Analysis by the Legislative Reference Bureau

2005 Wisconsin Act 389 created a pilot program for sentencing persons in Winnebago county who are convicted of certain second or third offenses involving operating a motor vehicle with a prohibited alcohol concentration, or under the influence of an intoxicant, a controlled substance or its analog, or any combination thereof (OWI). Under that act, the period of imprisonment for an OWI offense in Winnebago county may be reduced if the violator successfully completes a period of probation that includes alcohol and other drug treatment. A person may complete a treatment program and receive a reduced period of imprisonment only once.

This bill expands the sentencing option to any county that opts to allow a violator to successfully complete a period of probation that includes alcohol and other drug treatment in exchange for a shorter period of imprisonment.

Because this bill creates a new crime or revises a penalty for an existing crime, the Joint Review Committee on Criminal Penalties may be requested to prepare a report concerning the proposed penalty and the costs or savings that are likely to result if the bill is enacted.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
