4 and franchise tax credit for a business that constructs or equips a facility for its
5 employees to pump and store breast milk.

Analysis by the Legislative Reference Bureau

This bill creates an income tax and franchise tax credit for businesses that construct or equip a facility for an employee to pump and store breast milk during the employee's working hours. Sole proprietorships, corporations, and insurers may claim the credit. Partnerships, limited liability companies, and tax-option corporations compute the credit but pass it on to the partners, members, and shareholders in proportion to their ownership interests.

The credit is an amount equal to 50% of the amount paid or incurred by a business to construct or equip a facility for an employee to pump and store breast milk during the employee's working hours. The credit may not exceed \$5,000 in a taxable year. If the credit claimed by a business exceeds the business' tax liability, the state will not issue a refund check, but the business may carry forward any remaining credit to subsequent taxable years.
