2 E (title), 84.02 (5) (b) and 84.02 (5) (c); and **to create** 35.84 (figure) column F
3 of the statutes; **relating to:** distribution of Wisconsin Blue Book and highway
4 maps.

Analysis by the Legislative Reference Bureau

Under this bill, legislative officers other than legislators and the Legislative Reference Bureau (LRB) no longer receive folded highway maps upon publication from the Department of Transportation (DOT). Also, a legislator may reduce the number of free highway service maps and folded highway maps that DOT is required to distribute to the legislator's office.

This bill also reduces the number of Blue Books that the Department of Administration is required to distribute. This bill eliminates the requirement that Blue Books be distributed to entities such as constitutional officers, legislative service agencies, state agencies, libraries, and educational institutions. The bill maintains the general requirement that 350 Blue Books be distributed to each representative to the Assembly and 600 Blue Books be distributed to each senator but allows each representative and senator to reduce that number for his or her office. This bill also requires the LRB to ask each legislative office if the office wants to reduce the number distributed to his or her office.
