1 **AN ACT to create** 118.19 (11) of the statutes; **relating to:** licensure of school
2 principals.

Analysis by the Legislative Reference Bureau

The administrative rules promulgated by the state superintendent of public instruction currently provide for 2 levels of school principal licensure, with different requirements for each level. The “elementary/middle level” principal license permits the holder to serve as a principal in an elementary (grades 1 to 6), elementary/middle (grades 1 to 9) or middle (grades 5 to 9) level school. The “middle/secondary level” principal license permits the holder to serve as a principal in a middle, middle/secondary (grades 6 to 12) or secondary (grades 9 to 12) level school.

This bill provides that a school principal license must authorize the individual to serve as a principal for any grade level.
