### *Analysis by the Legislative Reference Bureau*

Under current law, with limited exceptions, applicants for an operator's license are required to successfully complete a knowledge test and a driving skills (road) test. Generally Department of Transportation (DOT) examiners must administer road tests except that DOT may contract with third-party testers to conduct road tests for commercial motor vehicle operators and school bus operators.

This bill permits DOT to contract with third-party testers to conduct road tests for "Class D" vehicle operators. "Class D" vehicles include most noncommercial motor vehicles other than Type 1 motorcycles.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
