### *Analysis by the Legislative Reference Bureau*

Under current law, law enforcement supervisors employed by a 1st class city (currently only Milwaukee) and law enforcement supervisors employed by a county having a population of 500,000 or more are covered under the Municipal Employment Relations Act (MERA) and are entitled to binding arbitration. (Generally, municipal employees who are supervisors are not entitled to coverage under MERA.) In the case of law enforcement supervisors employed by a 1st class city, the arbitrator may determine individually the items relating to wages, hours, and conditions of employment on which there is no mutual agreement. In the case of law enforcement supervisors employed by a county having a population of 500,000 or more, the arbitrator must select the final offer of either of the parties on all of the matters on which there is no mutual agreement, unless the parties agree to allow the arbitrator to determine individually the items relating to wages, hours, and conditions of employment on which there is no mutual agreement.

This bill provides that law enforcement supervisors who are employed by any city, village, or town having a population of 2,500 or more or any county and who work a comparable shift to that of the municipal employees they supervise are covered under MERA and are subject to the same binding arbitration law covering law
