Analysis by the Legislative Reference Bureau

This bill requires the Wisconsin Economic Development Corporation to establish and administer an economic development program for the purpose of attracting major opportunities and events to Wisconsin. Any city, village, town, or county, American Indian tribe or band, area visitor and convention bureau, business improvement district, or private entity is an eligible applicant for a grant under the bill.

An eligible applicant must expend all grant moneys on a project to attract to Wisconsin or host in Wisconsin, or both, a major opportunity or event that is open to the public, whether or not free of charge. Specifically, grant moneys may be used to undertake a project to do one or more of the following:

1. Bid against other states or jurisdictions outside Wisconsin to attract an opportunity or event that will draw national exposure and drive economic development and visitors to Wisconsin.

2. Host an opportunity or event that will attract national exposure and drive economic development and visitors to Wisconsin that the eligible applicant has secured through a competitive bid against other states or jurisdictions outside Wisconsin.

Before WEDC awards each grant under the bill, an eligible applicant must provide a project cost-benefit analysis to WEDC and must secure from nonstate
