### *Analysis by the Legislative Reference Bureau*

Current law, with some exceptions, prohibits smoking in public conveyances, inpatient health care facilities, indoor movie theaters, offices and passenger elevators, retail establishments, public waiting rooms, enclosed indoor areas of buildings owned by local or state units of government, motor buses, hospitals, physicians' offices, day care centers, educational facilities that offer state-approved or state-licensed instruction for training and any restaurant whose seating capacity exceeds 50 persons and whose receipts from the sale of beer or liquor, or both, amount to 50% or less of the restaurant's receipts. In some instances, however, a person in charge of an area in which smoking is prohibited, or his or her agent, may designate smoking areas within the area over which the person has charge.

This bill expands coverage of the existing law to prohibit smoking in the state capitol building and on the grounds surrounding the capitol building. The bill also provides that no smoking areas may be designated either in the capitol building or on the grounds surrounding the capitol building. A person who violates this bill after being advised that smoking is prohibited must forfeit up to \$50.
