### ***Analysis by the Legislative Reference Bureau***

Under current law, a law enforcement agency may acquire certain property involved in the commission of crime through a forfeiture proceeding. The forfeiture law applies to all property directly or indirectly derived from the commission of a crime and certain other property related to the commission of a crime.

Also under current law, no one may operate a motor vehicle while under the influence of an intoxicant or with a prohibited blood alcohol concentration or with a detectable amount of a restricted controlled substance in his or her blood. A person who does so, or who improperly refuses a field sobriety test, is guilty of an offense related to operating while intoxicated (OWI-related offense) and is subject to forfeitures or fines and periods of imprisonment that increase with each subsequent OWI-related offense.

Under this bill, if a person commits a third or subsequent OWI-related offense, the sentencing court may also order that the vehicle used in the offense be seized. If a seizure is ordered, the district attorney prosecuting the offense must then initiate a forfeiture proceeding regarding the vehicle. The seizure and forfeiture provisions in this bill do not apply to a rental vehicle or a vehicle that was operated without the knowledge or consent of the owner.
