workers). Under this bill, if the board finds that an inspector has repeatedly and materially failed to substantially comply with the election laws or rules of the board, the board may remove the inspector and appoint a replacement to serve the remainder of the inspector's unexpired term. The replacement must be compensated by the municipality and is subject to the supervision of the municipal clerk or board of election commissioners. However, unlike most other inspectors, the replacement may be appointed without regard to party affiliation. The bill also permits the board to appoint a special master to assume all functions of the municipal clerk or board of election commissioners if the board finds that a municipality has repeatedly and materially failed to substantially comply with the election laws or rules of the board in administering elections. The bill requires the municipality to pay all costs incurred relating to the special master.

Under current law, the board may promulgate rules to interpret or implement the laws relating to the conduct and administration of elections and election campaigns. This bill expands the board's rule-making authority, permitting the board to promulgate rules to promote the efficient and fair conduct of elections. This bill also directs the board to conduct training programs so that individuals exercising the right of access to polling places may inform themselves of the election laws, the procedures for conducting elections, and the rights of individuals who observe election proceedings.

SENATE BILL 55***Land information and land use***

Currently, the land information board is attached to DOA. The board serves as a state clearing house for access to land information and provides technical assistance to state agencies and local governmental units with land information responsibilities, reviews and approves county plans for land records modernization, and provides aids to counties, derived from recording fee revenues collected by counties, for land records modernization projects. Under current law, the board and its functions are abolished effective on September 1, 2003. This bill abolishes the land information board on the day the bill becomes law and permanently transfers its functions, together with its assets and liabilities, to DOA.

Under the Land Information Program, a number of state agencies, including DOA, DATCP, DHFS, DNR, and DOR, are required to submit biennially to the land information board a plan to integrate land information so that the information is readily translatable, retrievable, and geographically referenced for use by any state, local governmental unit, or public utility. This bill eliminates the requirement that DOR submit such a plan, beginning with the plan that is due in 2002.

Currently, counties collect a land record fee for recording and filing most instruments that are recorded or filed with the register of deeds. The fee is \$10 for the first page of an instrument and \$2 for each additional page. Until September 1, 2003, counties must remit \$2 of each \$10 collected for recording or filing the first page of each instrument to the land information board, which the board uses to fund its general program operations and to make grants to counties for land records modernization projects. Currently, if a county does not have a land information office or does not use \$4 of the fee for recording or filing the first page of an instrument for land records modernization, the county must remit \$6 of the fee for recording or filing the first page of an instrument to the land information board. On September 1, 2003, the fee for recording or filing the first page of an instrument is reduced from \$10 to \$8 and no portion is remitted to the state.

This bill permanently increases the fee for recording or filing the first page of an instrument with a register of deeds from \$10 to \$11, and requires a county to remit either \$2 or \$7 of this fee to DOA, depending on whether the county has a land information office and uses the fee for land records modernization.

Currently, DOA may provide grants to local governments to be used to finance a portion of the cost of certain comprehensive planning activities from general purpose revenue. This bill provides, in addition, for a portion of the land record fee received by DOA to be used for that purpose.

Under current law, the Wisconsin land council in DOA must perform duties including identifying and recommending to the governor land use goals and priorities, identifying and studying areas of conflict in the state's land use statutes and between state and local land use laws and recommending to the governor legislation to resolve the conflicts, and studying the development of a computer-based land information system.

This bill discontinues the council's function of studying the development of a computer-based land information system, and adds several new functions to the council's duties, including establishing a land information working group and

SENATE BILL 55

reviewing county land records modernization plans. The bill also adds three members to the 16-member council and eliminates the council's sunset date of September 1, 2003.

Under current law, DOA awards transportation planning grants to local governmental units (cities, villages, towns, counties, and regional planning commissions) to pay for planning activities related to the transportation element of a comprehensive land use and development plan. Under this bill, DOA may also award transportation planning grants to assist local governmental units in the integrated transportation and land-use planning for highway corridors (areas expected to need additional capacity for vehicular traffic or to have possible safety or operational problems resulting from pressure for development). The bill requires DOA to award transportation planning grants in the following order of priority: 1) grants that pay for planning activities related to a transportation element and which also assist in highway corridor planning; 2) grants that only pay for planning activities related to a transportation element; and 3) grants that only assist in highway corridor planning. The bill also expands the definition of "local governmental unit" to include a metropolitan planning organization (an organization that develops transportation plans and programs).

State procurement services

Currently, DOA provides procurement services to state agencies and some local governments. These procurement functions are financed with general purpose revenue. This bill permits DOA to assess any state agency or local government to which it provides procurement services for the cost of the services provided to the agency or local government. The bill also permits DOA to identify savings that DOA determines were realized by any state agency to which it provides procurement services, and to assess the agency for not more than the amount of the savings so identified. The bill does not define "savings" and does not specify any methodology for determination of these assessments. The bill appropriates to DOA all moneys collected from these assessments to be used to finance procurement services. The change potentially decreases the moneys available to agencies and local governments for other purposes. The bill also appropriates moneys from the revenue sources that finance the programs of state agencies to supplement the unbudgeted costs of procurement service charges, except charges for identified procurement savings.

Currently, subject to numerous exceptions, DOA, or any state agency in the executive branch to which DOA delegates purchasing authority, must make purchases by bid or competitive sealed proposal that must be preceded by at least two notices published in the official state newspaper, the latest of which must be inserted at least seven days prior to opening of the bids or competitive sealed proposals. This bill permits DOA or any state agency to which DOA delegates purchasing authority to make purchases by soliciting sealed bids to be opened at a specified date and time or by solicitation of bids at an auction to be conducted electronically at a specified date and time, or by competitive sealed proposal. If bids are to be solicited at an

SENATE BILL 55

electronic auction, the bill requires notice of the auction to be posted on an Internet site determined or authorized by DOA at least seven days prior to the date of the auction. The bill also permits notice of any proposed purchase by DOA or an agency to which DOA delegates purchasing authority to be posted electronically on an Internet site determined or authorized by DOA at least seven days prior to the date that bids or competitive sealed proposals are to be opened or bids are to be received by auction in lieu of the publication required under current law.

Currently, DOA maintains a subscription service that provides current information of interest to prospective vendors concerning state procurement opportunities. This bill permits DOA to permit prospective vendors to provide product or service information through this service and also permits DOA to prescribe fees or establish fees through a competitive process for the use of the service. Any revenue collected from the fees is deposited in the state VendorNet fund, which is used to pay the costs of the subscription service.

Municipal boundary review

Currently, DOA is required to review proposed municipal incorporations and certain municipal annexations in counties having a population of 50,000 or more, and to make findings with respect to certain matters specified by law. Currently, the cost of conducting this review is financed with general purpose revenue.

This bill permits DOA to prescribe and collect a fee for conducting this review. The fee must be paid by the person or persons filing a petition for incorporation or by the person or persons filing a notice of proposed annexation. The bill appropriates to DOA all moneys collected from these fees to finance reviews of proposed municipal incorporations and annexations.

Federal-state relations

Current law directs DOA to operate a federal aid management service. The service is directed to process applications by state agencies for grants from the federal government upon request of the agencies. DOA may assess any state agency to which DOA provides services a fee for its expenses incurred in providing those services.

This bill directs DOA to initiate contacts with the federal government for the purpose of facilitating participation by state agencies in federal aid programs, to assist those agencies in applying for such aid, and to facilitate influencing the federal government to make policy changes that will be beneficial to this state. The bill also permits DOA to assess agencies to which DOA provides those services a fee for its expenses incurred in providing those services.

Dual state employment or retention

Current law prohibits any elective state official from holding any other position or being retained in any other capacity with a state agency or authority, except an unsalaried position or unpaid service with a state agency or authority that is compatible with the official's duties, the emoluments of which are limited to reimbursement for actual and necessary expenses incurred in the performance of

SENATE BILL 55

those duties. Current law also prohibits any other individual who is employed in a full-time position or capacity with a state agency or authority from holding another position or being retained in another capacity with a state agency or authority from which the individual receives, directly or indirectly, more than \$12,000 from the agency or authority as compensation for the individual's services during the same year. These prohibitions do not apply to an individual other than an elective state official who has a full-time appointment for less than 12 months during any period of time that is not included in the appointment. This bill repeals both of these prohibitions.

Energy efficiency fund elimination

Currently, state agencies may apply for loans from the energy efficiency fund to finance energy efficiency projects. The loans are repaid from utility expense appropriations made to the agencies in an annual amount equal to the utility expense savings realized by the agencies as a result of the energy efficiency projects. In addition, for six years after each loan is repaid, DOA may transfer an amount equal to one-third of the savings realized to the general fund, and an amount equal to one-third of the savings realized to the energy efficiency fund for maintenance of projects with an energy efficiency benefit and for energy efficiency monitoring. An amount equal to the final one-third of the savings realized may be utilized by an agency for its general program operations, subject to approval of JCF.

This bill abolishes the energy efficiency fund. Under the bill, DOA may transfer an amount equal to all repayments of loans made from the fund for energy efficiency projects from the appropriate utility expense appropriations to the general fund. Any unencumbered balance in the energy efficiency fund on the day the bill becomes law is also transferred to the general fund.

State-local partnership

This bill directs that DOA, to the extent possible, coordinate state policies governing the relationship between the state and local governments in this state and attempt to make those policies as uniform as practicable. The bill also permits DOA to attempt to mediate disputes between local governments and state agencies to the extent feasible. To carry out these functions, the bill directs DOA to appoint a state-local government coordinator outside the classified service.

TAXATION**INCOME TAXATION**

Under current law, when computing corporate income taxes and franchise taxes, a formula is used to attribute a portion of a corporation's income to this state. The formula has three factors: a sales factor, a property factor, and a payroll factor. The sales factor represents 50% of the formula and the property and payroll factors each represent 25% of the formula. When computing income taxes and franchise taxes for an insurance company, a formula with a premium factor and a payroll factor is used to attribute a portion of an insurance company's income to this state.

SENATE BILL 55

Under this bill, beginning on January 1, 2005, the sales factor will be the only factor used to attribute a portion of a corporation's income to this state. The property and payroll factors will be decreased, and eventually phased out, over the next four years as the sales factor is increased and becomes the only factor. Beginning on January 1, 2005, the premium factor will be the only factor used to attribute a portion of an insurance company's income to this state. The payroll factor will be decreased, and eventually phased out, over the next four years as the premium factor is increased and becomes the only factor.

Under current law, the income of an electric or gas utility is apportioned by rules established by DOR. Under the bill, for taxable years beginning after December 31, 2002, and before January 1, 2005, the income of an electric or gas utility is apportioned in the same manner as the income of a corporation under the bill. Beginning on January 1, 2005, the sales factor will be the only factor used to attribute a portion of the income of an electric or gas utility to this state.

Under current law, the income of a financial organization is apportioned, for corporate income tax and franchise tax purposes, by rules established by DOR. Under the bill, for taxable years beginning after December 31, 2002, and before January 1, 2005, the income of a financial organization is apportioned by multiplying that income by a fraction that includes a sales factor representing more than 50% of the fraction, as determined by rule by DOR. For taxable years beginning after December 31, 2004, the income of a financial organization is apportioned by using a sales factor, as determined by DOR.

Under current law, an inter vivos trust (a trust that is created during the life of the grantor) that is made irrevocable before October 29, 1999, is considered resident at the place where the trust is being administered. This state taxes a trust that is resident within this state. Also under current law, in general, an inter vivos trust is taxable by this state if the grantor was a resident of this state.

Under this bill, an inter vivos trust that is made irrevocable before October 29, 1999, is considered resident, and is thus taxable by this state, only if the trust was administered in this state before October 29, 1999, or, if administered in this state on or after October 29, 1999, if the grantor is a resident of this state. This change first applies to taxable years beginning on January 1, 1999.

Under current law, the individual income tax brackets are indexed for inflation. Generally, for taxable years beginning after December 31, 1999, the brackets are increased each year based on the annual percentage change between the consumer price index (CPI) for August of the previous year and August 1997. An exception to the general rule is that for taxable years beginning after December 31, 2000, the top bracket is increased each year by the same percentage as the percentage change between the CPI for August of the previous year and August 1999. This bill limits the applicability of the exception to the general rule that governs indexing of the individual income tax brackets to taxable year 2001.

SENATE BILL 55

Under current law, resident shareholders of subchapter S corporations and members of limited liability corporations (LLCs) treated as partnerships may claim a tax credit for taxes that those S corporations and LLCs pay to another state. This bill expands the application of this tax credit so that it may be claimed by otherwise qualified resident partners of a partnership that pays taxes to another state.

PROPERTY TAXATION

This bill creates a property tax exemption for a hub facility operated by an air carrier. A "hub facility" is a facility at an airport from which an air carrier company operated at least 45 common carrier departing flights each weekday in the prior year and from which it transported passengers to at least 15 nonstop destinations; or an airport or any combination of airports in this state from which an air carrier company cumulatively operated at least 20 common carrier departing flights each weekday in the prior year, if the air carrier company's headquarters are in this state.

Under current law, regional planning commissions (RPCs) may be created by the governor, or by a state agency or official that the governor designates, upon the submission of a petition in the form of a resolution by the governing body of a city, village, town, or county (local governmental units). An RPC may conduct research studies; collect and analyze data; prepare maps; make plans for the physical, social, and economic development of the region; provide advisory services to local governmental units and other public and private agencies on regional planning problems; and coordinate local programs that relate to the RPC's objectives. This bill authorizes RPCs to acquire and hold real property for public use. The bill also authorizes RPCs to convey and dispose of such property.

Under current law, property owned by municipalities or by certain districts, such as school districts, technical college districts, and metropolitan sewerage districts, is exempt from the property tax. Under this bill, property owned by an RPC is also exempt from the property tax.

Under current law, in lieu of paying local property taxes, a light, heat, and power company pays a license fee to the state based on a percentage of the company's gross revenue that is attributable to this state. However, if a light, heat, and power company structure is used in part for the company's business operation and in part for purposes that are not related to the company's business operation, the part of the structure that is used for purposes that are not related to the company's business operation is subject to local property taxes.

Under this bill, property, excluding land, that is owned or leased by a public utilities holding company that provides services to a light, heat, and power company affiliated with the holding company is assessed for local property taxes on the portion of the fair market value of the property that is not used for providing services to the light, heat, and power company.

Under current law, DOR assesses manufacturing property, and determines what property is classified as manufacturing property, for property tax purposes. If

SENATE BILL 55

a reviewing authority for property tax assessments reduces a manufacturing property's assessed value or determines that manufacturing property is exempt from property tax, the property owner may file a claim for a property tax refund with the municipality in which the property is located. The municipality pays the refund in one sum that includes interest on the refund amount, paid at the rate of 0.8% a month.

Under current law, a property owner may file an objection to a property tax assessment of the owner's manufacturing property with the state board of assessors within 60 days of receiving notice from DOR of the property's assessment.

Under this bill, a municipality may pay a property tax refund to an owner of manufacturing property in five annual installments rather than all at once, if the refund is more than \$10,000, the refund amount represents at least 0.0025% of the municipality's tax levy, and the municipality's tax levy is less than \$100,000,000. The interest on the refund amount is paid either at a rate of 10% a year or at a rate determined by the last auction of six-month U.S. treasury bills, whichever is less. In addition, the state compensates the municipality for the interest on any such refund that is paid by the municipality.

Under the bill, a property owner who files an objection to a property tax assessment of the owner's manufacturing property must include in the objection the reasons for the objection, an estimate of the correct assessment, and the basis for that estimate. In addition, the property owner may file supplemental information to support the objection within 60 days from the date that the objection is filed.

Under current law, an owner of manufacturing property must submit annually by March 1 a report to DOR that contains certain information about the property that DOR considers necessary for property tax assessment purposes. An owner of manufacturing property who fails to submit the report by the date that it is due must pay a penalty equal to the greater of \$10 or 0.05% of the property's assessment for the previous year, but not more than \$1,000. If the property owner does not submit the report within 30 days from the date that it is due, the property owner must pay a second penalty that is equal to the first.

Under this bill, an owner of manufacturing property who fails to submit the report by the date that it is due is subject to the following penalties: if the report is one to ten days late, \$25; if the report is 11 to 30 days late, the greater of \$50 or 0.05% of the previous year's assessment, but not more than \$250; and if the report is more than 30 days late, the greater of \$100 or 0.1% of the previous year's assessment, but not more than \$750.

OTHER TAXATION

Under current law, in lieu of paying local property taxes, a private light, heat, and power company and an electric cooperative pay a license fee to the state based on a percentage of the company's or cooperative's gross revenues that are attributable to this state. A private light, heat, and power company pays a license fee based, in part, on multiplying its gross revenues from the sale of gas services by 0.97% and multiplying its other gross revenues by 3.19%. An electric cooperative pays a license fee based, in part, on multiplying its gross revenues by 3.19%.

SENATE BILL 55

Under this bill, a private light, heat, and power company and an electric cooperative pay a license fee to the state based, in part, on multiplying the company's or cooperative's gross revenues from the sale of wholesale electricity by 1.59%. The license fee applies to gross revenues from the sale of wholesale electricity that are earned during tax periods beginning on January 1, 2003, and ending on December 31, 2008. A private light, heat, and power company will continue to pay a license fee under current law based on multiplying its gross revenues from the sale of gas services by 0.97% and multiplying its other gross revenues, except revenues from the sale of wholesale electricity, by 3.19%. An electric cooperative will continue to pay a license fee under current law based on multiplying its gross revenues, except revenues from the sale of wholesale electricity, by 3.19%.

Under current law, a farm that is not a corporation, except a farm that has no more than \$1,000,000 in gross receipts, pays a recycling surcharge of \$25. Under this bill, a farm that is not a corporation, except a farm that has less than \$4,000,000 in gross receipts, pays a recycling surcharge in an amount that is equal to 2% of its net income, up to a maximum of \$9,800, or \$25, whichever is greater.

Under current law, tax stamps must be affixed to each cigarette package that is sold in this state. This bill prohibits affixing tax stamps to cigarette packages that are not intended to be sold, distributed, or used in the United States; that are not labeled as provided under federal law; that are modified by a person who is not the cigarette manufacturer; that are altered so as to remove, conceal, or obscure certain labels; and that are imported into the United States after December 31, 1999, in violation of federal law. Under the bill, a person who possesses over 400 of such cigarettes, or who sells or distributes such cigarettes, is subject to the same penalties that are applicable to the possession of cigarettes without tax stamps.

Under current law, DOR may offset tax refunds against debts owed by a taxpayer to another state agency or to a municipality or county. Current law also authorizes DOR to enter into agreements with the Internal Revenue Service to offset state tax refunds against federal tax obligations and federal tax refunds against state tax obligations. This bill authorizes DOR to enter into agreements with other states to offset tax refunds against another state's tax obligations if the other state agrees to implement an offset program for Wisconsin residents' tax refunds from that other state against tax obligations of this state.

TRANSPORTATION**HIGHWAYS**

Under current law, the building commission may issue revenue bonds for major highway projects and transportation administrative facilities in a principal amount that may not exceed \$1,447,085,500. A major highway project is a project having a total cost of more than \$5,000,000 and involving construction of a new highway 2.5 miles or more in length; reconstruction or reconditioning of an existing highway that relocates at least 2.5 miles of the highway or adds one or more lanes at least five miles

SENATE BILL 55

in length to the highway; or improvement of an existing multilane divided highway to freeway standards.

This bill increases the revenue bond limit from \$1,447,085,500 to \$1,743,570,900. The bill also provides that revenue bond proceeds may not exceed 53% of the total funds expended in any fiscal year for major highway projects, beginning with fiscal year 2002-03. Additionally, the bill provides that revenue bond proceeds may be expended for reconstruction of the Marquette interchange, lying at or near the junction of I 94, I 43, and I 794, in Milwaukee County. In addition to the revenue bond limit of \$1,743,570,900 specified above, the building commission may issue revenue bonds for the Marquette interchange reconstruction project in a principal amount that may not exceed \$6,996,600.

Current law requires that any major highway project, unlike other construction projects undertaken by DOT, receive the approval of the transportation projects commission (TPC) and the legislature before the project may be constructed. This bill adds three major highway projects recommended by TPC to the current list of enumerated projects already approved for construction.

This bill appropriates federal moneys to fund reconstruction of the Marquette interchange in Milwaukee County. The bill also provides for a grant from DOT to the city of Milwaukee of up to \$5,000,000 from the state's federal interstate cost estimate (ICE) funds to fund a local roads project to reconstruct West Canal Street to serve as a traffic mitigation corridor in connection with the Marquette interchange reconstruction. DOT may not award the grant unless the city makes a matching contribution from its federal ICE funds equal to the amount of the grant from DOT; the city contributes an additional \$10,000,000 toward the West Canal Street reconstruction project; and, the federal department of transportation approves the use of the federal ICE funds for the project. The bill also requires DOT to award grants totaling \$5,000,000 of state funds to the city of Milwaukee to reconstruct West Canal Street if the city contributes \$10,000,000 toward the West Canal Street reconstruction project.

This bill provides that the maximum state share of costs for the project involving demolition of the abandoned Park East Freeway corridor in Milwaukee County is \$8,000,000, as provided in an agreement between the city of Milwaukee, Milwaukee County, and the state, of which \$6,800,000 is required to be from the state's federal ICE funds. The local share of costs for the project may not be less than \$17,000,000, the amount specified in the agreement between the parties, of which \$14,500,000 is required to be federal ICE funds received by the city or county.

Under the nonentitlement component of the local roads improvement program, DOT currently allocates \$500,000 in each fiscal year to fund eligible town road improvements and \$750,000 in each fiscal year to fund eligible municipal street improvements. This bill requires DOT to make additional allocations of \$529,000 in

SENATE BILL 55

fiscal year 2001-02 and \$1,954,200 in fiscal year 2002-03. These funds may be used for either of these purposes.

DRIVERS AND MOTOR VEHICLES

Currently, a person may not operate a motor vehicle while under the influence of an intoxicant, controlled substance, or other drug (OWI), or improperly refuse to submit to a test to determine his or her blood alcohol concentration. Under current law, if a person commits either of these OWI-related offenses, the person's motor vehicle operating privilege is suspended or revoked for a certain period of time, depending on the number of the person's prior OWI-related convictions, suspensions, or revocations. A person whose operating privilege is suspended or revoked is eligible to apply for an occupational driver's license after a waiting period of between 30 and 120 days, depending on the number of the person's prior OWI-related convictions, suspensions, or revocations. However, a person who has no prior OWI-related convictions, suspensions, or revocations is eligible to apply immediately.

Under current law, if a person is convicted of an OWI-related offense and the person has two or more prior OWI-related convictions, suspensions, or revocations, a court may order that the vehicle owned by the person and involved in the violation or refusal be seized and subject to forfeiture. If the court does not order that the vehicle be seized and subject to forfeiture, the court is required to order that the vehicle be immobilized or equipped with an ignition interlock device.

Beginning on January 1, 2002, a court will not be required to order that the vehicle owned by the person and involved in the violation or refusal be immobilized or equipped with an ignition interlock device even if the court does not order that the vehicle be seized and subject to forfeiture, and even if the person has two or more prior OWI-related convictions, suspensions, or revocations. Rather, the court may, but is not required to, order any of those options.

Also beginning on January 1, 2002, if a person is convicted of an OWI-related offense and the person has one or more prior OWI-related convictions, suspensions, or revocations, the court may, but is not required to, order that the vehicle owned by the person and involved in the violation or refusal be immobilized or equipped with an ignition interlock device.

This bill makes the following changes, beginning on January 1, 2002: 1) if a person is convicted of an OWI-related offense and the person has one or more prior OWI-related convictions, suspensions, or revocations, the court must order that each vehicle owned by the person be immobilized or equipped with an ignition interlock device for a period of not less than one year, and the person is not eligible to apply for an occupational driver's license for one year; and 2) if a person is convicted of an OWI-related offense and the person has two or more prior OWI-related convictions, suspensions, or revocations, the court may order that the vehicle owned by the person and involved in the violation or refusal be seized and subject to forfeiture in lieu of the ignition interlock or immobilization options.

SENATE BILL 55

Under current law, a person who is ordered to pay a fine or a forfeiture (civil monetary penalty) for an OWI violation is required to pay a driver improvement surcharge of \$345. Funds collected from the driver improvement surcharge are used to provide alcohol and other drug abuse services to drivers, to provide chemical-testing training to law enforcement officers, and to fund various state agencies for services related to OWI offenses. This bill increases the driver improvement surcharge from \$345 to \$355.

Under current law, circuit courts and municipal courts may suspend a person's operating privilege for a variety of reasons, including failure to pay an amount ordered by the court. However, circuit courts and municipal courts are not permitted to suspend a person's operating privilege solely because of the person's failure to pay a forfeiture imposed for an ordinance violation unrelated to the operation of a motor vehicle. This bill permits circuit courts and municipal courts to suspend the operating privilege of a juvenile solely because the juvenile has not paid a forfeiture imposed for an ordinance violation unrelated to the operation of a motor vehicle.

Current law imposes a six-year redesign cycle for most motor vehicle registration plates, by the end of which DOT must redesign the plates. DOT must issue redesigned plates upon every initial vehicle registration and upon every registration renewal if the vehicle's plate is more than six years old. The first six-year cycle will be completed by July 1, 2005, and DOT will have provided redesigned plates to every vehicle by that date. However, DOT may not redesign or reissue the "Celebrate Children" plates until January 1, 2005. After that date, DOT may redesign and issue those plates upon initial registration or renewal.

This bill creates a seven-year redesign cycle and extends the reissue deadline for each category of registration by one year. The bill requires DOT to wait until July 1, 2007, to redesign plates for three recently designed plates: "Celebrate Children," "Ducks Unlimited," and "professional football team."

Under current law, DOT charges a special license plates fee in addition to the regular registration fee to issue or reissue license plates for certain vehicles that are owned or leased by members of authorized special groups. The fee is \$5, \$10, or \$15, depending on the type of plate, except that there are no fees for special plates for disabled veterans and other persons entitled to use disabled parking spaces, Congressional Medal of Honor awardees, certain former prisoners of war, Somalia War veterans, and registrants interested in endangered resources. This bill directs DOT to charge \$15 for all special plates, except that there continues to be no charge for special plates for disabled veterans and other disabled persons, Congressional Medal of Honor awardees, and certain former prisoners of war.

Under current law, no person may operate upon a highway any vehicle or combination of vehicles that exceeds certain limits on size, weight, or load unless that person possesses a permit issued by DOT. The fees for certain single trip, annual, consecutive month, and multiple trip permits issued by DOT are 10% higher than

SENATE BILL 55

the usual rates for the period beginning on January 1, 2000, and ending on June 30, 2003, after which time the fees revert to their previous amounts. This bill delays the sunset date of the permit fee increases from June 30, 2003, to December 31, 2007.

Under current law, DOT charges \$3 for any of the following: a single file search or computerized search of vehicle operating records, a single vehicle operating record contained on computer tape or other electronic media, or a single record of uniform traffic citations or motor vehicle accidents contained on computer tape or other electronic media. DOT charges \$4 to search a single operating record requested by telephone.

In addition, under current law an employer of any person who operates a commercial motor vehicle (a commercial driver) may register any commercial driver employed by the employer on a list maintained by DOT. DOT notifies the employer of any conviction, suspension, revocation, cancellation, disqualification, or out-of-service order against that driver. DOT charges \$3 for each notification that it provides to the employer. This bill increases each of the specified fees by \$2.

Current law requires any motor vehicle that is subject to an emissions test to undergo the test within 90 days before the vehicle's registration is renewed in the second year after the vehicle's model year and every two years thereafter. This bill removes the 90-day requirement and allows DOT to determine when those vehicles will be presented for testing.

TRANSPORTATION AIDS

Under current law, DOT makes general transportation aids payments to a county based on a share-of-costs formula, and to a city, village, or town (municipality) based on the greater of a share-of-costs formula for municipalities or an aid rate per road mile, which is \$1,704 for calendar year 2000 and thereafter. This bill increases the aid rate per road mile to \$1,747 for calendar year 2001 and \$1,790 for calendar year 2002 and thereafter.

This bill increases the maximum amount of general transportation aids that may be paid to counties from the current limit of \$84,059,500 to \$88,598,700 in calendar year 2002 and \$89,239,300 in calendar year 2003 and thereafter. The bill also increases the maximum amount of aid that may be paid to municipalities under the program from the current limit of \$264,461,500 to \$277,684,500 in calendar year 2002 and \$277,907,200 in calendar year 2003 and thereafter.

Under current law, DOT administers an urban mass transit operating assistance program that provides state aid to local public bodies in urban areas served by mass transit systems to assist with the expenses of operating those systems. Aid paid for mass transit systems that have annual operating expenses of less than \$20,000,000 is determined under a formula. Under the formula, DOT makes state aid payments in amounts sufficient to ensure that the combination of state and federal aids contributed toward the operating expenses of an urban mass transit system equals the uniform percentage established by DOT for each of the two

SENATE BILL 55

smaller classes of mass transit system. The two smaller classes are: 1) mass transit systems serving urban areas having a population of 50,000 or more but having annual operating expenses of less than \$20,000,000 (Tier B systems); and 2) mass transit systems serving urban areas having a population of less than 50,000 (Tier C systems). "Operating expenses" used in this aid formula are based on actual operating costs from the second preceding year, with adjustments for the projected expenses of new services, for which historical cost data is not available.

This bill deletes the requirement that annual transit aid payments for Tier B and Tier C systems be made based on actual operating costs from the second preceding year. The bill requires that annual state transit aid payments for Tier B and Tier C systems be based on estimated operating costs for that year, effective with calendar year 2001 payments.

The bill also increases the total amount of state aid payments to each class of mass transit system, as follows:

1. For a mass transit system having annual operating expenses in excess of \$80,000,000 (Tier A-1 system), from \$53,555,600 in calendar year 2000 to \$54,894,500 in calendar year 2001 and thereafter.

2. For a mass transit system having annual operating expenses of at least \$20,000,000 but less than \$80,000,000 (Tier A-2 system), from \$14,297,600 in calendar year 2000 to \$14,655,000 in calendar year 2001 and thereafter.

3. For Tier B systems, from \$19,804,200 in calendar year 2000 to \$20,299,300 in calendar year 2001 and thereafter.

4. For Tier C systems, from \$5,349,100 in calendar year 2000 to \$5,482,800 in calendar year 2001 and thereafter.

The bill requires DOT to make supplemental mass transit aid payments in any calendar year for any eligible urban mass transit system for whom the percentage increase in the average cost per passenger trip in the preceding calendar year did not exceed the percentage increase in the consumer price index for that calendar year. DOT must distribute supplemental mass transit aid payments for similar urban mass transit systems on a proportionate basis according to annual ridership on each urban mass transit system during the preceding calendar year.

Under current law, DOT administers a Transportation Facilities Economic Assistance and Development Program. Under the program, DOT may improve a highway, airport, or harbor, or provide other assistance for the improvement of those transportation facilities or certain rail property or railroad tracks, as part of a major economic development project. DOT may also make loans for the improvement of any of these transportation facilities. This bill renames the program the Tommy G. Thompson Transportation Economic Assistance Program.

SENATE BILL 55**RAIL AND AIR TRANSPORTATION**

This bill increases the authorized general obligation bonding limit for the acquisition and improvement by DOT of rail property from \$23,500,000 to \$28,000,000.

Under current law, with certain exceptions, a property owner is immune from liability for damages occurring on the property while a person is engaged in a recreational activity on the property.

This bill creates an immunity from civil liability for any property owner upon which a rails-with-trails trail is located and for any railroad that operates within an active rail corridor upon which a rails-with-trails trail is located for the death, injury, or property damage resulting from an individual's use of a rails-with-trails trail, regardless of whether the death, injury, or property damage occurred in connection with a recreational activity or occurred on public or private property. Under the bill, a rails-with-trails trail is a strip of land that is located partly or fully within an active rail corridor and is identified in an agreement entered into by a railroad that operates within that rail corridor and a person that is sponsoring and maintaining the strip of land for the use of individuals for purposes specified in the agreement. The immunity does not apply to deaths, injuries, or property damage caused by the property owner's or railroad's willful or wanton acts or omissions.

OTHER TRANSPORTATION

This bill increases the authorized general obligation bonding limit for grants awarded by DOT for harbor improvements from \$22,000,000 to \$25,000,000.

This bill authorizes DOT to award grants to a local professional football stadium district, which is a special purpose district, in each county with a population of more than 150,000 that includes the principal site of an existing, or to be constructed, league-approved home stadium for a professional football team. Under the bill, no grant may be awarded after June 30, 2002.

Under current law, DOT administers a program that distributes federal funds for congestion mitigation and air quality improvement projects. Currently, federal law requires a local matching contribution equal to 20% of the cost of a project. This bill requires DOT to award a grant of \$420,700 to the city of Kenosha to provide 50% of the local matching contribution required for a congestion mitigation and air quality improvement project for a parking facility in the city of Kenosha. As a condition of receiving the grant, the city of Kenosha must provide matching funds for the project.

Under current law, DOT administers the Safe-Ride Grant Program, under which DOT provides grants to municipalities and nonprofit corporations to cover the costs of transporting persons who have a prohibited alcohol concentration from premises that are licensed to sell alcohol beverages to their places of residence. The program is funded with moneys from the driver improvement surcharge, which is

SENATE BILL 55

collected from each person who is ordered to pay a fine or forfeiture for operating a motor vehicle while under the influence of an intoxicant, controlled substance, or other drug. A portion of the surcharge is forwarded to the state and 3.76% of the state's portion is appropriated to DOT for the Safe-Ride Grant Program.

This bill eliminates the requirement that 3.76% of the state's portion of the driver improvement surcharge be used to fund the Safe-Ride Grant Program. Under the bill, the secretary of administration may use unencumbered driver improvement surcharge moneys to fund the program after consulting with the secretaries of health and family services and transportation, the superintendent of public instruction, the attorney general, and the president of the UW System.

Under current law, DOT administers a program to reduce the number of automobile trips, especially during peak hours of traffic, and to encourage the shared use of motor vehicles by two or more individuals to or from their places of work or postsecondary school. Under the program, DOT awards grants for the development and implementation of demand management or ride-sharing programs.

This bill makes job access and employment transportation assistance eligible under the program and adds to the program a stated purpose of enhancing the success of welfare-to-work programs.

This bill permits DOT to enter into agreements to accept telecommunications services or any plant or equipment used for telecommunications services as payment for the accommodation of a utility facility within a highway right-of-way.

Under current law, DOT may impose a fee for security and traffic enforcement services provided by the state traffic patrol at any public event that charges spectators an admission fee and that is organized by a private organization. This bill allows DOT to charge a fee for such services at any such event that is publicly or privately organized. The bill allows DOT to charge a fee for security and traffic enforcement services requested by a person who is installing, inspecting, removing, relocating, or repairing a utility facility that lies within a highway right-of-way.

Current federal law requires DOT to pay specified percentages of expenditures for highway construction projects to disadvantaged business enterprises. A "disadvantaged business enterprise" is a business that is at least 51% owned, controlled, and actively managed by minority group members, women, or other individuals found to be socially and economically disadvantaged, or by a combination of such individuals. Current federal law also prohibits DOT from discriminating on the basis of race, color, national origin, or sex in the award of any construction contract that is paid for in part using federal funds.

To determine compliance with these requirements and prohibitions, federal law requires DOT to collect and submit to the federal department of transportation data concerning the ownership of businesses that bid for construction contracts let by DOT, and other financial information pertaining to such businesses and their

SENATE BILL 55

owners. Federal law generally requires DOT to keep confidential such information submitted to it by a disadvantaged business enterprise.

This bill requires DOT to keep confidential certain information requested by DOT for purposes of determining or demonstrating compliance with the federal requirements and prohibitions described above. The information required to be kept confidential consists of information relating to an individual's statement of net worth, a statement of experience, and a company's financial statement, including the gross receipts of a bidder. The bill contains exceptions to allow DOT to disclose the information to the federal department of transportation, to the person to whom the information relates, and to persons having the written consent of that person.

Under current law, DOT administers a Minority Civil Engineer Scholarship and Loan Repayment Incentive Program to foster minority training and employment in civil engineering. DOT may award scholarships to minorities enrolled full time in a bachelor of science degree program in civil engineering, and may award loan repayment grants to minority civil engineers who are employed by DOT and have education loans outstanding.

This bill authorizes DOT to award scholarships to other targeted group members enrolled full time in any accredited bachelor degree program, or in any associate degree program or vocational diploma program at a technical college. Under the bill, a targeted group member is a person with a disability or any member of a class whose race, color, or sex is employed less in any job classification in DOT than is available in the statewide labor market. The bill also allows DOT to award loan repayment grants to targeted group members who are employed by DOT and have education loans outstanding.

VETERANS AND MILITARY AFFAIRS**VETERANS**

Currently, under the Veteran's Housing Loan Program, a veteran who meets certain requirements is eligible for a primary mortgage loan. Current law requires a veteran to apply for a primary mortgage loan through a DVA-approved financial institution (authorized lender). The authorized lender evaluates the veteran's credit worthiness. DVA also reviews the loan application to ensure that the veteran meets other requirements of the loan program. If the application is approved by both the authorized lender and DVA, the authorized lender makes the loan and then performs loan-servicing activities, such as collecting the veteran's monthly mortgage payment, forwarding these payments to DVA, and collecting delinquent payments. Before forwarding a monthly mortgage payment to DVA, an authorized lender may deduct from the veteran's monthly mortgage payment a monthly fee for performing loan-servicing activities.

Also under current law, as a condition of receiving a loan, a veteran must pay to the authorized lender a monthly escrow payment for the payment of real estate taxes and casualty insurance premiums. Current law requires the authorized lender to hold these payments in escrow and then pay to the city and the insurance company the amounts due or the amount escrowed, whichever is less.

SENATE BILL 55

Finally, under the loan program, a veteran must have adequate fire and extended coverage insurance. Current law requires that these insurance policies name the authorized lender as an insured.

This bill permits DVA to perform loan-servicing activities for any loans made under the Veteran's Housing Loan Program and to purchase from authorized lenders the rights to service loans that are made under the program.

The bill funds both the loan-servicing activities and the purchase of servicing rights with moneys from the veterans mortgage loan repayment fund but restricts the expenditure or encumbrance of these moneys until after DVA and DOA develop a plan for the most cost-effective method of servicing the loans.

The bill also permits DVA to hold in escrow monthly payments paid by a veteran for real estate taxes and casualty insurance premiums. The bill requires an authorized lender or, if DVA holds the payments in escrow, DVA to pay the amounts due for real estate taxes and insurance premiums regardless of whether the amount held in escrow is sufficient to cover the amounts due. If the amount held in escrow is insufficient to pay the amounts due, the lender or DVA, after paying the amounts due, must recover the balance from the veteran. If the amount held in escrow is more than the amounts due, the lender or DVA, after paying the amounts due, is required to pay the balance to the veteran. Under the bill, DVA may not begin holding monthly escrow payments until the plan for the most cost-effective method of servicing the loans is completed by DVA and DOA.

Currently, veterans who receive a primary mortgage loan under the Veteran's Housing Loan Program must pay the authorized lender an origination fee at the time of closing. This bill requires DVA to pay to authorized lenders, on behalf of disabled veterans who have received from the federal department of veterans affairs at least a 30% connected service disability rating, any origination fees.

Currently, an eligible veteran may receive a home improvement loan of up to \$25,000 under the Veteran's Housing Loan Program. This bill specifies that a veteran may use a home improvement loan to remove or otherwise alter existing home improvements that were made to improve the accessibility of the home for a disabled individual.

Under current federal law, veterans and war orphans may receive federal benefits to cover the costs of training and education at certain approved schools or through certain approved courses of instruction. Federal law delegates the authority to approve these schools and courses of instruction to state agencies. Under current state law, the educational approval board (EAB), which is attached to DVA, approves these schools and courses of instruction. This bill eliminates the authority of EAB to approve the schools and courses of instruction for the training and education of veterans and war orphans and authorizes DVA to approve these schools and courses.

Currently, under the Veterans' Tuition and Fee Reimbursement Program, DVA reimburses eligible veterans up to 65%, or, in the case of certain disabled veterans,

SENATE BILL 55

100%, of the tuition and fees incurred by the veteran while a full-time student at a state institution of higher education or at any institution for which the veteran received a tuition waiver under the Minnesota-Wisconsin student reciprocity agreement. For purposes of calculating the amount of a reimbursement, any grants or scholarships received by the veteran are subtracted from the total tuition and fees incurred by the veteran.

Under the current Part-Time Study Grant Program, DVA reimburses eligible veterans up to 65%, or, in the case of certain disabled veterans, 100%, of the cost of tuition and fees incurred by the veteran for a correspondence course or part-time classroom study at a state institution of higher education, at any public or private high school, or at an institution of higher education that is located outside the state, if the course is not offered in the state, is not offered within 50 miles of the veteran's home, and is not located more than 50 miles from the state boundary line. The reimbursement under either of the above programs may not exceed 65%, and, in the case of certain disabled veterans, 100%, of the standard cost for a state resident at the University of Wisconsin-Madison.

This bill increases the amount an eligible veteran may be reimbursed under either program to 100% of the tuition and fees incurred by the veteran minus any grants or scholarships received by the veteran. The bill also increases the maximum amount of a grant for all eligible veterans under both programs to 100% of the standard cost for a state resident at the University of Wisconsin-Madison. The bill also permits a veteran to receive reimbursement under both programs for tuition and fees incurred by the veteran while a student at a proprietary school that has been approved by EAB or at a school approved by DVA under its authority to approve schools and courses for veterans and war orphans.

Under current law, as a condition of eligibility for most veterans benefit programs, a veteran must have been a resident of this state upon entering or reentering military service or have been a resident of this state for any period of five consecutive years. The same residency requirement applies to veterans who are applying for admission to the Wisconsin Veterans Home at King (WVHK) or the Southern Wisconsin Veterans Retirement Center (SWVRC). In addition, the spouse of a veteran or a parent of a veteran is eligible for admission to WVHK or SWVRC if he or she has been a resident of this state for the five years preceding the date of his or her application for admission. WVHK and SWVRC provide residential treatment and nursing home care to veterans and the spouses and parents of veterans.

Under this bill, a veteran is eligible for those veterans benefit programs that currently have a residency requirement and for admission to WVHK or SWVRC if the veteran was a resident of this state upon entering or reentering military service or has been a resident of this state for any period of 12 consecutive months. Also, under the bill, a spouse or parent of a veteran is eligible for admission to WVHK or SWVRC, if he or she has been a resident of this state for the 12 months preceding the date of his or her application for admission.

SENATE BILL 55

Currently, under the Veterans Retraining Grant Program, DVA awards employment retraining grants of up to \$3,000 to eligible veterans who are unemployed, underemployed, or who have received a notice of termination of employment. As a condition of eligibility for a retraining grant, a veteran must be enrolled in a proprietary school that is approved by EAB, other than a proprietary school that offers four-year degrees or four-year programs, be enrolled in a technical college training course, or be engaged in a structured on-the-job training program. This bill permits DVA to pay a retraining grant to a veteran's employer, on behalf of the veteran, if the veteran is engaged in a structured on-the-job training program and is otherwise eligible for the retraining grant program.

This bill requires DVA to pay \$100,000 annually to the Wisconsin department of the Disabled American Veterans to provide transportation services to veterans.

MILITARY AFFAIRS

Under current law, the Wisconsin national guard is composed of the army and air national guard. Current law also allows the adjutant general to establish and organize a state defense force if the national guard is called into the service of the United States. This bill creates a Wisconsin naval militia, which will be under the control of the adjutant general and will be subject to the same policies and procedures as the other military components.

Under current law, regional emergency response teams have been established to respond to a "Level A" release, which is a release of a hazardous substance that necessitates the highest level of protective equipment for the skin and respiratory systems of emergency response personnel. Local emergency response teams are required to respond to a "Level B" release, which is a release of a hazardous substance that necessitates the highest level of protective equipment for the respiratory systems of emergency response personnel but less skin protection than a "Level A" release.

The division of emergency management in DMA (division) is currently required to promulgate rules regarding the duties of local and regional emergency response teams and the governmental units that employ those teams. The division also awards grants for the cost of such duties and reimburses the teams for unreimbursed costs that are incurred in responding to a release. Emergency response teams are required to make a good faith effort to identify the person who is responsible for the hazardous substance release and to determine if that person is financially able to reimburse the team for its expenses. Currently, a person who is financially able to reimburse the team for expenses incurred in responding to the release is required to reimburse those expenses.

Under this bill, the division must establish the procedures that the emergency response teams must follow to determine if an emergency that requires a team's response exists as the result of a release or potential release of a hazardous substance. Under the bill, the division must reimburse regional and local emergency response teams for costs incurred in responding to an emergency that results from

SENATE BILL 55

a potential release if procedures have been developed to determine if an emergency exists. A person may be required to reimburse a team for expenses incurred in responding to an emergency that results from a potential release if the team has developed the procedures to determine if an emergency exists.

This bill requires that regional emergency response teams have members that meet the highest standards required under federal law and the National Fire Protection Association and that are trained in each of the appropriate specialty areas under the National Fire Protection Association standard. The bill also requires regional emergency response teams to file annual financial reports with the adjutant general.

This bill will be referred to the joint survey committee on tax exemptions for a detailed analysis, which will be printed as an appendix to this bill.

This bill will be referred to the joint survey committee on retirement systems for a detailed analysis, which will be printed as an appendix to this bill.

21 mailed, the application must be received no later than 5 p.m. on the Friday before
22 the election. In order to be counted, the ballot must be received by the municipal
23 clerk no later than 5 p.m. on the day before the election.

6 fund during the fiscal year, the secretary shall annually transfer from the general
7 fund to the budget stabilization fund 50% of the amount calculated under sub. (2).

8 (b) 1. If the balance of the budget stabilization fund on June 30 of the fiscal year
9 is at least equal to 5% of the estimated expenditures from the general fund during
10 the fiscal year, as reported in the summary, the secretary may not make the transfer
11 under par. (a).

12 2. If the amount transferred under par. (a) would cause the general fund
13 balance on June 30 of the fiscal year to be less than the general fund balance that is
14 required under s. 20.003 (4) for that fiscal year, the secretary shall reduce the amount
15 transferred under par. (a) to the amount that would cause the general fund balance
16 to be equal to the minimum general fund balance that is required under s. 20.003 (4)
17 for that fiscal year.

18 (4) Annually, the secretary shall transfer from the general fund to the tax relief

5 under the tobacco settlement agreement, because the secretary, under s. 16.63, has
6 sold the state's right to receive any of the payments under the tobacco settlement
7 agreement, the secretary shall transfer from the general fund to the tobacco control
8 fund an amount equal to \$12,006,400 less any payments received under the tobacco
9 settlement agreement and deposited in the tobacco control fund in that fiscal year.

19 **16.63 Sale of state's rights to tobacco settlement agreement payments.**

20 **(1)** In this section:

21 (a) "Purchaser" means any person who has purchased the state's right to
22 receive any of the payments under the tobacco settlement agreement.

23 (b) "Tobacco settlement agreement" means the Attorneys General Master
24 Tobacco Settlement Agreement of November 23, 1998.

SENATE BILL 55**SECTION 266**

1 (c) "Tobacco settlement revenues" means the right to receive settlement
2 payments arising from or pursuant to the tobacco settlement agreement and all
3 direct or indirect proceeds of that right.

4 (2) The secretary may sell for cash or other consideration the state's right to
5 receive any of the payments under the tobacco settlement agreement.

6 (3) The secretary may organize one or more nonstock corporations under ch.
7 181 or limited liability companies under ch. 183 for any purpose related to the sale
8 of the state's right to receive any of the payments under the tobacco settlement
9 agreement and may take any action necessary to facilitate and complete the sale.

10 (4) (a) Tobacco settlement revenues may not be deemed proceeds of any
11 property which is not tobacco settlement revenues.

12 (b) Except as otherwise provided in this subsection, the creation, perfection,
13 and enforcement of security interests in tobacco settlement revenues are governed
14 by ch. 409. Notwithstanding ch. 409, with regard to creating, perfecting, and
15 enforcing a valid security interest in tobacco settlement revenues:

16 1. If this state or the Wisconsin health and educational facilities authority is
17 the debtor in the transaction, the proper place to file the required financing
18 statement to perfect the security interest is the department of financial institutions.

19 2. The required financing statement shall include a description of collateral
20 that describes the collateral as general intangibles consisting of the right to receive
21 settlement payments arising from or pursuant to the tobacco settlement agreement
22 and all proceeds of that right. The required financing statement may include any
23 additional description of collateral that is legally sufficient under the laws of this
24 state.

SENATE BILL 55**SECTION 266**

1 3. The tobacco settlement revenues are general intangibles for purposes of ch.
2 409.

3 4. A security interest perfected under this paragraph is enforceable against the
4 debtor, any assignee or grantee, and all third parties, including creditors under any
5 lien obtained by judicial proceedings, subject only to the rights of any third parties
6 holding security interests in the tobacco settlement revenues previously perfected
7 under this paragraph. Unless the applicable security agreement provides otherwise,
8 a perfected security interest in the tobacco settlement revenues is a continuously
9 perfected security interest in all tobacco settlement revenues existing on the date of
10 the agreement or arising after the date of the agreement. A security interest
11 perfected under this paragraph has priority over any other lien created by operation
12 of law or otherwise, which subsequently attaches to the tobacco settlement revenues.

13 5. The priority of a security interest created under this paragraph is not
14 affected by the commingling of proceeds arising from the tobacco settlement
15 revenues with other amounts.

16 (c) The sale, assignment, and transfer of tobacco settlement revenues are
17 governed by this paragraph. All of the following apply to a sale, assignment, or
18 transfer under this paragraph:

19 1. The sale, assignment, or transfer is an absolute transfer of, and not a pledge
20 of or secured transaction relating to, the seller's right, title, and interest in, to, and
21 under the tobacco settlement revenues, if the documents governing the transaction
22 expressly state that the transaction is a sale or other absolute transfer. After such
23 a transaction, the tobacco settlement revenues are not subject to any claims of the
24 seller or the seller's creditors, other than creditors holding a prior security interest
25 in the tobacco settlement revenues perfected under par. (b).

SENATE BILL 55**SECTION 266**

1 2. The characterization of the sale, assignment, or transfer as an absolute
2 transfer under subd. 1. and the corresponding characterization of the purchaser's
3 property interest is not affected by any of the following factors:

4 a. Commingling of amounts arising with respect to the tobacco settlement
5 revenues with other amounts.

6 b. The retention by the seller of a partial or residual interest, including an
7 equity interest, in the tobacco settlement revenues, whether direct or indirect, or
8 whether subordinate or otherwise.

9 c. The sale, assignment, or transfer of only a portion of the tobacco settlement
10 revenues or an undivided interest in the tobacco settlement revenues.

11 d. Any recourse that the purchaser or its assignees may have against the seller.

12 e. Whether the seller is responsible for collecting payments due under the
13 tobacco settlement revenues or for otherwise enforcing any of the tobacco settlement
14 revenues or retains legal title to the tobacco settlement revenues for the purpose of
15 these collection activities.

16 f. The treatment of the sale, assignment, or transfer for tax purposes.

17 3. The sale, assignment, or transfer is perfected automatically as against third
18 parties, including any third parties with liens created by operation of law or
19 otherwise, upon attachment under ch. 409.

20 4. Nothing in this subsection precludes consideration of the factors listed in
21 subd. 2. a. to e. in determining whether the sale, assignment, or transfer is a sale for
22 tax purposes. The characterization of the sale, assignment, or transfer as an
23 absolute transfer under subd. 1. may not be considered in determining whether the
24 sale, assignment, or transfer is a sale for tax purposes.

SENATE BILL 55**SECTION 266**

1 **(5)** If the secretary sells the state's right to receive any of the payments under
2 the tobacco settlement agreement, the state pledges to and agrees with any
3 purchaser or subsequent transferee of the state's right to receive any of the payments
4 under the tobacco settlement agreement that the state will not limit or alter its
5 powers to fulfill the terms of the tobacco settlement agreement, nor will the state in
6 any way impair the rights and remedies provided under the tobacco settlement
7 agreement. The state also pledges to and agrees with any purchaser or subsequent
8 transferee of the state's right to receive any of the payments under the tobacco
9 settlement agreement that the state will pay all costs and expenses in connection
10 with any action or proceeding brought by or on behalf of the purchaser or any
11 subsequent transferee related to the state's not fulfilling the terms of the tobacco
12 settlement agreement. The secretary may include this pledge and agreement of the
13 state in any contract that is entered into by the secretary under this section.

14 **(6)** If the secretary sells the state's right to receive any of the payments under

16 purchaser or subsequent transferee of the state's right to receive any of the payments
17 under the tobacco settlement agreement that the state will not limit or alter the
18 powers of the secretary under this section until any contract that is entered into
19 under this section is fully performed, unless adequate provision is made by law for
20 the protection of the rights and remedies of the purchaser or any subsequent
21 transferee under the contract. The secretary may include this pledge and agreement
22 of the state in any contract that is entered into by the secretary under this section.

24 in providing financial services for the performance of any of his or her functions

SENATE BILL 55**SECTION 266**

1 under this section, using selection and procurement procedures established by the
2 secretary. That contract is not subject to s. 16.705 or 16.75.

3 (8) This subsection and subs. (8m) and (9) shall govern all civil claims, suits,
4 proceedings, and actions brought against the state relating to the sale of the state's
5 right to receive any of the payments under the tobacco settlement agreement. If the
6 state fails to comply with this section or the terms of any agreement relating to the
7 sale of the state's right to receive any of the payments under the tobacco settlement
8 agreement, an action to compel compliance may be commenced against the state.

9 (8m) If the recovery of a money judgment against the state is necessary to give
10 the plaintiff in an action under sub. (8) complete relief, a claim for the money
11 damages may be joined with the claim commenced under sub. (8).

12 (9) Sections 16.007, 16.53, and 775.01 do not apply to claims against the state
13 under sub. (8) or (8m). If there is a final judgment against the state in such an action,
14 the judgment shall be paid as provided in s. 775.04 together with interest at the rate
15 of 10% per year from the date such payment was judged to have been due until the
16 date of payment of the judgment.

8 4. The treatment facility or a person under the supervision of the treatment

15 revocation, and an explanation of the process for appealing the revocation, at least
16 30 days before the date of revocation. The department may revoke the approval or
17 conditional approval only if the violation remains substantially uncorrected on the
18 date of revocation or expiration of the approval or conditional approval.

19 2. The department may revoke an approval or conditional approval for a
20 treatment facility for the reason specified in par. (b) 2. or 3. immediately if the

8 payment under s. 79.05, regardless of whether the municipality was eligible for a

21 allocated to the growth-sharing region, as determined under par. (c), multiplied by
22 a fraction the numerator of which is the municipality's current population in the
23 growth-sharing region, and the denominator of which is the current population in
24 the growth-sharing region of all the municipalities that are eligible for payments
25 under this subsection that are located in the growth-sharing region.

SENATE BILL 55**SECTION 2288**

1 (c) The total amount allocated to a growth-sharing region shall be equal to the
2 total amount to be distributed under s. 20.835 (1) (dd) multiplied by a fraction the

20 structure the compact in a way that results in significant tax savings to taxpayers
21 within those municipalities and counties.

22 (d) Annually, beginning in 2002, to receive a payment under sub. (3), a
23 municipality shall certify to the department of revenue, in a manner prescribed by

13 and s. 79.03 (3), 1999 stats., excluding payments under s. 79.03 (3c), 1999 stats., for
14 2001 exceeds the payments to the municipality under subs. (2) and (3) in 2002. A
15 municipality that has an aids deficiency under this paragraph shall receive a
16 payment from the amounts withheld under sub. (6) (a) that is equal to its proportion
17 of all the aids deficiencies of municipalities under this paragraph in 2002.

18 (b) Except as provided in par. (c), in 2003 and subsequent years, if the combined
19 payments to a municipality under subs. (2) and (3) are less than 95% of the combined
20 payments to the municipality under this subsection and subs. (2), (3), and (6) for the
21 previous year, the municipality has an aids deficiency. The amount of the aids
22 deficiency is the amount by which 95% of the amount of the combined payments to
23 the municipality under this subsection and subs. (2), (3), and (6) in the previous year
24 exceeds the combined payments to the municipality under subs. (2) and (3) in the
25 current year. A municipality that has an aids deficiency under this paragraph shall

SENATE BILL 55**SECTION 2288**

5 sub. (3) in the year following the year of the statement under s. 79.015 but did not
6 receive a payment in the year of the statement, or if a municipality does not receive
7 a payment under sub. (3) in the year following the year of the statement under s.
8 79.015 but received a payment in the year of the statement, the payment under sub.
9 (3) shall be excluded from the calculation for determining the minimum payment
10 under par. (b).

11 **(6) MAXIMUM PAYMENTS.** (a) In 2002, if the combined payments to a municipality
12 under subs. (2) and (3) exceed combined payments to the municipality under s. 79.06,
13 1999 stats., and s. 79.03 (3), 1999 stats., excluding payments under s. 79.03 (3c), 1999

16 “maximum allowable increase” means a percentage such that the sum for all
17 municipalities of the excess of payments in 2002 under subs. (2) and (3) over the
18 payment as limited by the maximum allowable increase is equal to the sum of the
19 aids deficiencies under sub. (5) (a) in 2002.

20 (b) In 2003 and subsequent years, if the combined payments to a municipality
21 under subs. (2) and (3) exceed the combined payments to the municipality under this
22 subsection and subs. (2), (3), and (5) for the previous year by more than the maximum
23 allowable increase, the excess shall be withheld to fund minimum payments in the
24 current year under sub. (5) (b). In this paragraph, “maximum allowable increase”
25 in any year means a percentage such that the sum for all municipalities of the excess

SENATE BILL 55**SECTION 2288**

1 of payments in that year under subs. (2) and (3) over the payment as limited by the
2 maximum allowable increase is equal to the sum of the aids deficiencies under sub.
3 (5) (b) in that year.

4 (c) In 2003 and subsequent years, if a municipality receives a payment under
5 sub. (3) in the year following the year of the statement under s. 79.015 but did not
6 receive a payment in the year of the statement, or if a municipality does not receive
7 a payment under sub. (3) in the year following the year of the statement under s.
8 79.015 but received a payment in the year of the statement, the payment under sub.
9 (3) shall be excluded from the calculation for determining the maximum payment

9 a grain dealer.

10 **(6) MONTHLY REPORTS.** A grain dealer who is required to file or maintain
11 security under this section shall file monthly reports with the department. The grain
12 dealer shall file a report on or before the 10th day of each month, in a form specified
13 by the department. In a monthly report, a grain dealer shall provide information
14 reasonably required by the department, including all of the following:

15 (a) The grain dealer's average monthly payment for the 3 months, during the
16 preceding 12 months, in which the grain dealer made the largest monthly payments
17 for producer grain procured in this state.

18 (b) The grain dealer's highest total unpaid obligations, at any time during the
19 preceding 12 months, for producer grain procured in this state under deferred
20 payment contracts. If the amount owed on deferred price contracts has not yet been
21 determined, the grain dealer shall estimate the amount based on contract terms and
22 prevailing market prices on the last day of the previous month.

23 **(7) ADDITIONAL SECURITY.** (a) The department may, at any time, demand
24 additional security from a grain dealer if any of the following applies:

SENATE BILL 55**SECTION 2813**

1 1. The grain dealer's existing security falls below the amount required under
2 sub. (3) for any reason, including depreciation in the value of the security filed with
3 the department, an increase in grain payments or grain prices, or the cancellation
4 of any security filed with the department.

5 2. The grain dealer fails to provide required information that is relevant to a
6 determination of security requirements.

7 (b) The department shall issue a demand under par. (a) in writing. The
8 department shall indicate why the security is required, the amount of security
9 required, and the deadline date for filing security. The department may not specify
10 a deadline for filing security that is more than 30 days after the date on which the
11 department issues its demand for security.

12 (c) A grain dealer may request a hearing, under ch. 227, on a demand for
13 security under par. (b). A request for hearing does not automatically stay a security
14 demand.

15 (d) If a grain dealer fails to comply with the department's demand for security
16 under this subsection, the grain dealer shall give written notice of that fact to all
17 grain producers and producer agents from whom the grain dealer procures producer
18 grain in this state. If the grain dealer fails to give accurate notice under this
19 paragraph within 5 days after the deadline for filing security under par. (b) has
20 passed, the department shall promptly notify those grain producers and producer
21 agents by publishing a class 3 notice under ch. 985. The department may also give
22 individual notice to those grain producers or producer agents of whom the
23 department is aware.

24 (e) If a grain dealer fails to comply with the department's demand for security
25 under this subsection, the department may do any of the following:

SENATE BILL 55**SECTION 2813**

1 1. Issue a summary order under s. 127.85 (2) that prohibits the grain dealer
2 from procuring producer grain or requires the grain dealer to pay cash on delivery
3 for all producer grain.

4 2. Suspend or revoke the grain dealer's license.

5 **(8) RELEASING SECURITY.** (a) The department may release security filed under
6 sub. (1) (a), except for any amount of security that the grain dealer is required to file
7 because sub. (1) (b) applies to the grain dealer, if any of the following applies:

8 1. The grain dealer reports, for at least 2 consecutive years, no more than
9 \$500,000 in annual grain payments under s. 126.11 (9) (a) and the grain dealer pays
10 the quarterly fund assessment that would have been required of the grain dealer if
11 the grain dealer had been a contributing grain dealer on the most recent quarterly
12 installment date under s. 126.15 (7).

13 2. The grain dealer's annual financial statement under s. 126.13 shows positive
14 equity for at least 2 consecutive years and the grain dealer pays the quarterly fund
15 assessment that would have been required of the grain dealer if the grain dealer had
16 been a contributing grain dealer on the most recent quarterly installment date under
17 s. 126.15 (7).

18 (b) The department may release security filed under sub. (1) (b), except for any
19 amount of security that the grain dealer is required to file because sub. (1) (a) applies
20 to the grain dealer, if any of the following applies:

21 1. The grain dealer has not had any deferred payment contract obligations
22 since the beginning of the grain dealer's last completed fiscal year.

23 2. The grain dealer files 2 consecutive annual financial statements under s.
24 126.13 showing that the grain dealer meets the applicable equity requirement and
25 debt to equity ratio under sub. (1) (b).

SENATE BILL 55**SECTION 2813**

1 (c) On December 1, 2002, the department may release security maintained
2 under sub. (2), unless the grain dealer is required to file security under sub. (1).

3 (d) The department may release security to the extent that the security exceeds
4 the amount required under sub. (3).

5 (e) The department may release security if the grain dealer files alternative
6 security, of equivalent value, that the department approves.

7 (f) The department shall release security if the grain dealer is no longer in
8 business and has paid all grain obligations in full.

9 **126.17 Grain dealers; records. (1) RECORDS AND ACCOUNTS; GENERAL.** A grain
10 dealer shall keep records and accounts of all grain procured and all grain sold or
11 marketed by the grain dealer. A grain dealer shall keep records that are complete,

8 (b) The parties may not extend a payment or pricing deadline under sub. (2)
9 (d) or (dm), except that they may sign a new contract that extends either deadline
10 or both deadlines for up to 180 days if the new contract refers to the contract number
11 of the original contract.

12 **(4) REQUIRED NOTICE.** A grain dealer may not enter into a deferred payment
13 contract unless the deferred payment contract clearly discloses that it is not a storage
14 contract. Whenever a grain dealer buys grain from a grain producer under a deferred
15 payment contract, the grain dealer shall include the following statement in
16 capitalized, boldface print immediately above the contract signature line: "This is

5 or surcharge is not applicable.

6 **(8) ACTION GRANTING OR DENYING APPLICATION.** The department shall grant or
7 deny a license application under sub. (2) within 30 days after the department
8 receives a complete application. If the department denies a license application, the

8 license year. The assessment equals \$20 or the sum of the following, whichever is
9 greater, unless the department by rule specifies a different assessment:

10 (a) The grain warehouse keeper's current ratio assessment. The current ratio
11 assessment for a license year is the amount, expressed as dollars, equal to the grain
12 warehouse keeper's current ratio assessment rate under sub. (2) multiplied by the
13 number of bushels that the grain warehouse keeper reports under s. 126.26 (2) (e)
14 or (10).

15 (b) The warehouse keeper's debt to equity ratio assessment. The debt to equity

19 126.26 (2) (e) or (10).

20 **(2) CURRENT RATIO ASSESSMENT RATE.** A grain warehouse keeper's current ratio
21 assessment rate is calculated, at the beginning of the license year, as follows:

22 (a) If the grain warehouse keeper has filed an annual financial statement

2 determined as follows:

- 3 1. Subtract one from the current ratio.
- 4 2. Divide the amount determined under subd. 1. by 3.
- 5 3. Multiply the amount determined under subd. 2. by negative one.
- 6 4. Raise the amount determined under subd. 3. to the 3rd power.
- 7 5. Subtract 0.75 from the current ratio.
- 8 6. Divide 0.65 by the amount determined under subd. 5.
- 9 7. Raise the amount determined under subd. 6. to the 5th power.
- 10 8. Add the amount determined under subd. 4. to the amount determined under
11 subd. 7.
- 12 9. Add 2 to the amount determined under subd. 8.

13 (b) If the grain warehouse keeper has filed an annual financial statement
14 under s. 126.28 and that financial statement shows a current ratio of less than 1.25
15 to 1.0, but greater than 1.0 to 1.0, the grain warehouse keeper's current ratio
16 assessment rate equals the current ratio assessment factor in sub. (3) (b) multiplied
17 by the following amount:

- 18 1. Subtract one from the current ratio.
- 19 2. Divide the amount determined under subd. 1. by 3.
- 20 3. Multiply the amount determined under subd. 2. by negative one.
- 21 4. Raise the amount determined under subd. 3. to the 3rd power.
- 22 5. Subtract 0.75 from the current ratio.

SENATE BILL 55**SECTION 2813**

1 8. Add the amount determined under subd. 4. to the amount determined under
2 subd. 7.

3 9. Add 2 to the amount determined under subd. 8.

4 (c) If the grain warehouse keeper has filed an annual financial statement under
5 s. 126.28 and that financial statement shows a current ratio of less than or equal to
6 1.0 to 1.0, the warehouse keeper's current ratio assessment rate equals the current
7 ratio assessment factor in sub. (3) (b) multiplied by 120.81376.

8 (d) If the grain warehouse keeper has not filed an annual financial statement
9 under s. 126.28, the warehouse keeper's current ratio assessment rate equals the
10 current ratio assessment factor in sub. (3) (b) multiplied by 5.71235.

11 **(3) CURRENT RATIO ASSESSMENT FACTOR.** (a) A grain warehouse keeper's current
12 ratio assessment factor under sub. (2) (a) is 0.00003 except that, for the grain
13 warehouse keeper's 5th or higher consecutive full license year as a contributing grain
14 warehouse keeper, the grain warehouse keeper's current ratio assessment factor is
15 zero.

16 (b) A grain warehouse keeper's current ratio assessment factor under sub. (2)
17 (b) to (d) is 0.000045 except that, for the grain warehouse keeper's 5th or higher
18 consecutive full license year as a contributing grain warehouse keeper, the grain
19 warehouse keeper's current ratio assessment factor is 0.000036.

20 **(4) DEBT TO EQUITY RATIO ASSESSMENT RATE.** A grain warehouse keeper's debt to
21 equity ratio assessment rate is calculated, at the beginning of the license year, as

25 equity ratio of not more than 4.0 to 1.0, the grain warehouse keeper's debt to equity

SENATE BILL 55**SECTION 2813**

1 ratio assessment rate equals the greater of zero or the debt to equity ratio assessment
2 factor in sub. (5) (a) multiplied by the following amount:

- 3 1. Subtract 4 from the debt to equity ratio.
- 4 2. Divide the amount determined under subd. 1. by 3.
- 5 3. Raise the amount determined under subd. 2. to the 3rd power.
- 6 4. Subtract 1.7 from the debt to equity ratio.
- 7 5. Divide the amount determined under subd. 4. by 1.75.
- 8 6. Raise the amount determined under subd. 5. to the 7th power.
- 9 7. Add the amount determined under subd. 3. to the amount determined under
10 subd. 6.
- 11 8. Add 2 to the amount determined under subd. 7.

12 (b) If the grain warehouse keeper has filed an annual financial statement
13 under s. 126.28 and that financial statement shows a debt to equity ratio of greater
14 than 4.0 to 1.0 but less than 5.0 to 1.0, the grain warehouse keeper's debt to equity
15 ratio assessment rate equals the debt to equity ratio assessment factor in sub. (5) (b)
16 multiplied by the following amount:

- 17 1. Subtract 4 from the debt to equity ratio.
- 18 2. Divide the amount determined under subd. 1. by 3.
- 19 3. Raise the amount determined under subd. 2. to the 3rd power.
- 20 4. Subtract 1.7 from the debt to equity ratio.
- 21 5. Divide the amount determined under subd. 4. by 1.75.
- 22 6. Raise the amount determined under subd. 5. to the 7th power.
- 23 7. Add the amount determined under subd. 3. to the amount determined under
24 subd. 6.
- 25 8. Add 2 to the amount determined under subd. 7.

SENATE BILL 55**SECTION 2813**

1 (c) If the grain warehouse keeper has filed an annual financial statement under
2 s. 126.28 and that financial statement shows negative equity or a debt to equity ratio
3 of at least 5.0 to 1.0, the grain warehouse keeper's debt to equity ratio assessment
4 rate equals the debt to equity ratio assessment factor in sub. (5) (b) multiplied by
5 86.8244.

6 (d) If the grain warehouse keeper has not filed an annual financial statement

25 assessment for a license year equals the milk contractor's current ratio assessment

SENATE BILL 55**SECTION 2813**

- 20 7. Add the amount determined under subd. 4. to the amount determined under
21 subd. 6.
- 22 8. Add 0.075 to the amount determined under subd. 7.

3 1. Subtract 3 from the current ratio.

4 2. Divide the amount determined under subd. 1. by 6.

5 3. Multiply the amount determined under subd. 2. by negative one.

6 4. Raise the amount determined under subd. 3. to the 3rd power.

12 (c) If the milk contractor has filed an annual financial statement under s.
13 126.44 and that financial statement shows a current ratio of less than or equal to 1.05
14 to 1.0, the milk contractor's current ratio assessment rate equals the current ratio
15 assessment factor in sub. (3) (b) multiplied by 0.1201478.

16 (d) Except as provided in par. (e), if the milk contractor has not filed an annual
17 financial statement under s. 126.44, the milk contractor's current ratio assessment

19 (e) If the milk contractor has not filed an annual financial statement under s.
20 126.44 and the milk contractor procures producer milk in this state solely as a

16 (a) If the milk contractor has filed an annual financial statement under s.
17 126.44 and that financial statement shows positive equity and a debt to equity ratio
18 of not more than 2.0 to 1.0, the milk contractor's debt to equity ratio assessment rate

20 multiplied by the following amount:

21 1. Subtract 2 from the debt to equity ratio.

22 2. Divide the amount determined under subd. 1. by 3.

8 following amount:

9 1. Subtract 2 from the debt to equity ratio.

10 2. Divide the amount determined under subd. 1. by 3.

11 3. Raise the amount determined under subd. 2. to the 9th power.

12 4. Divide the debt to equity ratio by 3.25.

13 5. Raise the amount determined under subd. 4. to the 5th power.

14 6. Add the amount determined under subd. 3. to the amount determined under

17 (c) If the milk contractor has filed an annual financial statement under s.
18 126.44 and that financial statement shows negative equity or a debt to equity ratio
19 of at least 3.1 to 1.0, the milk contractor's debt to equity ratio assessment rate equals

9 1. Subtract 4 from the debt to equity ratio.

10 2. Divide the amount determined under subd. 1. by 4.

15 4. Seventy-five percent of any amount allowed in excess of \$120,000.

16 **(1m) WHEN DEFAULT OCCURS.** For the purposes of this chapter, a default occurs
17 on the date on which payment or delivery becomes overdue.

18 **(2) CLAIMS AGAINST CONTRACTOR WHO HAS FILED SECURITY.** If the department
19 allows default claims under s. 126.70 against a contractor who has security on file
20 with the department, the department shall convert that security and use the
21 proceeds as follows:

22 (a) If the contractor was not a contributing contractor when the default
23 occurred, the department shall use the security proceeds to pay the full amount of
24 the allowed claims, except that, if the security is not adequate to pay the full amount

SENATE BILL 55**SECTION 2813**

1 of the allowed claims, the department shall pay claimants on a prorated basis in
2 proportion to their allowed claims.

3 (b) If the contractor was a contributing contractor when the default occurred,
4 the department shall use the security proceeds to reimburse the sources under s.
5 126.72 from which the department makes any claim payment under sub. (1). If the
6 security amount exceeds the amount payable under sub. (1) from the sources under
7 s. 126.72, the department shall use the remaining security proceeds to pay the
8 balance of the allowed claims. If the security amount is not adequate to pay the full
9 remaining balance, the department shall pay claimants on a prorated basis in
10 proportion to their allowed claims.

11 (c) Notwithstanding par. (b), if the contractor was a contributing contractor
12 when the default occurred, the department may, at its discretion, pay claims directly
13 from security proceeds rather than from a fund source under s. 126.72. If the
14 department acts under this paragraph, the department shall first pay claims in the
15 amounts provided in sub. (1). If the security amount exceeds the amount payable
16 under sub. (1) from the sources under s. 126.72, the department shall use the
17 remaining security proceeds to pay the balance of the allowed claims. If the security
18 amount is not adequate to pay the full remaining balance, the department shall pay
19 claimants on a prorated basis in proportion to their allowed claims.

20 **(3) PAYMENT RESTRICTIONS.** (a) The department may not pay any portion of the

8 126.72, the department shall prorate the available amount among the eligible
9 claimants in proportion to the amount of their allowed claims.

10 **(4) EFFECT OF PAYMENT.** A claimant who accepts payment under sub. (1) or (2)
11 releases his or her claim against the contractor to the extent of the payment. A
12 payment under sub. (1) or (2) does not prevent a claimant from recovering the
13 balance of an allowed claim directly from the contractor.

14 **126.72 Claims against contributing contractor; payment sources. (1)**
15 **PRODUCER SECURITY FUND.** From the appropriation under s. 20.115 (1) (w), the

19 appropriate industry bond under s. 126.06 and shall use the proceeds of that bond
20 to make payments authorized under s. 126.71 (1), to the extent that those payments
21 exceed the deductible amount in sub. (4).

22 **(3) BLANKET BOND PROCEEDS.** The department shall make a demand against the
23 blanket bond under s. 126.07 and shall use the bond proceeds to pay any remaining
24 amounts authorized under s. 126.71 (1) after the department makes payments under

23 February 1, 2006, \$750,000.

24 3. If the department allows the claims on or after February 1, 2006, \$1,000,000.

SENATE BILL 55**SECTION 2813**

2 department may demand and collect, from a contractor, any claim amounts that the
3 department pays under s. 126.72 (1) because of the contractor's default.

4 **(2)** BOND PAYMENTS. A bond surety may demand and collect, from a contractor,
5 any claim amounts that the bond surety pays to the department under s. 126.72 (2)

2 verifying that an electronic signature, record, or performance is that of a specific
3 person or for detecting changes or errors in the information in an electronic record.
4 The term includes a procedure that requires the use of algorithms or other codes,
5 identifying words or numbers, encryption, callback, or other acknowledgment
6 procedures.

7 **(14)** “State” means a state of the United States, the District of Columbia,

16 in ss. 137.25 and 137.26, this subchapter applies to electronic records and electronic
17 signatures relating to a transaction.

18 **(2)** Except as otherwise provided in sub. (3), this subchapter does not apply to
19 a transaction to the extent it is governed by:

20 (a) Any law governing the execution of wills or the creation of testamentary
21 trusts; or

22 (b) Chapters 401 and 403 to 410, other than ss. 401.107 and 401.206.

23 **(3)** This subchapter applies to an electronic record or electronic signature
24 otherwise excluded from the application of this subchapter under sub. (2) to the
25 extent it is governed by a law other than those specified in sub. (2).

SENATE BILL 55**SECTION 2839**

1 (4) A transaction subject to this subchapter is also subject to other applicable
2 substantive law.

3 (5) This subchapter applies to the state of Wisconsin, unless otherwise
4 expressly provided.

5 **137.13 Use of electronic records and electronic signatures; variation**
6 **by agreement.** (1) This subchapter does not require a record or signature to be
7 created, generated, sent, communicated, received, stored, or otherwise processed or
8 used by electronic means or in electronic form.

9 (2) This subchapter applies only to transactions between parties each of which
10 has agreed to conduct transactions by electronic means. Whether the parties agree
11 to conduct a transaction by electronic means is determined from the context and
12 surrounding circumstances, including the parties' conduct.

13 (3) A party that agrees to conduct a transaction by electronic means may refuse
14 to conduct other transactions by electronic means. The right granted by this
15 subsection may not be waived by agreement.

16 (4) Except as otherwise provided in this subchapter, the effect of any provision
17 of this subchapter may be varied by agreement. Use of the words "unless otherwise
18 agreed," or words of similar import, in this subchapter shall not be interpreted to
19 preclude other provisions of this subchapter from being varied by agreement.

20 (5) Whether an electronic record or electronic signature has legal consequences
21 is determined by this subchapter and other applicable law.

22 **137.14 Construction.** This subchapter shall be construed and applied:

23 (1) To facilitate electronic transactions consistent with other applicable law;

24 (2) To be consistent with reasonable practices concerning electronic
25 transactions and with the continued expansion of those practices; and

SENATE BILL 55**SECTION 2839**

1 **(3)** To effectuate its general purpose to make uniform the law with respect to
2 the subject of this subchapter among states enacting laws substantially similar to
3 the Uniform Electronic Transactions Act as approved and recommended by the
4 National Conference of Commissioners on Uniform State Laws in 1999.

5 **137.15 Legal recognition of electronic records, electronic signatures,**
6 **and electronic contracts.** **(1)** A record or signature may not be denied legal effect
7 or enforceability solely because it is in electronic form.

8 **(2)** A contract may not be denied legal effect or enforceability solely because an
9 electronic record was used in its formation.

10 **(3)** If a law requires a record to be in writing, an electronic record satisfies that
11 requirement in that law.

12 **(4)** If a law requires a signature, an electronic signature satisfies that
13 requirement in that law.

14 **137.16 Provision of information in writing; presentation of records.**

15 **(1)** If parties have agreed to conduct a transaction by electronic means and a law
16 requires a person to provide, send, or deliver information in writing to another
17 person, a party may satisfy the requirement with respect to that transaction if the
18 information is provided, sent, or delivered, as the case may be, in an electronic record
19 capable of retention by the recipient at the time of receipt. An electronic record is not
20 capable of retention by the recipient if the sender or its information processing
21 system inhibits the ability of the recipient to print or store the electronic record.

22 **(2)** If a law other than this subchapter requires a record to be posted or
23 displayed in a certain manner, to be sent, communicated, or transmitted by a
24 specified method, or to contain information that is formatted in a certain manner,
25 then:

SENATE BILL 55**SECTION 2839**

1 (a) The record shall be posted or displayed in the manner specified in the other
2 law.

3 (b) Except as otherwise provided in sub. (4) (b), the record shall be sent,
4 communicated, or transmitted by the method specified in the other law.

5 (c) The record shall contain the information formatted in the manner specified
6 in the other law.

7 **(3)** If a sender inhibits the ability of a recipient to store or print an electronic
8 record, the electronic record is not enforceable against the recipient.

9 **(4)** The requirements of this section may not be varied by agreement, but:

10 (a) To the extent a law other than this subchapter requires information to be
11 provided, sent, or delivered in writing but permits that requirement to be varied by
12 agreement, the requirement under sub. (1) that the information be in the form of an
13 electronic record capable of retention may also be varied by agreement; and

14 (b) A requirement under a law other than this subchapter to send,
15 communicate, or transmit a record by 1st-class or regular mail or with postage
16 prepaid may be varied by agreement to the extent permitted by the other law.

17 **137.17 Attribution and effect of electronic records and electronic**
18 **signatures.** **(1)** An electronic record or electronic signature is attributable to a
19 person if the electronic record or electronic signature was created by the act of the
20 person. The act of the person may be shown in any manner, including a showing of
21 the efficacy of any security procedure applied to determine the person to which the
22 electronic record or electronic signature was attributable.

23 **(2)** The effect of an electronic record or electronic signature that is attributed
24 to a person under sub. (1) is determined from the context and surrounding

SENATE BILL 55**SECTION 2839**

1 circumstances at the time of its creation, execution, or adoption, including the
2 parties' agreement, if any, and otherwise as provided by law.

3 **137.18 Effect of change or error. (1)** If a change or error in an electronic
4 record occurs in a transmission between parties to a transaction, then:

5 (a) If the parties have agreed to use a security procedure to detect changes or
6 errors and one party has conformed to the procedure, but the other party has not, and
7 the nonconforming party would have detected the change or error had that party also
8 conformed, the conforming party may avoid the effect of the changed or erroneous
9 electronic record.

10 (b) In an automated transaction involving an individual, the individual may
11 avoid the effect of an electronic record that resulted from an error made by the
12 individual in dealing with the electronic agent of another person if the electronic
13 agent did not provide an opportunity for the prevention or correction of the error and,
14 at the time the individual learns of the error, the individual:

15 1. Promptly notifies the other person of the error and that the individual did
16 not intend to be bound by the electronic record received by the other person;

17 2. Takes reasonable steps, including steps that conform to the other person's
18 reasonable instructions, to return to the other person or, if instructed by the other
19 person, to destroy the consideration received, if any, as a result of the erroneous
20 electronic record; and

21 3. Has not used or received any benefit or value from the consideration, if any,
22 received from the other person.

23 **(2)** If neither sub. (1) (a) nor (b) applies, the change or error has the effect
24 provided by other law, including the law of mistake, and the parties' contract, if any.

25 **(3)** Subsections (1) (b) and (2) may not be varied by agreement.

SENATE BILL 55**SECTION 2839**

1 **137.19 Notarization and acknowledgement.** If a law requires a signature
2 or record to be notarized, acknowledged, verified, or made under oath, the
3 requirement is satisfied if the electronic signature of the person authorized to
4 administer the oath or to make the notarization, acknowledgment, or verification,
5 together with all other information required to be included by other applicable law,
6 is attached to or logically associated with the signature or record.

7 **137.20 Retention of electronic records; originals. (1)** If a law requires
8 that a record be retained, the requirement is satisfied by retaining the information
9 set forth in the record as an electronic record which:

10 (a) Accurately reflects the information set forth in the record after it was first
11 generated in its final form as an electronic record or otherwise; and

12 (b) Remains accessible for later reference.

13 **(2)** A requirement to retain a record in accordance with sub. (1) does not apply
14 to any information the sole purpose of which is to enable the record to be sent,
15 communicated, or received.

16 **(3)** A person may comply with sub. (1) by using the services of another person
17 if the requirements of that subsection are satisfied.

18 **(4)** Except as provided in sub. (6), if a law requires a record to be presented or
19 retained in its original form, or provides consequences if the record is not presented
20 or retained in its original form, a person may comply with that law by using an
21 electronic record that is retained in accordance with sub. (1).

22 **(5)** If a law requires retention of a check, that requirement is satisfied by
23 retention of an electronic record containing the information on the front and back of
24 the check in accordance with sub. (1).

SENATE BILL 55**SECTION 2839**

1 **(6)** A record retained as an electronic record in accordance with sub. (1)
2 satisfies a law requiring a person to retain a record for evidentiary, audit, or like
3 purposes, unless a law enacted after the effective date of this subsection [revisor
4 inserts date], specifically prohibits the use of an electronic record for the specified
5 purpose.

6 **(7)** This section does not preclude a governmental unit of this state from
7 specifying additional requirements for the retention of any record subject to the
8 jurisdiction of that governmental unit.

9 **137.21 Admissibility in evidence.** In a proceeding, a record or signature
10 may not be excluded as evidence solely because it is in electronic form.

11 **137.22 Automated transactions.** In an automated transaction:

12 **(1)** A contract may be formed by the interaction of electronic agents of the
13 parties, even if no individual was aware of or reviewed the electronic agent's actions
14 or the resulting terms and agreements.

15 **(2)** A contract may be formed by the interaction of an electronic agent and an
16 individual, acting on the individual's own behalf or for another person, including by
17 an interaction in which the individual performs actions that the individual is free to
18 refuse to perform and which the individual knows or has reason to know will cause
19 the electronic agent to complete the transaction or performance.

20 **(3)** The terms of a contract under sub. (1) or (2) are governed by the substantive
21 law applicable to the contract.

22 **137.23 Time and place of sending and receipt.** **(1)** Unless otherwise
23 agreed between the sender and the recipient, an electronic record is sent when it:

24 **(a)** Is addressed properly or otherwise directed properly to an information
25 processing system that the recipient has designated or uses for the purpose of

SENATE BILL 55**SECTION 2839**

1 receiving electronic records or information of the type sent and from which the
2 recipient is able to retrieve the electronic record;

3 (b) Is in a form capable of being processed by that system; and

4 (c) Enters an information processing system outside the control of the sender
5 or of a person that sent the electronic record on behalf of the sender or enters a region
6 of the information processing system designated or used by the recipient which is
7 under the control of the recipient.

8 **(2)** Unless otherwise agreed between a sender and the recipient, an electronic
9 record is received when:

10 (a) It enters an information processing system that the recipient has
11 designated or uses for the purpose of receiving electronic records or information of
12 the type sent and from which the recipient is able to retrieve the electronic record;
13 and

14 (b) It is in a form capable of being processed by that system.

15 **(3)** Subsection (2) applies even if the place where the information processing
16 system is located is different from the place where the electronic record is deemed
17 to be received under sub. (4).

18 **(4)** Unless otherwise expressly provided in the electronic record or agreed
19 between the sender and the recipient, an electronic record is deemed to be sent from
20 the sender's place of business and to be received at the recipient's place of business.

21 For purposes of this subsection:

22 (a) If the sender or recipient has more than one place of business, the place of
23 business of that person is the place having the closest relationship to the underlying
24 transaction.

SENATE BILL 55**SECTION 2839**

1 (b) If the sender or the recipient does not have a place of business, the place of
2 business is the sender's or recipient's residence, as the case may be.

3 (5) An electronic record is received under sub. (2) even if no individual is aware
4 of its receipt.

5 (6) Receipt of an electronic acknowledgment from an information processing
6 system described in sub. (2) establishes that a record was received but, by itself, does
7 not establish that the content sent corresponds to the content received.

8 (7) If a person is aware that an electronic record purportedly sent under sub.
9 (1), or purportedly received under sub. (2), was not actually sent or received, the legal
10 effect of the sending or receipt is determined by other applicable law. Except to the
11 extent permitted by the other law, the requirements of this subsection may not be
12 varied by agreement.

13 **137.24 Transferable records.** (1) In this section, "transferable record"
14 means an electronic record that would be a note under ch. 403 or a record under ch.
15 407 if the electronic record were in writing.

16 (1m) An electronic record qualifies as a transferable record under this section
17 only if the issuer of the electronic record expressly has agreed that the electronic
18 record is a transferable record.

19 (2) A person has control of a transferable record if a system employed for
20 evidencing the transfer of interests in the transferable record reliably establishes
21 that person as the person to which the transferable record was issued or transferred.

22 (3) A system satisfies the requirements of sub. (2), and a person is deemed to
23 have control of a transferable record, if the transferable record is created, stored, and
24 assigned in such a manner that:

SENATE BILL 55**SECTION 2839**

1 (a) A single authoritative copy of the transferable record exists which is unique,
2 identifiable, and, except as otherwise provided in pars. (d) to (f), unalterable;

3 (b) The authoritative copy identifies the person asserting control as the person
4 to which the transferable record was issued or, if the authoritative copy indicates
5 that the transferable record has been transferred, the person to which the
6 transferable record was most recently transferred;

7 (c) The authoritative copy is communicated to and maintained by the person
8 asserting control or its designated custodian;

9 (d) Copies or revisions that add or change an identified assignee of the
10 authoritative copy can be made only with the consent of the person asserting control;

11 (e) Each copy of the authoritative copy and any copy of a copy is readily
12 identifiable as a copy that is not the authoritative copy; and

13 (f) Any revision of the authoritative copy is readily identifiable as authorized
14 or unauthorized.

15 **(4)** Except as otherwise agreed, a person having control of a transferable record
16 is the holder, as defined in s. 401.201 (20), of the transferable record and has the same
17 rights and defenses as a holder of an equivalent record or writing under chs. 401 to
18 411, including, if the applicable statutory requirements under s. 403.302 (1),
19 407.501, or 409.308 are satisfied, the rights and defenses of a holder in due course,
20 a holder to which a negotiable record of title has been duly negotiated, or a purchaser,
21 respectively. Delivery, possession, and endorsement are not required to obtain or
22 exercise any of the rights under this subsection.

23 **(5)** Except as otherwise agreed, an obligor under a transferable record has the
24 same rights and defenses as an equivalent obligor under equivalent records or
25 writings under chs. 401 to 411.

SENATE BILL 55**SECTION 2839**

1 **(6)** If requested by a person against which enforcement is sought, the person
2 seeking to enforce the transferable record shall provide reasonable proof that the
3 person is in control of the transferable record. Proof may include access to the
4 authoritative copy of the transferable record and related business records sufficient
5 to review the terms of the transferable record and to establish the identity of the
6 person having control of the transferable record.

7 **SECTION 2840.** 137.25 (2) of the statutes is created to read:

8 **137.25 (2) (a)** The department of administration shall promulgate rules
9 concerning the use of electronic records and electronic signatures by governmental
10 units, which shall govern the use of electronic records or signatures by governmental
11 units, unless otherwise provided by law.

12 **(b)** The department of administration and the secretary of state shall jointly
13 promulgate rules establishing requirements that, unless otherwise provided by law,
14 a notary public must satisfy in order to use an electronic signature for any
15 attestation. The joint rules shall be numbered as rules of each agency in the
16 Wisconsin Administrative Code.

17 **SECTION 2841.** 137.26 of the statutes is created to read:

18 **137.26 Interoperability.** If a governmental unit of this state adopts
19 standards regarding its receipt of electronic records or electronic signatures under
20 s. 137.25, the governmental unit shall promote consistency and interoperability with
21 similar standards adopted by other governmental units of this state and other states
22 and the federal government and nongovernmental persons interacting with
23 governmental units of this state. Any standards so adopted may include alternative
24 provisions if warranted to meet particular applications.

25 **SECTION 2842.** 139.30 (7) of the statutes is amended to read:

SENATE BILL 55**SECTION 2842**

1 139.30 (7) "Manufacturer" means any person who manufactures cigarettes for
2 the purpose of sale, including the authorized agent of a person who manufactures
3 cigarettes for the purpose of sale.

4 **SECTION 2843.** 139.31 (4) of the statutes is created to read:

5 139.31 (4) No person may affix stamps, as described under s. 139.32, to any of
6 the following:

7 (a) A cigarette package on which a statement, label, stamp, sticker, or notice
8 indicates that the manufacturer did not intend the cigarettes in the package to be
9 sold, distributed, or used in the United States, including labels stating "for export
10 only," "U.S. tax exempt," "for use outside U.S.," or similar wording.

11 (b) A cigarette package that is labeled as provided under federal law as not
12 intended for consumption in the United States.

13 (c) A cigarette package that is not labeled as provided under federal law.

14 (d) A cigarette package that is modified by a person who is not the cigarette
15 manufacturer.

16 (e) Any cigarettes that are imported into the United States after December 31,
17 1999, in violation of federal law.

18 **SECTION 2844.** 139.31 (5) of the statutes is created to read:

19 139.31 (5) (a) No person may alter a cigarette package before the sale or
20 distribution to the ultimate consumer so as to remove, conceal, or obscure any of the
21 following:

22 1. Any statement, label, stamp, sticker, or notice described in sub. (4) (a).

23 2. Any health warning that is specified in or that conforms with the
24 requirements under 15 USC 1333.

SENATE BILL 55**SECTION 2844**

1 (b) No person may affix stamps, as described in s. 139.32, to any cigarette
2 package that is altered as described in par. (a).

3 **SECTION 2845.** 139.321 (1m) of the statutes is created to read:

4 139.321 (1m) It is unlawful for any person to possess in excess of 400 cigarettes
5 as described under s. 139.31 (4) or (5) (b); or to sell or distribute cigarettes as
6 described under s. 139.31 (4) or (5) (b); except for cigarettes that may be brought into
7 the United States for personal use and cigarettes that are sold or intended for sale
8 by a duty-free enterprise, as provided under federal law.

9 **SECTION 2846.** 139.34 (3) of the statutes is created to read:

10 139.34 (3) No distributor may affix stamps to cigarette packages, as provided
11 in s. 139.32, unless the distributor certifies to the department, in a manner
12 prescribed by the department, that the distributor purchases cigarettes directly from
13 a manufacturer.

14 **SECTION 2847.** 139.39 (4m) of the statutes is created to read:

15 139.39 (4m) Any person may bring an action for a violation of s. 139.31 (4) or
16 (5) for actual damages sustained as a result of the violation and for injunctive relief.
17 Notwithstanding s. 814.04 (1), the court may order the violator to pay the prevailing
18 party's costs and reasonable attorney fees. The trier of fact may increase recovery
19 to an amount not exceeding 3 times the actual damages sustained as a result of the

2 institution is in substantial compliance with those statutes or regulations.

3 **(2) FAILURE TO MAINTAIN ELIGIBILITY; LIMITATION OF AUTHORITY AND**
4 **DECERTIFICATION.** For any period during which a universal bank fails to meet the
5 requirements under sub. (1), the division shall by order limit or restrict the exercise
6 of the powers of the universal bank under this chapter. In addition to or lieu of
7 limiting or restricting the universal bank's authority under this subsection, the
8 division may by order revoke the universal bank's certificate of authority issued
9 under s. 222.0205.

10 **222.0205 Certificate of authority.** Upon approval of an application for
11 certification as a universal bank, the division shall issue to the applicant a certificate
12 of authority stating that the financial institution is certified as a universal bank
13 under this chapter.

14 **222.0207 Voluntary termination of certification.** A financial institution
15 that is certified as a universal bank under this chapter may elect to terminate its
16 certification by giving 60 days' prior written notice of the termination to the division.
17 A termination under this section is effective only with the written approval of the
18 division. A financial institution shall, as a condition to a termination under this
19 section, terminate its exercise of all powers granted under this chapter before the
20 termination of the certification. The division's written approval of a financial
21 institution's termination under this section is void if the financial institution fails to
22 satisfy the precondition to termination under this section.

19 loan is not required.

20 **(2) APPLICATIONS FOR APPROVAL.** An application for approval under sub. (1) shall
21 be submitted on a form prescribed by the division and accompanied by a fee

SUBCHAPTER IV**POWERS**

6 **222.0401 Federal financial institution powers. (1) IN GENERAL. (a)**
7 *Powers exercised by universal bank.* A universal bank, with the approval of the
8 division, may exercise any power that may be directly exercised by a federally
9 chartered savings bank, a federally chartered savings and loan association, or a
10 federally chartered national bank.

11 (b) *Powers exercised by subsidiary of universal bank.* A universal bank,
12 through a subsidiary and with the approval of the division, may exercise any power
13 that a federally chartered savings bank, a federally chartered savings and loan
14 association, or a federally chartered national bank may exercise through a
15 subsidiary.

16 **(2) APPROVAL REQUIRED FOR EXERCISE OF FEDERAL POWER.** A universal bank shall
17 file with the division a written request to exercise a power under sub. (1). The
18 division shall determine whether the requested power is permitted under sub. (1).

20 approve the request, if the power is permitted under sub. (1), or shall disapprove the
21 request if the power is not permitted under sub. (1). The division and the universal
22 bank may mutually agree to extend this 60-day period for an additional period of 60
23 days.

24 **(3) EXERCISE OF FEDERAL POWERS THROUGH A SUBSIDIARY.** The division may
25 require that certain powers exercisable by a universal bank under sub. (1) (a) be

SENATE BILL 55**SECTION 3025**

1 exercised through a subsidiary of the universal bank with appropriate safeguards to
2 limit the risk exposure of the universal bank.

3 **222.0403 Loan powers. (1) PERMITTED PURPOSES.** A universal bank may
4 make, sell, purchase, arrange, participate in, invest in, or otherwise deal in loans or
5 extensions of credit for any purpose.

6 **(2) IN GENERAL.** Except as provided in subs. (3) to (8), the total liabilities of any
7 person, other than a municipal corporation, to a universal bank for a loan or
8 extension of credit may not exceed 20% of the capital of the universal bank at any
9 time. In determining compliance with this section, liabilities of a partnership
10 include the liabilities of the general partners, computed individually as to each
11 general partner on the basis of his or her direct liability.

12 **(3) CERTAIN SECURED LIABILITIES.** The percentage limitation under sub. (2) is
13 50% of the universal bank's capital, if the liabilities under sub. (2) are limited to the
14 following types of liabilities:

15 (a) *Warehouse receipts.* A liability secured by warehouse receipts issued by
16 warehouse keepers who are licensed and bonded in this state under ss. 99.02 and
17 99.03 or under the federal Bonded Warehouse Act or who hold a registration
18 certificate under ch. 127, if all of the following requirements are met:

- 19 1. The receipts cover readily marketable nonperishable staples.
- 20 2. The staples are insured, if it is customary to insure the staples.
- 21 3. The market value of the staples is not, at any time, less than 140% of the face
22 amount of the obligation.

23 (b) *Certain bonds or notes.* A liability in the form of a note or bond that meets
24 any of the following qualifications:

SENATE BILL 55**SECTION 3025**

1 1. The note or bond is secured by not less than a like amount of bonds or notes
2 of the United States issued since April 24, 1917, or certificates of indebtedness of the
3 United States.

4 2. The note or bond is secured or covered by guarantees or by commitments or
5 agreements to take over, or to purchase, the bonds or notes, and the guarantee,
6 commitment, or agreement is made by a federal reserve bank, the federal small
7 business administration, the federal department of defense, or the federal maritime
8 commission.

9 3. The note or bond is secured by mortgages or trust deeds insured by the
10 federal housing administration.

11 **(4) OBLIGATIONS OF LOCAL GOVERNMENTAL UNITS.** (a) *Definition.* In this
12 subsection, "local governmental unit" has the meaning given in s. 22.01 (7).

13 (b) *General limitation.* Except as otherwise provided in this subsection, the
14 total liabilities of a local governmental unit to a universal bank for money borrowed
15 may not, at any time, exceed 25% of the capital of the universal bank.

16 (c) *Revenue obligations.* Liabilities in the form of revenue obligations of a local
17 governmental unit are subject to the limitations provided in par. (b). In addition, a
18 universal bank is permitted to invest in a general obligation of that local
19 governmental unit in an amount that will bring the combined total of the general
20 obligations and revenue obligations of a single local governmental unit to a sum not
21 in excess of 50% of the capital of the universal bank.

22 (d) *General obligations.* If the liabilities of the local governmental unit are in
23 the form of bonds, notes, or other evidences of indebtedness that are a general
24 obligation of a local governmental unit, the total liability of the local governmental
25 unit may not exceed 50% of the capital of the universal bank.

SENATE BILL 55**SECTION 3025**

1 (e) *Temporary borrowings.* The total amount of temporary borrowings of any
2 local governmental unit maturing within one year after the date of issue may not
3 exceed 60% of the capital of the universal bank. Temporary borrowings and
4 longer-term general obligation borrowings of a single local governmental unit may
5 be considered separately in determining compliance with this subsection.

6 **(5) OBLIGATIONS OF CERTAIN INTERNATIONAL ORGANIZATIONS; OTHER FOREIGN BONDS.**

7 A universal bank may purchase bonds offered for sale by the International Bank for
8 Reconstruction and Development and the Inter-American Development Bank or
9 any other foreign bonds approved under rules established by the division. The
10 aggregate investment in any of these bonds issued by a single issuer may not exceed
11 10% of the capital of the universal bank.

12 **(6) FOREIGN NATIONAL GOVERNMENT BONDS.** A universal bank may purchase

13 general obligation bonds issued by any foreign national government if the bonds are
14 payable in United States funds. The aggregate investment in these foreign bonds
15 may not exceed 3% of the capital of the universal bank, except that this limitation
16 does not apply to bonds of the Canadian government and Canadian provinces that
17 are payable in United States funds.

18 **(7) LIMITS ESTABLISHED BY BOARD.** (a) *When financial statements required.* A

19 universal bank may not make or renew a loan or loans, the aggregate total of which
20 exceeds the level established by the board of directors without being supported by a
21 signed financial statement of the borrower, unless the loan is secured by collateral
22 having a value in excess of the amount of the loan. A signed financial statement
23 furnished by the borrower to a universal bank in compliance with this paragraph
24 must be renewed annually as long as the loan or any renewal of the loan remains
25 unpaid and is subject to this paragraph.

SENATE BILL 55**SECTION 3025**

1 (b) *Treatment of loans complying with limits.* A loan or a renewal of a loan made
2 by a universal bank in compliance with par. (a), without a signed financial statement,
3 may be treated by the universal bank as entirely independent of any secured loan
4 made to the same borrower if the loan does not exceed the applicable limitations
5 provided in this section.

6 **(8) EXCEPTIONS.** This section does not apply to any of the following:

7 (a) *Liabilities secured by certain short-term federal obligations.* A liability that
8 is secured by not less than a like amount of direct obligations of the United States
9 which will mature not more than 18 months after the date on which such liabilities
10 to the universal bank are entered into.

11 (b) *Certain federal and state obligations or guaranteed obligations.* A liability
12 that is a direct obligation of the United States or this state, or an obligation of any
13 governmental agency of the United States or this state, that is fully and
14 unconditionally guaranteed by the United States or this state.

15 (c) *Commodity Credit Corporation liabilities.* A liability in the form of a note,
16 debenture, or certificate of interest of the Commodity Credit Corporation.

17 (d) *Discounting bills of exchange or business or commercial paper.* A liability
18 created by the discounting of bills of exchange drawn in good faith against actually
19 existing values or the discounting of commercial or business paper actually owned
20 by the person negotiating the same.

21 (e) *Certain other federal or federally guaranteed obligations.* Obligations of, or
22 obligations that are fully guaranteed by, the United States and obligations of any
23 federal reserve bank, federal home loan bank, the Student Loan Marketing
24 Association, the Government National Mortgage Association, the Federal National

SENATE BILL 55**SECTION 3025**

1 Mortgage Association, the Federal Home Loan Mortgage Corporation, the
2 Export-Import Bank of Washington, or the Federal Deposit Insurance Corporation.

3 (9) ADDITIONAL AUTHORITY. (a) *In general.* In addition to the authority
4 granted under subs. (1) to (8), and except as provided in par. (b), a universal bank may
5 lend under this subsection, through the universal bank or subsidiary of the universal
6 bank, to all borrowers from the universal bank and all of its subsidiaries, an
7 aggregate amount not to exceed 20% of the universal bank's capital. Neither a
8 universal bank nor any subsidiary of the universal bank may lend to any borrower,
9 under this subsection and any other law or rule, an amount that would result in an
10 aggregate amount for all loans to that borrower that exceeds 20% of the universal
11 bank's capital. A universal bank or its subsidiary may take an equity position or
12 other form of interest as security in a project funded through loans made under this
13 paragraph. Every transaction by a universal bank or its subsidiary under this
14 paragraph requires prior approval by the governing board of the universal bank or
15 its subsidiary, respectively. Loans made under this paragraph are not subject to s.
16 221.0326 or to classification as losses, for a period of 2 years from the date of each loan
17 except as provided in par. (b).

18 (b) *Suspension of additional authority.* The division may suspend authority
19 established under par. (a) and, in such case, may specify how an outstanding loan
20 shall be treated by the universal bank or its subsidiary. Among the factors that the
21 division may consider in suspending authority under par. (a) are the universal bank's
22 capital adequacy, asset quality, earnings quantity, earnings quality, adequacy of
23 liquidity, and sensitivity to market risk and the ability of the universal bank's
24 management.

SENATE BILL 55**SECTION 3025**

1 **(10) EXERCISE OF LOAN POWERS; PROHIBITED CONSIDERATIONS.** In determining
2 whether to make a loan or extension of credit, no universal bank may consider any
3 health information obtained from the records of an affiliate of the universal bank
4 that is engaged in the business of insurance, unless the person to whom the health
5 information relates consents.

6 **222.0405 Investment powers. (1) INVESTMENT SECURITIES.** Except as
7 provided in subs. (3) to (8), a universal bank may purchase, sell, underwrite, and hold
8 investment securities, consistent with safe and sound banking practices, up to 100%
9 of the universal bank's capital. A universal bank may not invest greater than 20%
10 of the universal bank's capital in the investment securities of one obligor or issuer.
11 In this subsection, "investment securities" includes commercial paper, banker's
12 acceptances, marketable securities in the form of bonds, notes, debentures, and
13 similar instruments that are regarded as investment securities.

14 **(2) EQUITY SECURITIES.** Except as provided in subs. (3) to (8), a universal bank
15 may purchase, sell, underwrite, and hold equity securities, consistent with safe and
16 sound banking practices, up to 20% of capital or, if approved by the division in
17 writing, a greater percentage of capital.

18 **(3) HOUSING ACTIVITIES.** With the prior written consent of the division, a
19 universal bank may invest in the initial purchase and development, or the purchase
20 or commitment to purchase after completion, of home sites and housing for sale or
21 rental, including projects for the reconstruction, rehabilitation, or rebuilding of
22 residential properties to meet the minimum standards of health and occupancy
23 prescribed for a local governmental unit, the provision of accommodations for retail
24 stores, shops, and other community services that are reasonably incident to that
25 housing, or in the stock of a corporation that owns one or more of those projects and

SENATE BILL 55**SECTION 3025**

1 that is wholly owned by one or more financial institutions. The total investment in
2 any one project may not exceed 15% of the universal bank's capital, nor may the
3 aggregate investment under this subsection exceed 50% of capital. A universal bank
4 may not make an investment under this subsection unless it is in compliance with
5 the capital requirements set by the division under s. 222.0305 (1) and with the capital
6 maintenance requirements of its deposit insurance corporation.

7 (4) PROFIT-PARTICIPATION PROJECTS. A universal bank may take equity positions
8 in profit-participation projects, including projects funded through loans from the
9 universal bank, in an aggregate amount not to exceed 20% of capital. The division
10 may suspend the investment authority under this subsection. If the division
11 suspends the investment authority under this subsection, the division may specify
12 how outstanding investments under this subsection shall be treated by the universal
13 bank or its subsidiary. Among the factors that the division may consider in
14 suspending authority under this subsection are the universal bank's capital
15 adequacy, asset quality, earnings quantity, earnings quality, adequacy of liquidity,
16 and sensitivity to market risk and the ability of the universal bank's management.
17 This subsection does not authorize a universal bank, directly or indirectly through
18 a subsidiary, to engage in the business of underwriting insurance.

19 (5) DEBT INVESTMENTS. A universal bank may invest in bonds, notes,
20 obligations, and liabilities described under s. 222.0403 (3) to (7), subject to the
21 limitations under those subsections.

22 (6) CERTAIN LIABILITIES. This section does not limit investment in the
23 liabilities described in s. 222.0403 (8).

24 (7) CERTAIN INVESTMENTS. A universal bank may invest without limitation in
25 any of the following:

SENATE BILL 55**SECTION 3025**

1 (a) *Business development corporations.* Stocks or obligations of a corporation
2 organized for business development by this state or by the United States or by an
3 agency of this state or the United States.

4 (b) *Urban renewal investment corporations.* Obligations of an urban renewal
5 investment corporation organized under the laws of this state or of the United States.

6 (c) *Certain bank insurance companies.* An equity interest in an insurance
7 company or an insurance holding company organized to provide insurance for
8 universal banks and for persons affiliated with universal banks, solely to the extent
9 that this ownership is a prerequisite to obtaining directors' and officers' insurance
10 or blanket bond insurance for the universal bank through the company.

11 (d) *Certain remote service unit corporations.* Shares of stock, whether
12 purchased or otherwise acquired, in a corporation acquiring, placing, and operating
13 remote service units under s. 214.04 (21) or 215.13 (46) or bank communications
14 terminals under s. 221.0303 (2).

15 (e) *Service corporations.* Equity or debt securities or instruments of a service
16 corporation subsidiary of the universal bank.

17 (f) *Federal funds.* Advances of federal funds.

18 (g) *Certain risk management financial products.* With the prior written
19 approval of the division, financial futures transactions, financial options
20 transactions, forward commitments, or other financial products for the purpose of
21 reducing, hedging, or otherwise managing its interest rate risk exposure.

22 (h) *Certain fiduciaries.* A subsidiary organized to exercise corporate fiduciary
23 powers under ch. 112.

24 (i) *Agricultural credit corporations.* An agricultural credit corporation. Unless
25 a universal bank owns at least 80% of the stock of the agricultural credit corporation,

SENATE BILL 55**SECTION 3025**

1 a universal bank may not invest more than 20% of the universal bank's capital in the
2 agricultural credit corporation.

3 (j) *Deposit accounts and insured obligations.* Deposit accounts or insured
4 obligations of any financial institution, the accounts of which are insured by a deposit
5 insurance corporation.

6 (k) *Certain federal obligations.* Obligations of, or obligations that are fully
7 guaranteed by, the United States and stocks or obligations of any federal reserve
8 bank, federal home loan bank, the Student Loan Marketing Association, the
9 Government National Mortgage Association, the Federal National Mortgage
10 Association, the Federal Home Loan Mortgage Corporation, or the Federal Deposit
11 Insurance Corporation.

12 (L) *Other investments.* Any other investment authorized by the division.

13 (8) INVESTMENTS IN OTHER FINANCIAL INSTITUTIONS. In addition to the authority
14 granted under ss. 222.0307 and 222.0409, and subject to the limitations of sub. (2),
15 a universal bank may invest in other financial institutions.

16 (9) INVESTMENTS THROUGH SUBSIDIARIES. A universal bank may make
17 investments under this section, directly or indirectly through a subsidiary, unless
18 the division determines that an investment shall be made through a subsidiary with
19 appropriate safeguards to limit the risk exposure of the universal bank.

20 **222.0407 Universal bank purchase of its own stock.** (1) IN GENERAL. A
21 universal bank may hold or purchase not more than 10% of its capital stock, notes,
22 or debentures, except as provided in sub. (2) or (3).

23 (2) DIVISION APPROVAL. A universal bank may hold or purchase more than 10%
24 of its capital stock, notes, or debentures, if approved by the division.

SENATE BILL 55**SECTION 3025**

1 **(3) ADDITIONAL AUTHORITY.** A universal bank may hold or purchase more than
2 10% of its capital stock, notes, or debentures if the purchase is necessary to prevent
3 loss upon a debt previously contracted in good faith. Stock, notes, or debentures held
4 or purchased under this subsection may not be held by the universal bank for more
5 than 6 months if the stock, notes, or debentures can be sold for the amount of the
6 claim of the universal bank against the holder of the debt previously contracted. The
7 universal bank shall either sell the stock, notes, or debentures within 12 months of
8 acquisition under this subsection or shall cancel the stock, notes, or debentures.
9 Cancellation of the stock, notes, or debentures reduces the amount of the universal
10 bank's capital stock, notes, or debentures. If the reduction reduces the universal
11 bank's capital below the minimum level required by the division, the universal bank
12 shall increase its capital to the amount required by the division.

13 **(4) LOANS SECURED BY CAPITAL, SURPLUS, OR DEPOSITS.** A universal bank may not
14 loan any part of its capital, surplus, or deposits on its own capital stock, notes, or
15 debentures as collateral security, except that a universal bank may make a loan
16 secured by its own capital stock, notes, or debentures to the same extent that the
17 universal bank may make a loan secured by the capital stock, notes, and debentures
18 of a holding company for the universal bank.

19 **222.0409 Stock in bank-owned banks.** With the approval of the division,
20 a universal bank may acquire and hold stock in one or more banks chartered under
21 s. 221.1202 or national banks chartered under 12 USC 27 (b) or in one or more
22 holding companies wholly owning such a bank. Aggregate investments under this
23 section may not exceed 10% of the universal bank's capital.

24 **222.0411 General deposit powers. (1) IN GENERAL.** A universal bank may
25 set eligibility requirements for, and establish the types and terms of, deposits that

SENATE BILL 55**SECTION 3025**

1 the universal bank solicits and accepts. The terms set under this subsection may
2 include minimum and maximum amounts that the universal bank may accept and
3 the frequency and computation method of paying interest.

4 (2) PLEDGE OF SECURITY FOR DEPOSITS. Subject to the limitations of s. 221.0324
5 that are applicable to banks, a universal bank may pledge its assets as security for
6 deposits.

7 (3) SECURITIZATION OF ASSETS. With the approval of the division, a universal
8 bank may securitize its assets for sale to the public. The division may establish
9 procedures governing the exercise of authority granted under this subsection.

10 (4) SAFE DEPOSIT POWERS. A universal bank may take and receive, from any
11 individual or corporation for safekeeping and storage, gold and silver plate, jewelry,
12 money, stocks, securities, and other valuables or personal property, and may rent out
13 the use of safes or other receptacles upon its premises for such compensation as may
14 be agreed upon. A universal bank has a lien for its charges on any property taken
15 or received by it for safekeeping. If the lien is not paid within 2 years from the date
16 the lien accrues, or if property is not called for by the person depositing the property,
17 or by his or her representative or assignee, within 2 years from the date the lien
18 accrues, the universal bank may sell the property at public auction. A universal bank
19 shall provide the same notice for a sale under this subsection that is required by law
20 for sales of personal property on execution. After retaining from the proceeds of the
21 sale all of the liens and charges due the bank and the reasonable expenses of the sale,
22 the universal bank shall pay the balance to the person depositing the property, or to
23 his or her representative or assignee.

24 **222.0413 Necessary or convenient powers, reasonably related or**
25 **incidental activities, and other approved activities. (1) NECESSARY OR**

SENATE BILL 55**SECTION 3025**

1 CONVENIENT POWERS. Unless otherwise prohibited or limited by this chapter, a
2 universal bank may exercise all powers necessary or convenient to effect the
3 purposes for which the universal bank is organized or to further the businesses in
4 which the universal bank is lawfully engaged.

5 (2) REASONABLY RELATED AND INCIDENTAL ACTIVITIES. (a) Subject to any
6 applicable state or federal regulatory or licensing requirements, a universal bank
7 may engage, directly or indirectly through a subsidiary, in activities reasonably
8 related or incident to the purposes of the universal bank. Activities reasonably
9 related or incident to the purposes of the universal bank are those activities that are
10 part of the business of financial institutions, or closely related to the business of
11 financial institutions, or convenient and useful to the business of financial
12 institutions, or reasonably related or incident to the operation of financial
13 institutions, or financial in nature. Activities that are reasonably related or incident
14 to the purposes of a universal bank include the following:

- 15 1. Business and professional services.
- 16 2. Data processing.
- 17 3. Courier and messenger services.
- 18 4. Credit-related activities.

- 2 13. Tax planning and preparation.
- 3 14. Community development and charitable activities.
- 4 15. Debt cancellation contracts.
- 5 16. Any activities that are reasonably related or incident to activities under
- 6 subds. 1. to 15., as determined by rule of the division under par. (b).

7 (b) An activity that is authorized by statute or regulation for financial
8 institutions to engage in as of the effective date of this paragraph [revisor inserts
9 date], is an activity that is reasonably related to or incident to the purposes of a
10 universal bank. An activity permitted under the Bank Holding Company Act is an
11 activity that is reasonably related to or incident to the purposes of a universal bank.
