3 and **to create** 255.056 (1) (am) and 255.056 (1) (h) of the statutes; **relating to:**
4 expanding the cancer drug repository program to include prescription drugs
5 and supplies for chronic disease and requiring the exercise of rule-making
6 authority.

Analysis by the Legislative Reference Bureau

Under current law, under the cancer drug repository program, any person may donate an unused prescription drug for use to treat cancer, the side effects of cancer, or the side effects of any prescription drug that has been used to treat cancer or the side effects of cancer. The cancer drug or supplies needed to administer it may be donated on the premises of a medical facility or pharmacy that meets requirements in the Department of Health and Family Services (DHFS) rules. Persons receiving the donated drugs for use must meet eligibility criteria in rules promulgated by DHFS. No donated cancer drugs or supplies may be resold. Manufacturers that do not exercise bad faith have immunity from civil and criminal liability for matters related to the donation, acceptance, and dispensing of donated cancer drugs and supplies. Other persons who do not act recklessly, wantonly or with intentional misconduct with respect to donating, accepting, distributing, or dispensing cancer drugs or supplies are immune from civil liability and findings of unprofessional conduct.

ASSEMBLY BILL 197

The bill, effective January 1, 2006, expands the cancer drug repository program to include prescription drugs and supplies for chronic diseases, as defined in the bill. The bill modifies one of the rules that DHFS must promulgate, to specify that the maximum handling fee that a medical facility or pharmacy may charge for accepting, distributing, or dispensing donated cancer or chronic disease drugs may not be less than 350 percent of the dispensing fee permitted to be charged for prescription drugs under Medical Assistance. The bill requires DHFS to submit proposed rules concerning these changes to the Legislative Council staff by the date that is four months after publication of the bill as an act.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
