

2003 ASSEMBLY BILL 295

April 23, 2003 - Introduced by Representatives MILLER, PLOUFF, HAHN, POPE-ROBERTS, OTT, J. LEHMAN and BERCEAU, cosponsored by Senators DECKER, WIRCH and RISSER. Referred to Committee on Natural Resources.

1 **AN ACT to amend** 287.11 (4) (e) of the statutes; **relating to:** the termination date
2 of the pilot program for an alternate method for local recycling programs to
3 comply with recycling requirements.

Analysis by the Legislative Reference Bureau

Current law lists types of materials that a local governmental unit that is responsible for operating a recycling program (known as a responsible unit) generally must require individuals and businesses to recycle. Current law also requires the Department of Natural Resources to operate a pilot program to provide nine responsible units with an alternate method of complying with recycling requirements. The pilot program must include a list of types of materials from which each participating responsible unit chooses types to require to be recycled and must include goals for amounts of materials to be recycled as a percentage of solid waste. The pilot program ends on December 31, 2005. This bill extends the pilot program to December 31, 2012.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

4 **SECTION 1.** 287.11 (4) (e) of the statutes is amended to read:
