1 **Relating to:** recognizing May 3, 2023, as National Bike to School Day.

2 Whereas, Bike to School Day allows kids, families, and community members
3 the opportunity to physically participate in the joy of active commuting to school; and

4 Whereas, Bike to School Day supports and sustains healthy communities with
5 active students and families and safer streets; and

6 Whereas, creating safe walk and bike plans with routes to school for active
7 commuting through collaborative partnerships can lead to policy and environmental
8 changes in communities; and

9 Whereas, Bike to School Day supports the whole child approach to academic
10 achievement through physical activity; and

11 Whereas, increasing equitable, safe, and accessible biking opportunities for
12 all—but especially for children from low-income households, Black and Brown
13 children, recent immigrants, and children who are differently abled—grows
14 community, supports mental and physical well-being, and strengthens autonomy;
15 now, therefore, be it
