### *Analysis by the Legislative Reference Bureau*

Under current law, there are various prohibitions against lewd behavior or sexual gratification in public. Those prohibitions, however, do not apply to a mother's breast-feeding of her child. This bill permits a mother to breast-feed her child in any public or private location where she is otherwise authorized to be and prohibits any person from interfering with the right of a mother to breast-feed her child as provided in the bill. Because no penalty is expressed in the bill for interfering with that right, a person who interferes with that right is subject to a forfeiture not to exceed \$200 under the general penalty provision under current law.
