1     **AN ACT to amend** 30.66 (3) (a), 30.66 (3) (b) and 30.69 (3) (d); and **to create** 30.66  
2           (3) (ag), 30.66 (3) (ar) and 30.66 (3) (c) of the statutes; **relating to:** the operation  
3           of motorboats, other than personal watercraft, at slow-no-wake speed within  
4           a given distance of the shoreline of a lake.

### *Analysis by the Legislative Reference Bureau*

Under current law, no person may operate a motorboat in excess of slow-no-wake speed within 100 feet of buoyed restricted areas or structures such as piers. Current law defines "motorboat" to include personal watercraft. Current law imposes an additional slow-no-wake restriction on the operation of personal watercraft by prohibiting operation within 200 feet of the shoreline of a lake. Under current law, there is no slow-no-wake restriction for other motorboats within a given distance of a shoreline. This bill imposes a slow-no-wake restriction of 100 feet from the shoreline for motorboats that are not personal watercraft.

Under current law, cities, town, villages, public inland lake protection and rehabilitation districts, and town sanitary districts (local governmental units) may enact local boating ordinances but the ordinances may not be inconsistent with state law. The bill provides an exception from this general requirement by allowing a local governmental unit to enact an ordinance exempting motorboats from the 100-foot restriction created in this bill.

Current law exempts from these restrictions pickup and drop areas for personal watercraft and motorboats and persons involved in water skiing. These exemptions apply to this new provision.
