### ***Analysis by the Legislative Reference Bureau***

Under current law, beginning with the property tax assessments as of January 1, 2018, machinery, tools, and patterns, not including such items used in manufacturing, are exempt from the personal property tax. However, beginning in 2019, the state will pay each taxing jurisdiction an amount equal to the property taxes levied on such items of personal property for the property tax assessments as of January 1, 2017.

Under the bill, beginning with the property tax assessments as of January 1, 2020, no items of personal property will be subject to the property tax. Beginning in 2021, the state will pay each taxing jurisdiction an additional amount equal to the property taxes levied on the items made exempt under the bill for the property tax assessments as of January 1, 2019. Beginning in 2022, each taxing jurisdiction will receive a payment to compensate it for its loss in personal property revenue equal to the payment it received in the previous year.

Because this bill relates to an exemption from state or local taxes, it may be referred to the Joint Survey Committee on Tax Exemptions for a report to be printed as an appendix to the bill.
