Analysis by the Legislative Reference Bureau

Under current law a person who has sexual contact or sexual intercourse with another person without the other person's consent commits the crime of sexual assault. In addition, current law prohibits a person from having sexual contact or sexual intercourse with another person under certain circumstances regardless of whether the other person has consented. Under those provisions a person commits the crime of sexual assault when he or she has sexual contact or sexual intercourse with any of the following: 1) a person who is under the influence of drugs or alcohol or suffers from a mental illness, so as to preclude him or her from effectively consenting; 2) a person who is unconscious; 3) a patient or resident in an adult family home, a community-based residential facility, or a health or mental health treatment facility that employs the other person; or 4) a person under the age of 16.

This bill prohibits correctional officers, individuals providing services to persons confined in correctional institutions (which, under the bill, include juvenile detention facilities, juvenile correctional facilities, state prisons, county or municipal jails and houses of corrections, Huber facilities, lockup facilities, and county work

camps or boot camps), boot camp supervisors, and probation, parole, and extended supervision agents from having sexual contact or sexual intercourse with a person who is serving a sentence or is placed in a correctional institution, is participating in a boot camp program, or is on probation, parole, or extended supervision. A person who violates this prohibition may be fined not more than \$100,000 or imprisoned for not more than 40 years or both.

Because this bill creates a new crime or revises a penalty for an existing crime, the Joint Review Committee on Criminal Penalties may be requested to prepare a report concerning the proposed penalty and the costs or savings that are likely to result if the bill is enacted.
