Analysis by the Legislative Reference Bureau

This bill prohibits the sale of a compact disc, audiocassette or any other recording of a musical work to a person under the age of 18 if the recording has a statement on it warning that the recording contains explicit lyrics or if the recording has a similar statement. The bill prohibits the purchase of such a recording by a person under the age of 18. The bill also prohibits the distribution of such recordings as part of promotional or advertising activity to persons under the age of 18. Under the bill, if the recording is sold or distributed by an employe of a person engaged in the business of selling recordings both the employe and the employer are liable to pay the forfeitures created in the bill.

The bill establishes a defense to prosecution for a seller who is presented an identification card such as a driver's license by the purchaser and who reasonably relies on the purchaser's appearance and identification card. The bill authorizes counties, towns, villages and cities to enact ordinances that strictly conform to the provisions created in this bill.
